ADVISORY TAX AUDIT

# INDEPENDENT AUDITOR'S REPORT

To the Plan Administrators,
National Electrical 401(k) Plan:

## Opinion

We have audited the financial statements of the National Electrical 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the National Electrical 401(k) Plan as of December 31, 2021 and 2020, and the changes in net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

## Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements available are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## Other Matters – Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule H, line 4a - schedule of delinquent participant contributions for the year ended December 31, 2021 and schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

27-B

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules are fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

## 1. DESCRIPTION OF THE PLAN

The following description of the National Electrical 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Summary Plan Description for a complete description of the Plan's provisions.

### General

The Plan was established in September 2008, and became effective January 1, 2009, as a result of a collective bargaining agreement between the International Brotherhood of Electrical Workers ("IBEW") and the National Electrical Contractors Association, Inc. ("NECA"), the Plan Sponsors. The Plan is generally available to all bargaining-unit employees of employers who have signed a collective-bargaining agreement with an IBEW Local Union containing the Plan's enabling language, as well as to all non-bargaining employees of employers who have signed a Participation Agreement with the Plan. The Plan is a multiemployer deferred compensation plan, commonly referred to as a 401(k) plan, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

### Administration

The Plan is administered by a Board of Trustees (the "Trustees"). BeneSys Administrators provides third-party administrator services. Prudential Retirement Insurance and Annuity Company ("Prudential") provides recordkeeping and custodial services. The National Electrical Benefit Fund provides day to day administration services.

### Participant Eligibility and Enrollment

Bargaining and non-bargaining employees are eligible to participate in the Plan on the day they become an employee of a covered employer. Employees affirmatively elect to make tax-deferred contributions by enrolling in the Plan and authorizing their employers to reduce their compensation by the amount specified in their election.

### Contributions

The Plan allows each participant to defer up to 100% of his or her pre-tax compensation. Participants may also contribute amounts (rollovers) representing distributions from other qualified defined benefit or defined contribution plans provided certain requirements are satisfied.

Participants who have attained age 50 before the end of the year are eligible to make additional pretax elective deferrals to the Plan ("Catch-up Contributions").

Employers may elect to provide profit-sharing and/or matching contributions on behalf of their non-bargaining employees. The Plan offers eight profit-sharing and/or matching contributions options which may be adopted by participating employers.

Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

### Participant Accounts

Each participant's account is credited with the participant's deferral contributions, any employer or rollover contributions and the earnings from the participant's investments. The account is reduced for losses from the participant's investments and any distributions made; each account is charged a $12.00 per-quarter fee by the investment custodian. Each participant may direct his or her account into any combination of several investment funds, depending on his or her desired level of investment risk. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

**Vesting**
Participants are immediately vested in participant and employer contributions plus actual earnings thereon. Participants must evaluate their own investment goals and choose one or more of the Plan's investment options. Poor investment performance by the investments selected by participants may cause their vested balances to be lower than the amounts contributed to the Plan on their behalf.

**Eligibility for Benefits**
Normal retirement age under the Plan is age 59-1/2. A participant is eligible to receive a distribution of his or her vested account balance when he or she:

- Retires from employment with covered employers after attaining normal retirement age.
- For non-bargaining employees, terminates employment with covered employers before attaining normal retirement age.
- For bargaining-unit employees, terminates employment with covered employers after attaining age 55.
- For bargaining-unit employees, terminates employment with covered employers before attaining age 55 if he or she has been out of covered employment for the entire preceding six (6) months.
- Has a qualifying disability.
- Dies, in which case the payment will be made to the participant's beneficiary.

Effective January 1, 2022, the Plan provides for minimum required distributions per the Internal Revenue Code ("IRC") as follows:

- If a participant reaches age 70 1/2 after December 31, 2019, the IRC requires that distribution of the participant account begin no later than the April 1 following the calendar year in which the participant reaches age 72 or retires, whichever is later.
- If a participant reaches age 70 1/2 before January 1, 2020, distribution of the participant account must begin no later than April 1 following the calendar year in which the participant reaches age 70 1/2 or retires, whichever is later.

**Payment of Benefits**
Participants may elect to receive their entire account balance under one or more of the Plan's alternative payment options:

The participant may withdraw any portion of his or her account in a lump-sum payment. The payment may be paid to the participant or directly rolled over into an eligible retirement plan (such as an IRA).

If the participant's account balance is in excess of $10,000, the participant may elect to receive any portion of his or her account in fixed monthly payments, with the option for either a 5-year, 10-year, 15-year, or 20-year payout period.

If the participant's account balance is in excess of $10,000 and the account has an interest in the Plan's IncomeFlex Lifetime Funds, the participant may elect to receive payment of such interest in monthly payments over his or her life expectancy, or the joint life expectancies of the participant and his or her spouse or designated beneficiary.

If no election is made, the account balance will be paid to unmarried participants in the form of a single-life annuity, and to married participants in the form of a 50% joint-and-survivor annuity.

If a participant's vested account balance is less than $1,000 and he or she has been out of Covered Employment for the entire preceding six (6) months, the account balance will be "cashed out", meaning that it will either be paid to the participant as a lump-sum distribution or by direct rollover into an Individual Retirement Account ("IRA") or other Eligible Retirement Plan.

**Participant Loans**
The Plan does not permit loans to participants.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

**Basis of Accounting**
The financial statements have been prepared using the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America.

**Estimates**
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

**Investment Valuation and Income Recognition**
Investments in registered investment company funds, pooled separate accounts and the common collective trust are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investment policies, guidelines and procedures have been established by the Trustees of the Plan and may be modified or amended only at the direction of the Trustees. In establishing and determining the reasonableness of investment valuations, the Plan enlists the assistance of fiduciaries and investment managers who review the performance of investments to ensure adherence to those policies, guidelines and procedures.

Investments are monitored by management, as assisted by the Plan's independent fiduciary, to review pricing models and methodologies, to analyze changes in fair value from period to period, to report valuations and changes in valuations to the Trustees and to verify compliance with the presentation of investments in accordance with accounting principles generally accepted in the United States of America. See Note 3 for discussion of fair value measurements. See Note 4 for discussion of investments valued at net asset value ("NAV") as a practical expedient. See Note 5 for discussion of the investment contract with Prudential which is reported at contract value.

The guaranteed investment contract (Note 5) is a fully benefit-responsive investment contract and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Prudential represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Purchases and sales of securities are recorded on a trade date basis. Dividend income is recognized as of the ex-dividend date and interest income is recorded on the accrual basis. Net appreciation or depreciation in value (unrealized and realized gains and losses) is reported for investments bought and sold, as well as held, on the statements of changes in net assets available for benefits for the period in which it occurs.

**Contributions Receivable**
Contributions receivable are recorded based on subsequent receipts and an analysis of historical trends. Management believes no provision for uncollectible amounts is necessary.

**Payment of Benefits**
Benefits are recognized when paid.

**Subsequent Events**
In preparing these financial statements, management of the Plan has evaluated events and transactions that occurred after December 31, 2021 for potential recognition or disclosure in the financial statements. These events and transactions were evaluated through October 13, 2021, the date that the financial statements were available to be issued, and no items have come to the attention of management of the Plan that require recognition or disclosure.

## 3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1) and lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

*Level 1* - Inputs are unadjusted quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.

*Level 2* - Inputs are quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active or inputs that are derived principally from or corroborated by observable market data by correlation or other means.

*Level 3* - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Following is a description of the methodologies used for assets measured at fair value. The valuation methodologies used at December 31, 2021 was not changed from the methodologies used at December 31, 2020.

*Registered Investment Company Funds*: Valued at the closing price reported on the active market on which the individual fund is traded.

*Pooled Separate Accounts*: Valued at net asset value (“NAV”) per share, which is based on the values of the underlying assets. The net asset value is used as a practical expedient to estimate fair value.

*Common/Collective Trust Fund*: Valued at NAV per share, which is based on the values of the underlying assets. The net asset value is used as a practical expedient to estimate fair value.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.
During the years ended December 31, 2021 and 2020, there were no transfers into or out of Level 3.

As of December 31, 2021 and 2020, assets measured at fair value on a recurring basis are summarized by level within the fair value hierarchy as follows:

| | 2021 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total Fair Value |
| Registered investment companies | $ 32,450,744 | $ - | $ - | $ 32,450,744 |
| Investments measured at net asset value | | | | 45,801,524 |
| Investments at fair value | | | | $ 78,252,268 |

| | 2020 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total Fair Value |
| Registered investment companies | $ 23,999,623 | $ - | $ - | $ 23,999,623 |
| Investments measured at net asset value | | | | 34,712,678 |
| Investments at fair value | | | | $ 58,712,301 |

## 4. INVESTMENTS IN INVESTMENT ENTITIES VALUED AT NET ASSET VALUE

Authoritative guidance on fair value measurements permits the Plan to measure the fair value of an investment in an investment entity that does not have a readily determinable fair value based upon the net asset value per share or its equivalent of the investment. This guidance does not apply if it is probable that the investment will be sold at a value different than NAV.

The Plan's investments in investment entities valued at NAV are subject to the terms of the respective private placement memoranda and governing agreements. Income or loss from investments in these investment entities is net of the Plan's proportionate share of fees and expenses incurred or charged by these investment entities. The Plan's risk of loss in these entities is limited to its investment.

The following table summarizes the Plan's investments in certain entities that calculate NAV per share as the fair value measurement as of December 31, 2021 by investment strategy:

| Description | Fair Value | Unfunded Commitment | Redemption Frequency | Redemption Notice Period |
|---|---|---|---|---|
| Pooled separate accounts | $ 37,690,341 | $ - | Daily | One day |
| Common/collective trust | 8,111,183 | - | Daily | One day |
| | $ 45,801,524 | $ - | | |

The following table summarizes the Plan's investments in certain entities that calculate net asset value per share as the fair value measurement as of December 31, 2020 by investment strategy:

| Description | Fair Value | Unfunded Commitment | Redemption Frequency | Redemption Notice Period |
|---|---|---|---|---|
| Pooled separate accounts | $ 29,727,049 | $ - | Daily | One day |
| Common/collective trust | 4,985,629 | - | Daily | One day |
| | $ 34,712,678 | $ - | | |

The pooled separate accounts and the common/collective trust all report as direct filing entities ("DFEs").

## 5. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan participates in a fully benefit-responsive investment contract with Prudential via the Prudential Guaranteed Income Fund. The guaranteed income fund is a stable value fund designed to provide safety of principal, liquidity and a competitive rate of return. Prudential will attempt to achieve these objectives by investing in a broadly diversified, fixed-income portfolio within Prudential's general account. The portfolio is primarily invested in public bonds, commercial mortgages and private placement bonds. There are no unfunded commitments related to the contract.

As described in Note 2, because the guaranteed income fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. Contract value, as reported to the Plan by Prudential, represents contributions made under the contract, plus earnings, less withdrawals, and administrative expenses. There were no reserves against contract value for credit risk of the contract issuer or otherwise. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The crediting interest rate was 1.25% at December 31, 2021 and 1.50% at December 31, 2020.

The contracts permit termination of the contract with appropriate notice to the Plan. Generally, there are not any events that could limit the ability of the Plan to transact at contract value paid within 90 days or contract value over time.

## 6. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Prudential acts as the recordkeeper and custodian for investments defined by the Plan. The Plan invests in pooled separate accounts and a guaranteed investment contract managed by an affiliate of Prudential.

In 2010, NECA loaned $55,000 to the Plan to fund administrative expenses, and in 2011 IBEW similarly loaned the Plan $113,958. Terms of the loans provided for the Plan to make payments as soon as there are sufficient assets to cover its operating expenses. Both loans are noninterest bearing. In March 2021, NECA and the IBEW agreed to forgive their respective $55,000 and $113,958 noninterest bearing loans to the Plan for administrative expenses.

During 2021, the Plan established a budget account with Prudential with a retroactive effective date of January 1, 2017. In accordance with the terms of the agreement with Prudential, Prudential agrees to make payments to or on behalf of the Plan to pay administrative expenses of the Plan. The payments will be an annual amount that is paid to the Plan as follows:

- A retroactive amount for a four-year period from January 1, 2017, through December 31, 2020, of $200,000, an amount equal to $50,000 annually.
- For the year 2021 and each year after, $50,000.

The amounts received by the Plan of $250,000 is reported as other income on the statements of changes in net assets available for benefits. These amounts will be used to pay administrative expenses of the Plan.

Effective, September 21, 2021, the Plan receives certain administrative services from the National Electrical Benefit Fund (“NEBF”), a defined benefit plan with common sponsors and a common Trustee, for which the Plan reimburses NEBF for the cost of these services. The reimbursed costs include salaries and benefits and other administrative costs that are charged to the Plan based on an allocation of costs incurred by NEBF. There were no significant costs incurred during 2021.

These transactions qualify as party-in-interest transactions that are exempt from the prohibited transaction rules of ERISA.

## 7. ADMINISTRATIVE EXPENSES

The costs of administering the Plan during 2021 and 2020, were paid by IBEW, except for certain administrative expenses which were funded by a $12 per-quarter per participant custodian fee.

## 8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' accounts balances and the amounts reported in the statements of net assets available for benefits.

Financial instruments that subject the Plan to concentrations of credit risk include cash and investments. While management of the Plan attempts to limit any financial exposure by maintaining accounts at high quality financial institutions, investment balances and cash balances exceed the federally insured limits. The Plan has not experienced, and management does not expect the Plan to experience any losses on such accounts.

The 2019 novel coronavirus (or “COVID-19”) has adversely affected, and may continue to adversely affect, economic activity globally, nationally, and locally. Following the COVID-19 outbreak in March 2020, the financial markets have experienced significant volatility, therefore affecting the values of investment securities. These economic and market conditions and other effects of the COVID-19 outbreak may continue to cause volatility. The extent of any adverse impact of the COVID-19 outbreak on the Plan's net assets available for benefits and changes therein cannot be predicted as of the date of these financial statements. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

## 9. PRIORITIES UPON TERMINATION

It is the intent of the Plan sponsors to continue the Plan in full force and effect. However, to safeguard against any unforeseen contingencies, the right to discontinue the Plan is reserved to the Plan sponsors. All amounts credited to participants' accounts are 100% vested. In the event of termination, the Plan sponsors may direct that either:

a. Benefits be distributed to participants in any manner permitted by the Plan as soon as practicable; or
b. The Trust created by the Plan continue and benefits be distributed to participants or their beneficiaries as if the Plan had not been terminated.

## 10. TAX STATUS

The IRS has advised that the Plan and related trust qualifies under Section 401(a) of the IRC and is, therefore, exempt from federal income taxes under the provisions of IRC Section 501(a). The Plan obtained its latest determination letter dated August 4, 2015, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan administrator believes that the Plan has been operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Management has evaluated the tax positions taken by the Plan and concluded that as of December 31, 2021 and 2020 there are no uncertain positions taken or expected to be taken that would require recognition of a liability in the financial statements. The Plan is subject to routine audits by taxing and regulatory jurisdictions; however, there are currently no audits in progress for any periods. In addition, there have been no tax related interest or penalties for the periods presented in these financial statements.

## 11. EMPLOYER REMITTANCE OF PARTICIPANT CONTRIBUTIONS

During 2021 and 2020, Plan management identified certain employers who did not appear to have transmitted participant contributions within the timeframe provided under the regulations established by the U.S. Department of Labor. Delinquent contributions totaled $728,621 and $1,079,921, for 2021 and 2020, respectively. All such contributions have been deposited into the Plan. For 2021 and 2020, the lost earnings on late remittances have been determined but not yet funded. Although management of the Plan is unable to determine with certainty that these transactions are non-exempt transactions with parties-in- interest under ERISA, these transactions have been reported as such on the 2021 and 2020 Form 5500 Schedule H, line 4a as required by ERISA.

## 12. TRANSFER OUT

In December 2021, the Trustees approved the transfer of participants to the IBEW Local No. 640 and Arizona Chapter NECA Defined Contribution Plan. The amount transferred was $392,661.

## Part III Form M-1 Compliance Information (to be completed by welfare benefit plans)

**11a** If the plan provides welfare benefits, was the plan subject to the Form M-1 filing requirements during the plan year? (See instructions and 29 CFR 2520.101-2.) ..... ☐ Yes ☐ No

If "Yes" is checked, complete lines 11b and 11c.

**11b** Is the plan currently in compliance with the Form M-1 filing requirements? (See instructions and 29 CFR 2520.101-2.) ..... ☐ Yes ☐ No

**11c** Enter the Receipt Confirmation Code for the 2021 Form M-1 annual report. If the plan was not required to file the 2021 Form M-1 annual report, enter the Receipt Confirmation Code for the most recent Form M-1 that was required to be filed under the Form M-1 filing requirements. (Failure to enter a valid Receipt Confirmation Code will subject the Form 5500 filing to rejection as incomplete.)
