As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of United Pacific Forest Products, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about United Pacific Forest Products, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of United Pacific Forest Products, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about United Pacific Forest Products, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

1. DESCRIPTION OF THE PLAN

The following description of the United Pacific Forest Products, Inc. ("the Company") 401(k) Plan ("the Plan") provides only general information. Reference should be made to the Plan document for a more complete description of its provisions.

GENERAL. The Plan was established July 1, 2010, and is a defined contribution 401(k) and profit sharing plan covering employees of the Company who have met certain periods of service and age requirements. The Plan's trustees manage the operation and administration of the Plan. Great-West Trust Company, LLC serves as the investment advisor, record-keeper, and custodian of the Plan. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA).

CONTRIBUTIONS. Contributions to the Plan are in the form of salary reductions which participants have elected to defer in lieu of current compensation. Effective January 1, 2017, the employer was required to make matching contributions equal to 100% of the participants' contributions that are not in excess of 4% of the participants' eligible compensation. Effective May 1, 2020, the Plan was amended to discontinue required matching contributions.

PARTICIPANT ACCOUNTS. Each participant's account is credited with an allocation of (a) employee elective deferrals, (b) employer contribution as defined above, and (c) Plan earnings. Item (a) is allocated based on participants' elective contributions. Items (b) and (c) are allocated based on participants' contributions, relative eligible compensation, and account balances, as defined and specified in the Plan document.

VESTING. Participants are fully vested in their elective and rollover contributions plus earnings thereon. Vesting in the remainder of their accounts is based on years of service. A participant is 100% vested after six years of credited service, and also upon death, disability or upon reaching normal retirement age. Effective January 1, 2015, the Plan became a "safe harbor 401(k) plan". This type of plan requires a matching contribution equal to 100% of the salary deferrals not to exceed 4% of compensation. This safe harbor matching contribution follows the six-year vesting schedule. Effective May 1, 2020, the Plan was amended to discontinue the safe harbor match.

ADMINISTRATIVE EXPENSES. Generally, fees associated with the administrative expenses of the Plan include professional fees, office supplies, and payroll expenses of administrative and clerical personnel, and they are provided for by the Company without charge to the Plan. Expenses not paid by the Company are deducted from investment earnings before allocation to participants' accounts.

PAYMENT OF BENEFITS. On termination of service, due to death, disability or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in their account, receive installment payments over the participants' life expectancy, roll their account balance to another company's qualified plan or IRA, or defer distribution until a later date of their choosing (if the balance exceeds \$5,000). At December 31, 2021 and 2020, there were no amounts allocated to accounts of participants who had elected to withdraw from the Plan, but had not been paid.

1. DESCRIPTION OF THE PLAN - Continued

HARDSHIP WITHDRAWALS. Pre-retirement distributions of elective deferrals are available on a hardship basis. These distributions are limited to the specific financial need and are available only after utilizing all other distribution and loan options available under the Plan's provisions. They must be approved by the employer and administered on a nondiscriminatory basis. Additionally, in 2020, the Coronavirus Aid, Relief and Economic Security Act (CARES Act) was enacted with expanded withdrawals to include virus related distributions of elective deferrals. These distributions are limited to a specific need related to COVID-19 and must be verified and approved by the custodian.

INVESTMENT OPTIONS. Upon enrollment, a participant may direct contributions to certain investment accounts selected by the Trustees. Participants may change their investment options daily.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

FORFEITED ACCOUNTS. Forfeited accounts shall be made available to reinstate previously forfeited account balances of former participants, if any. Any remaining balance may be used to reduce the contribution of the employer or reduce plan expenses. As of December 31, 2021 and 2020, the forfeiture account balance was \$1,060 and \$4,170, respectively.

The Plan employs accounting policies generally accepted in the United States of America. The Financial Accounting Standards Board ("FASB") has issued guidance which establishes the FASB Accounting Standards Codification (the "Codification" or "FASB ASC") as the source of authoritative accounting principles recognized by the FASB to be applied to nongovernmental entities in the preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America.

BASIS OF ACCOUNTING. The accompanying financial statements have been prepared on the accrual basis of accounting.

USE OF ESTIMATES. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

VALUATION OF INVESTMENTS – MUTUAL FUNDS. Investments in mutual funds are carried at fair value, which is the net asset value per unit of each mutual fund multiplied by the number of units owned. The value of each unit is computed by the mutual fund company on the last business day of the plan year, based on quoted market prices of the underlying securities, bonds and other financial instruments owned by each fund.

VALUATION OF INVESTMENTS – GUARANTEED INTEREST FUNDS. The methodology for calculating the interest crediting rate on guaranteed interest accounts is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Interest crediting rate is reset quarterly. Plan management and the custodian consider the fund investments to not be considered fully benefit responsive at the plan level.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

VALUATION OF INVESTMENTS – VARIABLE INTEREST FUNDS. The methodology for calculating the interest crediting rate is based on the underlying contracts and prevailing market conditions. Account balances and rates are calculated daily.

NOTES RECEIVABLE FROM PARTICIPANTS. Participants may borrow from their fund accounts a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance (\$1,000 minimum) and are treated as notes receivable from participants measured at unpaid principal balance plus accrued but unpaid interest.

Note terms range from one to six years, are secured by the balance in the participant's account, and bear interest at a rate commensurate with the profit-sharing local lending market. Principal and interest are paid ratably through regular payroll deductions.

PAYMENT OF BENEFITS. Benefits are recorded when paid.

RISKS AND UNCERTAINTIES. The Plan provides for investment options primarily in mutual funds, which invest in portfolios of investment securities through Great-West Trust Company, the custodian of the Plan assets. Investment securities are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

From time to time, investments may include securities and contractual cash flows, such as asset backed securities, collateralized mortgage obligations, and commercial mortgage backed securities including securities backed by subprime mortgage loans. The value, liquidity, and related income of these securities are sensitive to changes in economic conditions including real estate values, delinquencies or defaults, or both, and they may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

The Plan has implemented the accounting guidance for uncertainty in income taxes using the provisions of FASB ASC 740, *Income Taxes*. Using that guidance, the Plan does not believe it has any uncertain tax positions that qualify for either recognition or disclosure in the financial statements as of December 31, 2021 and 2020. The Plan's tax filings are subject to audit by U.S. Federal taxing authorities and open audit years are 2018 - 2021.

SUBSEQUENT EVENTS. The Plan has evaluated subsequent events through October 12, 2022, the date that the financial statements were available for issue. Effective January 1, 2022, the Plan has been amended to reinstate an employer safe-harbor matching contribution. The employer will be required to make matching contributions equal to 100% of the participants' contributions that are not in excess of 4% of the participants' eligible compensation.

3. FAIR VALUE MEASUREMENTS AND DISCLOSURES

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 for financial assets and financial liabilities are described below:

Level 1	Values are based on unadjusted quoted prices in active markets for identical securities.
Level 2	Values are based on (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets in non-active markets; or (c) valuation models whose inputs are observable, directly or indirectly, for substantially the full term of the asset or liability.
Level 3	Values are based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement. These inputs may reflect the Plan's estimates of the assumptions that market participants would use in valuing the financial asset or financial liability.

Pursuant to FASB ASC 820, fair value is a market-based measure, considered from the perspective of a market participant who owns an asset or owes a liability. Accordingly, when market observable data is not readily available, assumptions are set to reflect those that market participants would be presumed to use in pricing the asset or liability at the measurement date. Prices and inputs are used that are current as of the measurement date, including during periods of market disruption. In periods of market disruption, the ability to observe the prices and inputs may be reduced for many instruments. This condition could cause an instrument to be reclassified from Level 1 to Level 2 or from Level 2 to Level 3.

The following is a summary of the inputs used, as of December 31, 2021 and 2020, involving the Plan's financial assets carried at fair value. The inputs or methodologies used for valuing investments may not be an indication of the risk associated with investing in those securities. For more information on valuation inputs, and their aggregation into the levels used in the table below, please refer to Valuation of Investments sections in Note 2.

4. INCOME TAX STATUS

The Plan has not filed for a letter of determination with the Internal Revenue Service. The Plan prototype obtained its latest determination letter on November 30, 2020 in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Once qualified, the Plan is required to operate in conformity with the Internal Revenue Code to maintain its qualification. The Plan has been amended to meet the requirements of certain changes to the law, therefore, the plan administrator believes that the Plan is qualified and the related trust is tax-exempt as of the financial statement date.

5. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, participants would become fully vested in all their accounts.
