INDEPENDENT AUDITOR'S REPORT

Teijin Automotive Technologies
401(k) Plan and Participants
Auburn Hills, Michigan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of the Teijin Automotive Technologies 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

CUSMANO & CO., P.C.

- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

CUSMANO & CO., P.C.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions as of December 31, 2021 and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other

CUSMANO & CO., P.C.

than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 12, 2021, we indicated that, (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion, and, accordingly, we did not express an opinion on the Plan's 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

TEIJIN AUTOMOTIVE TECHNOLOGIES
401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE A - Description of Plan

The following description of the Teijin Automotive Technologies 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document and Summary Plan Description for a more complete description of the Plan’s provisions.

General

The Plan is a 401(k) defined contribution plan covering all employees of Teijin Automotive Technologies and subsidiaries (“Company”) who are age eighteen and older. Employees are eligible to participate in the Plan as of their employment commencement date. Participants are also eligible to receive a matching and a profit sharing contribution. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, total contributions made on the participant’s behalf may not exceed 100% of their annual pretax compensation, as defined in the Plan. Participants may also rollover amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company will make safe harbor matching contributions, based on a percentage of participant contributions, and nonelective contributions. The Company may make discretionary matching contributions based on a percentage, to be determined annually by the Company’s Board of Directors, of the employees’ deferral contributions to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, related employer matching contributions, and employer nonelective contributions. The Plan’s income is allocated to the participants based on their respective fund earnings or account balances, as defined in the Plan.

Vesting

Participants are immediately vested in their voluntary contributions, Company safe harbor matching contributions, and Company nonelective contributions plus actual earnings thereon. A participant is 100% vested in any discretionary Company matching contributions plus actual earnings thereon after one year of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant’s account and bear interest at 1% over the prime rate. Principal and interest are paid ratably through weekly payroll deductions.

Payment of Benefits

On termination of service, death, disability or retirement, a participant or his or her beneficiaries may elect to receive the value of his or her vested interest in a lump-sum or installments over a period of years. Participants

401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE A - Description of Plan (continued)

may also request a distribution for all or part of their account that is attributable to their voluntary contributions in the event of financial hardship, as defined in the Plan.

Forfeited Accounts

Forfeited nonvested accounts approximated \$8,900 and \$17,400 at December 31, 2021 and 2020 respectively. These amounts may be used to reduce future employer contributions or pay plan expenses. Forfeited amounts were used to reduce employer contributions by approximately \$24,000 and to pay approximately \$1,500 in plan expenses for the year ended December 31, 2021. Forfeited amounts were used to pay approximately \$7,000 in plan expenses for the year ended December 31, 2020.

NOTE B - Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive contracts, which are reported at fair value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases making loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

TEIJIN AUTOMOTIVE TECHNOLOGIES
401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE B - Summary of Accounting Policies (continued)

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses consist of loan and maintenance fees and certain fees related to the overall operation of the Plan. Fees are either charged to the specific accounts of the participants who incurred these charges or allocated to participant accounts. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in the net appreciation (depreciation) of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 13, 2022, the date the financial statements were available to be issued.

NOTE C - Information Certified by the Trustees

Certain information related to the Plan's investments and notes receivable from participants included in the financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2021 and 2020, and the associated investment income (loss) and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, the trustees of the Plan. This information has not been audited by the independent accountants.

NOTE D - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
---------	---

TEIJIN AUTOMOTIVE TECHNOLOGIES
401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE D - Fair Value Measurements (continued)

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Registered investment funds: Valued at the daily closing price as reported by the fund. Registered investment funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Small cap growth collective trust fund: Valued at the net asset value of units held in the collective trust fund as reported by the manager of the fund. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. The fund is invested entirely in another collective trust fund, with the objective of delivering long-term growth of capital by investing in smaller capitalization companies with earnings growth potential that appear likely to outpace market expectations.

This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. The fund is invested entirely in another collective trust fund, with the objective of delivering long-term capital appreciation by investing in smaller capitalization companies that are believed to be undervalued.

NOTE E - Guaranteed Investment Contract

The Plan has a fully benefit-responsive guaranteed investment contract with Great-West Life & Annuity Insurance Company (Great-West). Great-West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Guaranteed investment contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The crediting interest rate is based on a formula agreed upon with the issuer. The average crediting rate was approximately 0.9% and 1.04% for the years ended December 31, 2021 and 2020, respectively. The crediting rate is reviewed on a quarterly basis for resetting.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, plant closings, mergers or early retirement incentives) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the Plan's ability to transact at contract value with the contract issuer and that would also limit the ability of the Plan to transact at contract value with the participants.

TEIJIN AUTOMOTIVE TECHNOLOGIES
401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE E - Guaranteed Investment Contract (continued)

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) a breach of material obligation under the contract or (2) a material misrepresentation.

NOTE F - Party-in-Interest Transactions

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain plan assets are investment funds managed by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, the trustees of the Plan, and certain affiliated companies, and therefore, these transactions qualify as party-in-interest transactions. Plan investments incur fees for fund management which are recorded as a reduction of the return earned on each fund. Transactions during the year with parties-in-interest include certain administrative services and professional fees, see Note B.

Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC provide certain administrative services to the Plan pursuant to the plan agreement and receive revenue from investment fund service providers for services provided to the funds. This revenue is used to offset certain amounts owed to Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC for administrative services provided to the plan.

NOTE G - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

NOTE H - Tax Status

The Company has adopted a non-standardized pre-approved plan document sponsored by Great-West Trust Company, LLC. The Internal Revenue Service has informed the non-standardized pre-approved plan sponsor with an opinion letter dated June 30, 2020, that the non-standardized pre-approved plan satisfies the applicable provisions of the Internal Revenue Code. The Plan itself has not received a determination letter from the Internal Revenue Service. However, the Plan's administrator and the Plan's trustee believe that the Plan is designed and is currently being operated in compliance with the non-standardized pre-approved plan document and applicable requirements of the Internal Revenue Code.

401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE H - Tax Status (continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE I - Risks and Uncertainties

The Plan invests in various investment securities as directed by plan participants. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE J - Nonexempt Transactions

In 2021, the Company did not remit certain participants' 401(k) deferral contributions for two payroll periods within the timeframe prescribed by the Department of Labor. These are deemed prohibited transactions in accordance with ERISA and the IRC. The Company has fully corrected the prohibited transactions in 2021, including submission of the required Form 5330 to the IRS and payment of the appropriate interest and excise tax.
