| <b>Part I</b> | <b>Service Provider Information (see instructions)</b> |
|---------------|--------------------------------------------------------|

You must complete this Part, in accordance with the instructions, to report the information required for **each person** who received, directly or indirectly, \$5,000 or more in total compensation (i.e., money or anything else of monetary value) in connection with services rendered to the plan or the person's position with the plan during the plan year. If a person received **only** eligible indirect compensation for which the plan received the required disclosures, you are required to answer line 1 but are not required to include that person when completing the remainder of this Part.

**1 Information on Persons Receiving Only Eligible Indirect Compensation**

- a** Check "Yes" or "No" to indicate whether you are excluding a person from the remainder of this Part because they received only eligible indirect compensation for which the plan received the required disclosures (see instructions for definitions and conditions)..... ☒ Yes ☐ No
- b** If you answered line 1a "Yes," enter the name and EIN or address of each person providing the required disclosures for the service providers who received only eligible indirect compensation. Complete as many entries as needed (see instructions).

| <b>Part I</b> | <b>Asset and Liability Statement</b> |
|---------------|--------------------------------------|

**1** Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

## INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants of Presidio LLC 401(k) Plan:

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Presidio LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 2 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- a. The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- b. The information in the financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our

other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Auditor's Report on the 2020 Financial Statements**

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by qualified institutions. In our report dated October 15, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on financial statements.

In performing an audit in accordance with GAAS, we:

- a. Exercise professional judgment and maintain professional skepticism throughout the audit.
- b. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- c. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- d. Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- e. Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter — Supplemental Schedules Required by ERISA**

The supplemental schedule of assets (held at end of year) as of December 31, 2021 and the supplemental schedule of delinquent participant contributions for the year ended December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- a. The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- b. The information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

# **Presidio LLC 401(k) Plan**

## **Notes to Financial Statements**

**As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021**

### **Note 1. Plan Description and Significant Accounting Policies**

The following description of Presidio LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for more complete description of the Plan's provisions.

#### **General**

The Plan is a defined contribution savings plan covering all employees of Presidio, LLC and its subsidiaries (the "Company") who are age 21 or older and are not classified as union employees, leased employees or independent contractors. Employees are eligible to begin participating the first day of the month coinciding with or next following the date they satisfy the eligibility requirements. Effective October 23, 2020, the Plan provisions were adopted by Presidio Government Solutions LLC, a wholly-owned subsidiary of Presidio, LLC.

The Company is responsible for oversight of the Plan. The Presidio LLC 401(k) Committee is comprised of members of management of the Company and determines the appropriateness of the Plan's investment offerings, monitors investment performance and ultimately reports to the Company's Board of Directors. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Prudential Bank & Trust F.S.B. ("Prudential Bank & Trust" or "Prudential"), an affiliate of Prudential Retirement Insurance and Annuity Company (PRIAC), serves as the trustee of the Plan. The Plan's investment assets also include an investment contract with PRIAC.

In April 2022, Empower Annuity Insurance Company of America acquired PRIAC. As a result of the acquisition, the Plan's trustee and recordkeeper services are provided by Empower Annuity Insurance Company of America and its subsidiaries beginning April 2022.

#### **Administrative Changes due to CARES Act**

In March 2020, the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") was enacted, and certain provisions of the CARES Act that pertain to retirement plans were implemented. As a result, Plan participants impacted by the Coronavirus were able to:

- Withdraw, penalty free, up to \$50,000 of vested account balances before December 31, 2020.
- Defer current active loan payments for the 2020 plan year.
- Suspend 2020 required minimum distributions ("RMD"), or for any RMD made prior to the enactment of the CARES Act, roll the RMD over to another eligible retirement plan within the prescribed timeframe according to IRS notice 2020-23.

#### **Contributions**

Participants may contribute up to 100% of their annual compensation as defined in the Plan, through before-tax and/or Roth contributions up to the maximum permitted by law. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Company makes a fixed matching contribution of equal to 33% up to 6% of compensation that a participant defers, which is deposited after each pay cycle. Effective April 1, 2020, the Company suspended its fixed matching contributions as part of a company-wide cost saving initiative in response to economic uncertainty from the Coronavirus pandemic. Effective December 28, 2020, the Company lifted the suspension and reinstated its fixed matching contributions. The Company may also make discretionary profit-sharing contributions to the Plan. Employees must be actively employed on the date of the Plan's year-end to receive a discretionary profit-sharing contribution. The Company did not make any discretionary profit-sharing contributions for the year ended December 31, 2021.

# **Presidio LLC 401(k) Plan**

## **Notes to Financial Statements**

**As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021**

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

### **Investment options**

Upon enrollment in the Plan, participants have full discretion in how their funds and any Company contributions are allocated and invested in the Plan's various investment options. Participants may change their investment options daily.

### **Participant accounts**

Each participant's account is credited with the participant's contributions and the Company's matching contributions, as well as allocations of any discretionary profit-sharing contributions and Plan earnings/losses, and charged with an allocation of administrative expenses that are paid by the Plan and any withdrawals. Allocations are based on the participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

### **Vesting**

Participants are immediately vested in their voluntary and rollover contributions plus actual earnings thereon. Vesting in the Company matching contributions and discretionary profit-sharing contributions portion of participant accounts plus actual earnings thereon is based on vesting years of service; to earn a year of service, participants must be credited with at least 1,000 hours of service during the plan year. Participants vest 20% for each year of service such that they are 100% vested after five years of service.

### **Payment of benefits**

Benefits are recorded when paid.

The Plan permits withdrawals when a participant terminates employment, retires, or becomes disabled or deceased. In-service withdrawals are also permitted for certain financial hardships, upon attainment of age 59½, or upon reaching the age of 55 and completing 10 years of service. A participant's account balance may be withdrawn in a lump-sum distribution, installments, or a qualified joint and survivor annuity upon the participant attaining normal retirement age of 65 years, or upon termination of employment.

The Plan allows for ad-hoc distributions in certain situations. If an employee terminates employment and will receive a distribution before the later of age 62 and normal retirement age (as defined in the plan document) and their vested account balance exceeds \$5,000, the employee may now elect to receive a distribution of some or all of their Plan account, at any time following their termination of employment, subject to any reasonable limits regarding timing and amounts as the plan administrator may impose. Loans can be made from all accounts available on a pro rata basis with all after tax (Roth) sources being last in hierarchy.

### **Forfeitures**

If a participant terminated employment before being fully vested, then the non-vested portion of the terminated participant's account balance remains in the Plan and is called a forfeiture. Forfeitures are used to pay Plan expenses and reduce future employer contributions. Forfeited non-vested accounts were \$202,028 and \$355,428 at December 31, 2021 and 2020, respectively. During 2021, \$508,758 of forfeiture funds were used to reduce employer contributions, which are presented net as a reduction to the employer contribution in the statement of changes in net assets available for benefits.

### **Notes receivable from participants**

# Presidio LLC 401(k) Plan

## Notes to Financial Statements

As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021

Participants may borrow from their accounts a minimum of \$1,000, up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000. Loan terms range up to five years or over a reasonable period of time for the purchase of a participant's primary residence, as established by the plan administrator at the time of the loan. The loans are collateralized by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the plan administrator. These rates range from 4.25% to 6.50% on loans outstanding at December 31, 2021, and the loans mature through 2040. Principal and interest are paid ratably through bi-weekly payroll deductions.

### **Basis of accounting**

The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP).

### **Use of estimates**

The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

### **Risks and uncertainties**

The Plan provides various investment options to its participants. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Market risks include global events which could impact the value of investment securities, such as pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the value of the participants' account balances and the amounts reported in the financial statements.

### **Concentrations of investments**

The Plan's investment in each of the following funds accounted for greater than 10% of total investments as of December 31, 2021:

|                                                     | As of<br>December 31, 2021 | As of<br>December 31, 2020 |

### **Investment valuation and income recognition**

Investments are reported at fair value (except for fully benefit-responsive investment contract which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Presidio LLC 401(k) Committee

# **Presidio LLC 401(k) Plan**

## **Notes to Financial Statements**

**As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021**

determines the Plan's valuation policies utilizing information provided by the trustee and insurance carrier. See Note 3 for a discussion of fair value measurements.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement for the portion of the net assets available for benefits attributable to the fully benefit-responsive investment contract because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### **Notes receivable from participants**

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make the scheduled repayments and the plan administrator deems the participant to be in default, the participant's note receivable is reduced and a benefit payment is recorded based on the terms of the Plan. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

### **Contributions**

Contributions from Plan participants and Company non-discretionary matching contributions are recorded in the year in which the participant contributions are withheld from amounts paid. Discretionary profit-sharing contributions are recorded as a receivable in the year in which the underlying compensation is recognized and are paid subsequent to year-end. All participants and Company contributions are participant-directed.

### **Expenses**

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Administrative expenses include fees related to the administration of notes receivable that are charged directly to the participant's account and certain recordkeeping fees paid by the Plan. Investment related expenses are included in net appreciation in fair value of investments

### **Subsequent events**

The Plan has evaluated subsequent events through October 14, 2022, the date the financial statements were available to be issued. No events occurred that require additional disclosure or adjustments to the Plan's financial statements.

## **Note 2. Certified Investment Information**

The following summarizes the Plan information as of December 31, 2021 and 2020, and for the year ended December 31, 2021, prepared by Prudential Bank & Trust, and PRIAC and furnished to the plan administrator, included in the accompanying financial statements and supplemental schedules. The plan administrator has obtained certifications from Prudential Bank & Trust and PRIAC that such information is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the Plan's financial statements and supplemental schedules related to the following assets:

### Note 3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

**Level 1:** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Level 2:** Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability

# Presidio LLC 401(k) Plan

## Notes to Financial Statements

As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3:** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of the relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

**Registered investment companies (mutual funds):** Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

**Common Collective Trusts (CCTs):** Comprised of four separate funds: the Lord Abbett High Yield Core II Fund, Wilmington Trust Mid Cap Growth Fund CL I1, Wilmington Trust flexPATH Emerging Markets Fund CL R1 and Prudential Core Plus Bond Fund. These funds are valued at the NAV of units of a bank collective trust.

The NAV for the Wilmington Trust Mid Cap Growth Fund CL I1, Wilmington Trust flexPATH Emerging Markets Fund CL R1 and the Lord Abbett High Yield Core II Fund is published to institutional investors only and is not traded on an active market. The fair value per share of the fund is determined and published and is the basis for current transactions, and therefore classified as level 2.

The Prudential Core Plus Bond Fund uses NAV as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to confirm that securities liquidations will be carried out in an orderly business manner.

**Pooled separate accounts:** Pooled separate accounts are valued at NAV of shares in each account held by the Plan at year-end. The NAV is not a publicly-quoted price in an active market. The NAV, as provided by the insurance carrier, is used as a practical expedient in estimating fair value.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

- a. In accordance with the fair value measurements topic, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is estimated using NAV per share (or its equivalent) as a practical expedient as of December 31, 2021 and 2020:

### Note 4. Prudential Guaranteed Income Fund

The Plan has a traditional, fully benefit-responsive guaranteed investment contract with PRIAC that is reported at contract value. PRIAC maintains the contributions in a general account. The account is credited with contributions and earnings on the underlying investments and charged for participants' withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rates are based on a formula agreed upon with the issuer but may not be less than 1.5%. Such interest rates are reviewed on a semi-annual basis for resetting. The contract cannot be terminated before the scheduled maturity date.

# **Presidio LLC 401(k) Plan**

## **Notes to Financial Statements**

**As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021**

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by PRIAC, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive guaranteed investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code (IRC) or the failure of the trust to be tax-exempt under Section 501(a) of the IRC
2. Premature termination of the contract
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer.

### **Note 5. Related Party and Parties-in-Interest Transactions**

Transactions with the trustee and PRIAC qualify as parties-in-interest transactions. Fees paid by the Plan to the trustee and PRIAC totaled \$278,286 for the year ended December 31, 2021. The Company also paid directly certain administrative expenses of the Plan. The Plan issues loans to participants, which are secured by the vested balances in the participants' accounts.

The Plan established a service agreement with PRIAC that included an Expense Budget Account (EBA). PRIAC established an annual required revenue amount of which a portion will be deposited into the EBA as defined in the agreement. The amount credited to the EBA will be accrued daily based on participants' account balances and then will be credited to the EBA as of the last business day of each month. These amounts were used to pay plan

related expenses approved by the Company. For the year ended December 31, 2021, the Plan received \$156,383 in income which was used to pay Plan expenses.

### Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

### Note 7. Tax Status

The Plan has adopted a non-standardized form of a prototype profit-sharing plan sponsored by Prudential Insurance Company of America. The prototype plan has received an opinion letter dated April 29, 2014 from the IRS as to the prototype plan's qualified status. The prototype plan's opinion letter has been relied upon by this Plan. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In 2021, the Company remitted certain participant contributions totaling \$1,248 to the trust later than required by the Department of Labor's Regulation 2510.3-102. The Company intends to file Form 5330 with the IRS and pay the required excise tax. The participant accounts of those directly impacted will be credited with the amount of investment income that would have been earned had the remittance been timely. The Company believes that the Plan has retained its tax qualification status and no tax liability has been accrued.

## INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants of Presidio LLC 401(k) Plan:

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Presidio LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 2 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- a. The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- b. The information in the financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our

other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Auditor's Report on the 2020 Financial Statements**

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by qualified institutions. In our report dated October 15, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on financial statements.

In performing an audit in accordance with GAAS, we:

- a. Exercise professional judgment and maintain professional skepticism throughout the audit.
- b. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- c. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- d. Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- e. Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter — Supplemental Schedules Required by ERISA**

The supplemental schedule of assets (held at end of year) as of December 31, 2021 and the supplemental schedule of delinquent participant contributions for the year ended December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- a. The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- b. The information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

# **Presidio LLC 401(k) Plan**

## **Notes to Financial Statements**

**As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021**

### **Note 1. Plan Description and Significant Accounting Policies**

The following description of Presidio LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for more complete description of the Plan's provisions.

#### **General**

The Plan is a defined contribution savings plan covering all employees of Presidio, LLC and its subsidiaries (the "Company") who are age 21 or older and are not classified as union employees, leased employees or independent contractors. Employees are eligible to begin participating the first day of the month coinciding with or next following the date they satisfy the eligibility requirements. Effective October 23, 2020, the Plan provisions were adopted by Presidio Government Solutions LLC, a wholly-owned subsidiary of Presidio, LLC.

The Company is responsible for oversight of the Plan. The Presidio LLC 401(k) Committee is comprised of members of management of the Company and determines the appropriateness of the Plan's investment offerings, monitors investment performance and ultimately reports to the Company's Board of Directors. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Prudential Bank & Trust F.S.B. ("Prudential Bank & Trust" or "Prudential"), an affiliate of Prudential Retirement Insurance and Annuity Company (PRIAC), serves as the trustee of the Plan. The Plan's investment assets also include an investment contract with PRIAC.

In April 2022, Empower Annuity Insurance Company of America acquired PRIAC. As a result of the acquisition, the Plan's trustee and recordkeeper services are provided by Empower Annuity Insurance Company of America and its subsidiaries beginning April 2022.

#### **Administrative Changes due to CARES Act**

In March 2020, the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") was enacted, and certain provisions of the CARES Act that pertain to retirement plans were implemented. As a result, Plan participants impacted by the Coronavirus were able to:

- Withdraw, penalty free, up to \$50,000 of vested account balances before December 31, 2020.
- Defer current active loan payments for the 2020 plan year.
- Suspend 2020 required minimum distributions ("RMD"), or for any RMD made prior to the enactment of the CARES Act, roll the RMD over to another eligible retirement plan within the prescribed timeframe according to IRS notice 2020-23.

#### **Contributions**

Participants may contribute up to 100% of their annual compensation as defined in the Plan, through before-tax and/or Roth contributions up to the maximum permitted by law. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Company makes a fixed matching contribution of equal to 33% up to 6% of compensation that a participant defers, which is deposited after each pay cycle. Effective April 1, 2020, the Company suspended its fixed matching contributions as part of a company-wide cost saving initiative in response to economic uncertainty from the Coronavirus pandemic. Effective December 28, 2020, the Company lifted the suspension and reinstated its fixed matching contributions. The Company may also make discretionary profit-sharing contributions to the Plan. Employees must be actively employed on the date of the Plan's year-end to receive a discretionary profit-sharing contribution. The Company did not make any discretionary profit-sharing contributions for the year ended December 31, 2021.

# **Presidio LLC 401(k) Plan**

## **Notes to Financial Statements**

**As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021**

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

### **Investment options**

Upon enrollment in the Plan, participants have full discretion in how their funds and any Company contributions are allocated and invested in the Plan's various investment options. Participants may change their investment options daily.

### **Participant accounts**

Each participant's account is credited with the participant's contributions and the Company's matching contributions, as well as allocations of any discretionary profit-sharing contributions and Plan earnings/losses, and charged with an allocation of administrative expenses that are paid by the Plan and any withdrawals. Allocations are based on the participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

### **Vesting**

Participants are immediately vested in their voluntary and rollover contributions plus actual earnings thereon. Vesting in the Company matching contributions and discretionary profit-sharing contributions portion of participant accounts plus actual earnings thereon is based on vesting years of service; to earn a year of service, participants must be credited with at least 1,000 hours of service during the plan year. Participants vest 20% for each year of service such that they are 100% vested after five years of service.

### **Payment of benefits**

Benefits are recorded when paid.

The Plan permits withdrawals when a participant terminates employment, retires, or becomes disabled or deceased. In-service withdrawals are also permitted for certain financial hardships, upon attainment of age 59½, or upon reaching the age of 55 and completing 10 years of service. A participant's account balance may be withdrawn in a lump-sum distribution, installments, or a qualified joint and survivor annuity upon the participant attaining normal retirement age of 65 years, or upon termination of employment.

The Plan allows for ad-hoc distributions in certain situations. If an employee terminates employment and will receive a distribution before the later of age 62 and normal retirement age (as defined in the plan document) and their vested account balance exceeds \$5,000, the employee may now elect to receive a distribution of some or all of their Plan account, at any time following their termination of employment, subject to any reasonable limits regarding timing and amounts as the plan administrator may impose. Loans can be made from all accounts available on a pro rata basis with all after tax (Roth) sources being last in hierarchy.

### **Forfeitures**

If a participant terminated employment before being fully vested, then the non-vested portion of the terminated participant's account balance remains in the Plan and is called a forfeiture. Forfeitures are used to pay Plan expenses and reduce future employer contributions. Forfeited non-vested accounts were \$202,028 and \$355,428 at December 31, 2021 and 2020, respectively. During 2021, \$508,758 of forfeiture funds were used to reduce employer contributions, which are presented net as a reduction to the employer contribution in the statement of changes in net assets available for benefits.

### **Notes receivable from participants**

# Presidio LLC 401(k) Plan

## Notes to Financial Statements

As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021

Participants may borrow from their accounts a minimum of \$1,000, up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000. Loan terms range up to five years or over a reasonable period of time for the purchase of a participant's primary residence, as established by the plan administrator at the time of the loan. The loans are collateralized by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the plan administrator. These rates range from 4.25% to 6.50% on loans outstanding at December 31, 2021, and the loans mature through 2040. Principal and interest are paid ratably through bi-weekly payroll deductions.

### **Basis of accounting**

The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP).

### **Use of estimates**

The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

### **Risks and uncertainties**

The Plan provides various investment options to its participants. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Market risks include global events which could impact the value of investment securities, such as pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the value of the participants' account balances and the amounts reported in the financial statements.

### **Concentrations of investments**

The Plan's investment in each of the following funds accounted for greater than 10% of total investments as of December 31, 2021:

|                                                     | As of<br>December 31, 2021 | As of<br>December 31, 2020 |

### **Investment valuation and income recognition**

Investments are reported at fair value (except for fully benefit-responsive investment contract which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Presidio LLC 401(k) Committee

# **Presidio LLC 401(k) Plan**

## **Notes to Financial Statements**

**As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021**

determines the Plan's valuation policies utilizing information provided by the trustee and insurance carrier. See Note 3 for a discussion of fair value measurements.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement for the portion of the net assets available for benefits attributable to the fully benefit-responsive investment contract because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### **Notes receivable from participants**

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make the scheduled repayments and the plan administrator deems the participant to be in default, the participant's note receivable is reduced and a benefit payment is recorded based on the terms of the Plan. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

### **Contributions**

Contributions from Plan participants and Company non-discretionary matching contributions are recorded in the year in which the participant contributions are withheld from amounts paid. Discretionary profit-sharing contributions are recorded as a receivable in the year in which the underlying compensation is recognized and are paid subsequent to year-end. All participants and Company contributions are participant-directed.

### **Expenses**

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Administrative expenses include fees related to the administration of notes receivable that are charged directly to the participant's account and certain recordkeeping fees paid by the Plan. Investment related expenses are included in net appreciation in fair value of investments

### **Subsequent events**

The Plan has evaluated subsequent events through October 14, 2022, the date the financial statements were available to be issued. No events occurred that require additional disclosure or adjustments to the Plan's financial statements.

## **Note 2. Certified Investment Information**

The following summarizes the Plan information as of December 31, 2021 and 2020, and for the year ended December 31, 2021, prepared by Prudential Bank & Trust, and PRIAC and furnished to the plan administrator, included in the accompanying financial statements and supplemental schedules. The plan administrator has obtained certifications from Prudential Bank & Trust and PRIAC that such information is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the Plan's financial statements and supplemental schedules related to the following assets:

### Note 3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

**Level 1:** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Level 2:** Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability

# Presidio LLC 401(k) Plan

## Notes to Financial Statements

As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3:** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of the relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

**Registered investment companies (mutual funds):** Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

**Common Collective Trusts (CCTs):** Comprised of four separate funds: the Lord Abnett High Yield Core II Fund, Wilmington Trust Mid Cap Growth Fund CL I1, Wilmington Trust flexPATH Emerging Markets Fund CL R1 and Prudential Core Plus Bond Fund. These funds are valued at the NAV of units of a bank collective trust.

The NAV for the Wilmington Trust Mid Cap Growth Fund CL I1, Wilmington Trust flexPATH Emerging Markets Fund CL R1 and the Lord Abnett High Yield Core II Fund is published to institutional investors only and is not traded on an active market. The fair value per share of the fund is determined and published and is the basis for current transactions, and therefore classified as level 2.

The Prudential Core Plus Bond Fund uses NAV as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to confirm that securities liquidations will be carried out in an orderly business manner.

**Pooled separate accounts:** Pooled separate accounts are valued at NAV of shares in each account held by the Plan at year-end. The NAV is not a publicly-quoted price in an active market. The NAV, as provided by the insurance carrier, is used as a practical expedient in estimating fair value.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

- a. In accordance with the fair value measurements topic, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is estimated using NAV per share (or its equivalent) as a practical expedient as of December 31, 2021 and 2020:

### Note 4. Prudential Guaranteed Income Fund

The Plan has a traditional, fully benefit-responsive guaranteed investment contract with PRIAC that is reported at contract value. PRIAC maintains the contributions in a general account. The account is credited with contributions and earnings on the underlying investments and charged for participants' withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rates are based on a formula agreed upon with the issuer but may not be less than 1.5%. Such interest rates are reviewed on a semi-annual basis for resetting. The contract cannot be terminated before the scheduled maturity date.

# **Presidio LLC 401(k) Plan**

## **Notes to Financial Statements**

**As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021**

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by PRIAC, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive guaranteed investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code (IRC) or the failure of the trust to be tax-exempt under Section 501(a) of the IRC
2. Premature termination of the contract
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer.

### **Note 5. Related Party and Parties-in-Interest Transactions**

Transactions with the trustee and PRIAC qualify as parties-in-interest transactions. Fees paid by the Plan to the trustee and PRIAC totaled \$278,286 for the year ended December 31, 2021. The Company also paid directly certain administrative expenses of the Plan. The Plan issues loans to participants, which are secured by the vested balances in the participants' accounts.

The Plan established a service agreement with PRIAC that included an Expense Budget Account (EBA). PRIAC established an annual required revenue amount of which a portion will be deposited into the EBA as defined in the agreement. The amount credited to the EBA will be accrued daily based on participants' account balances and then will be credited to the EBA as of the last business day of each month. These amounts were used to pay plan

related expenses approved by the Company. For the year ended December 31, 2021, the Plan received \$156,383 in income which was used to pay Plan expenses.

### Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

### Note 7. Tax Status

The Plan has adopted a non-standardized form of a prototype profit-sharing plan sponsored by Prudential Insurance Company of America. The prototype plan has received an opinion letter dated April 29, 2014 from the IRS as to the prototype plan's qualified status. The prototype plan's opinion letter has been relied upon by this Plan. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In 2021, the Company remitted certain participant contributions totaling \$1,248 to the trust later than required by the Department of Labor's Regulation 2510.3-102. The Company intends to file Form 5330 with the IRS and pay the required excise tax. The participant accounts of those directly impacted will be credited with the amount of investment income that would have been earned had the remittance been timely. The Company believes that the Plan has retained its tax qualification status and no tax liability has been accrued.

## INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants of Presidio LLC 401(k) Plan:

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Presidio LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 2 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- a. The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- b. The information in the financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our

other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Auditor's Report on the 2020 Financial Statements**

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by qualified institutions. In our report dated October 15, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on financial statements.

In performing an audit in accordance with GAAS, we:

- a. Exercise professional judgment and maintain professional skepticism throughout the audit.
- b. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- c. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- d. Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- e. Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter — Supplemental Schedules Required by ERISA**

The supplemental schedule of assets (held at end of year) as of December 31, 2021 and the supplemental schedule of delinquent participant contributions for the year ended December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- a. The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- b. The information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

# **Presidio LLC 401(k) Plan**

## **Notes to Financial Statements**

**As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021**

### **Note 1. Plan Description and Significant Accounting Policies**

The following description of Presidio LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for more complete description of the Plan's provisions.

#### **General**

The Plan is a defined contribution savings plan covering all employees of Presidio, LLC and its subsidiaries (the "Company") who are age 21 or older and are not classified as union employees, leased employees or independent contractors. Employees are eligible to begin participating the first day of the month coinciding with or next following the date they satisfy the eligibility requirements. Effective October 23, 2020, the Plan provisions were adopted by Presidio Government Solutions LLC, a wholly-owned subsidiary of Presidio, LLC.

The Company is responsible for oversight of the Plan. The Presidio LLC 401(k) Committee is comprised of members of management of the Company and determines the appropriateness of the Plan's investment offerings, monitors investment performance and ultimately reports to the Company's Board of Directors. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Prudential Bank & Trust F.S.B. ("Prudential Bank & Trust" or "Prudential"), an affiliate of Prudential Retirement Insurance and Annuity Company (PRIAC), serves as the trustee of the Plan. The Plan's investment assets also include an investment contract with PRIAC.

In April 2022, Empower Annuity Insurance Company of America acquired PRIAC. As a result of the acquisition, the Plan's trustee and recordkeeper services are provided by Empower Annuity Insurance Company of America and its subsidiaries beginning April 2022.

#### **Administrative Changes due to CARES Act**

In March 2020, the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") was enacted, and certain provisions of the CARES Act that pertain to retirement plans were implemented. As a result, Plan participants impacted by the Coronavirus were able to:

- Withdraw, penalty free, up to \$50,000 of vested account balances before December 31, 2020.
- Defer current active loan payments for the 2020 plan year.
- Suspend 2020 required minimum distributions ("RMD"), or for any RMD made prior to the enactment of the CARES Act, roll the RMD over to another eligible retirement plan within the prescribed timeframe according to IRS notice 2020-23.

#### **Contributions**

Participants may contribute up to 100% of their annual compensation as defined in the Plan, through before-tax and/or Roth contributions up to the maximum permitted by law. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Company makes a fixed matching contribution of equal to 33% up to 6% of compensation that a participant defers, which is deposited after each pay cycle. Effective April 1, 2020, the Company suspended its fixed matching contributions as part of a company-wide cost saving initiative in response to economic uncertainty from the Coronavirus pandemic. Effective December 28, 2020, the Company lifted the suspension and reinstated its fixed matching contributions. The Company may also make discretionary profit-sharing contributions to the Plan. Employees must be actively employed on the date of the Plan's year-end to receive a discretionary profit-sharing contribution. The Company did not make any discretionary profit-sharing contributions for the year ended December 31, 2021.

# **Presidio LLC 401(k) Plan**

## **Notes to Financial Statements**

**As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021**

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

### **Investment options**

Upon enrollment in the Plan, participants have full discretion in how their funds and any Company contributions are allocated and invested in the Plan's various investment options. Participants may change their investment options daily.

### **Participant accounts**

Each participant's account is credited with the participant's contributions and the Company's matching contributions, as well as allocations of any discretionary profit-sharing contributions and Plan earnings/losses, and charged with an allocation of administrative expenses that are paid by the Plan and any withdrawals. Allocations are based on the participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

### **Vesting**

Participants are immediately vested in their voluntary and rollover contributions plus actual earnings thereon. Vesting in the Company matching contributions and discretionary profit-sharing contributions portion of participant accounts plus actual earnings thereon is based on vesting years of service; to earn a year of service, participants must be credited with at least 1,000 hours of service during the plan year. Participants vest 20% for each year of service such that they are 100% vested after five years of service.

### **Payment of benefits**

Benefits are recorded when paid.

The Plan permits withdrawals when a participant terminates employment, retires, or becomes disabled or deceased. In-service withdrawals are also permitted for certain financial hardships, upon attainment of age 59½, or upon reaching the age of 55 and completing 10 years of service. A participant's account balance may be withdrawn in a lump-sum distribution, installments, or a qualified joint and survivor annuity upon the participant attaining normal retirement age of 65 years, or upon termination of employment.

The Plan allows for ad-hoc distributions in certain situations. If an employee terminates employment and will receive a distribution before the later of age 62 and normal retirement age (as defined in the plan document) and their vested account balance exceeds \$5,000, the employee may now elect to receive a distribution of some or all of their Plan account, at any time following their termination of employment, subject to any reasonable limits regarding timing and amounts as the plan administrator may impose. Loans can be made from all accounts available on a pro rata basis with all after tax (Roth) sources being last in hierarchy.

### **Forfeitures**

If a participant terminated employment before being fully vested, then the non-vested portion of the terminated participant's account balance remains in the Plan and is called a forfeiture. Forfeitures are used to pay Plan expenses and reduce future employer contributions. Forfeited non-vested accounts were \$202,028 and \$355,428 at December 31, 2021 and 2020, respectively. During 2021, \$508,758 of forfeiture funds were used to reduce employer contributions, which are presented net as a reduction to the employer contribution in the statement of changes in net assets available for benefits.

### **Notes receivable from participants**

# Presidio LLC 401(k) Plan

## Notes to Financial Statements

As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021

Participants may borrow from their accounts a minimum of \$1,000, up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000. Loan terms range up to five years or over a reasonable period of time for the purchase of a participant's primary residence, as established by the plan administrator at the time of the loan. The loans are collateralized by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the plan administrator. These rates range from 4.25% to 6.50% on loans outstanding at December 31, 2021, and the loans mature through 2040. Principal and interest are paid ratably through bi-weekly payroll deductions.

### **Basis of accounting**

The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP).

### **Use of estimates**

The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

### **Risks and uncertainties**

The Plan provides various investment options to its participants. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Market risks include global events which could impact the value of investment securities, such as pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the value of the participants' account balances and the amounts reported in the financial statements.

### **Concentrations of investments**

The Plan's investment in each of the following funds accounted for greater than 10% of total investments as of December 31, 2021:

|                                                     | As of<br>December 31, 2021 | As of<br>December 31, 2020 |

### **Investment valuation and income recognition**

Investments are reported at fair value (except for fully benefit-responsive investment contract which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Presidio LLC 401(k) Committee

# **Presidio LLC 401(k) Plan**

## **Notes to Financial Statements**

**As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021**

determines the Plan's valuation policies utilizing information provided by the trustee and insurance carrier. See Note 3 for a discussion of fair value measurements.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement for the portion of the net assets available for benefits attributable to the fully benefit-responsive investment contract because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### **Notes receivable from participants**

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make the scheduled repayments and the plan administrator deems the participant to be in default, the participant's note receivable is reduced and a benefit payment is recorded based on the terms of the Plan. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

### **Contributions**

Contributions from Plan participants and Company non-discretionary matching contributions are recorded in the year in which the participant contributions are withheld from amounts paid. Discretionary profit-sharing contributions are recorded as a receivable in the year in which the underlying compensation is recognized and are paid subsequent to year-end. All participants and Company contributions are participant-directed.

### **Expenses**

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Administrative expenses include fees related to the administration of notes receivable that are charged directly to the participant's account and certain recordkeeping fees paid by the Plan. Investment related expenses are included in net appreciation in fair value of investments

### **Subsequent events**

The Plan has evaluated subsequent events through October 14, 2022, the date the financial statements were available to be issued. No events occurred that require additional disclosure or adjustments to the Plan's financial statements.

## **Note 2. Certified Investment Information**

The following summarizes the Plan information as of December 31, 2021 and 2020, and for the year ended December 31, 2021, prepared by Prudential Bank & Trust, and PRIAC and furnished to the plan administrator, included in the accompanying financial statements and supplemental schedules. The plan administrator has obtained certifications from Prudential Bank & Trust and PRIAC that such information is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the Plan's financial statements and supplemental schedules related to the following assets:

### Note 3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

**Level 1:** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Level 2:** Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability

# Presidio LLC 401(k) Plan

## Notes to Financial Statements

As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3:** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of the relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

**Registered investment companies (mutual funds):** Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

**Common Collective Trusts (CCTs):** Comprised of four separate funds: the Lord Abbett High Yield Core II Fund, Wilmington Trust Mid Cap Growth Fund CL I1, Wilmington Trust flexPATH Emerging Markets Fund CL R1 and Prudential Core Plus Bond Fund. These funds are valued at the NAV of units of a bank collective trust.

The NAV for the Wilmington Trust Mid Cap Growth Fund CL I1, Wilmington Trust flexPATH Emerging Markets Fund CL R1 and the Lord Abbett High Yield Core II Fund is published to institutional investors only and is not traded on an active market. The fair value per share of the fund is determined and published and is the basis for current transactions, and therefore classified as level 2.

The Prudential Core Plus Bond Fund uses NAV as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to confirm that securities liquidations will be carried out in an orderly business manner.

**Pooled separate accounts:** Pooled separate accounts are valued at NAV of shares in each account held by the Plan at year-end. The NAV is not a publicly-quoted price in an active market. The NAV, as provided by the insurance carrier, is used as a practical expedient in estimating fair value.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

- a. In accordance with the fair value measurements topic, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is estimated using NAV per share (or its equivalent) as a practical expedient as of December 31, 2021 and 2020:

| Investment                     | Fair Value            |                       | Unfunded Commitments | Redemption Frequency | Redemption Notice Period |

### Note 4. Prudential Guaranteed Income Fund

The Plan has a traditional, fully benefit-responsive guaranteed investment contract with PRIAC that is reported at contract value. PRIAC maintains the contributions in a general account. The account is credited with contributions and earnings on the underlying investments and charged for participants' withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rates are based on a formula agreed upon with the issuer but may not be less than 1.5%. Such interest rates are reviewed on a semi-annual basis for resetting. The contract cannot be terminated before the scheduled maturity date.

# **Presidio LLC 401(k) Plan**

## **Notes to Financial Statements**

**As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021**

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by PRIAC, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive guaranteed investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code (IRC) or the failure of the trust to be tax-exempt under Section 501(a) of the IRC
2. Premature termination of the contract
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer.

### **Note 5. Related Party and Parties-in-Interest Transactions**

Transactions with the trustee and PRIAC qualify as parties-in-interest transactions. Fees paid by the Plan to the trustee and PRIAC totaled \$278,286 for the year ended December 31, 2021. The Company also paid directly certain administrative expenses of the Plan. The Plan issues loans to participants, which are secured by the vested balances in the participants' accounts.

The Plan established a service agreement with PRIAC that included an Expense Budget Account (EBA). PRIAC established an annual required revenue amount of which a portion will be deposited into the EBA as defined in the agreement. The amount credited to the EBA will be accrued daily based on participants' account balances and then will be credited to the EBA as of the last business day of each month. These amounts were used to pay plan

related expenses approved by the Company. For the year ended December 31, 2021, the Plan received \$156,383 in income which was used to pay Plan expenses.

### Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

### Note 7. Tax Status

The Plan has adopted a non-standardized form of a prototype profit-sharing plan sponsored by Prudential Insurance Company of America. The prototype plan has received an opinion letter dated April 29, 2014 from the IRS as to the prototype plan's qualified status. The prototype plan's opinion letter has been relied upon by this Plan. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In 2021, the Company remitted certain participant contributions totaling \$1,248 to the trust later than required by the Department of Labor's Regulation 2510.3-102. The Company intends to file Form 5330 with the IRS and pay the required excise tax. The participant accounts of those directly impacted will be credited with the amount of investment income that would have been earned had the remittance been timely. The Company believes that the Plan has retained its tax qualification status and no tax liability has been accrued.

## INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants of Presidio LLC 401(k) Plan:

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Presidio LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 2 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- a. The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- b. The information in the financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our

other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Auditor's Report on the 2020 Financial Statements**

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by qualified institutions. In our report dated October 15, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on financial statements.

In performing an audit in accordance with GAAS, we:

- a. Exercise professional judgment and maintain professional skepticism throughout the audit.
- b. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- c. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- d. Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- e. Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter — Supplemental Schedules Required by ERISA**

The supplemental schedule of assets (held at end of year) as of December 31, 2021 and the supplemental schedule of delinquent participant contributions for the year ended December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- a. The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- b. The information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

# **Presidio LLC 401(k) Plan**

## **Notes to Financial Statements**

**As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021**

### **Note 1. Plan Description and Significant Accounting Policies**

The following description of Presidio LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for more complete description of the Plan's provisions.

#### **General**

The Plan is a defined contribution savings plan covering all employees of Presidio, LLC and its subsidiaries (the "Company") who are age 21 or older and are not classified as union employees, leased employees or independent contractors. Employees are eligible to begin participating the first day of the month coinciding with or next following the date they satisfy the eligibility requirements. Effective October 23, 2020, the Plan provisions were adopted by Presidio Government Solutions LLC, a wholly-owned subsidiary of Presidio, LLC.

The Company is responsible for oversight of the Plan. The Presidio LLC 401(k) Committee is comprised of members of management of the Company and determines the appropriateness of the Plan's investment offerings, monitors investment performance and ultimately reports to the Company's Board of Directors. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Prudential Bank & Trust F.S.B. ("Prudential Bank & Trust" or "Prudential"), an affiliate of Prudential Retirement Insurance and Annuity Company (PRIAC), serves as the trustee of the Plan. The Plan's investment assets also include an investment contract with PRIAC.

In April 2022, Empower Annuity Insurance Company of America acquired PRIAC. As a result of the acquisition, the Plan's trustee and recordkeeper services are provided by Empower Annuity Insurance Company of America and its subsidiaries beginning April 2022.

#### **Administrative Changes due to CARES Act**

In March 2020, the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") was enacted, and certain provisions of the CARES Act that pertain to retirement plans were implemented. As a result, Plan participants impacted by the Coronavirus were able to:

- Withdraw, penalty free, up to \$50,000 of vested account balances before December 31, 2020.
- Defer current active loan payments for the 2020 plan year.
- Suspend 2020 required minimum distributions ("RMD"), or for any RMD made prior to the enactment of the CARES Act, roll the RMD over to another eligible retirement plan within the prescribed timeframe according to IRS notice 2020-23.

#### **Contributions**

Participants may contribute up to 100% of their annual compensation as defined in the Plan, through before-tax and/or Roth contributions up to the maximum permitted by law. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Company makes a fixed matching contribution of equal to 33% up to 6% of compensation that a participant defers, which is deposited after each pay cycle. Effective April 1, 2020, the Company suspended its fixed matching contributions as part of a company-wide cost saving initiative in response to economic uncertainty from the Coronavirus pandemic. Effective December 28, 2020, the Company lifted the suspension and reinstated its fixed matching contributions. The Company may also make discretionary profit-sharing contributions to the Plan. Employees must be actively employed on the date of the Plan's year-end to receive a discretionary profit-sharing contribution. The Company did not make any discretionary profit-sharing contributions for the year ended December 31, 2021.

# **Presidio LLC 401(k) Plan**

## **Notes to Financial Statements**

**As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021**

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

### **Investment options**

Upon enrollment in the Plan, participants have full discretion in how their funds and any Company contributions are allocated and invested in the Plan's various investment options. Participants may change their investment options daily.

### **Participant accounts**

Each participant's account is credited with the participant's contributions and the Company's matching contributions, as well as allocations of any discretionary profit-sharing contributions and Plan earnings/losses, and charged with an allocation of administrative expenses that are paid by the Plan and any withdrawals. Allocations are based on the participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

### **Vesting**

Participants are immediately vested in their voluntary and rollover contributions plus actual earnings thereon. Vesting in the Company matching contributions and discretionary profit-sharing contributions portion of participant accounts plus actual earnings thereon is based on vesting years of service; to earn a year of service, participants must be credited with at least 1,000 hours of service during the plan year. Participants vest 20% for each year of service such that they are 100% vested after five years of service.

### **Payment of benefits**

Benefits are recorded when paid.

The Plan permits withdrawals when a participant terminates employment, retires, or becomes disabled or deceased. In-service withdrawals are also permitted for certain financial hardships, upon attainment of age 59½, or upon reaching the age of 55 and completing 10 years of service. A participant's account balance may be withdrawn in a lump-sum distribution, installments, or a qualified joint and survivor annuity upon the participant attaining normal retirement age of 65 years, or upon termination of employment.

The Plan allows for ad-hoc distributions in certain situations. If an employee terminates employment and will receive a distribution before the later of age 62 and normal retirement age (as defined in the plan document) and their vested account balance exceeds \$5,000, the employee may now elect to receive a distribution of some or all of their Plan account, at any time following their termination of employment, subject to any reasonable limits regarding timing and amounts as the plan administrator may impose. Loans can be made from all accounts available on a pro rata basis with all after tax (Roth) sources being last in hierarchy.

### **Forfeitures**

If a participant terminated employment before being fully vested, then the non-vested portion of the terminated participant's account balance remains in the Plan and is called a forfeiture. Forfeitures are used to pay Plan expenses and reduce future employer contributions. Forfeited non-vested accounts were \$202,028 and \$355,428 at December 31, 2021 and 2020, respectively. During 2021, \$508,758 of forfeiture funds were used to reduce employer contributions, which are presented net as a reduction to the employer contribution in the statement of changes in net assets available for benefits.

### **Notes receivable from participants**

# Presidio LLC 401(k) Plan

## Notes to Financial Statements

As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021

Participants may borrow from their accounts a minimum of \$1,000, up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000. Loan terms range up to five years or over a reasonable period of time for the purchase of a participant's primary residence, as established by the plan administrator at the time of the loan. The loans are collateralized by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the plan administrator. These rates range from 4.25% to 6.50% on loans outstanding at December 31, 2021, and the loans mature through 2040. Principal and interest are paid ratably through bi-weekly payroll deductions.

### **Basis of accounting**

The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP).

### **Use of estimates**

The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

### **Risks and uncertainties**

The Plan provides various investment options to its participants. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Market risks include global events which could impact the value of investment securities, such as pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the value of the participants' account balances and the amounts reported in the financial statements.

### **Concentrations of investments**

The Plan's investment in each of the following funds accounted for greater than 10% of total investments as of December 31, 2021:

### **Investment valuation and income recognition**

Investments are reported at fair value (except for fully benefit-responsive investment contract which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Presidio LLC 401(k) Committee

# **Presidio LLC 401(k) Plan**

## **Notes to Financial Statements**

**As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021**

determines the Plan's valuation policies utilizing information provided by the trustee and insurance carrier. See Note 3 for a discussion of fair value measurements.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement for the portion of the net assets available for benefits attributable to the fully benefit-responsive investment contract because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### **Notes receivable from participants**

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make the scheduled repayments and the plan administrator deems the participant to be in default, the participant's note receivable is reduced and a benefit payment is recorded based on the terms of the Plan. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

### **Contributions**

Contributions from Plan participants and Company non-discretionary matching contributions are recorded in the year in which the participant contributions are withheld from amounts paid. Discretionary profit-sharing contributions are recorded as a receivable in the year in which the underlying compensation is recognized and are paid subsequent to year-end. All participants and Company contributions are participant-directed.

### **Expenses**

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Administrative expenses include fees related to the administration of notes receivable that are charged directly to the participant's account and certain recordkeeping fees paid by the Plan. Investment related expenses are included in net appreciation in fair value of investments

### **Subsequent events**

The Plan has evaluated subsequent events through October 14, 2022, the date the financial statements were available to be issued. No events occurred that require additional disclosure or adjustments to the Plan's financial statements.

## **Note 2. Certified Investment Information**

The following summarizes the Plan information as of December 31, 2021 and 2020, and for the year ended December 31, 2021, prepared by Prudential Bank & Trust, and PRIAC and furnished to the plan administrator, included in the accompanying financial statements and supplemental schedules. The plan administrator has obtained certifications from Prudential Bank & Trust and PRIAC that such information is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the Plan's financial statements and supplemental schedules related to the following assets:

### Note 3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

**Level 1:** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Level 2:** Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability

# Presidio LLC 401(k) Plan

## Notes to Financial Statements

As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3:** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of the relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

**Registered investment companies (mutual funds):** Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

**Common Collective Trusts (CCTs):** Comprised of four separate funds: the Lord Abnett High Yield Core II Fund, Wilmington Trust Mid Cap Growth Fund CL I1, Wilmington Trust flexPATH Emerging Markets Fund CL R1 and Prudential Core Plus Bond Fund. These funds are valued at the NAV of units of a bank collective trust.

The NAV for the Wilmington Trust Mid Cap Growth Fund CL I1, Wilmington Trust flexPATH Emerging Markets Fund CL R1 and the Lord Abnett High Yield Core II Fund is published to institutional investors only and is not traded on an active market. The fair value per share of the fund is determined and published and is the basis for current transactions, and therefore classified as level 2.

The Prudential Core Plus Bond Fund uses NAV as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to confirm that securities liquidations will be carried out in an orderly business manner.

**Pooled separate accounts:** Pooled separate accounts are valued at NAV of shares in each account held by the Plan at year-end. The NAV is not a publicly-quoted price in an active market. The NAV, as provided by the insurance carrier, is used as a practical expedient in estimating fair value.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

- a. In accordance with the fair value measurements topic, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is estimated using NAV per share (or its equivalent) as a practical expedient as of December 31, 2021 and 2020:

| Investment                     | Fair Value            |                       | Unfunded Commitments | Redemption Frequency | Redemption Notice Period |

### Note 4. Prudential Guaranteed Income Fund

The Plan has a traditional, fully benefit-responsive guaranteed investment contract with PRIAC that is reported at contract value. PRIAC maintains the contributions in a general account. The account is credited with contributions and earnings on the underlying investments and charged for participants' withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rates are based on a formula agreed upon with the issuer but may not be less than 1.5%. Such interest rates are reviewed on a semi-annual basis for resetting. The contract cannot be terminated before the scheduled maturity date.

# **Presidio LLC 401(k) Plan**

## **Notes to Financial Statements**

**As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021**

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by PRIAC, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive guaranteed investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code (IRC) or the failure of the trust to be tax-exempt under Section 501(a) of the IRC
2. Premature termination of the contract
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer.

### **Note 5. Related Party and Parties-in-Interest Transactions**

Transactions with the trustee and PRIAC qualify as parties-in-interest transactions. Fees paid by the Plan to the trustee and PRIAC totaled \$278,286 for the year ended December 31, 2021. The Company also paid directly certain administrative expenses of the Plan. The Plan issues loans to participants, which are secured by the vested balances in the participants' accounts.

The Plan established a service agreement with PRIAC that included an Expense Budget Account (EBA). PRIAC established an annual required revenue amount of which a portion will be deposited into the EBA as defined in the agreement. The amount credited to the EBA will be accrued daily based on participants' account balances and then will be credited to the EBA as of the last business day of each month. These amounts were used to pay plan

related expenses approved by the Company. For the year ended December 31, 2021, the Plan received \$156,383 in income which was used to pay Plan expenses.

### Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

### Note 7. Tax Status

The Plan has adopted a non-standardized form of a prototype profit-sharing plan sponsored by Prudential Insurance Company of America. The prototype plan has received an opinion letter dated April 29, 2014 from the IRS as to the prototype plan's qualified status. The prototype plan's opinion letter has been relied upon by this Plan. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In 2021, the Company remitted certain participant contributions totaling \$1,248 to the trust later than required by the Department of Labor's Regulation 2510.3-102. The Company intends to file Form 5330 with the IRS and pay the required excise tax. The participant accounts of those directly impacted will be credited with the amount of investment income that would have been earned had the remittance been timely. The Company believes that the Plan has retained its tax qualification status and no tax liability has been accrued.
