Board of Directors
Kennelwood Village, Inc. 401(k) Plan
St. Louis, Missouri

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Kennelwood Village, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — 2021 Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December, 31 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a reputable insurance company agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the financial statements Kennelwood Village, Inc. 401(k) Plan as of and for the period from August 1, 2020 to December 31, 2021. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 20, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Kennelwood Village, Inc. 401(k) Plan

NOTES TO FINANCIAL STATEMENTS

NOTE A | DESCRIPTION OF PLAN

The following description of the Kennelwood Village, Inc. 401(k) Plan (Plan) is provided for general information purposes only. Participants should refer to the *Plan Document* for a more complete description of the Plan's provisions, which is available from the plan administrator.

General

The Plan was established on August 1, 2020 as a defined contribution 401(k) profit sharing plan covering eligible and participating employees of Kennelwood Village, Inc. (Company). Employees become eligible to participate in elective deferrals under the Plan when they have attained the age of 21 and completed one year of service with the Company. Employees become eligible to participate in the employer matching and profit sharing contribution under the Plan when they have attained the age of 21 and completed one year of service with the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 100% of their compensation not to exceed the applicable calendar year limit under Section 402(g)(1) of the Internal Revenue Code which is \$19,500 for 2021 and 2020. Participants age 50 and older may elect an additional catch-up deferral of \$6,500 for 2021 and 2020. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company may, at its discretion, make a employer matching and profit sharing contribution. The Company's Board of Directors did not approve a profit sharing contribution for the 2021 or 2020 Plan years. Profit sharing contributions are allocated among all eligible participants based on the ratio of each Qualifying Participant's compensation for the Plan year as a percentage of the total Qualifying Participants' compensation for the year. If a Qualified Participant terminates employment during the year they must have completed 500 hours of service during the year to be eligible for a portion of the profit sharing allocation. Participants direct the investment of their contributions as well as the Company's contributions into various investment options offered by the Plan. At December 31, 2021 and 2020, these options include a cash reserve account, common collective trust fund and various mutual funds.

Participants Accounts

Each participant's account is credited with the participant's contribution, an allocation of the Company's discretionary contribution, and plan earnings and charged with allocation of administrative expenses. Allocations of Plan earnings and administrative expenses are based on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions. Effective August 1, 2020, participants are 100% vested in the Company's discretionary matching contribution and profit-sharing contribution after two years of credible service. Upon reaching normal retirement age, disability or death a participant becomes 100% vested. A year of credited service for vesting purposes will be determined

Kennelwood Village, Inc. 401(k) Plan

NOTES TO FINANCIAL STATEMENTS

on the basis of the elapsed time method. The non-vested balance is forfeited upon the earlier of a five year break in service or upon distribution of a participant's vested account balance.

Payment of Benefits

Upon termination of service due to death, disability, retirement or other termination of employment, the vested balance of the participant's account will be paid to the participant or, in the case of death, to the participant's beneficiary. The plan also allows for in-service distributions upon attaining age 59½ and hardship distributions. Participants may elect to have benefits paid in the form of lump sums, installment payments, or partial payments.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance. Notes receivable are secured by the balance in the participant's account and bear an interest rate of 1% over the prime interest rate at the date the note receivable is requested. Principal and interest are repaid to the Plan through payroll deductions. A participant may have only one note receivable outstanding at any given time.

Administrative Expenses

Any expenses paid by the Plan are allocated proportionately based on the value of account balances. Certain investment related expenses are included in the net appreciation of investment.

Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. If the Plan is terminated, the participant's account balances will be 100% vested and non-forfeitable.

Subsequent Events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 14, 2022, the date the financial statements were available to be issued.

NOTE B | SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan prepares its financial statements on the accrual basis of accounting.

Valuation of Investments

Investments are reported at fair value except for the fully benefit-responsive investment contract, which is reported at contract value (Note E). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and in the principal and most advantageous market for the asset or liability.

Kennelwood Village, Inc. 401(k) Plan
NOTES TO FINANCIAL STATEMENTS

Payment of Benefits

Benefit payments to participants are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document.

Plan Tax Status

The Plan sponsor adopted a prototype standardized profit sharing plan document which obtained a favorable opinion letter dated March 31, 2014, in which the Internal Revenue Service stated the form of the Plan was acceptable under the applicable requirements of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. The Plan has not received a determination specific to the Plan itself. However, the plan's administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Generally accepted accounting principles (GAAP) requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audit by the taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is not subject to income tax examinations.

Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein and disclosures of contingent assets and liabilities at the date of the financial statements. Accordingly, actual results may differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

NOTE C | INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

Massachusetts Mutual Life Insurance Company by Great-West Life & Annuity Insurance Company, the trustee of the Plan, has certified the completeness and accuracy of certain information used by management to prepare the financial statements and accompanying notes. Accordingly, this information was not audited. The following is a summary of the information which was trustee furnished.

	<u>2021</u>	<u>2020</u>
Statements of Net Assets Available for Benefits:		
Investments	\$ 2,381,449	\$ 2,465,998

Interest income on notes receivable from participants	1,633	1,523
Supplemental Schedule of Assets (Held at Year End):		
Assets	2,398,788	

NOTE D | RELATED PARTY TRANSACTIONS AND PARTIES-IN-INTEREST

Personnel and facilities of the Company have been used to perform administrative functions for the Plan at no charge to the Plan. Certain Plan investments are a fixed interest annuity contract managed by Great-West Life Annuity Insurance Company and shares of mutual funds managed by MassMutual Life Insurance Company on behalf of Great-West Life Annuity Insurance Company. Mass Mutual is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party in interest transactions and are noted as such on the supplemental Schedule of Assets (Held at End of Year).

NOTE E | FAIR VALUE MEASUREMENT

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;

Kennelwood Village, Inc. 401(k) Plan
NOTES TO FINANCIAL STATEMENTS

- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2021 and 2020.

The methodologies described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Pooled Separate Accounts

Pooled separate accounts are valued based on the net asset value (NAV) of the separate accounts times the number of units held by the Plan at year end using quoted market prices. There are no conditions, limits or restrictions on redemption transactions and amounts can be redeemed on a daily basis. The pooled separate accounts invest in various mutual funds, fixed securities, short term securities, domestic stocks and international stocks each with their own investment strategies.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ -	\$ -	\$ -	-
Investments measured at NAV as a practical expedient				2,375,626
Total investments at fair value				\$ 2,375,626

Each IndexSelect strategy seeks to provide long-term investors with an asset allocation strategy designed to maximize assets for retirement consistent with the risk level and projected retirement date associated with each fund. The Funds are designed to automatically adjust their risk over time in order to reduce the risk of investment in equity securities and shift from a focus on capital appreciation to one of capital preservation, while maintaining some exposure to capital appreciation asset classes

IndexSelect Aggressive Fund seeks to maximize long-term capital appreciation; invests mainly in US and international equities with small allocations to fixed income and alternate strategies. Due to high exposure expect similar volatility to broad global equity markets subject to substantial principal variation.

IndexSelect Conservative Fund seeks for the focus to be providing income with some price appreciation. The model uses mostly fixed income investments, with a lesser equity allocation. Due to equity exposure, investors should expect a moderate level of principal volatility.

IndexSelect Conservative Retirement Fund seeks for the focus to be principal security. Asset allocation and balanced investment options and models are subject to the risks of the underlying funds, which can be a mix of stocks/stock funds and bonds/bond funds.

IndexSelect Moderate Fund seeks capital appreciation and current income utilizing equity and fixed income mutual funds.

Mutual funds are reported at fair value which agree to the supplementary schedule in the back of the financial statements. Unfunded commitments are not applicable and redemption frequency and notice period is daily.

NOTE E | GUARANTEED INVESTMENT CONTRACT

The Plan has a fully benefit-responsive guaranteed investment contract with Great-West Life Annuity Insurance Company totaling \$5,823 for 2021 and \$0 for 2020. Great-West Life Annuity Insurance maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1 percent. The crediting rate is reviewed on a monthly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Great-West Life Annuity Insurance, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include: (1) amendments to the Plan documents (including complete or partial Plan

termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

The following represents the total contract value of traditional investment contracts. No synthetic investment contracts were held by the Plan.

NOTE F | RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Included in investments was the following pooled separate accounts representing approximately 52 and 56 percent of the total investments at December 31, 2021 and 2020, respectively. A significant decline in the market value of this investment would significantly affect the Plan's net assets available for benefits:

	<u>2021</u>		<u>2020</u>
