INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of and Participants in the
Kubota Manufacturing of America Corporation 401(k) Plan & Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Kubota Manufacturing of America Corporation 401(k) Plan & Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these 2021 financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Auditor's Report on the 2020 Financial Statement

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform any auditing procedures with respect to the information certified by Wells Fargo Bank, N.A., the trustee of the Plan. In our report dated October 11, 2021, we indicated that: (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements; and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were prepared in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020**

1. DESCRIPTION OF PLAN

The following description of the Kubota Manufacturing of America Corporation 401(k) Plan & Trust (the Plan) is provided for general information purposes only. Participants should refer to the official Plan document for complete information.

General

The Plan is a defined contribution plan covering substantially all employees of Kubota Manufacturing of America Corporation 401(k) Plan & Trust and Kubota Industrial Equipment Company (collectively, the Company), except for nonresident alien employees, leased employees of the Company, and employees of Kubota Corporation. The Plan, as adopted by the Company, is a profit-sharing plan with a 401(k) arrangement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility and Employee Contributions

Employees of the Company are eligible for participation in the Plan if they have attained age 18 and have completed one hour of service within the two-month time period following the date of employment. Participants direct the investments of their contributions, as well as their allocable Company contributions into any investment option offered by the Plan.

Employees may elect to defer up to 100% of eligible compensation subject to certain Internal Revenue Code (IRC) limitations. Unless eligible employees opt out within 60 days following date of hire, the Plan provides for automatic enrollment at a 3% deferral rate. For all participants who have elected a deferral percentage of at least 1% of compensation, the participant's deferral percentage will increase 1% each January 1st until the deferral percentage reaches 6% of compensation. The Plan also offers a qualified Roth contribution program. Under this program, participants may elect to treat all or a portion of their contributions that would otherwise be eligible to defer as pre-tax contributions as designated Roth contributions, as defined in Section 402A(c)(1) of the IRC. An employee may terminate his or her election to participate at any time. Participants may also elect to make supplemental catch-up contributions, subject to IRC limitations. Employees may roll over into this Plan amounts that represent a qualified total distribution or a complete distribution from an individual retirement account or individual retirement annuity, as defined by the IRC and the Plan.

Company Contributions

The Company, under a qualified automatic contribution arrangement (QACA), provides a safe harbor matching contribution provision equal to 100% of a participant's elective deferrals not exceeding 1% of the participant's compensation plus 50% of each participant's elective deferrals in excess of 1%, but not in excess of 6% of the participant's compensation. The Company may also elect to make discretionary additional matching contributions to the Plan not to exceed 4% of eligible compensation. For the year ended December 31, 2021, the Company made additional matching contributions of 1.5% of each participant's annual compensation, as defined. In order for participants to be eligible for the Company's additional matching contribution, they must be employed with the Company on the last day of the Plan year and have completed 1,000 hours of credited service.

1. DESCRIPTION OF PLAN – CONTINUED

Participant Accounts

Individual accounts are maintained for each participant. Each participant's account is credited with the participant's contributions, allocation of the Company's contributions and Plan earnings and is charged with withdrawals and an allocation of administrative expenses and Plan losses. Allocations are based on participant earnings (losses) or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested 100% at all times in their 401(k) salary deferral and post-tax contributions and earnings thereon. A participant's interest in Company QACA safe harbor contributions is 100% vested after completion of two years of service. Participants vest in all other Company contributions and related earnings in accordance with the following vesting schedule:

Years of Service	Vested Percentage
Less than 1	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

In addition, participants become 100% vested upon attainment of the normal retirement age of 65 or early retirement age defined as age 55 with five years of service.

Withdrawals and Distributions

A participant's vested account balance may be withdrawn before normal retirement, early retirement or termination of employment only under certain hardship conditions, if the participant becomes disabled or upon attainment of age 59½.

Upon normal retirement, death, or disability, a participant may elect to receive payment in a lump sum, installments or various forms of retirement annuities.

**KUBOTA MANUFACTURING OF AMERICA
CORPORATION 401(k) PLAN & TRUST
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020**

1. DESCRIPTION OF PLAN – CONTINUED

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum of \$50,000 or 50% of their account balance, whichever is less. The minimum amount that can be borrowed is \$1,000. The loans are secured by the balance in the participant's account and bear interest at the current prime lending rate of Wells Fargo Bank, N.A., plus 2% or such other rate as is prescribed by the Plan administrator based on periodic re-evaluations of the adequacy of such rate. Principal and interest are paid ratably through payroll deductions over periods generally ranging up to five years.

Plan Administration

The Plan is administered by the Company. Wells Fargo Bank, N.A. served as the trustee of the Plan through May 31, 2021 at which time Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company assumed this role.

Administrative Expenses

The Company pays substantially all administrative costs of the Plan, except for trustee fees and various fees associated with processing loans and distributions, which are paid by the Plan and are included on the statement of changes in net assets available for benefits.

Forfeitures

At December 31, 2021 and 2020, forfeited nonvested accounts totaled approximately \$767,800 and \$500,000, respectively. These accounts are used to reduce Company profit sharing contributions. For the year ended December 31, 2021, the employer discretionary contributions (which are reflected as Company receivables in the statement of net assets available for benefits as of December 31, 2021) were reduced by forfeitures totaling approximately \$441,000.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**KUBOTA MANUFACTURING OF AMERICA
CORPORATION 401(k) PLAN & TRUST
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020**

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Risks and Uncertainties

The Plan's investments include mutual funds and CCT funds. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3.

Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

3. FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement* are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2021 and 2020.

Mutual funds: Valued based on quoted market prices.

CCT funds: Valued at net asset value (NAV) by the issuer of the CCT fund based on the fair market value of the underlying investments. There are no redemption restrictions or unfunded commitments relative to the CCT funds.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020. There were no Level 2 or 3 investments.

Fair Value Measurements as of December 31, 2021		
	Level 1	Total
Investments, at fair value		
Mutual funds	\$ 91,836,677	\$ 91,836,677
Investments, at NAV		
CCT funds ^(a)		14,304,181
Total investments, at fair value		<u>\$ 106,140,858</u>

**KUBOTA MANUFACTURING OF AMERICA

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020**

3. FAIR VALUE MEASUREMENT – CONTINUED

Fair Value Measurements as of December 31, 2020		
	Level 1	Total
Investments, at fair value		
Mutual funds	\$ 73,309,068	\$ 73,309,068
Investments, at NAV		
CCT funds ^(a)		12,290,405
Total investments, at fair value		<u>\$ 85,599,473</u>

^(a)In accordance with FASB ASC Subtopic 820-10, certain investments that were measured at NAV per unit (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits. Also if an investment is measured using the NAV per unit (or its equivalent) as the practical expedient in FASB ASC 820 and that investment is in a fund that files a Form 5500, *Annual Return/Report of Employee Benefit Plan*, as a direct filing entity, disclosure of that investment's strategy will no longer be required.

4. INFORMATION CERTIFIED BY PLAN TRUSTEE

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2021 and 2020, and net appreciation in fair value of investments and interest and dividends for the year ended December 31, 2021, was obtained or derived from information prepared by the respective trustees and furnished to the Plan administrator. The Plan administrator has obtained certifications from the trustee that such information is complete and accurate.

5. PARTY-IN-INTEREST TRANSACTIONS

During 2021 and 2020, the Plan held investments, which were units of CCT funds and mutual funds managed by the trustee; therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services are included as a reduction of the return earned on each fund. Additionally, for the year ended December 31, 2021, the Plan paid administrative and recordkeeping fees of approximately \$188,000 to the Plan's recordkeeper and investment management fees of \$70,000 to the Plan's investment advisor.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

**KUBOTA MANUFACTURING OF AMERICA
CORPORATION 401(k) PLAN & TRUST
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020**

7. TAX STATUS

The Plan uses a prototype plan document sponsored by Wells Fargo Bank, NA. The prototype plan document received an opinion letter from the Internal Revenue Service (IRS), dated March 31, 2008, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. The prototype document has been amended since receiving the opinion letter; however, Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. SUBSEQUENT EVENTS

The Plan administrator has evaluated subsequent events through October 14, 2022, which is the date the financial statements were available to be issued and have determined that there are no subsequent events that require disclosure under FASB ASC 855, *Subsequent Events* other than as disclosed in Note 1 with regards to change in Plan recordkeeper.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2021 and 2020:

	<u>2021</u>	<u>2020</u>
Net assets available for benefits per financial statements	\$112,217,807	\$ 91,431,639
Less: Company contributions receivable	-	(1,316,367)
Less: Deemed distributions for participant loans	<u>(18,158)</u>	<u>(19,895)</u>
Net assets available for benefits per Form 5500	<u><u>\$112,199,649</u></u>	<u><u>\$ 90,095,377</u></u>

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to net income per the Form 5500 for the year ended December 31, 2021:

Net increase in net assets available for benefits per financial statements	\$ 20,786,168
Change in deemed loans	1,737
Plus: Prior year Company contributions receivable	<u>1,316,367</u>
Net income per Form 5500	<u><u>\$ 22,104,272</u></u>
