INDEPENDENT AUDITOR'S REPORT

To Those Charged With Governance of
Refined Technologies 401(k) Plan
Spring, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Refined Technologies 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section.

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

(Continued)

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

The 2020 financial statements of Refined Technologies 401(k) Plan were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution.

Their report dated July 19, 2021, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and supplemental schedule, and (b) the form and content of the information included in the financial statements and supplemental schedule other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

REFINED TECHNOLOGIES 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE 1 – DESCRIPTION OF PLAN

The Refined Technologies 401(k) Plan (the Plan) is a defined contribution plan covering eligible employees of Refined Technologies, Inc., HOC Industries, Inc., Southern Brush S.W., Inc. and Southern Brush, LLC (collectively, the Company). The Plan was originally effective January 1, 2013 and was amended and restated effective January 1, 2021. The Plan was subsequently amended effective July 1, 2022 (see Note 8). The Plan is designed to encourage and assist eligible employees in adopting a regular savings program and to provide additional security for their retirement and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The following provides only general information. Participants should refer to the terms of the legal plan document for a more complete description of the Plan's provisions.

Effective January 1, 2021, Southern Brush, LLC was no longer a participating employer of the Plan. Assets were transferred out of the Plan on August 19, 2021, in the amount of \$785,987.

Administration: The Company serves as the plan administrator and is responsible for oversight of the operation and administration of the Plan, determines the diversification and appropriateness of the Plan's investment offerings, and monitors investment performance.

Eligibility: The Plan is provided for all eligible employees of the Company. Participation is available to all non-union employees who are at least 18 years of age and have completed six consecutive months of service from the date of employment. Participants may enter the Plan on the first day of the month coinciding with or next following their satisfaction of eligibility conditions.

Contributions: Participants may elect to defer up to 90% of their compensation, as designed, on a pretax or after-tax (Roth) basis subject to the amounts allowed under the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions subject to limitations of the IRC. The Plan also accepts participant rollover contributions and direct rollovers from other qualified plans or IRAs, as defined.

If a participant does not submit a salary deferral agreement or does not specifically decline to make salary deferrals, the Company will automatically withhold 6% from their pay and contribute it to the Plan on the participant's behalf in the form of an automatic elective deferral. The election will remain in effect until the participant modifies or terminates the election. Participants may revoke or make modifications to their salary deferral election at any time.

The Company will make a safe harbor matching contribution equal to 100% of a participant's salary deferrals, up to 4% of eligible compensation. The Company may make a discretionary profit sharing to the plan equal to a percentage of a participant's compensation or a discretionary dollar amount determined by the Company. During 2021, the Company did not make a discretionary profit-sharing contribution to the Plan.

Participant Accounts: Each participant's account is credited with the participant's contributions, rollover contributions, Company contributions, and an allocation of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations of administrative fees are based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options: Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers mutual funds and a guaranteed investment contract as investment options for participants. Participants may modify elections, transfer existing balances, and obtain information regarding investments on a daily basis.

NOTES TO THE FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Retirement, Death, or Disability: A participant is entitled to 100% of his or her account balance upon retirement, death, or disability.

Vesting: Participants are always 100% vested in their salary deferrals and rollovers, plus actual Plan earnings thereon. A participant's vested percentage in their accounts attributable to employer contributions, plus actual Plan earnings, thereon is based on years of vesting service. A participant is 100% vested in employer safe harbor contributions after two years of service and 100% vested in discretionary profit-sharing contributions after three years of vesting service.

Notes Receivable From Participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, reduced by an outstanding loan balance, if any, during the previous 12 months. The loans are secured by the vested balance in the participants' accounts. Interest rates are determined by the Company and are based on the prime rate plus 2% at the date of issuance. Principal and interest are repaid ratably through payroll deductions. Loan terms are limited to five years unless for the purchase of a principal residence, which could then be extended to 20 years. A participant may only have two loans outstanding at any given time.

Payment of Benefits: Upon termination of service before normal retirement age, a participant may elect to receive a single lump-sum payment in cash equal to the value of the participant's vested account balance, or to rollover the distribution directly to another qualified plan under section 401 of the IRC. If a participant's vested account balance does not exceed \$5,000 upon termination of employment, it will be automatically distributed regardless of whether a participant consents to receive it.

Upon normal retirement, disability, or death, the participant or beneficiary is entitled to receive the full amount credited to their account. Benefits may be paid to the participant in a single lump-sum payment in cash or a direct rollover to another qualified plan. If the participant or their beneficiary is required to take minimum distributions, benefits may be paid in a series of payments as required by the IRC.

Participants may receive an in-service distribution upon attaining age 59½, incurring a financial hardship, or incurring a disability. Hardship withdrawals are allowed only to satisfy certain immediate and heavy financial needs.

Forfeited Accounts: If a participant terminates employment before being fully vested, then the non-vested portion of the terminated participant's account balance remains in the Plan and is called a forfeiture. Forfeitures may be used to pay any administrative expenses or to reduce any employer contributions. At December 31, 2021 and 2020, there were \$46,284 and \$37,180, respectively, of forfeitures that had not yet been applied. During 2021, there were no forfeitures used to reduce employer contributions or pay plan expenses.

Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, all participants become 100% vested in their employer contributions.

Administrative Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Plan recordkeeping and trustee fees are paid by the Plan and are reflected in the financial statements as administrative expenses, investment-related expenses are included in net appreciation in fair value of investments.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting

Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts and disclosures, and actual results could differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments other than the fully benefit responsive investment contract are reported at fair value as further described in Notes 4 and 5. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Contract value is the relevant measure for the Plan's fully benefit-responsive investment contracts, because contract value is the amount Plan participants generally receive when executing transactions under the terms of the contract and Plan provisions.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

Benefit Payments: Benefits are recorded when paid.

Risks and Uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, credit and risks resulting from global events. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 3 – CERTIFIED INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC (the custodian and trustee of the Plan).

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

The following presents the valuation methods and assumptions used by the Plan to estimate the fair values of investments.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2021			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 21,033,355	\$ -	\$ -	\$ 21,033,355

(Continued)

NOTE 5 – KEY GUARANTEED PORTFOLIO FUND

The Plan holds a fully benefit-responsive group annuity contract with Great-West Life & Annuity Insurance Company (Great-West), which is called the Key Guaranteed Portfolio Fund (the Fund). Great-West maintains the contributions in a general account which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

Since the Fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Fund. The Fund is presented on the face of the statements of net assets available for benefits at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain investments limit the Plan's ability to transact at contract value with Great-West. Such events include the following: (1) premature termination of the contract by the Plan, (2) facility closings, (3) layoffs, (4) Plan termination, (5) bankruptcy, and (6) early retirement incentives. Currently, management believes that the occurrence of an event that would cause the Plan to transact contract distributions at less than contract value is not probable.

Great-West may not terminate the contract at any amount less than the contract value. Great-West is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula agreed upon with Great-West. Such interest rates are reviewed on a quarterly basis for resetting. The crediting rate of the product will be established based on the earnings of the underlying assets in the entire medium-long term portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions.

The average yield earned by the Plan for the group annuity contract is derived by averaging the quarterly gross interest rates for the Fund over the year. The average yield earned by the Plan for 2021 and 2020 was .90% and 1.04%, respectively.

NOTE 6 – TAX STATUS

The Internal Revenue Service issued an opinion letter dated June 30, 2020, indicating that the non-standardized pre-approved profit-sharing plan adopted by the Plan, as then designed, was in compliance with applicable requirements of the IRC. Although the Plan has been amended from the original non-standardized plan document, Plan management believes that the Plan is currently being operated in accordance with the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

NOTE 7 – PARTY IN INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. The Key Guaranteed Portfolio Fund and notes receivable from participants also reflect party-in-interest transactions.

NOTE 8 – SUBSEQUENT EVENT

Effective July 1, 2022, the Plan was amended and restated to amend the safe harbor contribution equal to 100% of a participant's salary deferrals, up to 6% of eligible compensation.

The Plan has evaluated subsequent events through October 14, 2022, the date the financial statements were available to be issued.
