REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Trustees
Purvis 401(k) Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit for the 2021 financial statements

We have performed an audit of the financial statements of Purvis 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion on the 2021 financial statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion on the 2021 financial statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the 2021 financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the 2021 financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matters

2021 supplemental schedules required by ERISA

The supplemental schedules of assets (held at year end) as of December 31, 2021 and the schedule of delinquent participant contributions for the year ended December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the 2021 supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the 2021 supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the 2021 supplemental schedules, we evaluated whether the 2021 supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the 2021 supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the 2021 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's report on the 2020 financial statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 15, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE A - PLAN DESCRIPTION

The following description of the Purvis 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined-contribution plan covering all full-time employees of Purvis Industries, Ltd. and Conveyor Aggregate Products Corp. (collectively, the "Company" or the "Employer") who are twenty-one (21) years of age or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Company is the designated administrator of the Plan and Fidelity Management Trust Company ("FMTTC") is the trustee of the Plan responsible for the management and control for the Plan's assets which are held in individual participant investment accounts.

The Company adopted the CARES Act provisions as of March 27, 2020. However, the Plan has not formally amended the Plan documents as of December 31, 2021 but plans to do so prior to the deadline of December 31, 2025.

Eligibility

The Plan defines an Eligible Employee once hired as long as the employee is 21 years or older and a U.S. citizen (an employee is not eligible if they are a resident of Puerto Rico, covered by a collective bargaining agreement unless the agreement requires the employees to be included under the Plan, a leased employee, and a nonresident alien with no income from a U.S. source).

Contributions

All Eligible Employees are automatically enrolled in the plan in the first, fourth, seventh, or tenth calendar month in the Plan year they become eligible with a default deferral rate of 4%. If an employee does not wish to participate, they must affirmatively elect to not participate on Fidelity's website within 90 days of their hire date.

Under the Plan, employees are permitted to contribute between 1% and 90% of their annual gross compensation, up to the maximum amount allowed by law of \$19,500 for 2021. Participants who are projected to be age 50 or older by the end of the calendar year, and who are making contributions to the Plan, are eligible to make additional catch-up contributions of up to \$ 6,500 for 2021. Participants may also rollover amounts representing distributions from other qualified defined-benefit or defined-contribution plans.

The Company may match a discretionary percentage, as determined by the Company. The discretionary matching contribution made by the Company in 2022 for the 2021 Plan year was \$387,714, net of forfeitures. This amount is included in the Employer contributions line within the statement of changes in net assets available for benefits in 2021. The Company did not make discretionary matching contributions for the 2020 Plan year.

Participant Accounts

Each participant's account is credited with 1) the participant's contributions; 2) an allocation of the Company's discretionary matching contribution; if any, and 3) Plan earnings or losses. Participants direct their account balances among the various Plan investments at their discretion.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

Vesting

Participants are immediately vested in their voluntary contributions, plus investment earnings and losses. Vesting of Company contributions is determined by years of continuous service. A participant vests 20% per year, beginning after two years of service, with 100% vesting earned after six years of active service.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a variety of mutual funds and money market funds as investment options for participants.

Forfeitures

Forfeitures of non-vested balances can be used to reduce Employer contributions or to pay for Plan administrative expenses. Forfeitures totaled approximately \$196,000 and \$137,000 as of December 31, 2021 and 2020, respectively. There were no forfeitures used during the year ended December 31, 2021.

Payment of Benefits

The Plan permits in-service and hardship withdrawals, subject to certain restrictions. On termination of service, retirement, disability, or death, or upon request by the participant, payment will be made to the participant or his or her beneficiary either in installments or a lump-sum amount equal to the value of the participant's vested account. A participant is required by law to receive a minimum required distribution from the Plan, unless they are a five percent owner, no later than April 1 of the calendar year following the calendar year the participant turns 72 or terminates their employment. Once a participant starts receiving the minimum required distribution, they should receive it at least annually and should complete the appropriate documentation each year until their assets in the account are distributed. According to the Plan, normal retirement age is 65. The Plan administrator may make involuntary distributions to such participant if his or her account balance is less than \$5,000.

Notes Receivable from Participants

Participants are permitted to borrow a portion of their vested account balance from a minimum amount of \$1,000 up to a maximum of the lesser of one-half of the participant's vested account balance or \$50,000. The loans are secured by the balance of the participants' account. Interest on the loans is charged at a rate equal to the prime plus 1%. Repayments are made by participants via payroll deduction on a bi-weekly basis. A participant may have only one outstanding loan at a time. Loans may be outstanding for up to a five-year period. Loans to participant for a primary residence may be for a period lasting longer than five years.

Administrative Expenses

Investment advisory fees for portfolio management are paid directly from fund earnings, and they are included in the mutual fund expense ratios of the funds. Certain plan administrative expenses, as well as investment related expenses and certain transactional expenses are charged to the participant accounts. Investment related expenses are netted with investment income/loss prior to the allocation of income to Plan participants. All other administrative expenses are paid by the Plan sponsor and are excluded from these financial statements.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

Administrative Expenses

The Plan records administrative expenses as incurred.

NOTE C - INFORMATION CERTIFIED BY THE TRUSTEE OF THE PLAN

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate:

- Investments at fair value and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Net investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2021.

Purvis 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

The Plan's independent certified public accountants did not perform auditing procedures with respect to this information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures related to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

NOTE D - FAIR VALUE MEASUREMENTS

U.S. GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for the assets measured at fair value at December 31, 2021 and 2020:

Mutual Funds and Money Market Fund: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. There are no redemption restrictions on the mutual funds.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2021 and 2020.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

Mutual funds and money market fund	\$ 34,963,972	\$ -	\$ -	\$ 34,963,972
Total investments, at fair value	<u>\$ 34,963,972</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 34,963,972</u>

NOTE E - RISKS AND UNCERTAINTIES

The Plan provides for various investment options. These investments are exposed to various risks, such as interest rate, market, and concentration of credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTE F - TERMINATION OF THE PLAN

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in the Company's contributions.

NOTE G - TAX STATUS

The underlying standardized volume submitter profit sharing plan has received an opinion letter from the Internal Revenue Service ("IRS") dated June 30, 2020, stating that the form of the Plan is qualified under Section 401(a) of the Internal Revenue Code ("IRC"), and therefore, the related trust is tax-exempt. The Plan Sponsor has determined that it is eligible to and has chosen to rely on the current IRS standardized volume submitter profit sharing plan opinion letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

U.S. GAAP requires evaluation of tax positions taken by the plan and recognition of a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan sponsor has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE H - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined by ERISA as any fiduciary of the Plan, any party rendering services to the Plan, the Employer, and certain others. As such, transactions conducted by the trustee, recordkeeper and their affiliates, as well as the Company, on behalf of the Plan, qualify as party-in-interest transactions.

Certain Plan investments are managed by Fidelity, the trustee of the Plan. Certain fees paid to the trustee for investment management services are incorporated into the expense ratios of the individual mutual funds and paid directly from fund earnings; therefore, these transactions qualify as party-in-interest transactions. Consequently, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

For the years ended December 31, 2021 and 2020, the Company did not remit \$214,289 and \$1,144, respectively, of participant deferrals within the required timeframe as stated by the United States Department of Labor ("DOL") regulations. The DOL considers late deposits to be non-exempt prohibited transactions. Lost earnings for the 2020 late deposits were remitted to the Plan in 2021. The Plan is currently in-process of calculating lost earnings for the 2021 late deposits and have not been corrected as of the date of these financial statements. The lost earnings and excise tax payments were made from the Company's assets and not from assets of the Plan.

The Company makes loans to its participants, these transactions qualify as related party transactions. Consequently, such transactions are permitted under the provisions of the Plan. There have been no known prohibited transactions with related parties.

NOTE I - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The Form 5500 is completed on a cash basis while the financial statements are presented on an accrual basis. A reconciliation is required for the impacts of changes in noncash activity which occurred during the year. The following is a reconciliation of net assets available for benefits per the accompanying financial statements to the Form 5500 for the years ended December 31,

	<u>2021</u>
Net assets available for benefits per the financial statements	\$ 41,305,230
Less: employer contributions receivable	<u>(387,714)</u>
Net assets per Form 5500	<u>\$ 40,917,516</u>

The following is a reconciliation of the increase in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31,

	<u>2021</u>
Net increase in assets available for benefits per the financial statements	\$ 5,604,987
Less: current year employer contributions receivable	<u>(387,714)</u>
Net income per Form 5500	<u>\$ 5,217,273</u>
