INDEPENDENT AUDITOR'S REPORT

Trustees of the
BeachFleischman PC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of BeachFleischman PC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of BeachFleischman PC 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about BeachFleischman PC 401(k) Plan's ability to continue as a going concern within one year after the date the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of BeachFleischman PC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about BeachFleischman PC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year), is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion :

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of BeachFleischman PC 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 13, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

BEACHFLEISCHMAN PC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2021

1. Description of plan:

The following description of the BeachFleischman PC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution retirement plan with 401(k) provisions consisting of a salary reduction arrangement. The Plan covers all employees of BeachFleischman PC, Pinnacle Plan Design, LLC, MOD Ventures, LLC, and Contempo HCM, LLC, collectively referred to as the "Sponsor". In June 2021, BeachFleischman PC divested its ownership interest in MOD Ventures, LLC, at which time, the employees of MOD Ventures, LLC were no longer eligible for future contributions in the Plan.

Employees of the Sponsor who have completed three consecutive months of service are eligible to make participant contributions and to receive matching contributions. Employees of the Sponsor who have completed one hour of service are eligible to receive profit sharing contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participants' contributions:

Under the 401(k) provisions of the Plan, the participants may elect to defer a percentage up to 100% of their pretax annual compensation, subject to current statutory limits determined annually and prescribed by the Internal Revenue Service. Employee contributions may be in the form of pre-tax or Roth (after-tax) contributions. The Plan permits participants to make additional voluntary contributions of qualified rollovers from other retirement plans.

Employer contributions:

All employer contributions are at the employer's discretion. Although there is no set formula for matching contributions under the 401(k) provisions or for discretionary profit sharing contributions, the employer may make contributions to each. Participants must be employed on the last day of the plan year to receive matching contributions. Participants who are employed on the last day of the plan year are also eligible to receive profit sharing contributions. Terminated participants with more than 500 hours of service in the plan year may receive profit sharing contributions, subject to the Sponsor's discretion. Employer contributions are invested in the same funds and increments as directed by the participant for the participant's contributions. Contributions are subject to statutory limitations.

Participants' accounts:

Each participant's account is credited with the participant's elective deferral contributions, rollover contributions, allocations of the employer's contributions, plus actual earnings thereon, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

BEACHFLEISCHMAN PC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEAR ENDED DECEMBER 31, 2021

1. Description of plan (continued):

Participant loans:

The Plan allows for participants to obtain loans from the Plan. Each participant can only have one loan outstanding from the Plan and only one loan during a rolling twelve month period. Loans cannot exceed 50% of the vested portion of the participant's account balance (or \$50,000 if less), and must be a minimum of \$1,000. The loan must be repaid within five years unless the proceeds are used for the purchase of a principal residence, in which case the loan may be repaid over a period up to ten years. All loans will provide for the repayment of interest at rates commensurate with local lending institutions. Principal and interest are to be repaid through payroll deduction. The participant's individual account balance serves as collateral for the loan. Loans will be considered in default if any scheduled payment remains unpaid beyond the last day of the calendar quarter following the calendar quarter in which the scheduled payment was due. Upon default, the entire outstanding principal and accrued interest shall be immediately due and payable. Because the participant's account collateralizes the loan in its entirety, the credit quality of the participant is not assessed by the Plan Administrator. Unpaid loans will be treated as a taxable distribution from the Plan.

For financial reporting purposes, participant loans are included in the statement of net assets available for benefits as notes receivable from participants.

Investment options:

Upon enrollment in the Plan, a participant may direct contributions into any of several investment options. All of the accounts were in the custody of Lincoln National Life Insurance Company. Participants may change their investment options at any time.

Vesting:

Participants are immediately vested in their elective deferral contributions and any rollover contributions made to the Plan, plus actual earnings thereon. Vesting in the employer's matching and discretionary contribution portion of the participants' accounts plus actual earnings thereon is based on years of credited service. Participants vest at 20% annually beginning with the completion of their second year and are fully vested after six years of credited service or upon their normal retirement date. The Plan defines a year of credited service to be a plan year (January 1 through December 31) with at least 1,000 hours of service. Upon the death or total disability of any participant prior to retirement, the participant's account balance shall become fully vested.

BEACHFLEISCHMAN PC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEAR ENDED DECEMBER 31, 2021

1. Description of plan (continued):

Payment of benefits:

On termination of service due to death, disability, retirement or other reasons, a participant whose vested account balance exceeds \$5,000 may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants with account balances less than \$5,000 must take a lump sum distribution as soon as practicable following termination. Participants with account balances less than \$5,000 but more than \$1,000 who do not affirmatively consent to a distribution will have their vested account balance rolled into an IRA on their behalf. In-service distributions are allowed to participants upon the attainment of age 50 and 100% vesting.

Forfeitures:

The Plan uses participant forfeitures to reduce employer contributions and pay plan expenses. Forfeitures totaling \$36,115 and \$41,220 were used to reduce employer contributions to the plan for 2021 and 2020. There were no forfeitures used to pay for administrative expenses in 2021 and 2020. At December 31, 2021 and 2020, there were \$101,599 and \$34,227 in forfeited nonvested accounts to be allocated in future periods.

2. Summary of significant accounting policies:

Basis of accounting:

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the trustees to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition:

The Plan's investments are stated at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net appreciation in the fair value of investments includes both realized and unrealized gains and losses on investments bought and sold as well as held during the year.

BEACHFLEISCHMAN PC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEAR ENDED DECEMBER 31, 2021

2. Summary of significant accounting policies (continued):

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed with they are incurred.

Payments of benefits:

Benefits paid to participants are recorded when paid.

Expenses:

Certain expenses of maintaining the plan are paid by the plan unless otherwise paid by the Sponsor. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Amendments and restatement:

The Plan was amended and restated effective January 1, 2021 to comply with all legislative and regulatory changes passed prior to February 1, 2017, as required by the IRS. There were no significant changes as a result of this restatement.

Subsequent events:

The Plan has evaluated the events that have occurred subsequent to December 31, 2021 through October 14, 2022, the date that the financial statements were available to be issued. Management has no responsibility to update these financial statements for events and circumstances occurring after this date.

3. Federal income tax status:

The Sponsor has adopted a volume submitter 401(k) profit sharing plan as published by Pinnacle Pension Services, Inc., who obtained its latest advisory letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan and related trust were designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the advisory letter. However, the Plan Administrator and the Plan Sponsor believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan is qualified and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

BEACHFLEISCHMAN PC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEAR ENDED DECEMBER 31, 2021

4. Fair value measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets or active markets that the Plan does not have access to;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

At December 31, 2021, the fair value of assets measured on a recurring basis is as follows:

	<u>Fair value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Registered investment companies	<u>\$ 38,863,864</u>	<u>\$ 38,863,864</u>	<u>\$ -</u>	<u>\$ -</u>

At December 31, 2020, the fair value of assets measured on a recurring basis is as follows:

	<u>Fair value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Registered investment companies	<u>\$ 33,544,744</u>	<u>\$ 33,544,744</u>	<u>\$ -</u>	<u>\$ -</u>

BEACHFLEISCHMAN PC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEAR ENDED DECEMBER 31, 2021

4. Fair value measurements (continued):

The assets in the preceding tables were measured primarily using the market approach. The following is a description of the valuation methodologies used for assets measured at fair value.

Registered investment companies: Valued at the closing price reported in the active market in which the individual securities are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Investments:

Information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2021, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Lincoln National Life Insurance Company (Lincoln).

6. Investments, at contract value:

Investment contract with insurance company:

The Plan has entered into a benefit-responsive investment contract with Lincoln. Lincoln maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Contract value, as reported to the Plan by Lincoln, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

BEACHFLEISCHMAN PC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEAR ENDED DECEMBER 31, 2021

6. Investments, at contract value (continued):

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based upon an agreed-upon formula, and is reviewed at least semi-annually for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date unless the Plan breaks the contract or the balance in the fund falls below certain levels as defined in the contract.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events may include the following: amendments to the Plan documents (including complete or partial plan termination or merger with another plan), bankruptcy of the Sponsor or other Sponsor events that cause a significant withdrawal from the Plan, certain market conditions that would cause an adverse effect on the issuer to liquidate the contract, or the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

7. Related party and party-in-interest transactions:

Plan investments are managed by Lincoln. The Plan paid certain expenses to Lincoln and other service providers during 2021 related to plan administration and investment activity. These transactions qualify as exempt party-in-interest transactions under ERISA.

Expenses that are paid directly by the Sponsor are excluded from these financial statements. Employees of the Sponsor perform certain accounting and administrative functions for the Plan, however, no employee receives compensation from the Plan.

8. Plan termination:

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

BEACHFLEISCHMAN PC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEAR ENDED DECEMBER 31, 2021

9. Risks and uncertainties:

The Plan invests in various investment securities that are exposed to risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Subsequent event:

During 2021, BeachFleischman PC divested its ownership in MOD Ventures LLC, and entered into a Spin Off Agreement whereby the participant account balances of MOD Ventures employees would be transferred from the BeachFleischman PC 401(k) Plan to the MOD Ventures LLC 401(k) Plan. MOD Ventures LLC became the successor employer and sponsor of the MOD Ventures LLC 401(k) Plan. On May 9, 2022 the transfer of plan assets of \$565,497 occurred in accordance with the Spin Off Agreement.
