Independent Auditors' Report

To the Pension Committee
The Electro Switch Corp. 401(K) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of the Electro Switch Corp. 401(K) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits (modified cash basis) as of December 31, 2021, and the related statement of changes in net assets available for benefits (modified cash basis) for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Electro Switch Corp. 401(K) Profit Sharing Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Electro Switch Corp. 401(K) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Electro Switch Corp. 401(K) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Electro Switch Corp. 401(K) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Electro Switch Corp. 401(K) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting described in Note 2.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Electro Switch Corp. 401(K) Profit Sharing Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 8, 2021 we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

THE ELECTRO SWITCH CORP. 401(K) PROFIT SHARING PLAN

Notes to Financial Statements

Note 1 – Description of the plan

The following brief description of The Electro Switch Corp. 401(K) Profit Sharing Plan (the “Plan”) is provided for general purposes only. More complete information is contained within the Plan documents.

General

The Plan is a defined contribution plan covering substantially all employees of Electro Switch Corp., Sunrise Technologies, Inc., and ES Beta, Inc. (collectively the “Company”). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Company is the Plan Administrator. In general, the Plan Administrator manages the operation of the Plan, subject to the terms and conditions of the Plan.

Empower Retirement, LLC (“Empower”) is the Custodian of the Plan’s assets and the record keeper.

Eligibility

All employees of the Company are eligible to participate if they have attained age 21 and have completed one month of service.

Contributions

Employer

The Company may contribute for each plan year an amount out of current or accumulated profits. The Company may contribute a percent of every dollar of eligible 401(k) compensation. The actual percent will be decided each year by the Company.

Employee

An eligible participant, who elects to contribute to the Plan via a deferred salary agreement, may contribute up to 75% of their compensation to the Plan. Contributions are subject to certain limitations specified by Internal Revenue Service (“IRS”) regulations. Participants aged 50 and above are also permitted by IRS regulations to make catch-up contributions.

Participant accounts

Each participant's account is credited with the participant's contribution and an allocation of the Company's contribution and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Employees are 100% vested in their contributions to the Plan. Employer contributions are subject to the following vesting schedule:

THE ELECTRO SWITCH CORP. 401(K) PROFIT SHARING PLAN

Notes to Financial Statements

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2 years	0
2 years (but less than 3)	20
3 years (but less than 4)	40
4 years (but less than 5)	60
5 years (but less than 6)	80
6 years or more	100

A service year is credited to a participant for each year in which the participant works at least 1,000 hours.

Payment of benefits

Participants in the Plan are entitled to benefits at normal retirement age (65) or upon termination of employment based on the balance in their accounts, which consists of allocations (unit basis) of Company contributions, investment income and voluntary employee contributions. Participants with vested balances greater than \$5,000 may elect to receive benefits in a lump sum cash payment, various annuities or installment payments. For participants with vested balances of \$5,000 or less, the entire balance will be distributed. For retired participants, the latest commencement date for distributions is April 1 of the calendar year following the year in which the participant attains age 72.

Notes receivable from participants

A participant may obtain a loan from their account in the Plan in an amount between \$1,000 and an amount not to exceed one-half of the participant's vested account balance or \$50,000, whichever is less. The term of the loan may not exceed five years, including a loan that is made for the purchase of the participant's primary residence. The loans are secured by the balance in the participant's account. Payments of principal and interest are made through payroll deductions. The interest rate ranged from 5.25% to 7.50% for loans outstanding at December 31, 2021.

Forfeited amounts

Non-vested forfeited amounts are used to first offset administrative expenses of the Plan, then to reduce Company contributions.

Note 2 – Summary of significant accounting policies

Method of accounting

The Plan prepares its financial statements and supplemental schedule on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Under the modified cash basis of accounting, contributions and expenses are not recognized until received or paid, respectively.

Accounting estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Administrative expenses

Certain costs of plan administration are absorbed by the Company.

THE ELECTRO SWITCH CORP. 401(K) PROFIT SHARING PLAN

Notes to Financial Statements

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See discussion under *Fair Value Measurements* for a description of valuation methodologies used for assets measured at fair value.

Purchases and sales of securities are reflected on a trade-date basis. Gain or loss on sales of investments is based on average cost. The Plan presents the net appreciation or depreciation in the fair value of its investments in the Statements of Changes in Net Assets Available for Benefits which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments. Interest income is recorded, as earned, on an accrual basis. Dividend income is recorded on the ex-dividend date.

Guaranteed investment contract

Guaranteed investment contracts held by a defined contribution plan are required to be reported at contract value which is the relevant measurement for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

Payment of benefits

Benefits are recorded when paid.

Risks and uncertainties

The Plan provides for various investment options within the pooled separate accounts, which invest in mutual funds and other investment securities. Investment securities are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, changes in the values of investment securities can occur and those changes could materially affect participant account balances, and the amounts reported in the Statements of Net Assets Available for Benefits.

On March 11, 2020, the World Health Organization classified an outbreak of the novel strain of coronavirus (COVID-19) a global pandemic, which has adversely impacted the global economy by disrupting supply chains, lowering equity market valuations, creating significant volatility and disruption in financial markets, and increasing unemployment levels. While the Plan considers these disruptions to be temporary, the full extent of the impact of COVID-19 on Plan assets and financial results will depend on numerous evolving factors that are difficult to predict. In addition, the Company cannot predict the impact that COVID-19 will have on employees and global markets; any material adverse effect on these parties could also have a material adverse effect on Plan assets. Management is carefully monitoring the situation and evaluating its options during this time. No adjustments have been made to these financial statements as a result of this uncertainty.

THE ELECTRO SWITCH CORP. 401(K) PROFIT SHARING PLAN

Notes to Financial Statements

Note 3 – Information prepared and certified by the Plan’s Trustee (unaudited)

The following information included in the accompanying financial statements and supplemental schedule was derived from data that has been prepared and certified as complete and accurate by Great-West Trust Company, LLC ("Trustee"):

	<u>2021</u>	<u>2020</u>
Mutual funds	\$ 19,024,123	\$ 16,414,796
Pooled separate accounts	29,167,375	26,088,878
Guaranteed investment contract, at contract value	23,168,667	23,560,512
Notes receivable from participants	651,622	648,348
Net appreciation in fair value of investments	6,246,649	8,459,775
Interest income	765,308	695,181
Interest income on notes receivable from participants	37,321	48,566

Note 4 – Fair value measurements

The Fair Value Measurements topic of the FASB Accounting Standards Codification (FASB ASC) establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are: Level 1, defined as observable inputs such as quoted prices in active markets; Level 2, defined as inputs other than quoted prices in active markets that are either directly or indirectly observable; and Level 3, defined as unobservable inputs in which little or no market data exists, therefore requiring an entity to develop its own assumptions. The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Mutual funds are valued at the NAV of shares held by the Plan at year-end. Mutual funds are classified within Level 1 of the valuation hierarchy.

Pooled separate accounts are investments measured at fair value using the net asset value (NAV) per share (or its equivalent) practical expedient and have not been categorized in the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	<u>December 31, 2021</u>	
	<u>Level 1</u>	<u>Total</u>

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

Note 5 – Guaranteed investment contract

The Plan has a benefit responsive guaranteed investment contract with Massachusetts Mutual Life Insurance Company. Massachusetts Mutual Life Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The investment contract is considered a “traditional” contract, meaning that the Plan owns the contract itself and not the underlying assets for the investment contract.

Because the guaranteed investment contract is fully benefit responsive, contract value is the relevant measurement attribute for the portion of net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the Statements of Net Assets Available for Benefits at contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by Massachusetts Mutual Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 3%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (2) changes to the Plan’s prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events that would cause a significant withdrawal from the Plan; or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan’s ability to transact at contract value with participants are probable of occurring.

Note 6 – Plan termination

Although the Company expects to continue the Plan indefinitely, termination may be made at any time by a resolution of the Board of Directors. Such termination shall mean each participant’s account will be 100% vested and nonforfeitable.

THE ELECTRO SWITCH CORP. 401(K) PROFIT SHARING PLAN

Notes to Financial Statements

Note 7 – Tax status

The Plan is a qualified trust under Section 401(a) and 401(k) of the Internal Revenue Code and is therefore exempt from Federal income taxes under Section 501(a).

The Plan has received a determination letter from the Internal Revenue Service dated March 31, 2014, stating that the Plan is qualified under the Internal Revenue Code ("IRC") and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed, and being operated, in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by Federal or State tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

Note 8 – Related parties

Affiliates and subsidiaries of the Trustee sponsor investments and provide recordkeeping services to the Plan. These investments and the administrative fees associated with the recordkeeping services qualify as party-in-interest transactions. Notes receivable from participants are also considered party-in-interest transactions. These transactions are considered exempt from the prohibited transactions rules under ERISA.

Note 9 – Subsequent events

The Plan has evaluated subsequent events and transactions through October 5, 2022, the date the financial statements were available to be issued and determined there were no subsequent events or transactions which would require recognition or disclosure in the financial statements.

Schedule C Soft Dollar Compensation Eligible Indirect Compensation Statement

Mutual fund investments of the plan (whether direct or indirect through a separate investment account) may have soft dollar arrangements pursuant to which the investment advisor or sub-advisor to the mutual fund (and/or its affiliates) may direct trades to certain brokers in exchange for research and other services, other than just trade execution. For plans investing directly or indirectly in the MassMutual Premier or Select Funds, MassMutual provided the required written disclosure regarding soft dollar compensation on the Schedule C Formula Description and/or EIC Statement Description Attachment. For all other mutual funds, MassMutual provided the required written disclosure in the Statement of Additional Information (“SAI”).

For additional information on soft dollar compensation, refer to the section of the mutual fund’s SAI that discusses brokerage allocation and other practices.
