INDEPENDENT AUDITOR'S REPORT

To the Trustees
Lanco International, Inc. and Subsidiaries
Employees' Pension Plan
Hazel Crest, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Lanco International, Inc. and Subsidiaries Employees' Pension Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits – modified cash basis as of December 31, 2021, and the related statement of changes in net assets available for benefits – modified cash basis for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles in accordance with the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4j – Schedule of Reportable Transactions is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Lanco International, Inc. and Subsidiaries Employees' Pension Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for the Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any audit procedures with respect to the information certified by a qualified institution. In our report dated October 13, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of the Plan

The following brief description of the Lanco International, Inc. and Subsidiaries (“Company”) Employees Pension Plan (“Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

The Plan is a defined benefit plan covering substantially all employees of the Company who have one year of eligible service and are age nineteen or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). As of December 31, 2013, participation in the Plan was frozen to new hires and rehires. Any covered employee who was a participant on that date continued as a participant. Any employee who was a covered employee as of December 31, 2013 but had not yet satisfied the age and eligibility service requirements became an active participant as of the entry date coinciding with or immediately following the date the requirements were satisfied. Effective as of close of business July 31, 2020, a participant’s accrued benefit was frozen and no further benefits shall be accrued under the Plan. Any covered employee who was an active participant on that date shall cease to earn further benefits as of that date and shall no longer be considered an active participant. The Company elected to terminate the Plan effective August 16, 2021. See Note 6.

Pension Benefits Prior to Termination Event

Participants with at least 5 or more years of service who had not terminated employment prior to the age of 65 are entitled to a Normal Retirement Pension. Effective January 1, 2001, Normal Retirement Pension benefits are equal to an amount determined by multiplying the number of credited years of service (up to 30 years) times 1.0% of the employee’s average monthly earnings. Normal Retirement Pension for participants whose participation date was prior to January 1, 2001 is determined based upon specific provisions of the Plan agreement. The Plan permits Early Retirement for participants who terminate employment before Normal Retirement and have a vested benefit with the Plan.

The forms of pension payments include single life, 5-year certain, 10-year certain, 15-year certain, qualified joint and survivor, optional percentage joint and survivor, and single sum cash payment, as defined in the Plan agreement.

Participants in the Plan before January 1, 1997, will be partially vested beginning after 1 year of service and 100% vested after 7 years of service. Participants in the Plan on or after January 1, 1997, will be 100% vested after 5 years of service.

Death and Disability Benefits Prior to Termination Event

If an active employee dies, the spouse is eligible to receive a Preretirement Spouse Benefit, equal to the qualified joint and survivor pension, provided the participant had a vested plan benefit, was married for one year prior to the date of death and had not retired. Active participants who become totally disabled receive annual disability benefits that are equal to the normal retirement benefits they have accumulated as of the time they become disabled reduced actuarially for commencement before normal retirement age. Disability benefits are paid until normal retirement age at which time disabled participants begin receiving normal retirement benefits computed in accordance with the provisions of the Plan.

EMPLOYEES' PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

Note 2 – Summary of Accounting Policies

The following are the significant accounting policies followed by the Plan:

Basis of Accounting

The financial statements are prepared on the modified cash basis of accounting. Employer contributions and the related assets are recognized when received rather than when earned, and administrative expenses are recognized when paid rather than when the obligation is incurred. The Plan has elected to account for its investment valuation recognition using the same accounting principles and standards as generally accepted accounting principles in the United States of America.

Investment Valuation and Investment Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-basis. Net appreciation (depreciation) in fair value of investments includes the plan's gains and losses on investments bought and sold as well as held during the year.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are based on employees' compensation and years of credited service. The accumulated plan benefits for active employees are based on their monthly average earnings which is the average of an employee's greatest five consecutive monthly earnings, or all monthly earnings if there are fewer than five, taking into account no more than the fifteen monthly earnings preceding the date of determination ending on the date as of which the benefit information is presented, January 1, 2021 and 2020. Benefits payable under all circumstances - retirement, death, disability, and termination of employment - are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by an actuary from Empower Retirement and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuations as of January 1, 2021 are (a) actuarial cost method: projected unit credit (b) mortality: IRC § 430 2021 tables for Annuitants and Non-Annuitants (c) Postretirement Mortality for Cash: IRS 2021 Applicable Table under 417(e)(3), (d) retirement age assumption: age 65 and (e) interest rate: 7.00%. The significant actuarial assumptions used in the valuations as of January 1, 2020 are (a) actuarial cost method: projected unit credit (b) preretirement mortality: IRC § 430 2020 tables for Annuitants and Non-Annuitants (c) Postretirement Mortality for Cash: IRS 2020 Applicable Table under 417(e)(3), (d) retirement age assumption: age 60 and (e) interest rate: 7.00%

NOTES TO FINANCIAL STATEMENTS

Note 2 – Summary of Accounting Policies (Continued)

Actuarial Present Value of Accumulated Plan Benefits (Continued)

The foregoing actuarial assumptions are based on the presumption that the Plan would continue. Since the Plan is to terminate, different actuarial assumptions and other factors will be applicable in determining the actuarial present value of accumulated plan benefits. The Company elected to terminate the Plan effective August 16, 2021. See Note 6.

Payment of Benefits

Benefit payments to participants are recorded upon distribution. All benefits were fully distributed to the participants by October 29, 2021.

Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Date of Management's Review

Subsequent events were evaluated through October 11, 2022, which is the date the financial statements were available to be issued.

Note 3 – Accumulated Plan Benefit Information

The accumulated plan benefit information as of the beginning of each plan year is as follows:

	January 1, 2021	January 1, 2020

Actuarial present value of accumulated plan benefits at January 1, 2021 and January 1, 2020	<u>\$49,402,483</u>	<u>\$47,265,748</u>

Note 4 – Funding Policy

The administrator will inform the Employer of the contributions, determined by an enrolled actuary, which are required to be made to the Plan. The Employer will make the contributions to the Plan in cash. The contributions will be made no later than the earlier of the date permitted by law for meeting the minimum funding standards and the date for making tax-deductible contributions. The Employer's contribution met the minimum funding requirements of ERISA for 2021 and 2020.

Note 5 – Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Financial Accounting Standards Board Accounting Standards Codification 820, Fair Value Measurements and Disclosures, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

LANCO INTERNATIONAL, INC. AND SUBSIDIARIES
EMPLOYEES' PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

Note 5 – Fair Value Measurements (Continued)

The three levels of fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Units of Pooled Separate Accounts – Primarily valued at the net asset value (NAV) per unit of the pooled separate account. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based upon the fair value of the underlying investments comprising of pooled separate accounts. This practical expedient is not used when it is determined to be probable that the fund will sell for an amount different than the reported NAV.

At December 31, 2021 and 2020 the Plan's investments measured at fair value are solely in pooled separate accounts.

The following table presents the fair value of the Plan's assets measured at net asset value.

December 31, 2021

Pooled Separate Accounts	\$ <u> - </u>
--------------------------	---------------------------------

December 31, 2020

Pooled Separate Accounts	\$ <u>65,257,634</u>
--------------------------	----------------------

In accordance with Accounting Standard Update 2015-07, Fair Value Measurement (Topic 820): *Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)*, investments that are measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy.

LANCO INTERNATIONAL, INC. AND SUBSIDIARIES
EMPLOYEES' PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

Note 5 – Fair Value Measurements (Continued)

Pooled separate accounts reported above determine fair value using a calculated net asset value per share, or its equivalent. As of December 31, 2021 and 2020, the fair value of the pooled separate accounts was \$0 and \$65,257,634, respectively. There were no unfunded commitments related to these investments. These investments can be redeemed daily with no redemption notice required. This category of investments primarily includes investments in common and preferred stocks, foreign stocks, mutual funds, bonds, notes and short-term investments.

Note 6 – Plan Termination

Prior to Termination Event

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- a. Benefits attributable to participant contributions, taking into account those paid out before termination.
- b. Annuity benefits that former participants or their beneficiaries have been receiving for at least three years, or that participants eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.
- c. Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) (a U.S. governmental agency) up to the applicable limitations (discussed below).
- d. All other vested benefits (that is, vested benefits not insured by the PBGC).
- e. All non-vested benefits.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation (PBGC) if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees. That ceiling applies to those pensioners who elect to receive their benefits in the form of a single-life annuity and are at least 65 years old at the time of retirement or plan termination (whichever comes later). For younger annuitants or for those who elect to receive their benefits in some form more valuable than a single-life annuity, the corresponding ceilings are actuarially adjusted downward.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits and may also depend on the level of benefits guaranteed by PBGC.

NOTES TO FINANCIAL STATEMENTS

Note 6 – Plan Termination (Continued)

Prior to Termination Event (Continued)

As disclosed in Note 1, the Plan was frozen and no further benefits shall be accrued under the Plan. A frozen plan will continue to exist until all accrued benefits have been paid. The Employer has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA.

Subsequent to Termination Event

The Company amended the Plan to terminate the Plan effective August 16, 2021. Final distribution of Plan assets will be determined based on all participants being 100% vested. Generally, a participant may elect to receive either a lump sum distribution (including a direct rollover to another qualified retirement plan) or an annuity purchased from an insurance company.

The Company filed an application with the Internal Revenue Service requesting a determination letter for terminating the plan. As part of the application, the Company included an attachment promising to pay to the Plan the amount necessary, if any, to ensure that on the date the Plan administrator distributes the assets of the plan, the Plan is able to provide all benefits. The final distribution of plan assets, in the form of payments to participants who elect to receive lump sum distributions or through the purchase of annuities, must be completed 120 days after a favorable response is received from the Internal Revenue Service. The final distribution of assets was on October 29, 2021.

Note 7 – Information Prepared and Certified by Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Retirement, the trustee of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits (modified cash basis) as of December 31, 2021 and 2020, the fair value of the investments presented in Note 5, the supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year), and the supplemental Schedule H, line 4j – Schedule of Reportable Transactions for the year ending December 31, 2021 and the related investment activity reflected on the statements of changes in net assets available for benefits (modified cash basis) for the years ended December 31, 2021 and 2020.

On December 31, 2020, Empower Retirement (Empower) acquired the retirement business of MassMutual. Following an initial transition period Empower will become the sole administrator of this business. Through this transaction, business written by MassMutual is reinsured by Great-West Life & Annuity Insurance Company (GWLA) and in New York by Great-West Life & Annuity Insurance Company of New York, affiliates of Empower. Consequently, certain information included in MassMutual's certification was provided by GWLA on MassMutual's behalf and pursuant to a Power of Attorney granted to GWLA by MassMutual.

Note 8 – Related Party Transactions

Certain expenses incurred by the Plan and the Pension Benefit Guaranty Corporation (PBGC) insurance premium are paid for by Lanco International, Inc. and Subsidiaries, the Plan Sponsor.

Note 9 – Income Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated September 16, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

The plan administrator evaluated tax positions taken by the Plan and determined no tax liability was necessary for any uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

Note 10 – Party-In-Interest Transactions

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Empower Retirement (previously MassMutual See Note 7) is the trustee of the Plan and was paid fees of \$32,995 and \$88,706 for the years ended December 31, 2021 and 2020, respectively. Certain Plan investments are managed by Empower Retirement. Fees incurred by the Plan for the investment management services are included in the net appreciation in fair value of investments, as they are paid through revenue sharing, rather than as a direct payment.

Note 11 – Risks and Uncertainties

The Plan invests in various investments securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amount reported in the statement of net assets available for benefits (modified cash basis).

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based upon certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.
