Independent Auditor's Report

To the Plan Administrator
A.Y. McDonald Industries, Inc. 401(K) Plan
Dubuque, Iowa

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the A.Y. McDonald Industries, Inc. 401K Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

A.Y. McDonald Industries, Inc. 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the A.Y. McDonald Industries, Inc. 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan Agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution 401(k) plan covering substantially all employees of A.Y. McDonald Industries, Inc. and Subsidiaries (the “Employer”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Eligibility and Contributions

Employees are eligible to participate on their date of hire and are automatically enrolled in the Plan with a deferral amount of 6% of eligible compensation, including an automatic escalation feature whereby a participant’s deferral percentage increases 1% each year until their election deferral reaches 10%, unless the participant elects otherwise.

Participants may contribute up to 100% of eligible compensation in the form of pre-tax or after-tax (“Roth”) contributions. These contributions are not to exceed 20% for highly compensated employees or Internal Revenue Code (“IRC”) limits. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

Under the provisions of the Plan, the Employer has the option to make discretionary matching contributions equal to a percentage of eligible participants’ elective deferral contributions. Participants who are not covered under a collective bargaining agreement are eligible for the discretionary match upon becoming eligible to make elective deferral contributions. The Employer elected to make matching contributions equal to 50% of each participant’s deferral contribution limited to 4% of the participant’s compensation for the year ended December 31, 2021. Participants covered under a collective bargaining agreement are not eligible for any employer match contributions.

Under the provisions of the Plan, the Employer has the option to make discretionary profit-sharing contributions. Participants who are not covered under a collective bargaining agreement are eligible for the discretionary profit-sharing contributions if they are employed by the Employer on the last day of the plan year. The Employer elected to make a discretionary profit-sharing contribution equal to 3% of the participant’s compensation, plus an additional 3% of the participant’s compensation in excess of the social security wage base for the year ended December 31, 2021. The employer profit sharing contribution was \$1,557,920 for the year ended December 31, 2021.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and Employer discretionary matching and profit-sharing contributions as well as allocations of the Plan’s earnings and expenses. The participating employees direct the investment of the contributions credited to their account into one or more of the investment choices which have been made available to them.

A.Y. McDonald Industries, Inc. 401(k) Plan

Notes to Financial Statements

Allocations are based on participant eligible compensation, the value of account balances or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment in the Plan, a participant may direct employee and Employer contributions into a variety of investment options. Participants may change their investment options at their discretion.

Vesting

Participants are immediately vested in their rollover, voluntary, and Employer discretionary matching contributions, plus actual earnings thereon. Vesting of the Employer's discretionary profit-sharing contributions is based on a rate of 20% for each year of credited service beginning in the second year of service. Under the Plan, one year of service is defined as 1,000 hours. Participants are fully vested after six years of credited service or upon death, disability, or attainment of normal retirement age of 65.

Hardship Withdrawals

Participants may elect to withdraw all or a portion of their elective deferral contribution balances if they incur a financial hardship. Hardship withdrawals are subject to the terms of the plan agreement and provisions of the IRC.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, participants with an account balance greater than \$5,000 may elect to receive either a lump-sum amount equal to the value of the participant's account, installments over a period of time or may elect to leave their balance in the Plan subject to minimum distribution requirements. Under the default automatic rollover provisions, distributions greater than \$1,000 but less than \$5,000 will be made to an Individual Retirement Account without participant consent if a participant does not make a different distribution election after receiving the required notification. Participants with a vested balance of \$1,000 or less will receive a lump-sum payment upon termination.

In-Service Withdrawals

Active participants who reach age 59½ may withdraw all or part of their vested accounts.

Forfeited Accounts

As of December 31, 2021 and 2020, forfeited accounts totaled \$62,717 and \$88,157, respectively. These accounts are used to reduce Employer discretionary matching and profit-sharing contributions and to pay Plan expenses. For the year ended December 31, 2021, employer contributions were reduced by \$129,489 from forfeited accounts.

Notes Receivable from Participants

The Plan does not allow for notes receivable from participants. During September 2021, plan assets of the Val-Matic 401(k) Retirement Plan were transferred into the Plan (see Note 9). Plan assets

A.Y. McDonald Industries, Inc. 401(k) Plan

Notes to Financial Statements

included notes receivable from participants with an outstanding balance of \$66,141. Notes receivable from participants are secured by the balance in the participant's account and bear interest at a rate of 6.0%. Principal and interest are paid ratably through payroll deductions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities and the reported additions and deductions. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisor and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan Document.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments.

A.Y. McDonald Industries, Inc. 401(k) Plan

Notes to Financial Statements

3. Information Certified by Trustee

The Plan Administrator has elected the method of annual reporting compliance as permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West Trust Company, LLC, a qualified institution and the trustee of the Plan, has certified that the following data included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

<i>December 31,</i>	2021	2020
Investments, at fair value	\$ 108,554,030	\$ 76,851,155
Notes receivable from participants	55,493	-
<i>Year ended December 31, 2021</i>		
Net appreciation in fair value of investments		\$ 5,391,369
Interest, dividends, and other income		7,153,151
Interest income from notes receivable from participants		1,269

At the request of the Plan Administrator, the Plan's independent accountants did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information included in the accompanying financial statements and ERISA-required supplemental schedule.

4. Fair Value Measurements

FASB Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Quoted prices in markets that are not considered to be active, or financial instruments for which all significant inputs are observable, either directly or indirectly.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

A.Y. McDonald Industries, Inc. 401(k) Plan

Notes to Financial Statements

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market Fund: Valued using the amortized cost or penny rounding methods permitted by Rule 2a-7 under the Investment Company Act of 1940, which approximates fair value. While the majority of the underlying asset values are based on quoted prices, the NAV of the money market fund is not publicly quoted. The NAV is reported by the fund managers as of the financial statement date based on recent transaction prices. The money market fund provides for daily redemptions by the Plan at the reported NAV with no advance notice requirement. The Plan is permitted to redeem investment units at NAV on the measurement date.

Common/Collective Trust Fund: Valued at the NAV of units in the trust. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common/collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements

The following tables set forth by level within the fair value hierarchy the Plan's investments at fair value as of December 31, 2021 and 2020:

<i>December 31, 2021</i>	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 98,410,372	\$ -	\$ -	\$ 98,410,372

Investments measured at net asset value*				4,047,776
Total Investments, at fair value				\$ 76,851,155

* The investments in the common/collective trust fund are measured at fair value using the net asset value per share (or its equivalent) practical expedient which has not been categorized in the fair value hierarchy. The fair value amounts presented in the tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

A.Y. McDonald Industries, Inc. 401(k) Plan

Notes to Financial Statements

The following tables provide an overview of the nature and risks associated with investments for which fair value is measured using NAV per share practical expedient as of December 31, 2021 and 2020, as well as whether it is probable those investments will be sold at amounts different from their reported NAV per share based on redemption restrictions, if any:

<i>December 31, 2021</i>	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Putnam Stable Value Fund	\$ 3,518,271	\$ -	Daily	None

<i>December 31, 2020</i>	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Putnam Stable Value Fund	\$ 4,047,776	\$ -	Daily	None

5. Related-Party and Party-in-Interest Transactions

Certain Plan investments were shares of a common/collective trust fund managed by Putnam Fiduciary Trust Company ("Putnam"), a related party to Great-West Trust Company, LLC. Great-West Trust Company, LLC is the trustee as defined by the Plan and, therefore, these transactions qualified as party-in-interest transactions.

The Plan receives a revenue credit from Putnam. A revenue credit program is a refund of a portion of the revenue Putnam and other fund managers have received based on the funds participants have chosen. Certain recordkeeping fees and other Plan fees are paid through the revenue credit program. For the year ended December 31, 2021, \$169,995 was paid to the Plan under this revenue credit program, and \$180,956 was used to pay administrative expenses.

The trustee performs administrative and recordkeeping services for the Plan. Great-West Trust Company, LLC is the current trustee as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid to the trustee or its affiliates were \$156,988 in 2021.

Certain accounting and administrative functions are performed by officers or employees of the Employer. No such officer or employee receives compensation from the Plan. In addition, the Employer pays certain administrative expenses of the Plan.

Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

A.Y. McDonald Industries, Inc. 401(k) Plan

Notes to Financial Statements

6. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. Tax Status

The Employer has adopted a non-standard prototype plan sponsored by Great-West Trust Company, LLC. The prototype plan received a favorable opinion letter effective March 31, 2014, from the Internal Revenue Service ("IRS") regarding the prototype plan's qualified status. The Plan has been amended since receiving the opinion letter; however, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRS. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in a variety of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

As of December 31, 2021 and 2020, the Plan held investments in the Vanguard Institutional Index Fund, which represented 10% or more of total investments.

9. Plan Transfer

Effective December 31, 2020, the Employer acquired Val-Matic Valve & Mfg. Co. As a result, plan assets of the Val-Matic 401(k) Retirement Plan were transferred into the Plan. Total assets and loans in the amount of \$21,389,992 transferred into the Plan in September 2021. Former participants of the Val-Matic 401(k) Retirement Plan were enrolled in the Plan at their elected deferral percentage.

10. Subsequent Events

The Plan has evaluated subsequent events through October 11, 2022, the date the financial statements were available to be issued.
