II-VI Incorporated 401(k) Profit Sharing Plan Investment and Benefits Committee
II-VI Incorporated 401(k) Profit Sharing Plan
Warrendale, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of the II-VI Incorporated 401(k) Profit Sharing Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements. In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The Supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021 and Schedule of Delinquent Contributions for the year ended December 31, 2021 are presented for the purpose of additional analysis and are not a required part of the 2021 financial statements, but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

The 2020 financial statements of the Plan were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Their report dated October 13, 2021, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and supplemental schedule, and (b) the form and content of the information included in the financial statements and supplemental schedule other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA

401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

NOTE 1 - DESCRIPTION OF PLAN

The following description of the II-VI 401(k) Profit Sharing Plan (Plan) is provided for general information purposes only. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General - The Plan is a defined-contribution plan covering substantially all employees of II-VI Incorporated and Optical Systems, a participating employer (collectively the Company). Employees are not eligible if they are a resident of Puerto Rico, a leased employee, a nonresident alien with no income from a U.S. source, an independent contractor, or classified as temporary, seasonal, intern or career practicum whose regularly scheduled service is less than 1,000 hours of service in a computation period. Employees can participate in the Plan on the first day of the first full pay period following the date they first become eligible. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended, and the Internal Revenue Code (the Code).

The Plan administrator is the II-VI Incorporated 401(k) Profit Sharing Plan Investment and Benefits Committee (the Committee), whose members are appointed by the board of directors (Board) of II-VI Incorporated. The Committee also has responsibility for selecting and overseeing the Plan's investments. The Committee has the authority to appoint trustees and has designated Fidelity Management Trust Company (Fidelity) as trustee for the Plan.

Contributions - Newly eligible employees are automatically enrolled in the Plan in target retirement date funds at an 8% before-tax savings rate on the date they become eligible unless the employee elects to change his/her deferral or opt-out of the Plan. Prior to March 2, 2020, employees were automatically enrolled in the Plan at a rate of 4%. Participants may make pretax and/or after-tax contributions of 1% to 100% of eligible compensation to the Plan through payroll deductions. Participants who have attained age 50 by the end of the Plan year are eligible to make catch-up contributions. Employees are permitted to roll over amounts from other eligible retirement plans even if the employee has not yet met the eligibility requirements as described above; however, the employee will not become a participant in the Plan until the eligibility requirements are met. Additionally, in-plan Roth rollover contributions are permitted.

Employees who are employed on the last day of the Plan year, or who retired during the Plan year, are eligible for employer non-discretionary matching contributions. Non-discretionary matching contributions are equal to an amount of 50% of employee contributions not to exceed 8% of eligible compensation. For the year ended December 31, 2021, the employer made non-discretionary matching contributions of approximately \$9,900,000.

The Company also may make additional matching contributions in an amount equal to a percentage of the eligible contributions made by each participant. The Company did not make any additional matching contributions for the year ended December 31, 2021.

II-VI INCORPORATED
401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

NOTE 1 - DESCRIPTION OF PLAN (Continued)

The Company also makes discretionary nonelective contributions to the Plan. To be eligible for discretionary nonelective contributions, employees must complete 1,000 hours and one year of service. Discretionary nonelective contributions are calculated based on the ratio of the employee's compensation to the total compensation of all eligible employees. A participant must be employed on the last day of the Plan year in order to receive discretionary nonelective contributions. Additionally, the Company may make additional nonelective contributions whereby each eligible participant is considered its own allocation group. Accordingly, a nonelective contribution of approximately \$1,933,000 was made for participants of the Saxonburg and Warrendale locations. All participant and employer contributions are subject to Plan limitations and total contributions credited to participants are further subject to annual additional limitations under the Code. Participants self-direct of the contributions into various investment securities offered by the Plan.

Participant Accounts - Each participant's account is (i) credited with the participant's contributions and allocations of the Company's contributions and Plan investment earnings and (ii) charged with an allocation of administrative expenses and Plan investment gains and losses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting- Participants are immediately vested in their contributions. Vesting in employer contributions and earnings is based on the following vesting schedule:

<u>Years of Service</u>	<u>% Vested</u>
Less than 1	0%
1	25%
2	50%
3	75%
4	100%

Participants with an hour of service on or after March 31, 2020 with contributions as follows will be 100% vested: i) safe harbor nonelective employer contributions and non-safe harbor nonelective employer contribution accounts attributable to the Redstone Aerospace 401(k) Plan as merged in 2020, ii) safe harbor matching employer contributions, money purchase pension plan contributions, non-safe harbor matching employer contributions, nonelective employer contributions, and safe harbor nonelective employer contributions attributable to the Finisar Corporation 401(k) Profit Sharing Plan as merged in 2020, and iii) prior employee stock ownership plan contributions previously permitted under the Plan.

Forfeitures - Forfeited non-vested accounts are used to pay administrative expenses or to reduce employer contributions. At December 31, 2021 and 2020, forfeited non-vested accounts totaled approximately \$366,000 and \$945,000, respectively. For the year ended December 31, 2021, approximately \$973,000 of forfeitures were used to reduce employer contributions.

II-VI INCORPORATED
401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants - Participants may borrow up to the lesser of one-half of their account balances (subject to a \$1,000 minimum) or \$50,000. Such loans are secured by the balance in the participant's account. The rate of interest on loans is commensurate with the average rate charged by selected major banks for secured personal loans and remains fixed for the life of the loan. Loans are repaid over the period in installments of principal and interest via payroll deductions or ACH account debit for participants who terminate employment subsequent to the loan's execution. A participant also has the right to repay the loan in full, at any time, without penalty. In 2020, the Plan adopted provisions of the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), which allows participants who had loans due from March 27, 2020 through December 2020 to delay their repayment and extend the term for up to one year.

Payment of Benefits - Upon termination of service due to death, disability, retirement or other reasons, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his/her account. In addition, the Plan allows for hardship distributions if certain criteria are met. Participants who have an account balance of \$5,000 or less are subject to mandatory distributions in a lump sum or rollover. If the balance is less than \$5,000 but greater than \$1,000, the Plan administrator will direct the trustee to distribute the balance to an individual retirement account or annuity. Additionally, the Plan provides for partial withdrawals upon reaching age 59 ½. In 2020, the Plan adopted the hardship provisions associated with the CARES Act, under which the additional 10% tax for early withdrawals was waived for hardship distributions related to participants diagnosed with COVID-19, participants with a spouse or dependent diagnosed with COVID-19, or participants who have experienced adverse financial consequences as a result of COVID-19. Participants who meet one of these requirements may withdraw up to \$100,000, may spread the tax on income due to the distribution over three years, and may repay the amount to the Plan over the next three years.

Transfers - Effective July 30, 2021, the Plan permitted participants of the Core Systems Inc. 401(k) Plan to transfer their balances into the Plan. There were approximately \$387,000 of net assets transferred into the Plan. Effective August 2, 2021, the Plan permitted participants of the Innovation Corporation 401(k) Savings Plan to transfer their balances into the Plan. There were approximately \$8,157,000 of net assets transferred into the Plan.

Plan Termination - Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all accounts will be fully vested.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of significant accounting policies consistently applied by the Plan Administrator in the preparation of the accompanying statements of net assets available for benefits and related statement of changes in net assets available for benefits and the related notes to the financial statements (financial statements) follows:

Basis of Accounting - The accompanying financial statements of the Plan have been prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

II-VI INCORPORATED
401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates - The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

The Plan's investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurement and Note 5 for a discussion of fully benefit-responsive investment contracts.

Purchases and sales of investments are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date and interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Certain expenses of maintaining the Plan are paid by the Plan. Fees related to the administration of notes receivable from participants, benefit payments and certain recordkeeping fees are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments

Reclassification - Certain reclassifications have been made to the accompanying financial statements for the year ended December 31, 2020 to conform to the current year's presentation.

Subsequent Events - Subsequent events are defined as events or transactions that occur after the statement of net assets available for benefits date, but before the financial statements are issued or are available to be issued. Management has evaluated subsequent events through October 14, 2022, the date that the financial statements were issued and determined that there have been no events that have occurred that would require adjustments to the disclosures in the financial statements.

DECEMBER 31, 2021 AND 2020

NOTE 3 - INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2021 and 2020, net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity.

NOTE 4 - FAIR VALUE MEASUREMENT

U.S. GAAP for fair value measurements provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. An active market for the asset or liability is a market in which the transaction for the asset or liability occurs with sufficient frequency and volume to provide pricing information on an ongoing basis.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or other inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual and Money Market Funds - The shares of registered investment companies are public investment vehicles valued at quoted market prices, which represent the net asset values of the shares held in such funds. Each of these funds is considered an open-ended interest in a registered investment company and valued using a market approach. Fair value is based on a daily net asset value that can be validated with a sufficient level of observable activity in an active market (i.e., purchases and sales at net asset value) and therefore these interests in registered investment companies have been classified within Level 1 of the fair value hierarchy.

NOTE 4 - FAIR VALUE MEASUREMENT (Continued)

Common Collective Trusts - Valued at the net asset value (NAV) of units of a bank collective trust. The NAV, as provided by the trustees, is used as a practical expedient to estimate fair value and is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than reported NAV. Participant transactions (purchases and sales) may occur daily. There are no unfunded commitments at December 31, 2020 and 2021.

The preceding methods described might produce a fair value calculation that might not be indicative of net realizable value or reflective of future fair values. Further, although the Plan believes that valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2021			
	Level 1	Level 2	Level 3	Total
Mutual and Money Market Funds	\$ 141,561,475	-	-	\$ 141,561,475
Investments in the fair value hierarchy	\$ 141,561,475	-	-	141,561,475
Investments measured at net asset value - common collective trusts (a)				508,944,277
Total investments at fair value				\$ 650,505,752

	2020			
	Level 1	Level 2	Level 3	Total
Mutual and Money Market Funds	\$ 558,536,753	-	-	\$ 558,536,753
Investments in the fair value hierarchy	\$ 558,536,753	-	-	558,536,753
Investments measured at net asset value - common collective trusts (a)				3,415,291
Total investments at fair value				\$ 561,952,044

- (a) In accordance with Accounting Standards Codification 820, certain investments that were measured at NAV per share (or its equivalent) as of December 31, 2021 and 2020 have not been classified in the fair market value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 5 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan invests in an Anchor Account, a fully benefit-responsive investment contract with New York Life Insurance Company, which is valued at contract value. The underlying investments consist of a pooled separate account. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value is the aggregation of contributions, plus interest, less withdrawals, if any. Crediting rates are a combination of a guaranteed rate and an annually established discretionary rate. The discretionary rate applied to contributions received during a reporting period may vary from the discretionary rate applied to account balances at the end of the prior reporting period. Interest is accrued daily and credited monthly. Interest rates are guaranteed to be no less than 0%.

Certain events may limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include i) premature termination of contracts, ii) plan termination or merger, iii) changes to the Plan's prohibition on competing investment options, or iv) bankruptcy of the Plan sponsor or other Plan sponsor events (divestitures or spinoffs) that significantly affect the Plan's normal operations. No events were probable of occurring that might have limited the ability of the Plan to transact at contract value with the contract issuers.

Additionally, the contract is not assignable but certain events allow the issuer to terminate the contract with the Plan and settle at an amount different than the contract value. Examples of such events include i) an uncured violation of the Plan's investment guidelines, ii) a breach of material obligation under the contract, iii) a material misrepresentation, and iv) a material amendment to the agreements without the consent of the issuer.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuers' ability to meet their financial obligations, which could be affected by future economic and regulatory developments. There are no liquidity restrictions on the Anchor Account.

NOTE 6 - TAX STATUS

The underlying volume submitter profit sharing 401(k) plan has received an opinion letter from the Internal Revenue Service (IRA) dated June 30, 2020, stating that the form of the Plan is qualified under Section 401 of the Code and therefore, the related trust is tax-exempt. In accordance with the Code, the Plan administrator has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken, or expected to be taken, that would require recognition of a tax liability and related interest and penalties or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2018.

NOTE 7 - TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain Plan investments are managed by Fidelity, the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment manager services are included in net appreciation in the fair value of the investment, as they are paid through revenue sharing rather than a direct payment.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

NOTE 8 - RISK AND UNCERTAINTIES

The Plan invests in investment securities that are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.
