INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
Gearheart Communications, Inc. 401(k) Plan
Harold, Kentucky

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Gearheart Communications, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related financial statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with the 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Gearheart Communications, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Gearheart Communications, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Gearheart Communications, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Gearheart Communications, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Gearheart Communications, Inc. 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 17, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

GEARHEART COMMUNICATIONS, INC.
401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description

The following description of the Gearheart Communications, Inc. (the “Employer”) 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution profit sharing plan covering substantially all employees of the Employer with one year of service who are age twenty-one (21) or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to the maximum legal limit of pre-tax annual compensation as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers one fully benefit-responsive investment contract and multiple mutual fund options.

The Plan provides that the Employer make a safe-harbor matching contribution equal to a percentage of each participant's contribution. For the years ended December 31, 2021 and 2020, the safe-harbor matching contribution was equal to 100% of the first 3% of compensation contributed to the Plan. Discretionary contributions by the Employer may also be made each plan year in an amount determined by the Employer. The discretionary contributions made for the years ended December 31, 2021 were \$315,798. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and Employer’s safe-harbor matching contributions, and allocations of (a) the Employer’s matching and discretionary profit sharing contributions and, (b) plan earnings (losses), and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description (Continued)

Vesting

Participants are immediately vested in their contributions and the Employer's safe-harbor matching contributions plus actual earnings thereon. Vesting in the Employer's matching contribution, discretionary profit sharing contribution, and actual earnings thereon is based on years of continuous service (1,000 hours). A participant is 100% vested after six years of credited service as described in the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

A participant becomes fully vested upon death or disability while employed by the Employer. Upon termination, the amount of a participant's account not vested is forfeited.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. A participant may only have one loan outstanding at any given time. Loan terms range from 1-5 years, unless the loan qualifies as a home loan, for which the terms may be extended. The loans are secured by the balance in the participant's account and bear market interest rates. The rate will remain fixed until the loan is paid in full. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account.

CARES Act Provisions

During 2020, the Coronavirus, Aid, Relief and Economic Security (CARES) Act allowed the Employer to temporarily provide expanded retirement plan options to employees who have been impacted by the COVID-19 pandemic.

For the period March 27, 2020, through September 23, 2020, the limit on loans increased to 100% of the vested account balance, up to \$100,000. Also, loan payments due between March 27, 2020 and December 31, 2020 were allowed to be suspended for up to 1 year. Participants had to satisfy eligibility requirements to receive the benefits of the special loan provisions.

NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description (Continued)

Forfeited Accounts

At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$35,932 and \$34,874, respectively. These accounts will be used to pay plan expenses and reduce future employer contributions. For the year ended December 31, 2021, \$9,500 was used to pay plan expenses.

Note 2. Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisers and the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold and held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Payment of Benefits

Benefit payments are recorded when paid. Under the rules for preparation of Form 5500, the Plan's Form 5500 will reflect an accrual for the amount to be paid to participants who withdrew from the Plan prior to year-end, and who had requested a distribution which was approved but not yet paid at year-end, if any. There were no unpaid distributions at December 31, 2021 and 2020.

NOTES TO FINANCIAL STATEMENTS

Note 2. Significant Accounting Policies (Continued)

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. The Employer does not intend to request reimbursement from the Plan for these costs. Fees related to the administration of certain withdrawals are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

Management has evaluated subsequent events through October 4, 2022, the date the financial statements were available to be issued.

Note 3. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivables from participants for the year ended December 31, 2021, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Lincoln Financial Group Trust Company, Inc., the trustee of the Plan. The following table sets forth the certified information as follows:

	2021	2020
Investment, at contract value:		
Fully benefit-responsive investment contract	\$ 367,348	\$ 531,560
Investments, at fair value:		
Mutual funds	1,070,349	306,594
Unitized ModelxChange funds	10,252,180	9,331,828
Notes receivable from participants	285,496	255,814
Investment income:		
Net appreciation in fair value of investments	\$ 1,173,333	
Dividends and interest	213,915	
Interest income on notes receivable from participants	12,807	

Note 4. Fair Value Measurements

U.S. GAAP provides a framework for fair value measurements. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The methodology for measuring fair value specifies a three-tier hierarchy of valuation techniques based upon whether the inputs to those valuation techniques are based on quoted prices of identical assets or liabilities (Level 1), significant other observable inputs (Level 2), or significant other unobservable inputs that reflect the Plan's own assumptions of market participant valuation (Level 3).

NOTES TO FINANCIAL STATEMENTS

Note 4. Fair Value Measurements (Continued)

All financial assets and liabilities as of December 31, 2021 and 2020, except for the fully benefit-responsive investment contract, are measured at fair value on a recurring basis (at least annually) into the most appropriate level within the fair value hierarchy based on the inputs used to determine the fair value at the measurement date. Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds – valued at the daily closing price as reported by the fund (Level 1). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Unitized ModelxChange funds – valued at NAV of units held by the Plan at year end. NAV is used as a practical expedient, therefore, the unitized ModelxChange funds are excluded from the fair value hierarchy table below.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Plan assets at fair value as of December 31, 2021 and 2020 by level within the fair value hierarchy follow:

	Fair value measurement using:			Balance at December 31, 2021
	Level 1	Level 2	Level 3	
Mutual funds	\$ 1,070,349	\$ --	\$ --	\$ 1,070,349
Unitized ModelxChange funds, at NAV				10,252,180
Total assets at fair value				\$ 11,322,529

	Fair value measurement using:			Balance at December 31, 2020
	Level 1	Level 2	Level 3	
Mutual funds	\$ 306,594	\$ --	\$ --	\$ 306,594
Unitized ModelxChange funds, at NAV				9,331,828
				\$ 9,638,422

NOTES TO FINANCIAL STATEMENTS

Note 4. Fair Value Measurements (Continued)

Investments in the unitized ModelxChange funds are managed by Mid Atlantic Trust Company. Mid Atlantic Trust Company manages selected model strategies based upon the custodial agreement with the Employer. The Employer agrees to price and execute trades at the computed NAV as established by Mid Atlantic Trust Company. The unitization formula is comprised of weighting of the underlying holdings' published closing prices and cash liquidity of the fund.

The unitized ModelxChange funds are primarily invested in stable value accounts and mutual funds.

Investments measured using net asset value per share practical expedient:

The unitized ModelxChange funds have no unfunded commitments and can be redeemed daily, with no redemption notice period, without specific terms or conditions at the underlying investments' NAV. The NAV is updated daily. The unitized ModelxChange funds have an investment objective to seek long-term growth of capital by investing the majority of assets in underlying funds that invest primarily in equity securities.

Note 5. Fully Benefit-Responsive Investment Contract

The Plan entered into a fully benefit-responsive investment contract with Lincoln Financial Group (LFG) totaling \$367,348 and \$531,560 as of December 31, 2021 and 2020, respectively. LFG maintains the contributions in a general account. The account is credited with earnings guaranteed under the contract on the underlying investments and charged for participant withdrawals and administrative expenses. The fully benefit-responsive investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The investment contract meets the criteria to be considered fully-benefit responsive and therefore contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. Contract value, as reported to the Plan by LFG, represents contributions made under the contract, less participant withdrawals and administrative expenses, plus interest credited. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events may allow LFG to terminate the contract, but no event will result in the Plan not being able to receive contract value over a five-year installment period. Any of the following events can trigger termination by the issuer, resulting in the Plan not being able to receive immediate contract value: (a) Any charges billed to the contract owner that have not been paid to LFG within 30 days (b) The Plan ceases to meet the requirements of the Internal Revenue Code for purchasers of this contract (c) At any time following the end of the third contract year, the contract owner's account balance is less than \$15,000 (d) At any time following the end of the third contract year, there is no deposit activity for a 24-consecutive-month period and the contract owner's account balance is less than \$50,000 (e) The contract owner fails to furnish requested information or other documentation (f) LFG discovers any misrepresentation of material information (g) LFG discontinues offering this contract form to the public (h) The plan terminates its recordkeeping agreement with LFG.

The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

NOTES TO FINANCIAL STATEMENTS

Note 6. Related Party Transactions and Party in Interest Transactions

Plan investments are held by Lincoln Financial Group Trust Company, Inc. (LFGTC), who is the trustee and third-party administrator of the Plan. Investment advisory services are provided by Global Retirement Partners. Jones, Nale and Mattingly PLC is the independent auditor of the Plan. Therefore, these transactions qualify as party-in-interest transactions. Administrative fees paid by the Plan to the trustee, the investment advisor and auditor for the year ended December 31, 2021 was \$125,404.

LFGTC received revenue from mutual fund service providers for services provided to the funds. This revenue is used to offset certain amounts owed to LFGTC for its administrative services provided to the Plan. If revenue received by LFGTC from such mutual fund service providers exceeds the amount owed to LFGTC for administrative services provided to the Plan, then LFGTC remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to plan administrative expenses or allocated to the accounts of the participants. The amount remitted to the Plan's trust is reported as other income on the statement of changes in net assets available for benefits.

As of December 31, 2021 and 2020, unallocated revenue credits were \$5 and \$48,295, respectively. During the year ended December 31, 2021, \$48,861 was reallocated to participants and \$38,388 was used to pay investment advisory fees.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 8. Tax Status

The Plan is based on a volume submitter plan which has received a favorable advisory letter dated March 31, 2014 from the IRS that the volume submitter plan is designed to qualify as being exempt from federal income taxes. The plan administrator has not separately applied for a determination letter from the IRS. However, the plan administrator and the Plan's legal counsel believe the Plan was designed and is currently being operated as a tax-exempt plan in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress.

NOTES TO FINANCIAL STATEMENTS

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Local, U.S., and world governments have encouraged self-isolation to curtail the spread of the global pandemic, coronavirus disease (COVID-19), by mandating temporary work stoppage in many sectors and imposing limitations on travel and size and duration of group meetings. Most industries are experiencing disruption to business operations and the impact of reduced consumer spending. There is unprecedented uncertainty surrounding the duration of the pandemic, its potential economic ramifications, and any government actions to mitigate them. Accordingly, while management cannot quantify the financial and other impact of the Plan as of October 4, 2022, management believes that a material impact on the Plan's net assets and related changes is reasonably possible.

Note 10. Plan Amendment

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act). Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

Note 11. Reconciliation to Form 5500

The Schedule H of Form 5500 shows the detail of underlying investments of the unitized ModelxChange funds, which include stable value accounts and mutual funds, on Schedule H Line 1c(13) and 1c(14). Likewise, the investment income net of expenses of the underlying investments is shown on Schedule H, line 2b(1)(F) and 2b(10).

Note 12. Subsequent Events

The Plan adopted the Lincoln Retirement Services Company LLC Non-Standardized Pre-approved Profit Sharing Plan, which was restated effective January 1, 2022, to incorporate legislative, regulatory and administrative updates.

Effective October 1, 2022, the Plan changed third-party administrator and trustee to Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company and restated the Plan document. In the restatement, certain significant plan provisions were changed. The service requirement for meeting eligibility changed from one year of service to six months of service. The vesting schedule changed from a six-year graded scale to a three-year cliff, where the participant is not vested until year three.
