INDEPENDENT AUDITORS' REPORT

To the Trustee and the Plan Administrator
LT Apparel Group 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of LT Apparel Group 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of LT Apparel Group 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 1 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

(Continued)

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of LT Apparel Group 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about LT Apparel Group 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

(Continued)

Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of LT Apparel Group 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about LT Apparel Group 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

(Continued)

Other Matters

Supplementary Information Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of LT Apparel Group 401(k) Plan's Employee Benefit Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution.

(Continued)

In our report dated October 8, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

LT APPAREL GROUP 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

1 - DESCRIPTION OF PLAN

The following description of the LT Apparel Group 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan Agreement for a more detailed and complete description of the Plan’s provisions.

General

The Plan, established effective February 1, 2007, is a defined contribution plan covering all eligible employees of Lollytogs, Ltd. (the “Company”) who meet eligibility requirements and choose to participate. The Company serves as the Plan Sponsor and Plan Administrator of the Plan. Principal Life Insurance Company (“Principal”) holds the Plan’s assets. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Effective October 24, 2014, the Company restated the Plan. This brought the Plan into compliance with the pension protection restatement requirement. The Plan has most recently been amended in January 2022.

Coronavirus Aid, Relief, and Economic Security Act

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the “CARES Act”) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the “SECURE Act”), which laws change the Plan to, among others, allow a penalty-free distribution through December 30, 2020 and suspend outstanding scheduled loan payments until 2021, increase the maximum loan limit for loans taken as a result of COVID-19 through September 22, 2020, and suspend required minimum distributions for the 2020 calendar year, including 2020 payments that would have been required to be made by April 1, 2021, unless elected otherwise. Any suspended loan payments resumed in January 2021. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

Eligibility

Employees are eligible to participate in the Plan on the first of every month following the completion of sixty days of service and attainment of age 21.

Employees covered by a collective bargaining agreement, sales people paid on a commission basis only, independent contractors and employees of affiliated employers which have not specifically adopted the Plan in writing are all excluded from the Plan.

Contributions and Rollovers

Participants may contribute a minimum of 2% of their pre-tax annual compensation to the Plan, not to exceed the maximum amount allowed by the Internal Revenue Code (“IRC”). Participants 50 years of age or older can contribute an additional maximum catch-up contribution. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

LT APPAREL GROUP 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

1 - DESCRIPTION OF PLAN (Continued)

Contributions and Rollovers (Continued)

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Further, automatic elective deferral contribution percentages increase by 1% annually, relative to the participant's enrollment date, up to a maximum of 6% deferral rate.

The Company matches employee contributions at 40% of the amount the participant elected to defer up to 4% of the participant's gross pay, but not exceeding \$3,000 annually. The Company match is discretionary. The Company made contributions totaling \$290,259 for the year ended December 31, 2021. Effective May 7, 2020, the Plan issued an amendment to remove the discretionary match and the maximum matching contribution dollar limit of \$3,000. This was reimplemented on January 1, 2021.

Investment Options

Participants may direct the investment of their contributions (including rollover contributions) to the Plan into various investment options offered by the Plan. The Plan's Retirement Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to participants. Investment options include a group annuity contract, mutual funds, Principal pooled separate accounts, and common/collective trusts. Effective May 23, 2019, the Plan no longer offered the group annuity contract as an investment option and now offers a stable value fund.

The Pension Protection Act created the Qualified Default Investment Alternative (the "QDIA") which provides employers a safe harbor from fiduciary risk when selecting an investment for a participant or beneficiary who fails to elect his or her own investment. The Plan has selected the Principal LifeTime Hybrid Series as its QDIA.

Certified Investments

Certain information related to investments from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Principal. This information has not been audited by the Plan's independent auditors.

LT APPAREL GROUP 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

1 - DESCRIPTION OF PLAN (Continued)

Participant Accounts

Individual accounts are maintained for each participant. Each participant's account is credited with the participant's contributions, the Company matching contribution, if applicable, and Plan earnings. Each participant's account is charged with withdrawals and Plan losses and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Loans

Participants may borrow from their accounts a minimum of \$1,000 and a maximum of the lesser of \$50,000 or 50% of their vested interest in the Plan, less any outstanding loan balance. Participants may only be granted one loan during any twelve-month period and can repay a loan over a reasonable period of time not to exceed 5 years, except when the loan is for the purchase of a primary residence. The loans mature through December 2026 and principal and interest is paid ratably through payroll deductions. The loans are secured by the balance in the participant's account and require interest at a rate based on the rates available for similar loans from commercial lending institutions.

Pursuant to the CARES Act (as defined in Note 3 "Risks and Uncertainties"), loan limits were temporarily increased. Between March 27, 2020 and September 22, 2020, participants meeting certain eligibility criteria were able to borrow from their account balance up to the lesser of 100% of the vested balance or \$100,000. Participants receiving loans under the CARES Act were not subject to the 60-day waiting period between paying off a loan and obtaining a new loan. Additionally, any loan payments due between March 27, 2020 and December 31, 2020 for eligible participants could be delayed for up to one year, and those twelve months would not count towards the overall 60-month or 120-month repayment period. There were no participant loans related to the CARES Act in 2021.

Vesting

Participants are immediately vested in their voluntary contributions (including rollover contributions) plus actual earnings thereon. Vesting in Company matching contributions plus earnings thereon is based on years of continuous service (at least 1,000 hours per year).

LT APPAREL GROUP 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

1 - DESCRIPTION OF PLAN (Continued)

Vesting (Continued)

Participants vest in employer contributions as indicated in the following table:

Years of Service	Percentage Vested
Less than 1	0%
1	25
2	50
3	75
4	100

Forfeitures

Participants who terminate employment prior to being fully vested in the Company's matching contributions forfeit the nonvested contributions and related earnings. At December 31, 2021 and 2020, there is a \$11 and \$7,179 balance in the forfeiture account, respectively. Forfeitures of amounts not vested for terminated participants may first be used to pay for Plan expenses and then to offset Company contributions. For the year ended December 31, 2021, \$13,184 of forfeitures were used to offset Company contributions.

Hardship Withdrawals

The Plan provides for hardship withdrawals, not to exceed an amount required to meet the immediate need created by the hardship, and then only to the extent such immediate need cannot be satisfied by other sources readily available to the participant. Permissible circumstances for hardship withdrawals include education expenses, costs directly related to the purchase of a principal residence, and costs necessary to prevent eviction from or foreclosure of the participant's personal residence and such other circumstances as the Plan Administrator may determine based on rules set forth in the IRC.

Payment of Benefits

Participants will receive the full amount of their vested account balances in the event of normal retirement, death or disability. Early withdrawals are permitted at the participant's request after the age of 59-1/2. On termination of service, participants may elect to receive their benefits in a lump sum or in installments if the vested amount is over \$5,000. If the vested amount is \$5,000 or less, the benefit will be paid in a single sum.

Pursuant to the SECURE Act, which was enacted in December 2019, the age at which required minimum distributions must begin for the Plan was increased from 70½ to 72, effective January 1, 2020. In addition, pursuant to the CARES Act, participants who were currently receiving required minimum distributions were offered the option to waive their 2020 payment, and participants who were due to receive the first required distribution in 2020 had their distribution automatically waived.

LT APPAREL GROUP 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

1 - DESCRIPTION OF PLAN (Continued)

Payment of Benefits (Continued)

The ability to request special waivers with respect to required minimum distributions under the CARES Act ceased as of December 31, 2020.

Pursuant to the CARES Act, effective July 1, 2020, Plan participants were permitted to take coronavirus-related distributions in an amount up to \$100,000 of the participant's vested balance from the Plan, with repayment terms of up to three years. The ability to request coronavirus-related distributions under the CARES Act ceased as of December 31, 2020.

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The Plan Administrator uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets, reported changes in net assets available for benefits and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when earned. Related fees are recorded as administrative expenses and are expensed when incurred. Interest rate is the prime rate plus 2%. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a deemed distribution is recorded. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

Investment in the Stable Value Fund

The Plan offers the Reliance Trust Stable Value Fund Collective Investment Trust, Series 25053 (the "Stable Value Fund") as an investment option to its participants. The Stable Value Fund invests in MetLife Group Annuity Contracts No. 25053, which consists of separately managed investment portfolios in fixed income securities, and also enters into wrapper contracts issued by third parties, which are designed to allow the MetLife Stable Value Fund to maintain a constant Net Asset Value ("NAV"). The Stable Value Fund is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

LT APPAREL GROUP 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment in the Stable Value Fund (Continued)

Participants are able to transact at NAV, which is the same as contract value for the Stable Value Fund. Contract value, as reported to the Plan, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events may limit the ability of the Plan to transact at contract value with the Stable Value Fund. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan that requires liquidation of the Stable Value Fund), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary that require liquidation of the Stable Value Fund), or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants have occurred or are probable of occurring.

Average yields for the Stable Value Fund were as follows:

	December 31,	
	2021	2021
Based on actual earnings	1.78%	7.78%
Based on interest rate credited to participants	2.10%	2.27%

Investment Valuation

GAAP defines fair value, provides guidance for measuring fair value and requires certain disclosures. GAAP discusses valuation techniques, such as the market approach (comparable market prices), the income approach (present value of future income or cash flow) and the cost approach (cost to replace the service capacity of an asset or replacement cost). GAAP provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three broad levels.

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation (Continued)

The following is a brief description of those three levels:

- Level 1: Observable inputs such as quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: Inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly. These include quoted prices for similar assets or liabilities in markets that are not active.
- Level 3: Unobservable inputs that reflect management's own assumptions.

The following is a description of the valuation methodologies used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Mutual Funds

Shares of mutual funds are valued at quoted market prices, which represent the NAV of shares held by the Plan at year-end. Investments in mutual funds are classified as Level 1 assets.

Pooled Separate Accounts ("PSAs")

PSAs are proprietary pooled funds which invest in either a single Principal mutual fund or a non-publicly traded PSA which invests mainly in stocks or fixed-income securities such as asset-backed securities, residential mortgage-backed securities, commercial mortgage-backed securities and corporate bonds. These accounts are required to compute and publish their daily NAV and to transact at that price. Accordingly, since the NAV provided by the Trustee is both available to current investors and the basis for current transactions, these PSAs are determined to have readily determinable fair values, classifying them as Level 1 assets.

Common/Collective Trusts ("CCTs")

CCTs are valued at the NAV of units of the collective fund. The NAV, which is provided by the Trustee, is both available to current investors and the basis for current transactions. Accordingly, since the NAV provided by the Trustee is both available to current investors and the basis for current transactions, these CCTs are determined to have readily determinable fair values, classifying them as Level 1 assets.

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Income Recognition

Net appreciation in the fair value of investments includes both realized and unrealized gains and losses, based on the value of assets at the time of purchase during the year. Purchases and sales of investments are recorded on a trade-date basis. Interest income on group annuity contracts is recorded separate from the change in fair value. Interest on participant loans is recognized as earned. Dividend income is recorded on the ex-dividend date.

Payment of Benefits

Benefit claims are recorded as expenses when they have been approved for payment and paid by the Plan.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant. Investment-related expenses are not separately reflected; such expenses are included in net appreciation in fair value of investments.

Reclassifications

Investments in 2020 in the statements of net assets available for benefits have been reclassified to conform to the current year presentation.

Subsequent Events

These financial statements were approved by management and available for issuance on October 13, 2022. Management has evaluated subsequent events through this date.

3 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

The Plan may invest in securities with contractual cash flows, such as asset-backed securities, collateralized mortgage obligations and commercial mortgage-backed securities, including securities backed by subprime mortgage loans. The value, liquidity and related income of these securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

3 - RISKS AND UNCERTAINTIES (Continued)

During the year ended December 31, 2020, the coronavirus disease 2019 (“COVID-19”) was declared a pandemic by the World Health Organization and sparked unprecedented global health and economic crisis. The volatility in financial markets resulting from the COVID-19 pandemic has affected, and may continue to affect, the market price of Plan Investments. The ultimate impact on the Plan is uncertain and will depend on future developments. The extent of any adverse impact of the COVID-19 pandemic on the Plan’s participants’ account balances and the amounts reported in the Statements of Net Assets Available for Benefits are unknown at this time. Operation of the Plan has not been adversely impacted.

In response to the COVID-19 pandemic, the CARES Act was signed into law on March 27, 2020. The CARES Act contains several provisions that temporarily impact retirement savings plans. These provisions may be effective and operationalized immediately, prior to amending the retirement savings plan. Plans were permitted to adopt these provisions immediately provided the Plan document is retroactively amended on or before December 31, 2022. The Plan adopted all such provisions.

5 - TAX STATUS

The Plan has adopted the Principal prototype non-standardized profit sharing plan. The Internal Revenue Service ("IRS") determined and informed Principal in its latest opinion letter dated March 31, 2014 that the Plan and related trust are designed in accordance with applicable sections of the IRC.

Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and that the related trust is tax-exempt.

GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan will be allocated to participant accounts and distributed in such a manner as the Company may determine.

7 - PARTY-IN-INTEREST TRANSACTIONS

The Plan holds units of pooled separate accounts and common/collective trusts managed by an affiliate of the Trustee of the Plan. The balances of investments sponsored by Principal were \$17,903,311 and \$14,328,842 as of December 31, 2021 and 2020, respectively. Fees for participants level across each investment option and classify separately as administrative expenses. Accordingly, the Plan paid Principal contract administrative expenses of \$90,561 and \$74,635 for the years ended December 31, 2021 and 2020, respectively. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

Pensionmark Financial Group, LLC is the investment advisor. The Plan participants indirectly paid fees from their investment returns totaling \$45,504 and \$37,429 to the investment advisor for the years ended December 31, 2021 and 2020, respectively. These amounts are included within net appreciation in fair value of investments.

7 - PARTY-IN-INTEREST TRANSACTIONS (Continued)

Certain officers and employees of the Company (who may also be participants in the Plan) perform administrative services related to the operation, recordkeeping and financial reporting of the Plan. The Company pays the salaries of these individuals and also pays other administrative expenses. Certain fees, to the extent not paid by the Company, are paid by the Plan.
