To the Plan Administrator
Snider Tire, Inc. Profit Sharing and Salary Deferral Savings Plan
Greensboro, NC

In planning and performing our audit of the financial statements of Snider Tire, Inc. Profit Sharing and Salary Deferral Savings Plan (“the Plan”), as of and for the year ended December 31, 2021, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan’s internal control over financial reporting (“internal control”) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan’s internal control.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiencies in the Plan’s internal control to be significant deficiencies:

Reconciliation of Certified Financial Information:

In performing the audit of the Plan, we are required to request certified financial information that is complete and accurate from the Trustees of the Plan. We received financial information from Newport Group, Principal Trust Company, and PNC Bank NA (“the Trustee”). The Plan Sponsor changed the Trustee of the Plan from Newport Group to Principal Trust Company, in 2022.

Newport Group reports did not certify the financial information. Newport Group financial reports reported financial information through May 3, 2021.

Further, Newport Group also provided financial information to Principal Trust Company, to prepare the form 5500. However, the report provided to Principal Trust Company did not agree with the initial financial information provided in March 2022. Upon inquiry, we were instructed to utilize the Newport Group financial reports.

Then, in August 29, 2022, we received yet another financial report from Newport Group of financial information that was certified by the Trustee.

We performed a reconciliation between the Trustee’s certified financial information and Newport Group financial information to determine variances. We found that the Trustee’s beginning balance did not agree with Newport Group beginning balance per the Participant Summary that details every participant’s account balance in existence with Newport Group/the Trustee.

Further, we determined through audit procedures there were adjustments recorded to employer and employee contributions recorded by Newport Group. We requested a resolution of variances found in detail employee and employer contributions where adjustments were recorded to both types of contributions from Newport Group and the Plan Administrator. We received sporadic or no response to our request for resolution of those variances.

In summary, we believe there is a significant deficiency in internal control on behalf of Newport Group in that they have issued multiple reports along with subsequent report from PNC that do not agree with each other, and they provided no support for adjustments to employer and employee contributions.

Further, we received only sporadic or no responses to inquiries related to the variances in employer and employee contributions.

We consider these to be significant deficiencies in internal control.

Participant Contribution Variances

We found during our audit of employee contributions, demographic and eligibility, there were two (2) employees, one who had incorrect funding based on their deferral election, and one who should have been enrolled in the Plan, but was not.

We believe this to be a significant deficiency in internal control.

We suggest the Plan Administrator perform a correction on behalf of the participants in order to correct the stated errors. The error has been communicated to the human resource department of Snider Tire, Inc.

Delinquent Contributions

During our audit of contribution funding from the Plan to the Trustee, there were significantly late contributions to the Plan. The US Department of Labor (“DOL”) requires that funds should be invested in the Plan as soon as reasonably possible after the participants assets have been separated from the employer’s assets. We consider that date to be the ‘paycheck’ date. The threshold we utilized for reasonable funding was five (5) calendar days. Any longer to fund the Plan was considered delinquent.

We determine there were three (3) paycheck dates where funds were withdrawn from the Plan’s bank account and submitted to the participant’s accounts. The days delinquent ranged from twelve to seventeen (12-17) days.

We consider these to be significant deficiencies in internal control.

The delinquency was communicated to the human resource department of the employer. Based on DOL requirements, we suggest the Plan Administrator perform a correction to the Plan participant accounts for the delinquent contributions lost earnings.

Management’s Response: See attached Management’s Response to the internal control deficiencies stated above.

Professional standards also require that we communicate to you the following information related to our audit:

We have audited the financial statements of Snider Tire Profit Sharing and Salary Deferral Savings Plan (“the Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C) for the year ended December 31, 2021, and we will issue our report thereon dated September 14, 2022. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (“investment information”) by PNC Bank, NA and Principal Trust Company (“the Trustees”), which are banks, similar institutions, or insurance carriers that are regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held, in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedules, and reading the disclosures relating to the certified investment

information to assess whether they are in accordance with the presentation and disclosure requirements of generally accepted accounting principles (“GAAP”). Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements, as a whole, are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated September 14, 2022. Professional standards also require that we communicate to you the following information related to our audit:

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note A to the financial statements. No new accounting policies were adopted, and the application of existing policies was not changed during the year ended December 31, 2021. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management’s knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate(s) affecting the financial statements were:

Unrealized gains and losses

Management’s estimate of the unrealized gains and losses is based on certification of investments provided by the Trustees. We evaluated the key factors and assumptions used to develop the unrealized gains and losses in determining that they are reasonable in relation to the financial statements taken as a whole. Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the financial statements were:

Note A – Description of Plan

Note C – Investments

The financial statement disclosures are neutral, consistent, and clear.

Materiality

Financial Accounting Standards Codification, *Qualitative Characteristics of Accounting Information*, defines materiality as the “magnitude of an omission or misstatement of accounting information that, in the light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would have been changed or influenced by the omission or misstatement.” In planning and performing the audit, we used professional judgment to determine a level of performance materiality of \$70,000. Factors considered in this evaluation included the components of the financial statements believed to be the most critical to users and the extent of adjustments detected in prior audits.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor’s report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan’s financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered significant difficulties during the audit as follows:

Upon request from Newport Group, we received multiple financial information reports and one certified financial information report from PNC. We were required to perform reconciliations between all the reports in order to ensure accuracy in reporting and in auditing the financial statements.

Further, when variances were communicated to Newport Group, we received sporadic or no responses at all.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Reportable Findings

For purposes of this letter, a reportable finding is a matter that includes one or more of the following: (1) noncompliance, or suspected noncompliance, with laws and regulations, (2) a finding that in our professional judgment is significant and relevant to you regarding your responsibility to oversee the financial reporting process, and (3) an indication of internal control deficiencies identified during the audit that have not been previously communicated to management by other parties and that we determined are sufficiently important to merit management's attention. We identified numerous reportable findings:

- Variances between multiple financial reports provided by Trustee
- Lack of adequate response from Trustee upon inquiries
- Delinquent Contributions

Management's Response: See attached Management's Response to the reportable findings stated above.

Disagreements with Management

For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated September 14, 2022.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements, or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. Management informed us that, and to our knowledge, there were no consultations with other accountants regarding auditing and accounting matters.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditor. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

Our responsibility for the ERISA-required supplemental schedules accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedules, other than that agreed to, or derived from, the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedules related to assets held by, and certified to, by the Trustees agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

This information is intended solely for the use of the Plan Administrator and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

RE: Snider Tire Inc., Profit Sharing and Salary Deferral Savings Plan 2021 year end audit,
Manager's Response

Attn: Wilmot "Bill" Jones, DMJPS, LLC.

Since the company conversion from PNC to The Newport Group the plan experienced certain errors in record keeping. In the fall of 2020, it was determined that the company would pursue a different record keeper. Through an RFP the company selected Principal as the new record keeper of choice. That process of conversion began in late 2020 and was finalized in 2021 with an effective first transaction date of April 23, 2021. During the annual audit of Snider Tire Inc., Profit Sharing and Salary Deferral Savings Plan DMJ identified Participant Contribution Variances and Delinquent Contributions. The explanation of corrections and future controls on each of these reported deficiencies are detailed below.

Response to the **Participant Contribution Variances:**

The first participant contribution variance appears to be a one-time system communication error on the employer match for Leslie Bonner. The employer match should have been 100% matched at \$18.01, however the system calculated \$16.90 as the match. The following employer match under the same pay structure was correct for this employee. Lost earnings of \$.04 were calculated using the DOL VFCP. A total of \$1.15 was submitted to Principal for correction.

The second participant contribution variance was due to an automatic enrollment error for James Little. The company has calculated the missed contribution amount for auto enrollment including the automatic escalator for gross wages from eligibility date October 1, 2020 through last day of eligibility June 16, 2022. The missed contribution amount plus the lost earnings (calculated on the VFCP) totaled \$2,836.22, which we submitted to Principal for correction.

Response to the **Delinquent Contributions:**

The first delinquent contribution, April 23, 2021 occurred during the first live funding submission to Principal after the transition from The Newport Group. These ACH/Wire connections are now established, and processes written to streamline future contributions funding. Lost earnings in the amount of \$209.15 were calculated using the DOL VFCP and submitted to Principal for correction.

The second delinquent contribution occurred on the December 31, 2021 paycheck date. The oversight was due to the incorrect creating of a new earnings code. The error was recognized, reported to the payroll administrator, and reconciled. A new controls process was

created and implemented to avoid future errors. Lost earnings in the amount of \$21.01 were calculated using the DOL VFCP and submitted to Principal for correction.

Principal's reported error on the 5500

Two out loan contributions were reported as delinquent by the Principal Client Services Manager on the 5500. Each loan request and approval occurred during the transition from The Newport Group to Principal. Those requests were incorrectly communicated and contributed to a delayed set up. The lost earnings have been calculated with the DOL VFCP and a total of \$0.60 was submitted to Principal for correction. We are receiving weekly loan reports to identify new loans requiring setup.

Regarding the **reconciliation of certified financial information** see response from The Newport Group email dated September 30, 2022 (attachments and any supplemental information is available upon request).

Attached is the asset reconciliation as of 5/3 when the assets were liquidated. The T. Rowe stable Value Fund includes the redemption of the holding account. All differences are noted.

Tab 2 includes the transactions from PNC and we pulled out the liquidation sales and the in kind for the stable value. There were a few dividends that posted during blackout that were not posted on Newport but sent to the new provider.

As stated, Newport was the recordkeeper and had the participant transactions on our systems. PNC was the custodian of the assets and handled the trades. Their reports should mirror our request for trades, sometimes we see that they code items differently. We do not balance to their coding (contribution distribution etc.) but to the assets.

Thanks.
