Report of Independent Auditors

The Board of Directors
The Christ Hospital Health Network

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of The Christ Hospital 401(a) Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes (collectively referred to as the “financial statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certifications from qualified institutions as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 (referred to as the “supplemental schedule”), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the financial statements of the Plan as of and for the year ended December 31, 2020. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the investment information certified by a qualified institution. In our report dated October 8, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on those financial statements, and (b) the form and content of the information included in those financial statements other than that derived from the certified investment information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The Christ Hospital 401(a) Retirement Savings Plan

Notes to Financial Statements

December 31, 2021

1. Description of Plan

The following description of The Christ Hospital 401(a) Retirement Savings Plan (the Plan) provides only general information about the Plan's provisions. The Christ Hospital and Subsidiaries, doing business as The Christ Hospital Health Network (the Network), is the plan sponsor. Participants should refer to the Plan document and Summary Plan Description for a more complete description of the Plan's provisions, copies of which may be obtained from the plan sponsor.

General

Prior to April 1, 2008, all participants of record participated in a defined contribution plan at The Health Alliance of Greater Cincinnati (the Health Alliance), now doing business as UC Health. Effective April 1, 2008, and in accordance with the Defined Contribution Plan Spin-Off Agreement (the Agreement) with the Health Alliance, dated June 26, 2008, with an effective date of April 1, 2008, the plan assets associated with the Network's participants were spun off to the newly formed plan. Each employee who was an active participant under the Health Alliance Defined Contribution Plan (the Health Alliance Plan) on March 31, 2008, continued to be an active participant if they were still an eligible employee of the Network on April 1, 2008. Subsequent to the spin-off, the Plan was frozen effective April 1, 2008. As such, no new participants have joined the Plan subsequent to April 1, 2008.

Effective January 1, 2016, the Plan was restated, superseding all previous amendments.

The Network is responsible for the general administration of the Plan. The plan administrator (the Network) is responsible for oversight of the Plan's investments. At December 31, 2020, Delaware Charter Guarantee & Trust Company (doing business as Principal Trust Company) served as the trustee of the Plan (former the Trustee), and Principal Life Insurance Company (Principal Life) acted as the recordkeeper for the Plan (the former Recordkeeper). Both the former Trustee and former Recordkeeper were member companies of Principal Financial Group (Principal).

During 2021, the Network transitioned to Fidelity Management Trust Company as the trustee of the Plan (the Trustee), and Fidelity Workplace Services as the recordkeeper for the Plan (the Recordkeeper). Both the Trustee and Recordkeeper are member companies of Fidelity Investments (Fidelity).

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Christ Hospital 401(a) Retirement Savings Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Contributions

Participant contributions were no longer allowed under the Plan subsequent to the Agreement. Discretionary employer contributions may be made by the Network at the discretion of the Network's Board of Directors. No such amounts were contributed to the Plan during 2021 or 2020.

Participant Accounts

Each participant's account is credited with the allocation of Plan earnings and charged with an allocation of administrative expenses. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. Allocations of administrative expenses are based on the relative size of the participant's account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Eligibility and Vesting

The Plan has been established for the exclusive benefit of transferred employees who were active participants in the Health Alliance Plan and whose accrued benefits under the Health Alliance Plan were directly transferred to the Plan. All such transferred employees are participants in the Plan with no loss of benefits. As there are no new participants and will be none in the future, there are no eligibility requirements. All participants were immediately vested, effective April 1, 2008, in their contributions and the associated earnings and losses.

Participant Loans

Participants may borrow from their accounts in increments of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, not less than \$1,000. Loan terms range from one to five years. The \$50,000 limit is reduced by the participant's highest outstanding loan balance during the preceding 12-month period. A participant may not have more than one loan outstanding at any point in time. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates at the date of issuance as determined quarterly by the plan administrator. Principal and interest are paid ratably through monthly payroll deductions. If a participant terminates employment with the Network, the balance of any outstanding loan is due within 60 days. If the loan is not repaid, it will be treated as a distribution and taxable to the participant after 90 days.

The Christ Hospital 401(a) Retirement Savings Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Payment of Benefits

Upon separation from service with the Network due to death, disability, retirement, or termination, a participant whose vested account balance exceeds \$5,000 may elect to receive either a lump-sum or may elect installment payments on a monthly, quarterly, semiannual, or annual basis. A participant whose vested account balance is \$5,000 or less and has not commenced receiving installment payments will automatically receive an immediate lump-sum distribution equal to their vested account balance.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS), and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal. The Plan also provides for in-service withdrawals for participants reaching age 59½ or older, as well as military service withdrawals for participants called to active duty.

Administrative Expenses

The Plan's administrative expenses are paid by the Plan, as provided by the Plan's provisions. Administrative expenses paid by the Plan include recordkeeping and trustee fees. Expenses relating to purchases, sales, or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. All other administrative expenses of the Plan are paid by the Network. Expenses paid by the Network are excluded from these financial statements.

Plan Termination

Although it has not expressed any intent to do so, the Network has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the assets of the Plan will be distributed in accordance with the provisions of the Plan document.

The Christ Hospital 401(a) Retirement Savings Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements of the Plan are presented on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable From Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by the Plan (except for fully benefit-responsive investment contracts) are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 5 for further discussion and disclosures related to fair value measurements.

The plan administrator is responsible for determining the Plan's valuation policies and analyzing information provided by the investment custodians and issuers that is used to determine the fair value of the Plan's investments. Those involved include members of executive management, accounting, and human resources. These individuals report to the Finance Committee of the Network's Board of Directors.

The Christ Hospital 401(a) Retirement Savings Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

3. Investments

All information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Trustees of the Plan.

4. Fully Benefit-Responsive Guaranteed Investment Contract

At December 31, 2020 and until October 21, 2021, the Plan invested in a guaranteed investment contract with Principal Life (also referred to as the issuer). The contract met the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Under the guaranteed investment contract, the Plan owned only the contract itself. Principal Life maintained the contributions in a general account. The issuer was contractually obligated to repay the principal and interest at a specified interest rate that was guaranteed to the Plan. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The credit rating was based on a formula established by the contract issuer but may not be less than 1%. Under the terms of the existing contract, the crediting rate was reset on a semiannual basis. The guaranteed investment contract could not be terminated before the scheduled maturity date without proper notice.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts was dependent on the third-party issuers' ability to meet their financial obligations. The Plan gave notice to the issuer in 2020 of the intention to terminate the guaranteed investment contract. The Plan no longer invests in a guaranteed investment contract as of December 31, 2021.

The Christ Hospital 401(a) Retirement Savings Plan

Notes to Financial Statements (continued)

5. Fair Value Measurements

The fair value framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below.

- Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.
- Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:
 - Quoted prices for similar assets and liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in markets that are not active;
 - Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals);
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety.

Mutual funds are valued based on quoted market prices in markets that are active. The Plan does not adjust the quoted market price for such financial instruments. Mutual funds are classified within Level 1 of the fair value hierarchy.

The Christ Hospital 401(a) Retirement Savings Plan

Notes to Financial Statements (continued)

5. Fair Value Measurements (continued)

The following tables set forth by the fair value hierarchy level, the Plan's assets carried at fair value:

December 31, 2021				
	Level 1	Level 2	Level 3	Total
Cash	\$ 2,104,804	\$ –	\$ –	\$ 2,104,804
Mutual funds	23,775,644	–	–	23,775,644
Total assets at fair value	\$ 25,880,448	\$ –	\$ –	\$ 25,880,448

December 31, 2020				
	Level 1	Level 2	Level 3	Total
Cash	\$ –	\$ –	\$ –	\$ –
Mutual funds	22,996,752	–	–	22,996,752
Total assets at fair value	\$ 22,996,752	\$ –	\$ –	\$ 22,996,752

6. Income Tax Status

The underlying volume submitter plan has received an advisory letter from IRS dated June 30, 2020, stating that the form of the plan is qualified under Section 401 of the Internal Revenue Code (the Code) and, therefore, the related trust is tax-exempt. The plan administrator has determined that it is eligible to, and has chosen to, rely on the current IRS volume submitter advisory letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

The Christ Hospital 401(a) Retirement Savings Plan

Notes to Financial Statements (continued)

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Related-Party and Party-in-Interest Transactions

Until October 21, 2021, the Plan held a guaranteed investment contract managed by Principal Life, the former Recordkeeper. At December 31, 2021 and during the year then ended, the Plan held units of mutual funds and money market funds managed by the Trustee. These transactions qualified as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

During 2021, Principal Life, Princor Financial Services Corporation (Princor, also a member of Principal), and Fidelity provided certain administrative services to the Plan pursuant to Service and Expense Agreements and Plan Expense Agreements with the Network. Principal Life received and Fidelity receives revenue from providing services and mutual fund and insurance products to the Plan. A portion of this revenue is used to offset certain amounts owed to Princor and Fidelity for administrative services provided to the Plan. The Plan or the Network may make a payment to Principal Life or Fidelity for administrative expenses not covered by sharing of the excess revenue.

9. Subsequent Events

Management evaluated subsequent events for the Plan through October 14, 2022, the date the financial statements were available to be issued.
