INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Team Belvedere LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed an audit of the accompanying financial statements of the Team Belvedere LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements (the "2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 1 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITORS' REPORT (CONTINUED)

Basis for Opinion on the Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the 2021 financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the 2021 financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the 2021 financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Part IV, Line 4a – Schedule of Delinquent Participant Contributions and Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) for the year ended December 31, 2021 are presented for purposes of additional analysis and are not a required part of the 2021 financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information

INDEPENDENT AUDITORS' REPORT (CONTINUED)

is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

2020 Financial Statements

The financial statements of the Team Belvedere LLC 401(k) Plan as of and for the year then ended December 31, 2020 were audited by a predecessor auditor. In their report, dated October 14, 2021, the predecessor auditor expressed an unmodified opinion and believed that the audit evidence that was obtained was sufficient and appropriate to provide a basis for their ERISA Section 103(a)(3)(C) audit opinion. In addition, the predecessor auditor gave an unmodified opinion on the supplemental schedule of assets (held at end of year), noting it was presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

TEAM BELVEDERE LLC 401(K) PLAN

Notes to Financial Statements December 31, 2021

1. Description of Plan

The following description of the Team Belvedere LLC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution 401(k) plan covering all non-excluded employees of Team Belvedere LLC and Belvedere Management LLC (collectively, the “Company”) who had continuous hours of service within their first 3 months of employment (or if not satisfied, one year of service) and are at least 21 years of age. The Plan entry date for employees is the first day of the month coinciding with or following the date on which the eligibility requirements have been satisfied. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan’s administrator is responsible for oversight of the Plan, which includes determining the appropriateness of the Plan’s investment offerings and monitoring investment performance.

Plan Custodians

Empower Retirement (“Empower”) was the asset custodian of the Plan’s investments through March 31, 2021. Fidelity Management Trust Company (“Fidelity”) became the asset custodian of the Plan’s investment assets effective April 1, 2021.

Accordingly, the Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-5 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA. Therefore, as permitted under such election, the Plan administrator instructed the Plan’s independent auditors not to perform any auditing procedures with respect to the information certified by Empower and Fidelity, except for comparing such information certified by the assets custodians to information included in the Plan’s financial statements and supplementary schedules. The following unaudited information regarding the Plan is included in the financial statements and supplementary information as of December 31, 2021 and 2020 and for the year ended December 31, 2021, and was obtained from data that had been prepared and certified as complete and accurate by the asset custodians: (1) the total value of investments as of December 31, 2021 and 2020, as indicated on the accompanying statements of net assets available for benefits; (2) all investment information, as indicated on the accompanying statement of changes in net assets available for benefits; and (3) all information on the supplemental schedule of assets held at end of year for investment purposes.

See accompanying independent auditors’ report.

TEAM BELVEDERE LLC 401(K) PLAN

Notes to Financial Statements (continued) December 31, 2021

1. Description of Plan (continued)

Contributions

Each year, participants may contribute up to 90% of pretax annual compensation, as defined in the Plan, subject to current statutory limitations on 401(k) contributions. Participants shall be permitted to irrevocably designate that a portion or all of the deferral contributions are Roth 401(k) contributions and are includable in the participant's gross income at the time deferred. In addition, participants may make voluntary, non-deductible, after-tax employee contributions not to exceed 100% of compensation. Upon becoming eligible to make salary deferrals under the Plan, a participant will be deemed to have entered into an automatic 5% salary deferral election for each payroll period, unless the participant elects out. Participants may also contribute rollover distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan, throughout the year, offered a combination of various mutual funds and common/collective trusts as investment options for participants. The Company provides participants with a safe harbor matching contribution equal to 100% of their salary deferrals up to 3% of their compensation, plus 50% of their salary deferrals between 3% and 5% of their compensation. Also, the Company may make an annual discretionary profit sharing contribution to the Plan that is shared by participants who are employed on the last day of the Plan year and have completed a year of service during that Plan year. The profit sharing contribution received by the Plan is allocated based on each participant's compensation as a percentage of total compensation for all participants eligible to share in the contribution. Both matching and profit sharing contributions are invested on behalf of participants in the same manner as outlined above. For the year ended December 31, 2021, the Company made safe harbor matching contributions totaling \$1,629,800 to the Plan. All Company contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's safe harbor matching contributions, as well as allocations of (a) the Company's profit sharing contribution and (b) investment earnings (losses), and charged with an allocation of administrative expenses to the extent that such expenses have not been paid by the Company. Allocations are based on participant investment earnings (losses), account balances, specific participant transactions, or total number of participants, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

See accompanying independent auditors' report.

TEAM BELVEDERE LLC 401(K) PLAN

Notes to Financial Statements (continued) December 31, 2021

1. Description of Plan (continued)

Vesting

Participants are immediately vested in their salary deferral contributions (including catch-up), rollover contributions, and safe harbor matching contributions, plus/minus actual earnings (losses) thereon. Vesting in the Company's profit sharing contribution portion of their accounts is based on years of continuous service as follows:

<u>Years of Service for Vesting</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	20
3	40
4	60
5	80
6	100

However, upon death, disability (as defined), or attainment of age 65 while an employee of the Company, participants become 100% vested in their accounts.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loan repayment period is not to exceed five years, with payments to be made not less frequently than quarterly.

The loans are collateralized by the participant's account balance and bear interest at rates commensurate with prevailing local rates as determined by the Plan administrator. Principal and interest is paid ratably through semi-monthly payroll deductions. There were outstanding loans, including accrued interest, of \$23,141 and \$106,667 as of December 31, 2021 and 2020, respectively.

Payment of Benefits

On termination of service due to disability or retirement, a participant is entitled to receive an amount equal to the vested portion of his or her account balance in a lump sum, or in installments of at least \$1,000 if the participant's vested account balance exceeds \$5,000. For termination of service due to death, a participant's beneficiary will receive benefit payments

See accompanying independent auditors' report.

TEAM BELVEDERE LLC 401(K) PLAN

Notes to Financial Statements (continued) December 31, 2021

1. Description of Plan (continued)

Payment of Benefits (continued)

over a period not extending beyond the beneficiary's life expectancy. Generally, if a participant's beneficiary is not a person, the entire death benefit must be paid by the end of the fifth year following the year of the participant's death. In all situations where a participant is entitled to receive benefit payments, a vested account balance of \$1,000 or less will be distributed to the participant without consent. For termination of service for reasons other than those discussed previously, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. In-service distributions are also permitted, as long as the participant has reached 59.5 years of age and has satisfied the financial hardship requirements, as defined by the Plan. See Note 2.

Forfeitures

For the year ended December 31, 2021, there were \$542 forfeitures of non-vested account balances resulting from benefits paid to participants. Forfeitures may be used to either pay administrative expenses or used to reduce future employer contributions. As of December 31, 2021 and 2020, forfeiture balances available were \$60 and \$4, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment contracts held by a defined contribution plan are generally required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts. See Note 4.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

See accompanying independent auditors' report.

TEAM BELVEDERE LLC 401(K) PLAN

Notes to Financial Statements (continued) December 31, 2021

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

The fair value of the Plan's investments in mutual funds is determined by the asset custodian using the market value for portfolio securities for which market quotations are readily available, typically the last quoted sales price at the time of valuation. When there are no readily available market quotations for a security, the portfolio security is valued based on its fair value, which typically is the amount that the mutual fund might reasonably expect to receive for the security upon a current sale.

Investment valuation in common/collective trust is described in Note 3.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments consists of both the realized and unrealized gains and losses.

Unrealized gains (losses) from guaranteed investment contracts are not included in the Statement of Changes in Net Assets Available for Benefits, as the contracts are recorded at contract value for purposes of the Statement of Net Assets Available for Benefits.

Management fees and operating expenses for investments are charged to the participants and are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction from the investment return for such investments.

Notes Receivable from Participants

Loans to participants are measured at their unpaid principal balance, plus any accrued interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments as required by the Plan, and the Plan administrator deems the participant loan to be in default, the participant loan balance may be reduced and a benefit payment recorded. In 2021, there were two benefit payments recorded as a result of loan defaults.

See accompanying independent auditors' report.

TEAM BELVEDERE LLC 401(K) PLAN

Notes to Financial Statements (continued) December 31, 2021

2. Summary of Significant Accounting Policies (continued)

Payment of Benefits

Benefits are recorded when paid, or when a participant's loan is deemed to be in default.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of loans to participants and participant distributions, if any, are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding increase in distributions.

Reclassification

Certain prior year amounts have been reclassified to conform to current year financial statement presentation.

Subsequent Events

The Plan administrator evaluated subsequent events through October 13, 2022, the date the financial statements were available to be issued.

3. Investments

Plan investments should generally be presented at their fair value at the reporting date. GAAP establishes a framework for measuring fair value and defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. GAAP also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of inputs that may be used to measure fair value are:

See accompanying independent auditors' report.

TEAM BELVEDERE LLC 401(K) PLAN

Notes to Financial Statements (continued) December 31, 2021

3. Investments (continued)

Level 1: Quoted prices for identical assets or liabilities in active markets.

Level 2: Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3: Unobservable inputs that are supported by little or no market activity and that are financial instruments whose values are determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments

The following is a description of the valuation methodologies used for the Plan's assets measured at fair value:

Mutual funds: Such investments are valued at the daily closing price as reported by the respective fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment trust funds: Such investments are valued using a practical expedient permitting a reporting entity to measure the fair value of certain investments using the NAV per share (or its equivalent) of the investment, and are therefore not classified within the fair value hierarchy. The net asset value is based on the value of the underlying assets held by the fund, less its liabilities.

Guaranteed investment funds: Such investments are valued at contract value. Contract value reflects the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan and is the relevant measure for the portion of assets attributable to the fully benefit-responsive guaranteed insurance contract.

This practical expedient is not used when it is deemed probable that the fund will sell the investment for an amount different than the reported net asset value.

The methods described above may produce a value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the value of certain financial instruments could result in a different value measurement at the reporting date.

See accompanying independent auditors' report.

4. Guaranteed Investment Contracts

At December 31, 2020, the Plan held fully benefit-responsive guaranteed investment contracts with Empower and indirectly through its investment in certain Wilmington Trust funds. Contributions are maintained in general accounts. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Issuers of guaranteed investment contracts are contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

See accompanying independent auditors' report.

4. Guaranteed Investment Contracts (continued)

Because the guaranteed investment contracts are fully benefit-responsive, contract value is the relevant measurement for that portion of the net assets available for benefits attributable to the guaranteed investment contracts. The guaranteed investment contracts are presented on the face of the Statements of Net Assets Available for Benefits at contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by the Custodian, represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuers' ability to meet their financial obligations. The issuers' ability to meet their contractual obligations may be affected by future economic and regulatory developments. However, there are no reserves against contract value for credit risk of the contract issuers or otherwise.

The Empower Guaranteed Interest Account is a general account product. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets of the portion of the Great West general accounts that is used to determine the Guaranteed Interest Account's crediting rate compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest crediting rate is reset at least annually and no more frequently than quarterly for some contracts.

Certain events limit the ability of the Plan to transact at contract value with the issuers. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring. The guaranteed investment contracts do not permit the insurance companies to terminate the agreements prior to the scheduled maturity dates, if applicable, and will continue in force until all assets have been distributed or no further payments are due.

The average yield earned by the Plan for the benefit responsive fund can be derived by averaging the quarterly gross interest rates for the fund over the year. The average yield earned by the Empower guaranteed investment contracts during 2020 was 1.87%. The actual average yield earned by the Plan for the benefit responsive fund can be derived by averaging the Plan's quarterly interest rates. The actual average yield earned by the Empower guaranteed investment contracts during 2020 was 1.87%. The Guaranteed Investment Contracts were no longer offered as an investment option in 2021.

5. Related-Party and Party-In-Interest Transactions

During 2021, certain Plan investments were shares of mutual funds managed by the Custodian. The Custodian is the trustee as defined by the Plan and, therefore, those transactions qualified as permitted party-in-interest transactions. Fees incurred by the Plan for those investment management services are included in net appreciation (depreciation) in fair value of investments, as they were paid through revenue sharing, rather than a direct payment. The Plan sponsor pays directly any other fees related to the Plan's operations.

Certain employees of the Company provide administrative and trustee services to the Plan, but receive no compensation from the Plan for such services.

The Plan also issue notes receivables to participants which are secured by the balances of the participants' accounts.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the profit sharing contribution portion of their accounts.

7. Reconciliation of Financial Statements to Schedule H of Federal Form 5500:

Reconciliation of net assets available for benefits as of December 31, 2021 and 2020 per the financial statements to Schedule H of federal Form 5500:

	<u>2021</u>	<u>2020</u>
Net assets available for benefits, per the financial statements	\$ 46,183,158	\$ 38,011,936

Net assets available for benefits, per Schedule H of federal Form 5500	<u>\$ 45,698,190</u>	<u>\$ 37,789,701</u>

The Plan's administrator is responsible for filing the Plan's federal Form 5500. Federal Form 5500 was prepared on the cash basis for the year ended December 31, 2021 and 2020.

8. Risk and Uncertainties

The Plan's participants invest in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

9. Qualified Status

The Plan had adopted a volume submitter plan and moved to a Non-Standardized Pre-Approved Profit Sharing Plan with CODA, effective April 1, 2021. The Internal Revenue Service (IRS) issued an opinion letter stating that the plan was designed in accordance with applicable sections of the Internal Revenue Code (IRC). The non-standardized pre-approved profit sharing plan with CODA opinion letter has been relied upon by the Plan. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable provisions of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. For the year ended December 31, 2021, Plan management has determined that there were no material uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to tax examinations for years prior to 2018.

10. Prohibited or Non-Exempt Transactions

During the year ended December 31, 2021, employee contributions totaling \$227,473 were not remitted timely by the Company as required by the Department of Labor's rules and regulations. These delinquent contributions are considered non-exempt prohibited transactions under the regulations of the Department of Labor. The Plan and/or the Plan sponsor may be subject to various fines, penalties and interest. Management intends to self-correct these prohibited transactions.

See accompanying independent auditors' report.
