Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Wireless Experience Group, Inc. 401(k)/Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Wireless Experience Group, Inc. 401(k)/Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Wireless Experience Group, Inc. 401(k)/Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedule of delinquent participant contributions for the year ended December 31, 2021 and schedule of assets (held at end of year) as of December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements
December 31, 2021 and 2020

Note 1 – Description of plan

The following description of the Wireless Experience Group, Inc. 401(k)/Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of The Wireless Experience Group, Inc. and its affiliates Wireless Experience of New England, Inc., Wireless Experience of PA, Inc., Wireless Experience of NJ, Inc., Wireless Experience of MD, Inc., Gryllidae Wireless, Inc., Wainwright Amusements, LLC and WirelessMall, Inc. (the Companies). The Plan is a defined contribution safe harbor 401(k) plan which covers substantially all full-time employees of the Companies who have one year or more of service and are age twenty-one or older.

The Plan entry date is the first day of the month coinciding with or subsequent to meeting eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's trustee is responsible for oversight of the Plan. The Companies is the Plan Administrator and is responsible for the day-to-day operations of the Plan. The Plan's trustee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Participants may contribute a portion of eligible compensation limited to a maximum as determined by the Internal Revenue Service. Participants who are fifty years of age or older may make catch-up contributions to the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Companies maintain a safe harbor plan and makes matching contributions of 100% of the participant's elective deferrals on a per pay-period basis, not to exceed 4% of the participant's eligible compensation, as defined by the plan and its amendments.

Discretionary profit-sharing contributions may be contributed at the option of the Companies' boards of directors. Contributions are subject to certain limitations.

Notes receivable from participants

The loans are collateralized by the balance in the participant's account and bear interest at the prime rate in effect at the loan's inception plus 2%. Principal and interest is paid ratably through payroll deductions over a period generally not to exceed sixty months, unless the loan is for the purchase of a principal residence, for which the repayment term is fifteen years. A participant may have no more than two loans outstanding at a given time.

Note 1 – Description of plan (continued)

Participant accounts

Each participant's account is credited with the participant's elective and rollover contributions and Companies' safe harbor matching contributions, as well as allocations of the Companies' profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their voluntary, safe-harbor matching and rollover contributions. The vesting in the Companies' discretionary profit sharing contributions, plus actual earnings thereon, is based on years of continuous service determined under the following schedule:

<u>Years of Service</u>	<u>Percentage</u>
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

A participant is 100% vested if employed on or after the normal retirement age, as defined. Additionally, participants become 100% vested if separated from service due to death or disability prior to termination of employment or upon reaching normal retirement, as defined in the Plan.

Payment of benefits

Benefits are paid in the form of a lump sum. Participants may withdraw all or a portion of the vested portion of their accounts if they:

- terminate employment before attaining normal retirement age
- become disabled
- retire
- die
- attain normal retirement age but continue to work, or
- qualify for in-service distributions upon attaining age 59 ½

In addition, participants may withdraw their employee 401(k) contributions if they incur a financial hardship.

Funding policy

The Companies remit employee deferral and safe-harbor matching contributions to the Plan on a payroll by payroll basis. The Companies remit profit sharing contributions, if any, after the close of the plan year. The Plan has not made any discretionary employer profit sharing contributions since its inception.

Note 2 – Summary of significant accounting policies

Basis of accounting

The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment valuation and income recognition

Investments are reported at fair value, except for fully benefit responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustee determines the Plan's valuation policies. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Approximately 45% and 43% of the Plan's assets were maintained in two target age retirement funds at December 31, 2021 and 2020, respectively. This is considered to be a significant concentration by the Plan.

Payment of benefits

Benefits are recorded when paid.

Forfeited accounts

As participants are immediately vested in their voluntary, safe-harbor matching and rollover contributions, forfeited accounts generally consist of amounts attributable to employer discretionary profit sharing contributions or funds transferred to plan accounts in error due to computational differences. Amounts forfeited are used to reduce employer contributions to the Plan or to pay Plan expenses. Forfeited nonvested accounts totaled \$4,389 and \$192 at December 31, 2021 and 2020, respectively.

Tax status

Effective January 1, 2020, the Plan adopted a new plan document using the Volume Submitter DATAIR Cash or Deferred Profit Sharing Plan. The Internal Revenue Service determined and informed DATAIR Employee Benefit Systems, Inc. by letter dated March 31, 2014, that the form of the volume submitter plan as then designed was in compliance with applicable provisions of the Internal Revenue Code (IRC).

Although the volume submitter and prototype plans have been amended since receiving the determination letter, the Plan administrator and the Plan's legal counsel believe that the plan is designed and currently being operated in compliance with applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax exempt. Accordingly, there is no provision for income taxes in the accompanying financial statements.

Wireless Experience Group, Inc. 401(k)/Profit Sharing Plan
Notes to Financial Statements
December 31, 2021 and 2020

Note 2 – Summary of significant accounting policies (continued)

Tax status (continued)

Financial Accounting Standards Board Accounting Standards Codification (ASC) Topic 740 *Accounting for Uncertainty in Income Taxes* requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if they have taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's policy is to recognize interest and penalties related to unrecognized tax benefits in income tax expense.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for the benefits.

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from these estimates.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Companies and are excluded from the financial statements. Fees related to the administration of notes receivable from participants and benefits paid to participants are charged directly to the participant's account and are included in plan expenses. Investment related expenses are included in net appreciation of fair value of investments.

Plan termination

Although they have not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 3 – Plan amendments

Effective January 1, 2020, the Plan adopted a new plan document which replaced the non-standardized prototype plan developed by Automatic Data Processing (ADP). Effective March 10, 2020, the Plan also changed its investment custodian and trustee to Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC ("Great-West").

During 2021, there were no plan amendments.

Wireless Experience Group, Inc. 401(k)/Profit Sharing Plan
Notes to Financial Statements
December 31, 2021 and 2020

Note 4 – Investments

The Plan management has elected the method of compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the following investment information was certified by Great-West and was not subjected to any auditing procedures performed by the independent public accountants.

The following information certified by the custodian to be complete and accurate as of and for the years ended December 31, 2021 and 2020 was relied upon in the preparation of the financial statements and supplemental schedule:

- Total investments included in the accompanying statements of net assets available for benefits totaling \$6,572,051 as of December 31, 2021, and \$6,139,771 as of December 31, 2020.
- Net investment income included in the statement of changes in net assets available for benefits totaling \$834,315 for the year ended December 31, 2021.
- All investment-related information in the accompanying supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021.

Note 5 – Fair value of financial instruments

Financial Accounting Standards Board ASC 820, *Fair Value Measurements*, provides a framework for measuring, reporting and disclosing fair value under generally accepted accounting principles. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in an active market for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Notes to Financial Statements
December 31, 2021 and 2020

Note 5 – Fair value of financial instruments (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2021 and 2020.

Registered Investment Companies: Shares of registered investment companies (mutual funds) are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end.

The methods described above may produce a fair value calculation that may not be reflective of net realizable value or future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

<u>Assets at fair value as of December 31, 2021</u>

Note 6 – Guaranteed investment contract

In 2020, the Plan entered into a traditional benefit-responsive guaranteed investment contract with Great-West Life & Annuity Insurance Company, who maintains the contributions in a pooled account. The account is credited with actual earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Wireless Experience Group, Inc. 401(k)/Profit Sharing Plan
Notes to Financial Statements
December 31, 2021 and 2020

Note 6 – Guaranteed investment contract (continued)

Because the guaranteed investment contract meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statements of net assets available for benefits at contract value.

Contract value, as reported to the Plan by Great-West Life & Annuity Insurance Company, represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on an agreed-upon formula with the issuer, but it may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting. The actual average yields earned by the Plan were 1.15% and 1.28% in 2021 and 2020, respectively.

Certain events limit the Plan's ability to transact at contract value with Great-West. Such events include the following: (a) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (b) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value.

Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with Plan participants or the issuer, is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 7 – Operational failures

During 2021 and 2020, the Plan identified certain contributions that were not made in accordance with participants' deferral elections and employer matching contributions not made in accordance with the Plan document.

Other receivables in the accompanying statement of net assets available for benefits as of December 31, 2021 consist of qualified non-elective contribution (QNEC) receivables which total \$1,354 and employer Qualified Matching Contribution (QMAC) receivables which total \$4,112. The Companies, using self-correction, intend to make the necessary QNEC and QMAC contributions for these errors in 2022.

Wireless Experience Group, Inc. 401(k)/Profit Sharing Plan
Notes to Financial Statements
December 31, 2021 and 2020

Note 7 – Operational failures (continued)

Other receivables in the accompanying statement of net assets available for benefits as of December 31, 2020 consist of qualified non-elective contribution (QNEC) receivables which total \$1,509 and employer Qualified Matching Contribution (QMAC) receivables which total \$3,169. During 2021, the Companies, using self-correction, funded the affected participants' accounts, including lost income, to correct these errors.

During 2020, the Plan changed its trustee to Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC (Great-West). Prior to this change, the former trustee's fidelity bond covered the Plan. After this change and through October 4, 2021, the plan administrator failed to obtain a replacement fidelity bond. Effective October 5, 2021, the Plan obtained a fidelity bond which meets the requirements of ERISA.

Note 8 – Related party transactions

Certain plan investments are shares of mutual funds and guaranteed investment contracts managed by Great-West. Great-West is a trustee and the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

The Companies provide certain accounting, administrative, and investment services to the Plan for which no fees are charged. These transactions are exempt party-in-interest transactions.

See below for significant related party and party-in-interest transactions for services provided during the Plan year ended December 31, 2021.

Note 9 – Prohibited transactions

During 2021, the Companies failed to timely remit to the Plan's Trustee certain contributions totaling \$6,920 within the period prescribed by Department of Labor (DOL) regulations. The Companies, using self-correction, made contributions to the affected participants' accounts in 2022 to compensate for lost income due to these late remittances.

Note 10 – COVID-19

In March 2020, the World Health Organization (WHO) declared COVID-19 a global pandemic. This pandemic event has resulted in significant business disruption and uncertainty in both global and U.S. markets. While management believes the Plan is in an appropriate position to weather the potential short-term effects of these world-wide events, the direct and long-term impact to the Plan and its financial statements is undetermined at this time.

Note 11 – Subsequent events

Subsequent events were evaluated through October 12, 2022, which is the date the financial statements were available to be issued.
