INDEPENDENT AUDITORS' REPORT

To the Trustees of
Atlantic Medical Management, LLC 401(k) Profit Sharing Plan
Jacksonville, North Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the **Atlantic Medical Management, LLC 401(k) Profit Sharing Plan** ("Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020 and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles ("GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with U.S. generally accepted auditing standards (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan’s transactions that are presented and disclosed in the financial statements are in conformity with the plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) and schedule of delinquent participant contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. generally accepted auditing standards ("GAAS"). For information included in the supplemental schedules that is agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that is agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ATLANTIC MEDICAL MANAGEMENT, LLC
401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

1 - DESCRIPTION OF PLAN

The following description of the Atlantic Medical Management, LLC 401(k) Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Atlantic Medical Management, LLC. Company employees become eligible to make deferrals and receive related matching contributions once they have attained age 21 and have completed 1,000 hours of service. Plan entry dates are January 1 and July 1 of the Plan year following the completion of the eligibility requirements.

Effective October 1, 2020, the Plan's eligibility requirements were amended to reduce the hours of service to 300 hours during a three (3) month period or 1,000 hours of service if the service requirement is not met in the first three (3) month period as defined in the Plan document. Plan entry dates are the first day of the month coinciding with or following the date the eligibility requirements are met.

During 2020, the Plan adopted the distribution provision of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act that was signed into law on March 27, 2020. A CARES Act distribution allows the Plan's participants to take a COVID-19 related distribution up to \$100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. Additionally, the Plan adopted the loan provision of the CARES Act which allows the Plan's participants to take a COVID-19 related loan up to \$100,000 or 100% of the participant's vested account balance.

The Plan formally adopted these provisions by amendment in January 2022.

Contributions

Plan participants may contribute to the Plan under a salary deferral arrangement. An eligible participant may elect to contribute up to 85% of pre-tax compensation to the Plan. Contributions are subject to certain Internal Revenue Code ("IRC") limitations. In addition, in any calendar year in which a participant is age 50 or above, an additional catch-up contribution may be made. The Plan also permits rollover contributions of retirement benefits received from other qualified plans and Roth elective deferrals.

The Company has elected safe harbor nondiscrimination rules under the IRC and provides a non-elective contribution of 3% to the Plan based on eligible participant compensation.

The Company may provide discretionary matching and profit-sharing contributions as determined by the Company's Board of Directors. Profit sharing contributions are allocated to participants based on their compensation as defined in the Plan document.

The Company made a discretionary profit sharing contribution amounting to approximately \$237,000 and \$165,000 in 2021 and 2020, respectively. The Company did not make any matching contributions in 2021 or 2020.

1 - DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

Participants direct the investment of their contributions and the Company's contributions into participant directed brokerage accounts or mutual funds offered by the Plan.

Each participant's account is credited with their contributions, Company matching contributions, allocations of safe harbor contributions, discretionary profit sharing contributions, and earnings thereon. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, safe harbor contributions, plus earnings thereon. Vesting in the Company's discretionary profit-sharing contributions, matching contributions, and earnings thereon are based on a five (5) year vesting schedule at 20% per year beginning upon completion of two (2) years of service.

Notes Receivable From Participants

Participants may request a loan from the Plan. The maximum amount that participants may borrow is equal to the lesser of \$50,000 or one-half of their vested account balance. A participant may have two (2) loans outstanding at any time. Repayment terms generally may not exceed 5 years. Participant loans currently bear interest ranging from 4.25% to 6.50%. Participant loans are collateralized by the participant's vested account balance.

Payment of Benefits

Upon termination of service due to retirement, death, or other reasons, the participant's vested benefit is to be distributed in a manner, as defined in the plan document, chosen by the participant or beneficiary. If the participant's vested account balance is \$1,000 or less, payment is to be paid in a single sum. A terminated participant may also elect to retain their vested account balance with the Plan until required to take mandatory distributions at age 70½.

Normal retirement age is 65; however, an active employee may begin to receive benefits at age 59½.

Forfeited Accounts

Forfeited balances of terminated participant's non-vested accounts may be used to reduce plan expenses or used to reduce the Company's contributions to the Plan. At December 31, 2021 and 2020, forfeited non-vested accounts were not significant.

2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Plan are prepared on the accrual basis of accounting and are prepared in conformity with U.S. generally accepted accounting principles ("GAAP") as promulgated by the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that may affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reported period. Actual results could differ from those estimates.

Cash and Cash Equivalents

The Plan considers all short-term investments with initial maturities of three months or less to be cash equivalents. The Plan places its temporary cash investments with high credit quality financial institutions. At times, such investments may be in excess of the Federal Deposit Insurance Corporation ("FDIC") insurance limit.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors, the custodian, and the trustees of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Benefit Payments

Benefits payments are recorded when paid.

Administration Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation or depreciation in fair value of investments.

Fair Value Hierarchy

FASB ASC defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction to sell the asset or transfer the liability which occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- Level 1: Valuations based on unadjusted quoted prices available in active markets for identical assets or liabilities. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these securities does not entail a significant degree of judgment.
- Level 2: Valuations based on quoted prices for similar assets in active or inactive markets, inputs other than quoted prices that are observable, or inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3: Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

The availability of observable inputs can vary from security to security and is affected by a wide variety of factors, including, for example, the type of security, the liquidity of markets, and other characteristics particular to the security. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised in determining fair value is greatest for instruments categorized in Level 3.

The inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

Processes and Structure

Management is responsible for the Plan's fair value valuation policies, processes, and procedures. These control processes are designed to assure that the values used for financial reporting are based on observable inputs wherever possible. In the event that observable inputs are not available, the control processes are designed to assure that the valuation approach utilized is appropriate and consistently applied and that the assumptions are reasonable.

Fair Value Measurements

Fair value is a market-based measure considered from the perspective of a market participant rather than an entity-specific measure. Therefore, even when market assumptions are not readily available, the Plan's own assumptions are set to reflect those that the Plan believes market participants would use in pricing the asset or liability at the measurement date.

Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2021 and 2020.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed Brokerage Accounts: Accounts primarily consist of mutual funds that are valued on the basis of readily determinable market prices.

Stable Value Fund: The Putnam Stable Value Fund, held in a collective trust fund, is comprised of fully benefit-responsive investment contracts, and is valued at the NAV of units of the collective trust. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes the valuation of the Plan's investments by fair value hierarchy as described above as of:

Investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value of investments in the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by approximately \$1.2 million and \$1.4 million in 2021 and 2020, respectively.

4 - CERTIFICATION OF FINANCIAL INFORMATION

Alerus Financial, N.A., the custodian of the Plan, has certified that the following investment information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments as shown in the statements of net assets available for plan benefits as of December 31, 2021 and 2020.
- Investment income as shown in the statements of changes in net assets available for plan benefits for the years ended December 31, 2021 and 2020.
- Investment information included in the schedule of assets (held at end of year) as of December 31, 2021, as shown on the supplemental schedule.

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such information with the related investment information included in the financial statements and supplemental schedule.

5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts. Any unallocated assets of the Plan will be allocated to participant accounts and distributed in such manner as the Company may determine.

6 - TAX STATUS

The underlying pre-approved plan provider received an opinion letter from the Internal Revenue Service ("IRS") dated June 30, 2020, stating that the form of the Plan is qualified under Section 401 of the IRC. In accordance with IRS pronouncements, the Company has determined that it is eligible to, and has chosen to, rely on the current IRS opinion letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its tax-exempt status. The Plan has been amended since receiving the opinion letter. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP prescribes rules for the recognition, measurement, classification, and disclosure in the financial statements of uncertain tax positions taken or expected to be taken in the Plan's tax returns. Management has determined that the Plan does not have any uncertain tax positions and associated unrecognized tax benefits that materially impact the financial statements or related disclosures. Since tax matters are subject to some degree of uncertainty, there can be no assurance that the Plan's tax returns will not be challenged by the taxing authorities and that the Plan will not be subject to additional tax, penalties, and interest as a result of such a challenge. Generally, the Plan's federal returns remain open for income tax examination for three years from date of filing.

7 - RISKS AND UNCERTAINTIES

The Plan invests in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect the participant's account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

8 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Alerus Financial N.A., which is the custodian under the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment.

9 - DELINQUENT PARTICIPANT CONTRIBUTIONS

The Company failed to timely remit employee deferrals to the Plan in the amount of \$30,573. These deferrals were remitted to the Plan. The Company has computed the lost earnings on these deposits and will make a contribution for lost earnings to the Plan during the 2022 plan year.

10 - SUBSEQUENT EVENTS

The accompanying financial statements include an evaluation of events or transactions that have occurred after December 31, 2021 and through October 11, 2022, the date the financial statements were available to be issued.
