1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of the
Rimkus Consulting Group, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Rimkus Consulting Group, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statement section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - 2021 Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i – Schedule of Assets Held at End of Year as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Other Matters - Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 28, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Rimkus Consulting Group, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2021

Note 1 - Description of the Plan

The following description of Rimkus Consulting Group, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the legal *Plan Document* for a more complete description of the Plan's provisions.

General

The Plan is a qualified retirement plan originally effective on January 1, 1992, covering all full-time employees of Rimkus Consulting Group, Inc. (the "Company") to provide them with the opportunity to save for retirement on a tax-advantaged basis. Another employer who has adopted the provisions of the Plan is Rimkus Building Consultants. The Plan is administered by the Company. Voya Institutional Trust Company ("Voya") is the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

With the exception of part-time, temporary, or seasonal employees, employees are eligible to participate in the Plan after attainment of age 21 years of age and completion of one month of service. An employee's entry date will be the first day of the month coinciding with or next following the date they satisfy the age and service requirements.

Contributions

Participants may elect to reduce their compensation by a specific percentage or dollar amount and have that amount contributed to the Plan as a salary deferral. There are two types of salary deferrals: pre-tax 401(k) deferrals and Roth 401(k) deferrals. Total deferrals in any taxable year may not exceed a dollar limit that is set by law. Participants at least age 50 or will attain age 50 before the end of a calendar year may defer additional amounts as catch-up contributions. Participants may make modifications or revoke their salary deferral election at any time.

The Company may make a discretionary matching contribution and a discretionary profit sharing contribution to the Plan. During 2021 and 2020, the Company matched up to 100% of the per-pay-period contribution of the participant's eligible compensation, limited to \$250 per month and/or \$3,000 per year per participant. There were no profit sharing contributions to the Plan in 2021 or 2020.

A participant is also permitted to deposit into the Plan distributions they have received from other retirement plans and certain IRAs as rollover contributions.

Participant accounts

Each participant's account is credited with the participant's contributions, employer contributions, rollovers, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Rimkus Consulting Group, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2021

Note 1 - Description of the Plan (Continued)Participant accounts (continued)

Participants direct the investment of their entire interest in the Plan into investment securities offered by the Plan. The Plan currently offers several pooled separate accounts and a guaranteed investment contract with Voya as investment options for participants.

Vesting

Participants are immediately vested in their contributions and rollovers plus actual Plan earnings thereon. Participants are vested in employer contributions based on years of service. Participants begin vesting at 25% after one year of service, increasing 25% each year thereafter, with the participant 100% vested after four years.

Forfeitures

If a participant terminates employment before being fully vested, then the non-vested portion of the terminated participant's account balance remains in the Plan and is called a forfeiture. The Company may use forfeitures to pay Plan expenses or to reduce employer contributions. At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$12,900 and \$43,026, respectively. Forfeitures of \$71,530 and \$11,320 were used to reduce employer contributions during 2021 and 2020, respectively.

Payment of benefits

Upon termination of employment, normal retirement, disability, or death, a participant may elect to receive a distribution equal to the value of the participant's vested interest in their account. Benefits under the Plan will generally be paid in cash only.

If the value of the participant's vested account balance does not exceed \$5,000, then the vested account balance may only be distributed in a single lump-sum payment. If the participant's vested account balance exceeds \$5,000, the participant may elect to receive a single lump-sum payment or partial withdrawals or installments.

Participants may be entitled to receive an in-service distribution. Generally, participants may receive a distribution from the Plan for certain accounts prior to their termination of employment provided that have attained age 59½. Participants may also withdraw money for financial hardship if they satisfy certain conditions.

During 2020, the Company made the election to allow participants to take Coronavirus related distributions ("CRDs") under the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"). CRDs were permitted to qualified individuals during 2020 not to exceed \$100,000 and were not subject to tax withholding or withdrawal penalties. If elected by participants, CRDs can be reinvested in the Plan, another qualified plan, or IRA over a three year period. Required minimum distributions during 2020 were also waived at the option of participants.

Rimkus Consulting Group, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2021

Note 1 - Description of the Plan (Continued)Notes receivable from participants

Loans are available to participants on a reasonably equivalent basis. Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 1/2 of their vested interest in the Plan. Note terms may not exceed five years unless the loan is for the purchase of a principal residence. The notes are adequately secured by the balance in the participant's account and bear a reasonable rate of interest.

During 2020, the Company made the election to allow participants to take Coronavirus related loans under the CARES Act. Coronavirus-related loans were permitted to qualified individuals up to the lesser of \$100,000 or 100% of a participant's vested balance. As part of the CARES Act, if elected by participants, loan repayments due between March 27, 2020 and December 31, 2020 could be delayed for up to one year while still accruing interest.

Plan termination

Although the Company intends to maintain the Plan indefinitely, the Company reserves the right to terminate the Plan at any time. Upon termination, no further contributions will be made to the Plan and all amounts credited to participants' accounts will become 100% vested. The Company will direct the distribution of participants' accounts.

Note 2 - Summary of Accounting PoliciesBasis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the Company to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income and other income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Rimkus Consulting Group, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2021

Note 2 - Summary of Accounting Policies (Continued)Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent events

The Plan has evaluated subsequent events through October 13, 2022, the date the financial statements were available to be issued.

Note 3 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under the Financial Accounting Standards Board's Accounting Standards Codification Topic 820 are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Note 3 - Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

- Pooled separate accounts – Valued at the net asset value (“NAV”) of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the accounts less its liability. This practical expedient is not used when it is determined to be probable that the accounts will sell the investment for an amount different than the reported NAV.

The following table sets forth the Plan’s assets at fair value as of December 31, 2021 and 2020:

	<u>2021</u>	<u>2020</u>
Investments measured at net asset value:		
Pooled separate accounts at fair value	\$ 64,434,936	\$ 53,321,272
Investments at fair value	\$ 64,434,936	\$ 53,321,272

Fair value of investments that calculate net asset value

The following table summarizes investments measured at fair value based on NAVs per share as of December 31, 2021 and 2020, respectively:

	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
December 31, 2021	\$ 64,434,936	N/A	Daily	Daily
December 31, 2020	\$ 53,321,272	N/A	Daily	Daily

Note 4 - Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest, and interest income on notes receivable from participants for the years then ended, was obtained by the Company and agreed to or derived from information certified as complete and accurate by the Voya.

Note 5 - Guaranteed Investment Contract with Voya

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Voya. Voya maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Voya is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by Voya but may not be less than 1% and is reviewed for resetting.

Rimkus Consulting Group, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2021

Note 5 - Guaranteed Investment Contract with Voya (Continued)

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Voya, represents contributions made under the Contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct withdrawals or transfer all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on Voya's ability to meet its financial obligations. Voya's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with Voya. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with Voya and that also would limit the ability of the Plan to transact at contract value with the participants. In addition, certain events allow Voya to terminate the contract with the Plan and settle at an amount different from contract value. However, the Company is not aware of the occurrence or likely occurrence of such events in which Voya would terminate the contract.

Note 6 - Tax Status

The Plan adopted a non-standardized pre-approved profit sharing/money purchase/CODA plan which obtained its latest opinion letter dated June 30, 2020, in which the Internal Revenue Service ("IRS") stated that the prototype plan, as designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the Company believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires the Company to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Rimkus Consulting Group, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2021

Note 8 - Related Party Transactions and Party-In-Interest Transactions

Certain Plan investments are pooled separate accounts and a guaranteed investment contract managed by Voya. Voya is the trustee and recordkeeper for the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Voya provides certain administrative services to the Plan pursuant to a service agreement between the Company and Voya. Voya receives revenue from mutual fund service providers for services they provide to the funds. This revenue is used to offset certain amounts owed to Voya for its administrative services to the Plan.

If the revenue received by Voya from such mutual fund service providers exceeds the amount owed under the service agreement, Voya remits the excess to the Plan. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of participants. The Company may make a payment to Voya for administrative expenses not covered by revenue sharing.
