INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
SCHAEFFLER GROUP USA SAVINGS RETIREMENT PLAN
Fort Mill, South Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of **SCHAEFFLER GROUP USA SAVINGS RETIREMENT PLAN** (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

(continued)

- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements were available to be issued for publishing.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional

(continued)

omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

(continued)

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of Assets Held as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the **SCHAEFFLER GROUP USA SAVINGS RETIREMENT PLAN**. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 11, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content

SCHAEFFLER GROUP USA SAVINGS RETIREMENT PLAN

Notes to Financial Statements

December 31, 2021 and 2020

1. Description of Plan:

The following provides only general information. Participants should refer to the Summary Plan Description and adoption agreement for a more complete description of specific provisions. The Plan is based on The CORPORATEplan for Retirement [Profit Sharing/401(k) Plan], a Fidelity Prototype Plan originally adopted effective January 1, 1999.

The Plan is a defined contribution profit sharing plan, commonly known as an Internal Revenue Service Code Section 401(k) plan intended to conform to and qualify under §401 of the Internal Revenue Code of 1986, as amended. The Plan provides benefits to participants or their beneficiaries upon retirement, death, or termination of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). However, benefits are not insured or guaranteed by the Pension Benefit Guaranty Corporation. Roth and other after-tax contributions are not permitted.

Plan Sponsor and Administrator and Participating Employers – Schaeffler Group USA Inc. is the Plan Sponsor and Plan Administrator. In addition to the Sponsor, participating employers include Schaeffler Transmission LLC and Schaeffler Aerospace USA Corporation (formerly LuK USA LLC and The Barden Corporation, respectively).

Plan Trustee – Fidelity Management Trust Company (FMTC) is the Plan's Trustee. FMTC, along with certain of its affiliates, holds the Plan's assets, executes all investment transactions and maintains the Plan's financial records.

Participants – Participants in the Plan include all eligible employees who are at least 18 years of age with two months of service in a twelve-month period, and not covered by a collective bargaining agreement. Entry dates are the first day of each month.

Employee Deferral Contributions – Each year, participants may elect to contribute a portion of their eligible pre-tax compensation, as defined in the Plan, subject to statutory limitations. Participants may change their contribution percentage at any entry date during the year. Unless new employees make an election with respect to the Plan, they are automatically enrolled and 3% of eligible compensation is withheld as their personal deferral contribution.

Sponsor Contributions – The Plan operates in accordance with safe harbor provisions, whereby the sponsor matches 100% of the first 6% of compensation that a participant contributes to the Plan.

The Sponsor may elect to make a qualified discretionary contribution. The Plan records and recognizes the discretionary contribution when received. Such discretionary contributions are allocated to individual participant accounts based on a ratio, as defined in the Plan, of each participant's compensation to the total compensation for all participants.

1. Description of Plan (continued):

Rollover Contributions – Participants may contribute to the Plan amounts representing rollover distributions from other qualified plans.

Participants' Accounts – Participants' accounts are self-directed, and participants may allocate their contributions among the various mutual funds offered under the Plan. At any time, participants may change their investment allocations among the available options via telephone or the Trustee's website.

Each participant's account is increased with the participant's contributions and an allocation of the Sponsor's matching and discretionary contributions and Plan earnings and is decreased with allocations of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants are always 100% vested in their personal deferrals, rollovers and Sponsor match and discretionary contributions, including any earnings thereon.

Funding Policy – Participant and matching Sponsor contributions are remitted weekly for hourly employees and monthly for salaried employees. Sponsor discretionary contributions, if any, are made timely in accordance with Internal Revenue Service regulations.

Notes Receivable from Participants – Participants may borrow from their individual accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or one-half of their account balance. The loans are collateralized by up to 50% of the balance in the participant's account, as defined, and bear interest rates commensurate with local prevailing rates as determined by the Plan Administrator. Both principal and interest payments are deposited in the participant's account. Repayment is generally required over five years through equal periodic payroll deductions. Loans for the qualified purchase of a Participant's primary residence may be repaid over ten years. Defaults, if any, are treated as taxable distributions.

Payment of Benefits – Distributions from the Plan upon retirement, disability, death or other separation from service are made in lump-sum cash payments. Normal retirement age is 65. In-service withdrawals are permitted for qualified hardship or upon reaching the age of 59½. Minimum required distributions are required for participants still employed by the Sponsor at the age of 72.

2. Summary of Significant Accounting Policies:

Basis of Accounting – The accompanying financial statements have been prepared on the accrual basis of accounting.

Notes to Financial Statements

December 31, 2021 and 2020

2. Summary of Significant Accounting Policies (continued):

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received upon sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the Trustee. See Note 3 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Contributions – Participant deferrals and sponsor matching contributions are recorded on the accrual basis. Sponsor discretionary contributions are recorded in the year received by the plan.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Sponsor. Expenses that are paid by the Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Reclassifications – For financial statement comparability, certain prior year amounts are reclassified, as appropriate, to conform to the presentation of current year amounts. There has been no change in accounting principles employed or significant restatements of amounts previously reported.

2. Summary of Significant Accounting Policies (continued):

Subsequent Events – Management reviews subsequent events for possible adjustment to or disclosure in the financial statements through the date the financial statements were available to be issued.

3. Fair Value of Investments:

FASB Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs consist of unadjusted quoted prices for identical assets in active markets that the plan has the ability to access.

Level 2 – Inputs consist of quoted prices for similar assets in active markets; quoted prices for identical or similar assets in inactive markets; inputs other than quoted prices that are observable; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term.

Level 3 – Inputs consist of unobservable inputs where there is little or no market activity, and the reporting entity makes estimates and assumptions related to the pricing of the asset including assumptions regarding risk.

The assets' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds – Mutual funds are publicly traded investments and are valued daily at the closing price reported on the active market on which the funds are traded.

Notes to Financial Statements

December 31, 2021 and 2020

3. Fair Value of Investments (continued):

Common collective trusts (CCTs) – These investments are valued at the Net Asset Value (NAV) of units of the collective fund. NAV is used as a practical expedient to estimate fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. During the years ended December 31, 2021 and 2020, there were no significant transfers between Level 1 and Level 2 investments.

The Plan's investments are reported at fair value as follows:

	Assets at Fair Value as of Decemeber 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 679,069,661	\$ -	\$ -	\$ 679,069,661

3. Fair Value of Investments (continued):

- (a) In accordance with Topic 820, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient.

4. Information Certified by the Trustee:

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments as of December 31, 2021 and 2020 and for the year ended December 31, 2021:

- Investments, at fair value
- Net appreciation in fair value of investments
- Dividends and interest
- Schedule of Assets (Held at End of Year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule

5. Related Party Transactions and Party-In-Interest Transactions:

The Sponsor is affiliated with several other U.S. and foreign entities. During 2021 and 2020 there were no transactions between the Plan and the plans of any of the affiliates. An affiliate of the Trustee manages the common trust funds and some mutual funds in which the Plan is invested. Accordingly, transactions in these investments and management fees charged

SCHAEFFLER GROUP USA SAVINGS RETIREMENT PLAN

Notes to Financial Statements

December 31, 2021 and 2020

5. Related Party Transactions and Party-In-Interest Transactions (continued):

qualify as party-in-interest transactions. Participant loans are also deemed to be party-in-interest transactions since these participants have a vested interest in Plan assets.

6. Income Tax Status:

The Plan obtained its latest determination letter dated April 25, 2013, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed through March 25, 2010, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan Administrator and management believe that the Plan is designed and being currently operated in compliance with the applicable requirements of the IRC and therefore, believe that the Plan is qualified and the related trust is tax-exempt.

GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more than likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits; however, there are no audits for any open tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2018.

7. Plan Termination Status:

Although the Plan is intended to be on-going, the Sponsor has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would remain 100% vested in their accounts.

8. Other Required Disclosures:

Sponsor Discretionary Contributions – The Sponsor declared discretionary contributions for the year 2021 in the amount of \$5,066,397, which were recorded and recognized by the Plan in 2022, the year received.

Administrative Expenses – During 2021, Participant Revenue Credits received from Fidelity exceeded Fidelity's recordkeeping fees by (\$314,614), which is shown as a negative expense on the Statement of Changes in Net Assets Available for Benefits. During 2021, the Plan incurred recordkeeping fees of \$165,386. In addition, the Sponsor paid all other administrative expenses of the Plan, including accounting, audit and legal fees which are not deducted from

SCHAEFFLER GROUP USA SAVINGS RETIREMENT PLAN

Notes to Financial Statements

December 31, 2021 and 2020

8. Other Required Disclosures (continued):

net assets available for plan benefits.

Form 5500 – The financial statements agree with Form 5500 Schedule H.

9. Concentrations, Risks and Uncertainties:

Concentrations – All of the Plan's assets are subject to concentration risk since they comprise investments in investment securities including Fidelity family mutual funds and participant loans. These concentrations make the Plan vulnerable to the interest rate, market, and credit risks of a possible near-term severe negative impact to the participants' account balances and the net assets available for benefits.

Determination of Fair Values – The fair value hierarchy/methodology utilized by the Plan may produce a fair value of investments that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investment Risk – Investment securities including mutual funds, in general, are exposed to various risks such as overall economic conditions and the volatility of the stock market, interest rates, and credit availability. Because of the level of risk associated with investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.

10. Subsequent Events:

Management has evaluated subsequent events through October 14, 2022, which is the date the financial statements were available to be issued for publishing. The Plan did not have any subsequent events requiring recording or disclosure, except that the Sponsor's discretionary contributions for 2021 of \$5,066,397 were received and recognized by the Plan in 2022.
