Independent Auditor's Report

Plan Trustee and Management of GT's Living Foods 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of GT's Living Foods 401(k) Plan (the "Plan") an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2021 and 2020, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued (or, when applicable, one year after the date that the financial statements are available to be issued).

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is

not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) and the schedule of delinquent participant contributions as of and for the year ended December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Trustee instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 1, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient

appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**GT'S LIVING FOODS 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020**

1. Description of Plan

The following description of the GT's Living Foods 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

a. General

The Plan is a defined contribution plan originally established September 1, 2014 as Millennium Products, Inc. 401k Plan, and subsequently renamed on July 1, 2017, by GT's Living Foods, LLC (the "Company", "Employer" or "Plan Sponsor"). The Plan was formed under the provisions of Section 401(a) of the Internal Revenue Code ("IRC"), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Effective December 21, 2020, the Plan transferred the assets from Capital Bank and Trust Company to Empower Retirement.

b. Administration

The Plan administrator is responsible for the day-to-day administration and operation of the Plan. Empower Retirement (the "Custodian" and "Recordkeeper") is the custodian of the Plan's assets and also maintains the individual participant account balances for the years ended December 31, 2021 and 2020. The Custodian has the power to administer the Plan and apply all of its provisions on behalf of the Plan Sponsor. The Plan Sponsor has the discretion to appoint or remove any trustee or agent of the Plan.

c. Eligibility

The Plan generally covers all employees of the Company who are age 21 or older and have completed 6 consecutive months of service with at least 80 hours in each month. Excluded employees include union employees, non-resident aliens, self-employed individuals, employees whose compensation is based solely on commissions, and employees who are not eligible for employer provided health and welfare benefits. Employees may enter the Plan quarterly on the first day of the month subsequent to when eligibility requirements have been met.

d. Participant Contributions

Participants may contribute to the Plan up to 100% of eligible compensation through elective, pre-tax, and Roth salary deferrals, subject to IRC limits of \$19,500 for the years ended December 31, 2021 and 2020. Upon reaching the age of 50, participants may make additional catch-up contributions limited to \$6,500 for the years ended December 31, 2021 and 2020.

Participants may also make rollover contributions from other qualified defined contribution or benefit plans and certain individual retirement accounts.

e. Employer Contributions

The Company makes safe harbor matching contributions equal to 100% of the first 3% of salary deferred by a participant and an additional 50% of the next 2% deferred. Participants become eligible to participate in matching contributions upon satisfying the eligibility requirements. Employer contributions totaled \$505,531 and \$422,580 for the years ended December 31, 2021 and 2020, respectively.

The Company may make a discretionary additional matching contribution. If the Company makes a discretionary additional matching contribution, the discretionary additional matching contribution will not apply as to elective deferrals exceeding 6% of the participant's compensation. To be eligible for these contributions, participants must be employed on the last day of the Plan year. The Company did not make any discretionary additional matching contributions for the years ended December 31, 2021 and 2020.

f. Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions, the Company's contributions, and an allocation of the Plan's earnings and expenses. Participants can direct their account into a variety of investments offered by the Custodians. The benefit to which a participant is currently entitled is the benefit that can be provided from the participant's vested account.

g. Vesting

Participants are always 100% vested in their contributions, catch-up contributions, rollover contributions, safe harbor matching contributions, and the earnings thereon. Prior to 2018, participants vested in Employer contributions and any earnings thereon as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
1	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Participants become 100% vested in their accounts if they are employed with the Company and reach normal retirement age (59 ½), become totally disabled, die, or if the Plan terminates.

h. Forfeitures

Participants who terminate employment forfeit the non-vested portion of their employer contributions and the earnings thereon.

As of December 31, 2021 and 2020, forfeited non-vested accounts totaled \$5,599 and \$0, respectively. Forfeitures may be used to reduce employer contributions or to pay administrative expenses. Forfeitures used to pay administrative expenses or reduce employer contributions were \$0 and \$492 for the years ended December 31, 2021 and 2020, respectively.

i. Notes Receivable from Participants

Participants may borrow from their accounts the lesser of a) \$50,000, reduced by their highest outstanding note balance during the prior year, or b) 50% of their vested account balance minus any existing loan balance, subject to a \$1,000 minimum. Notes are secured by the vested balance in the participant's account. An individual may have no more than 2 loans outstanding at any one time.

Note payments are made through payroll deductions over periods up to five years, unless the note is used to acquire a primary residence, in which case the loan term may not exceed ten years. New notes bear interest at the prime rate plus 1% per annum, fixed at inception of the note. As of December 31, 2021, notes receivable from participants mature through 2026 and bear interest between 4.25% and 6.00% per annum, which is commensurate with local prevailing rates as determined by the Plan administrator at the time of the note.

j. Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant or beneficiary may elect to receive an amount equal to the participant's vested account balance in a lump-sum payment, installment payments over the participant's or beneficiary's assumed life expectancy, roll the amount to an individual retirement account or other eligible transferee plan, or delay payment until the beginning date of required minimum distributions, depending on the value of the account. In addition, the Plan permits in-service distributions for participants who are age 59 ½ or older and amounts in these accounts have been allocated for 2 years or the participant has participated in the Plan for at least 5 years.

k. Administrative Expenses

All reasonable expenses of administration may be paid out of the Plan assets unless paid by the Company. Expenses, to the extent not paid by the Company, are paid by the Plan and allocated to participants based on their account balances. For the years ended December 31, 2021 and 2020, the Plan paid expenses of \$35,944 and \$22,477, respectively. Expenses that relate solely to a specific participant, such as fees for notes receivable or benefit payments, are assessed to the participant. Certain expenses are included in the transaction prices of investments bought and sold and cannot be separately quantified.

l. CARES Act

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") was signed into law. The CARES Act provided certain immediate and temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions and participant loans.

As permitted by the CARES Act, the Plan implemented the following provisions:

- Coronavirus-related distribution - qualified individuals were permitted to take a distribution in an amount up to \$100,000 from the Plan without a 10% early distribution penalty. Eligible distributions could be taken up to December 31, 2020 and may be repaid within three years.
- Participant loans - Participants with loans outstanding were permitted to defer payment on the loans that were due during 2020 to after January 1, 2021.
- Required minimum distributions ("RMDs") - RMDs were temporarily suspended for 2020.

m. Reclassification

Certain prior year investments have been reclassified from mutual funds to common collective trusts for consistency with the current year presentation. These reclassifications had no effect on the previously reported statements of net assets available for benefits and statements of changes in net assets available for benefits.

2. Summary of Significant Accounting Policies

a. Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP") as set forth by the Financial Accounting Standards Board (the "FASB").

b. Use of Estimates

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the amounts of net assets available for benefits, changes therein, accompanying footnote disclosures and the supplemental schedules. Actual results could differ from those estimates.

c. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Net appreciation in fair value of investments consists of the net change in unrealized gains or losses during the year and the realized gain or loss on investments sold during the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

d. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If an active participant fails to make payments for more than 60 days after they are due, the note will be in default. Under certain circumstances, as indicated in the Plan document, a note that is in default may be treated as a taxable distribution from the Plan and will be included in the statement of changes in net assets available for benefits as a benefit payment.

e. Payment of Benefits

Benefits are recorded when paid.

f. Subsequent Events

The Plan administrator has evaluated subsequent events through October 13, 2022, the date the financial statements were made available for issuance.

3. Information Certified by the Custodian (Unaudited)

The Plan administrator has elected the method of annual reporting compliance permitted by 103(a)(3)(C) for 2021 and 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2020. The following information included in the financial statements and supplemental schedule of assets held at end of year was provided and certified by the Custodian, as of December 31, 2021 and 2020 and for the years then ended, as complete and accurate:

- Investments, at fair value
- Investment income
- Notes receivable from participants
- Interest on notes receivable from participants
- Schedule of assets (held at end of year)

The classification of the investments into the appropriate levels (1, 2 or 3) as disclosed in Note 5 is not certified by the Custodian and is the responsibility of Plan management.

4. Investments

All Plan investments are participant-directed and held by the Custodian as of December 31, 2021 and 2020. Participants can direct their accounts among mutual funds and various common collective trusts.

5. Fair Value Measurements

a. Fair Value Hierarchy

Accounting Standards Codification (“ASC”) 820, *Fair Value Measurements*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include:
 - o Quoted prices for similar assets or liabilities in active markets,
 - o Quoted prices for identical or similar assets or liabilities in inactive markets,
 - o Inputs other than quoted prices that are observable for the asset or liability, and
 - o Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Investments held in the Plan primarily consist of mutual funds and common collective trusts. These assets are recorded at fair value on a recurring basis. Certain investments are measured at fair value using the net asset value (“NAV”) per share (or its equivalent) as a practical expedient. These investments include common collective trusts which are typically valued using the NAV provided by the issuer of the fund.

The following is a description of the valuation methodologies used for the Plan’s investments at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds

Valued at the closing NAV reported on the last business day of the fiscal year which is also the quoted market prices available on an active market.

Common Collective Trusts

The Plan's interest in the common collective trusts is based on the NAV of the common collective trusts' underlying investments as based on information reported by the investment advisor using the audited financial statements or daily reported NAV of the common collective trusts at year-end. Participant transactions (redemptions) can occur daily with one or two days' notice.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020:

Investments at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 117,391	\$ -	\$ -	\$ 117,391
Total assets in the fair value hierarchy	<u>\$ 117,391</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 117,391</u>
Investments measured at NAV**:				
Common collective trusts				<u>4,529,749</u>
Total investments				<u>\$ 4,647,140</u>

Investments at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 2,470,721	\$ -	\$ -	\$ 2,470,721
Total assets in the fair value hierarchy	<u>\$ 2,470,721</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 2,470,721</u>
Investments measured at NAV**:				
Common collective trusts				<u>744,030</u>
Total investments				<u>\$ 3,214,751</u>

**Certain investments that are measured at fair value using the net asset per share as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented on the statements of net assets available for benefits.

6. Party-in-Interest Transactions

A party-in-interest is defined as a fiduciary or employee of the Plan, any person who provides service to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or a relative of such persons mentioned.

Certain Plan investments were managed by the Custodian during the years ended December 31, 2021 and 2020. Accordingly, the investment transactions with the Custodian qualify as party-in-interest transactions.

The Company is a party-in-interest to the Plan. However, there were no transactions with the Company other than the funding of contributions to the Plan and the payment of certain administrative expenses.

7. Plan Termination

Although they have not expressed any intent to do so, the Company has the right under the Plan to discontinue employer contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in all their accounts.

8. Tax Status

The Plan utilizes a Volume Submitter Profit Sharing Plan Document which received an opinion letter dated June 30, 2020, in which the Internal Revenue Service ("IRS") stated that as of that date the Plan document was designed in compliance with the applicable IRC requirements. The Plan has been amended since receiving the determination letter. However, Plan management believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, Plan management believes that the Plan is qualified and the related trust is tax exempt as of December 31, 2021 and 2020 and for the years then ended.

Assuming it meets certain initial and ongoing requirements, the Plan is generally exempt from federal and state income taxes. However, GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan invests in mutual funds and common collective trusts. Investment securities, in general, are exposed to various risks such as interest rate, credit, foreign currency and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits as reported on the Plan's financial statements to the Form 5500 as of December 31:

	2021	2020
Net assets available for benefits		
reported on the financial statements	\$ 4,785,966	\$ 3,337,280
Less: Employer contributions receivable	-	(17,437)
Less: Participant contributions receivable	-	(28,855)
Net assets available for benefits		
reported on Form 5500	<u>\$ 4,785,966</u>	<u>\$ 3,290,988</u>

The following is a reconciliation of the net increase in net assets available for benefits as reported on the Plan's financial statements to amounts included on the Plan's Form 5500 as of December 31:

	2021	2020
Net increase in net assets available for benefits,		
reported on the financial statements	\$1,448,686	\$ 1,293,012
Net change in employer contributions receivable	17,437	(17,437)
Net change in participant contributions receivable	28,855	(28,855)
Net increase in net assets available for		
benefits, reported on Form 5500	<u>\$1,494,978</u>	<u>\$ 1,246,720</u>

11. Non-Exempt Transaction

During 2021, the Company failed to timely remit participant contributions totaling \$1,525 to the Plan as required by the Department of Labor. The Company is in the process of calculating the lost earnings under the IRS's Self Correction Program. The lost earnings are expected to be trivial.
