Independent Auditor's Report

Plan Administrator
Electrosonic, Inc. 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of the Electrosonic, Inc. 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Electrosonic, Inc. 401(k) Retirement Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Electrosonic, Inc. 401(k) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Independent Auditor's Report

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Electrosonic, Inc. 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of Electrosonic, Inc. 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Electrosonic, Inc. 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Independent Auditor's Report

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Electrosonic, Inc. 401(k) Retirement Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 8, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion, and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Electrosonic, Inc. 401(k) Retirement Plan

Notes to the Financial Statements

December 31, 2021 and 2020

1. Description of Plan

The following brief description of the Electrosonic, Inc. 401(k) Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information regarding the Plan's definitions, benefits, and eligibility requirements and other matters.

General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established on April 1, 1987. Electrosonic, Inc. (the "Company"), an audio-visual company with extensive experience in designing, project managing, engineering, and supporting audio-visual systems with headquarters in Orlando Florida, is the Plan Sponsor and Administrator. Management fees and investment transaction fees are paid by the Plan. Other Plan expenses are paid by the Company. Prior to 2019, all employees, as defined in the Plan document, who have reached age twenty-one and have completed three months of service with more than 157 hours of service each month or a total of 501 hours of service for the period, were eligible to participate in the Plan. Beginning January 1, 2019, all employees, as defined in the restated Plan document, who have reached age twenty-one, have completed three months of service, and are regularly scheduled to work more than 1,000 hours of service during the Plan year are eligible to participate in the Plan.

On March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The CARES Act provided temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions, and participant loans. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the plan document. Plan management has adopted certain relief provisions included in the CARES Act.

In 2021, the Plan changed service providers from Principal Trust Company and Principal Life Insurance Company (collectively "the Custodians") to Fidelity Management Trust Company (the "Trustee").

Contributions

The 401(k) feature allows participants to contribute a portion of their compensation to the Plan on a pretax basis. Participants may contribute up to 100% of pretax annual compensation. Through April 2020, the Company made a matching contribution for eligible participants of 100% of the first 3% of compensation that a participant contributes to the Plan and 50% of the next 2% of compensation that a participant contributes to the Plan. Due to the COVID-19 pandemic, this match was suspended in 2020, and the Company reinstated the match in April 2021. Participant and Company matching contributions are subject to certain limitations set forth by the Internal Revenue Code. Participants age 50 or older are allowed to make catch-up contributions as set forth by the Internal Revenue Code.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollover contributions, and Company matching contributions. Participants may direct the investment of their accounts and the contributions thereto. Earnings are allocated based on participants' account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their salary deferral contributions and earnings thereon. Participants are immediately vested in employer matching and discretionary contributions and earnings thereon.

Forfeited Accounts

Forfeitures of matching and additional discretionary contributions are used to reduce plan expenses and discretionary contributions, respectively. There were no unallocated forfeitures at December 31, 2021 and 2020, and there were no forfeitures used to reduce plan expenses for the year ended December 31, 2021.

Electrosonic, Inc. 401(k) Retirement Plan

Notes to the Financial Statements

December 31, 2021 and 2020

1. Description of Plan (Continued)

Notes Receivable From Participants

The Plan allows participants to borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan terms range from one to five years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. Interest rates were 3.25% - 5.50% at December 31, 2021 and December 31, 2020. Principal and interest are paid ratably through regular payroll deductions. Upon termination of service, outstanding loans are reclassified and reported as benefits paid to participants.

Pursuant to the CARES Act, as amended in the Plan, Plan participants could elect to defer loan repayments that occurred between March 27, 2020 and December 31, 2020. The ability to request to defer loan repayments under the CARES Act ceased as of December 31, 2020. As part of the amendment, the Plan also allowed for loans to be borrowed up to the lesser of \$100,000 or 100% of an impacted participant's vested balance for 180 days, which began on March 27, 2020.

Investment Allocation

Upon enrollment in the Plan, a participant may direct employee and employer contributions and account balances to a variety of investment options. All investments are participant directed. Participants may change their investment allocation daily.

Payment of Benefits

Distributions will be made as soon as administratively feasible following termination, retirement, disability, death, or hardship. Distributions are made in a lump-sum payment. For terminated employees, vested accounts less than \$1,000 may be subject to a mandatory distribution through a lump sum payment. Vested accounts of terminated employees with balances greater than \$1,000 but less than \$5,000 may be subject to a mandatory distribution through a rollover into an individual retirement account or distributions through a lump sum payment.

Pursuant to the CARES Act, as amended in the Plan, Plan participants were permitted to take coronavirus-related distributions in an amount up to \$100,000 of the participant's vested balance from the Plan, with repayment terms of up to three years, in accordance with the CARES Act. The ability to request special coronavirus-related distributions under the CARES Act ceased as of December 31, 2020.

2. Summary of Significant Accounting Policies

Basis of Accounting - Accrual Method

The financial statements of the Plan are prepared under the accrual method of accounting.

Accounting Estimates

Management uses estimates and assumptions in preparing these financial statements in accordance with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amounts of assets and liabilities, and the changes therein, and the disclosure of contingent assets and liabilities. The most significant estimate relates to the valuation of the investments. Actual results could differ from those estimates, and the differences could be significant.

Investment Valuation and Income Recognition

Investments are reported at fair value, with the exception of the stable value fund, which is reported at contract value as of December 31, 2021 and 2020. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note 4 for disclosure of fair value measurements.

2. Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized gains and losses on investments bought and sold during the year, as well as unrealized gains and losses on investments held during the year, are presented in the net appreciation in fair value of investments.

Fully Benefit-Responsive Investment Contracts

In accordance with generally accepted accounting principles, investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through collective trusts. As required by the Financial Accounting Standards Board Accounting Standards Codification, the statement of net assets available for benefits presents the fair value of the investments in the collective trusts as well as the adjustment of the investments in the collective trusts from fair value to contract value relating to the investment contracts. The statement of changes in net assets available for benefits is prepared on a contract value basis for the stable value fund.

Fair Value of Financial Instruments

The Plan's accounting for fair value measurements of assets and liabilities that are recognized or disclosed at fair value in the financial statements on a recurring or nonrecurring basis adheres to the Financial Accounting Standards Board (FASB) fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

- Level 1 Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.
- Level 2 Inputs are inputs other than quoted prices included in Level 1 inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.
- Level 3 Inputs are unobservable inputs for the asset or liability used to measure fair value to the extent that observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability at measurement date.

The level in the fair value hierarchy within which a fair value measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

Payment of Benefits

Benefit payments are recorded when paid.

Administrative Expenses

Custodial fees are primarily paid by the Company or through the application of forfeited funds. Administration fees and investment transaction fees are paid by the Plan.

Notes Receivable

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

4. Fair Value Measurements (Continued)

The reconciliation of the beginning and ending balances for assets and liabilities measured at fair value using significant unobservable inputs (Level 3) is as follows at December 31:

	2021
Guaranteed Investment Contracts	
Beginning Balance - January 1	\$ 90,553
Settlements	(28)
Interest Income	141
Participant initiated investment balance transfers	(90,666)
Ending balance at December 31	\$ -

The following table provides further details of this Level 3 fair value measurement.

Quantitative Information about Level 3 Fair Value Measurements			
December 31, 2020	Valuation Techniques	Unobservable Input	Range
Guaranteed interest contracts	Adjustment of contract value to fair value based on market interest rates	Market interest rates	.97 to 1.20%

Pooled separate accounts were valued at net asset value as determined by the Custodians based on the fair value of the underlying investments of each pooled separate account. The valuation of the underlying investments of each pooled separate account depends on the types of investments held by the pooled separate account and may be based on unobservable inputs. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end using quoted market prices. Guaranteed interest contracts are valued at fair value as determined by the Custodians using the contract value of the investment adjusted to fair value based on current market interest rates to the extent these rates exceed the contract's crediting rates.

5. Guaranteed Interest Contracts

The Plan had entered into an investment contract that is not fully benefit-responsive with the Custodians. The Custodians maintained the contributions in a general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the statement of net assets available for benefits at fair value, using the contract value of the investment adjusted to fair value based on current market rates to the extent these rates exceed the contract's crediting rates. Participants may ordinarily withdraw or transfer all or a portion of their investment value. These funds were closed in the transfer from Principal to Fidelity and did not have a balance at December 31, 2021.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average yield and crediting interest rates ranged from .97% to 1.20% in 2020. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting.

6. Party-In-Interest

The Plan's investment funds are primarily managed by the Trustee and Custodians, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to the Trustee and Custodians for the administrative service amounted to approximately \$46,000 for the year ended December 31, 2021.

7. Plan Termination

Although the Company has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants will become 100% vested in their Employer contributions, and the Plan assets will be distributed according to the provisions of the Plan documents.

8. Income Tax Status

The Internal Revenue Service determined and informed the Plan Sponsor by letter dated November 25, 2015 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, management believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Effective with the transfer of the assets from Custodians to the Trustee, the Plan adopted the Fidelity Volume Submitter Plan, which received an opinion letter from the Internal Revenue Service dated June 30, 2020 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code.

9. Risks and Uncertainties

The Plan invests in various investment securities. The Plan's investments are exposed to various risk factors, such as interest rates, market conditions and credit risk. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investment securities, it is possible that changes in risk factors in the near term could materially affect the amounts reported in the financial statements.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits from the financial statements to the Form 5500 at December 31:

	2021	2020
