INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
iostudio, LLC 401(K) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the iostudio, LLC 401(K) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the iostudio, LLC 401(K) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2021 and 2020, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the iostudio, LLC 401(K) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the iostudio, LLC 401(K) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the iostudio, LLC 401(K) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the iostudio, LLC 401(K) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Auditor's Responsibilities for the Audit of the Financial Statements, Continued

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of *Schedule H, Line 4i - Schedule of Assets Held for Investment Purposes at End of Year* is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

iostudio, LLC 401(K) Plan

Notes to Financial Statements

December 31, 2021 and 2020

(1) Description of Plan

The following description of the iostudio, LLC ("Company") 401(K) Plan ("Plan") provides only general information. Participants should refer to the Plan document for a more detailed description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan covering all employees of the Company who are twenty-one and over and have completed three months of service. Employees may enroll on the first day of the month after fulfilling the age and service requirements. The Plan is administered by the Company in accordance with the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

(b) Contributions

Each year, participants are permitted to make pre-tax contributions or elect to reduce their compensation to make Roth 401(K) contributions at rates of at least 1% up to 100% of eligible earnings, as defined by the Plan. Contributions are subject to a maximum annual amount as determined under applicable law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions, as determined by the Internal Revenue Service ("IRS") and ERISA. Participants may also contribute amounts representing distributions from other qualified deferred benefit or defined contribution plans ("rollover"). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect to opt-out of the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible pre-tax compensation and their contributions invested in a designated balanced fund until changed by the participant.

Each payroll period the Company makes a safe harbor matching contribution to the Plan for eligible participants. The Company will match 100% of the first 3% of the eligible participant's compensation contributed to the Plan and 50% of the next 2% of the eligible participant's compensation contributed to the Plan.

The Company may make, at its discretion, profit sharing and matching contributions to the Plan. The Company did not make discretionary profit sharing or matching contributions during 2021.

(1) *Description of Plan, Continued*

(c) *Participant Accounts*

Each participant's account is credited with the participant's and the Company's contributions and any rollovers, an allocation of Plan earnings, and may be charged with some or all of the costs and expenses of operating the Plan. Allocations are based on participant earnings, account balances, or election of investment options, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) *Vesting*

Participants are immediately vested in their contributions made and the Company's discretionary profit sharing and matching contributions plus actual earnings thereon.

The Company's safe harbor matching contributions vest in accordance with the following schedule:

<u>Years of Vesting Services</u>	<u>Vesting Percentage</u>
Less than one year	0%
One but less than two years	50%
Two or more years	100%

(e) *Payments of Benefits*

On termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or in annual installments over a period not to exceed the life expectancy of such participant. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Participants with vested account balances less than \$1,000 are immediately distributed as a lump-sum under the terms of the Plan without the participant's consent, unless the participant has made a timely rollover election to an Individual Retirement Account or other qualified arrangement.

(1) *Description of Plan, Continued*

(f) *Investment Options*

Investments are made as directed by the Plan's participants. Company contributions are invested in the same manner as participant elective contributions. The Plan currently offers various pooled separate account investment options and a guaranteed investment contract issued by Transamerica Financial Life Insurance Company ("TFLIC").

(g) *Forfeitures*

Upon termination of employment, the unvested portion of the participant's account is forfeited. Forfeitures are retained in the Plan and may first be used to pay administrative expenses and fees and then to reduce Company contributions to the participants remaining in the Plan. During the year ended December 31, 2021, forfeitures totaling \$1,999 were used to reduce Company contributions to participants and \$7,632 were used to pay administrative expenses of the Plan. As of December 31, 2021 and 2020, unallocated forfeitures totaled \$4,239 and \$9,980, respectively.

(h) *Plan Termination*

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, each participant becomes 100% vested in the aggregate value of his or her account regardless of each participant's current vesting percentage and is entitled to receive the balance in his or her account (after payment of all expenses and proportional adjustment of such expenses and any investment gains or losses).

(2) *Summary of Significant Accounting Policies*

(a) *Basis of Accounting*

The accompanying financial statements of the Plan are prepared under the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP") and the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

(2) *Summary of Significant Accounting Policies, Continued*

(b) *Investment Valuation and Income Recognition*

The Plan's investments are primarily stated at fair value, with the exception of its fully benefit-responsive investment contract, which is stated at contract value (see Note 4). If available, quoted market prices are used to value investments. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the contracts and is the relevant measure for the portion of assets attributable to fully benefit-responsive investment contracts. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(c) *Payments of Benefits*

Benefits are recorded when paid.

(d) *Administrative Expenses*

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company, if any, are excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments. Fees for annual participant account maintenance and fees related to distributions to participants are included in administrative expenses and are charged to participant accounts.

(e) *Estimates*

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain amounts reported in the financial statements. Actual results could differ from those estimates.

(f) *Date of Management's Review and Subsequent Events*

Subsequent events were evaluated through October 13, 2022, which is the date the financial statements were available to be issued.

iostudio, LLC 401(K) Plan

Notes to Financial Statements, Continued

December 31, 2021 and 2020

(3) *Fair Value Measurements*

The Plan accounts for its financial assets and liabilities in accordance with Accounting Standards Codification 820, Fair Value Measurement (“ASC 820”), which are carried at fair value on a recurring basis in the financial statements. ASC 820 establishes a fair value hierarchy that requires assets and liabilities measured at fair value to be categorized into one of three levels based on the priority of inputs used in the valuation. Assets and liabilities are classified in their entirety based on the lowest level of input significant to the fair value measurement. The three levels are defined as follows:

- Level 1:** Quoted price (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.
- Level 2:** Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in market that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3:** Unobservable inputs that reflect a reporting entity’s own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The following is a description of the valuation methodologies used for investments measured at fair value:

Pooled separate accounts: Pooled separate accounts (“PSAs”) are valued using net asset value (“NAV”) as a practical expedient to estimate fair value where NAV is based on the value of the underlying investment assets held through sub-accounts of a separate account of an insurance company. PSAs invest primarily in mutual funds, domestic equity securities, and fixed maturity securities. The Plan has concluded that the reported NAVs approximate the fair value of the investment. Participant transactions may occur on a daily basis. The ability to exchange with units of PSAs may be restricted in the event that participants engage in trading patterns which are detrimental to the PSA or underlying investment. Investment funds may be subject to certain trading restrictions that apply to transfers into an investment fund. Transfers out of a PSA are allowed at any time. At December 31, 2021 and 2020, there were no unfunded commitments related to the PSAs.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes this valuation method is appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial investments could result in a different fair value measurements at the reporting date.

iostudio, LLC 401(K) Plan

Notes to Financial Statements, Continued

December 31, 2021 and 2020

(3) Fair Value Measurements, Continued

The following table sets forth the Plan's investments at fair value as of December 31, 2021 and 2020:

	December 31, 2021	December 31, 2020
Pooled separate accounts (1)	\$ 5,405,564	4,573,451

- (1) In accordance with ASC 820-10, certain investments that are measured at fair value using the net asset value per share (or equivalent) practical expedient have not been classified in the fair value hierarchy.

(4) Fully Benefit-Responsive Investment Contract

The Transamerica Stable Value Advantage Account ("Stable Value Fund") is a fully benefit-responsive investment contract and is reported at contract value on the statements of net assets available for benefits. Benefit responsiveness is defined as the extent to which a contract's terms and the Plan permit or require participant initiated withdrawals at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents participant contributions, plus earnings at guaranteed crediting rates, less participant withdrawals and administrative expenses.

The Stable Value Fund is a general account backed group variable annuity contract issued by Transamerica Financial Life Insurance Company ("TFLIC"), is backed by the creditworthiness of the issuer, and has no maturity date. There are not any specific securities in the general account that back the investments in the account. TFLIC is contractually obligated to repay the principal and a specified crediting interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of TFLIC or otherwise. Participants may ordinarily direct permitted withdrawals or transfers of all or a portion of their account at contract value within reasonable time frames. Restrictions apply to the aggregate movement of funds to other investment options. There is no event that is probable that limits the ability of the Plan to transact at less than contract value with TFLIC. There are also no events or circumstances that are probable that would allow TFLIC to terminate the group variable annuity contract with the Plan and settle at an amount different from contract value.

(5) **Tax Status**

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated June 30, 2020 that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan, as restated, is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to the applicable statute of limitations.

(6) **Information Prepared and Certified by Custodian**

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the Custodian, Transamerica Financial Life Insurance Company. This information has not been audited by the independent auditors.

	<u>2021</u>	<u>2020</u>
Investments, at fair value:		
Pooled separate accounts	\$ 5,405,564	4,573,451
Investment at contract value:		
Fully benefit-responsive investment contract	222,295	108,643
Interest	1,727	
Net appreciation in fair value of investments	694,178	

(7) **Risks and Uncertainties**

The Plan invests in various investment securities that are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(8) Related Party and Party-in-Interest Transactions

Plan assets include investments in various pooled separate accounts and a guaranteed investment contract managed by TFLIC and/or their affiliates. TFLIC is the custodian and recordkeeper of the Plan. Therefore, these investments represent party-in-interest transactions under the provisions of ERISA. Fees paid to TFLIC for their services provided totaling \$12,158 were paid by the Plan and are included in administrative expenses on the statement of changes in net assets available for benefits.

Plan audit fees paid to the Plan auditor totaling \$6,990 were paid by the Plan and are included in administrative expenses on the statement of changes in net assets available for benefits.

Certain administrative services are provided by Future Plan by Ascensus (the Plan's third-party administrator). Fees paid to Future Plan for their services provided totaling \$1,557 were paid by the Plan and are included in administrative expenses on the statement of changes in net assets available for benefit.

All identified party-in-interest transactions are exempt from the prohibited transactions rules of ERISA.
