INDEPENDENT AUDITORS' REPORT

To the Trustees
Krypton Solutions, LLC 401(k) Plan
Plano, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Krypton Solutions, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Krypton Solutions, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Krypton Solutions, LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Krypton Solutions, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Krypton Solutions, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Krypton Solutions, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4a - Schedule of Delinquent Participant Contributions and Schedule H, Line 4i - Schedule of Assets Held at End of Year as of December 31, 2021, are presented for the purpose of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agree to or are derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITORS' REPORT

To the Trustees
Krypton Solutions, LLC 401(k) Plan
Plano, Texas

Report on the Financial Statements

We were engaged to audit the accompanying statement of net assets available for benefits of Krypton Solutions, LLC 401(k) Plan as of December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of this financial statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of a financial statement that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the 2020 financial statement based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Matrix Trust Company, the Custodian of the Plan, except for comparing such information with the related information included in the financial statement. We have been informed by the Plan Administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Custodian as of December 31, 2020 that the information provided to the Plan Administrator by the Custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the 2021 financial statement.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2020 financial statement, other than that derived from the information certified by the Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

KRYPTON SOLUTIONS, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF THE PLAN

General – The Krypton Solutions, LLC 401(k) Plan (the Plan) became effective as of January 1, 2010. The following description provides only general information and participants should refer to the Plan agreement for more complete information.

Effective January 1, 2015, the Plan adopted the DEFINED CONTRIBUTION PROTOTYPE PLAN AND TRUST BASIC PLAN DOCUMENT #03 administrated by July Business Services. The Plan Custodian is Matrix Trust Company.

The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Participants may direct the Custodian to invest their account balance in a large variety of mutual fund options.

Eligibility – The Plan covers employees of Krypton Solutions, LLC and its affiliates Krypton Systems, LLC, Seven Stars Management Group, LLC, DEKJ, Inc., DJSSP, Inc., PHDIP, LLC, SMASH, Inc., JPLM, Inc., Krypton Lightning, LLC and H&H Management Group, LLC. Collectively referred to as the Company or Sponsor.

An employee becomes eligible to make deferrals from their salary into the Plan once they have attained age 21 and completed 90 days of service with the Company. For deferrals, plan entry dates are quarterly on January 1, April 1, July 1 and October 1, subsequent to the month of completing the eligibility requirements. An employee becomes eligible to receive employer contributions, including safe harbor contributions, in the Plan as of January 1 or July 1, subsequent to the employee completing one year of service and attaining age 21.

Contributions – Each year participants may contribute up to the maximum allowed by the Internal Revenue Code of pretax annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a vast array of mutual funds and money market accounts as investment options for participants. The Company will make matching safe harbor contributions to the Plan as defined in the Plan Agreement. During 2021, the Plan allocated \$180,716 to participants' accounts for the 2021 safe harbor match contributions. When received by the Custodian, these contributions are allocated directly to the participants' accounts. These contributions and any earnings thereon are 100% vested.

Investment Allocation – All gains, earnings, and losses are credited or debited to each individually-directed account.

Vesting – Participants can withdraw their voluntary contributions and safe harbor matching employer contributions from the Plan upon termination of employment. The employer has the option to make additional discretionary contributions that are subject to a vesting schedule, although no such contributions have been made. A participant becomes 100% vested in these discretionary employer contributions upon six years of continued service or upon the participant's death, disability or retirement. Participants become 20% vested in these funds upon two years of service and vest an additional 20% for each additional year employed. The Company may elect to use the amount of forfeitures available to pay any Plan expenses. If any forfeitures remain after paying plan expenses, such forfeited amounts may be used to offset other employer contributions under the Plan for the plan year in which the forfeiture occurs. Forfeitures used to reduce plan expenses and Company contributions for 2021 and 2020 were \$0.

KRYPTON SOLUTIONS, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF THE PLAN (continued)

Administrative Expenses – All administrative expenses, which include monthly administrative fees, distribution fees, loan application processing fees, brokerage fees, and management fees, are deducted directly from the participant's account. The Company absorbs certain other administrative expenses associated with the Plan.

Notes Receivable from Participants – Participants may obtain loans in amounts up to the lesser of 50% of their vested balance or \$50,000 for a period not to exceed 5 years unless proceeds are used to acquire the participant's principal residence.

Payments of Benefits – The Plan provides for three payment options associated with the distribution of benefits: 1) lump-sum, 2) transfer of benefits to another qualified retirement plan and 3) periodic installments as defined in the Plan Agreement.

In the case of death, disability, retirement, or termination of employment, benefits become payable as soon as administratively feasible. For those whose vested balances are under \$5,000, a single lump-sum distribution of the entire vested account balance is mandatory. The participant may request a lump sum distribution of the entire vested balance or the participant shall receive a mandatory distribution through a direct rollover to an IRA designated by the Plan Administrator. If the vested account balance is greater than \$5,000, the participant may choose a single lump sum payment, or may elect a direct rollover to another eligible plan or an IRA.

A distribution is permitted for hardships that arise due to an immediate and heavy financial need. Permitted hardships, as defined, include medical care, purchase of principal residence, payment of tuition for post-secondary education, prevention of eviction or foreclosure, funeral and burial expenses and repair or damage to the residence due to casualty losses in accordance with IRS code section 165.

Termination of the Plan – While the Company has not expressed any intent to discontinue the Plan, they may, by action of the Board of Directors, terminate the Plan. In the event the Plan is terminated, the participants become fully vested in their accounts.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

The financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America and in accordance with the Plan Agreement. A summary of significant accounting policies applied in the preparation of the accompanying financial statements follows.

Basis of Accounting – The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investments – The Plan's investments are stated at fair value as determined by quoted market prices. The Plan presents in the statement of changes in net assets available for plan benefits the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation or depreciation on investments. Purchases and sales are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

KRYPTON SOLUTIONS, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES (continued)

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Payment of Benefits – Benefits are recorded when paid.

Income Taxes – Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2018. The Plan's IRS Forms 5500 for 2018 to 2021 are available to be subject to audit by the Internal Revenue Service.

NOTE 3 – INCOME TAX STATUS

Effective January 1, 2015, the Plan has adopted a prototype plan from July Business Services who has applied and received a determination letter dated March 31, 2014 indicating that the Prototype Non-standardized Profit Sharing Plan with CODA is acceptable under section 401 of the Internal Revenue Code for use by the Plan.

NOTE 4 – FAIR VALUE MEASUREMENTS

ASC 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated from by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

KRYPTON SOLUTIONS, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 4 – FAIR VALUE MEASUREMENTS (continued)

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

Assets at Fair Value as of December 31, 2021:

	<i>Level 1</i>	<i>Level 2</i>	<i>Level 3</i>	<i>Total</i>
Interest-bearing cash	\$ 73,403	-	-	\$ 73,403
Mutual funds	5,648,315	-	-	5,648,315
Investments at fair value	\$ 5,721,718	-	-	\$ 5,721,718

Assets at Fair Value as of December 31, 2020:

	<i>Level 1</i>	<i>Level 2</i>	<i>Level 3</i>	<i>Total</i>
Interest-bearing cash	\$ 63,284	-	-	\$ 63,284
Non-interest-bearing cash	24,962	-	-	24,962
Mutual funds	5,195,314	-	-	5,195,314
Investments at fair value	\$ 5,283,560	-	-	\$ 5,283,560

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 or 3 inputs were available to the Plan.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year end. The fair values of cash and cash equivalents are stated as the amount on deposit in money market accounts or checking accounts.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

KRYPTON SOLUTIONS, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 4 – FAIR VALUE MEASUREMENTS (continued)

Gains and losses (realized and unrealized) included in changes in net assets available for plan benefits for the year ended December 31, 2021 are reported in net appreciation (depreciation) in fair value of investments. All gains and losses on investments were derived from mutual funds bought, sold as well as held during the year.

NOTE 5 – INFORMATION CERTIFIED BY THE CUSTODIAN

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2021, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Matrix Trust Company, the Custodian of the Plan.

Information certified as complete and accurate as of December 31, 2021 and 2020, and for the year ended December 31, 2021, by the Custodian of the Plan follows:

	<u>2021</u>	<u>2020</u>
As of December 31:		
Investments in registered investment companies	\$ 5,648,315	\$ 5,195,314
Interest-bearing cash	73,403	63,284
Non-interest-bearing cash	-	24,962
For the year ended December 31:		
Interest and dividend income	70,941	N/A
Net appreciation in fair value of investments	748,681	N/A

NOTE 6 – PARTIES-IN-INTEREST

Parties-in-interest are defined under the Department of Labor Regulations as any Fiduciary of the Plan, parties rendering services to the Plan, including auditors, the employer and certain others. As such, transactions conducted by the Custodian, Administrator and auditors qualify as party-in-interest transactions.

NOTE 7 – RISK AND UNCERTAINTIES

The Plan may invest in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for plan benefits.

KRYPTON SOLUTIONS, LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 8 – NONEXEMPT TRANSACTION

The Company failed to remit participant contributions within the timeframe prescribed by the Department of Labor during the year ended December 31, 2021. Failure to remit participant deferrals timely is a prohibited transaction under ERISA. The late remittances will be reported as a nonexempt transaction on Form 5500 until the Company has remitted an amount equal to lost earnings to the Plan. The Company completed corrective action in 2022 by remitting the participant contributions and calculated earnings thereon.

NOTE 9 – SUBSEQUENT EVENTS

Management has reviewed and evaluated material subsequent events from the financial statements date of December 31, 2021 through the date the financial statements were available to be issued of October 10, 2022. All appropriate subsequent event disclosures, if any, have been made to the financial statements.
