INDEPENDENT AUDITOR'S REPORT

Plan Administrator
Hexion Inc. Retirement Savings Plan
Columbus, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Hexion Inc. Retirement Savings Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution, Fidelity Management Trust Company, as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant

ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets Held for Investment Purposes at End of Year as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

The 2020 financial statements of the Plan were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution, Fidelity Management Trust Company. Their report dated October 12, 2021, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and supplemental schedule, and (b) the form and content of the information included in the financial statements and supplemental schedule other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations of Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

Hexion Inc. Retirement Savings Plan

1 Description of Plan

The following description of Hexion Inc. Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan in which the majority of the U.S.-based associates of Hexion Inc. (“Hexion”, the “Plan Sponsor” or the “Company”), may participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan was restated effective January 1, 2018 and is administered by the Global Benefits Committee appointed by the Board of Directors of the Company.

Effective April 30, 2021, the Company sold its phenolic specialty resins business. As a result, effective May 7, 2021, a spin-off 401(k) plan was established for the affected associates, utilizing Fidelity’s platform. Hexion signed a Transitional Services Agreement (“TSA”) to administer the spin-off 401(k) plan. The TSA was terminated for retirement plan operations as of June 30, 2021. This spin-off has been recorded as a transfer out on the Statement of Changes in Net Assets Available for Benefits.

Eligibility:

Newly hired associates (who are not leased employees, independent contractors, or consultants) become eligible to participate in the Plan upon completion of one hour of service.

Contributions:

Employee Contributions - Highly Compensated Employees, as defined in the Plan, may make pre-tax, after-tax, and Roth contributions of 1% to 15% of eligible compensation. All other participants may make pre-tax, after-tax and Roth contributions of 1% to 25% of eligible compensation, or as otherwise defined in the Plan document. Newly hired associates completing one hour of service are passively enrolled in the Plan at a basic pre-tax savings contribution of 5%.

Employer Contributions - Hexion provides associates with matching contributions on a per pay period basis. The match consists of 100% of the first 5% of eligible compensation deferred. The Plan also provides for true-up matching contributions that take into account compensation on an annualized basis. Unless otherwise provided for by a collective bargaining agreement, Hexion associates are eligible for an Annual Retirement Contribution (“ARC”), which is determined as a percentage of eligible compensation, based on years of service. Hexion associates who are eligible may also receive an Employer Achievement Match, a discretionary matching contribution equal to 25% of the participant’s employer match, if the global performance targets set by the Board of Directors are met.

The Plan also allows for catch-up contributions in accordance with Internal Revenue Code Section 414(v).

Rollover contributions from other plans are also accepted, providing certain specified conditions are met.

NOTES TO FINANCIAL STATEMENTS

Hexion Inc. Retirement Savings Plan

1 Description of Plan, Continued

Contributions, Continued:

Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code (the “Code”), as defined in the Plan document.

Participants’ Accounts:

Each participant’s account is credited with the participant’s own contributions and an allocation of the employer’s contributions and investment earnings, net of certain administrative expenses, and is charged with his or her withdrawals. Allocations are based on participant earnings, participant contributions, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Under an agreement with the trustee and recordkeeper, the Plan receives revenue credits from certain mutual funds offered to participants. These credits are allocated to participant accounts.

Vesting:

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the remainder of their accounts, including the earnings thereon, is based on years of continuous service.

Employer matching contributions and employer discretionary contributions made to non-bargained associates generally vest 100% upon the completion of three years of service. Vesting for certain other associates’ accounts may vary based the terms on collective bargaining agreements, as described in the Appendices to the Plan. These participants are 100% vested between five and seven years, depending on the collective bargaining agreement.

Forfeitures:

Following termination of employment, any unvested portion of a participant’s account is forfeited at the earlier of the time of distribution of the vested portion, or upon five consecutive one year breaks in service. Funds from forfeitures are first applied to reinstate the unvested account balance for rehired participants whose previous termination resulted in forfeiture and who are re-employed by the employer prior to incurring five consecutive one year breaks in service. Any remaining forfeited funds may be used to fund future matching employer contributions or to pay allowable administrative expenses. During 2021, forfeitures of \$259,672 and \$283,432 were used to fund employer contributions and to pay allowable administrative expenses, respectively.

Notes Receivable from Participants:

Active Plan participants may elect to take loans from the Plan using their account as collateral and subject to the loan policy established by the Company and legal limitations. The loan repayment period is any multiple of months up to 60 months or up to 120 months for purchase of a primary residence. The fixed interest rate charged is the prime rate on the last day of the month prior to the inception of the loan. Principal and interest are paid ratably through payroll deductions.

NOTES TO FINANCIAL STATEMENTS

Hexion Inc. Retirement Savings Plan

1 Description of Plan, Continued

Notes Receivable from Participants, Continued:

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. Any delinquent participant loans are recorded as distributions on the basis of the terms of the Plan document.

Payment of Benefits:

Participants become 100% vested in their account balance upon the attainment of age 65 (normal retirement age), death or disability. Benefits are recorded when paid.

Investment Options:

Upon enrollment in the Plan, participants can designate their contributions and employer contributions to be invested in a combination of mutual funds, a brokerage account, and collective trust funds. If the participant does not designate any funds, the account is invested in a Qualified Default Investment Account with a customized portfolio of investments based on the date the participant will attain age 65.

The Hexion Global Investment Committee (the “Committee”) periodically reviews the investment options in the Plan to evaluate each fund’s strategy, value, and performance.

2 Summary of Significant Accounting Policies

Basis of Accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“GAAP”). Accordingly, revenues are recognized when earned and expenses are recognized when incurred.

Valuation of Investments:

The Plan’s investments are stated at fair value. Marketable securities are reported at fair market value as of the financial statement date. Fair market values represent quoted market prices or, if quoted market prices are not available, estimated fair values as determined by the Plan’s trustee.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan’s gains and losses on investments purchased and sold, as well as held, during the year.

Use of Estimates:

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

2 Summary of Significant Accounting Policies, Continued

Administrative Expenses:

Administrative fees paid by the Plan primarily represent trustee and recordkeeping expenses. Investment management fees and operating expenses charged to the Plan for plan investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses of the funds are reflected as a reduction of investment return for such investments, except for the Blackrock Russell 1000 Alpha fund, which is charged separately to the Plan.

The Plan's fee structure includes a per-participant administrative fee, which is charged by the Plan's trustee and recordkeeper on a quarterly basis. Participants share the cost of trustee and recordkeeping fees and are charged quarterly for these fees which were used to pay administrative expenses.

Plan Termination:

Although the Company has not expressed any intent to do so, it has the right under the Plan, to the extent permitted by law, to discontinue its contributions or to terminate the Plan in accordance with the provisions of ERISA at any time. The Company also has the right under the Plan, to the extent permitted by law, to amend or replace the Plan for any reason. In the event of termination of the Plan, which is at the sole discretion of the Board of Directors of the Company, all contributions credited to participants' accounts will be fully vested and will be distributed to the participants in the manner provided by the Plan.

Risk and Uncertainties:

The Plan invests in various investments. The Plan offers alternatives that mitigate participant risks, including the opportunity to diversify investments across numerous participant-directed fund elections; however, the underlying investments are exposed to various risks, such as interest rate, market, liquidity, and credit risks. Due to the level of risks associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the Statement of Net Assets Available for Benefits and participants' individual account balances.

3 Tax Status

On January 5, 2017, the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Code. The Plan has been amended, however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities.

NOTES TO FINANCIAL STATEMENTS

Hexion Inc. Retirement Savings Plan

3 Tax Status, Continued

The Plan Administrator has analyzed tax positions taken by the Plan and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the Department of Labor or Internal Revenue Service; however, there are currently no audits for any tax periods in progress.

4 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access as of the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs that are unobservable for the asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following is a description of the valuation methodologies used by the Plan for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds:

The fair value of the mutual funds are based on quoted market prices and are classified in Level 1 of the fair value hierarchy.

NOTES TO FINANCIAL STATEMENTS

Hexion Inc. Retirement Savings Plan

4 Fair Value Measurements, Continued

Self-Directed Brokerage Accounts:

Accounts primarily consist of mutual funds whose values are determined by obtaining quoted market prices from a nationally recognized exchange and are classified in Level 1 of the fair value hierarchy.

Collective Trust Funds:

Fair values of the collective trust funds are based upon the net asset value (“NAV”) of the funds reported by the fund managers as of the Plan’s financial statement date. These investments are measured at fair value using NAV per share (or its equivalent) as a practical expedient.

Each collective trust held by the Plan, except for the Wells Fargo Stable Value Fund X (“Wells Fargo Fund”), provides for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement. The Wells Fargo Fund does calculate its NAV daily, but provides for redemptions only following a 12-month notice period. No unfunded commitments exist for any of the collective trusts. The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2021 and 2020. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Collective Trust Funds, Continued:

* Collective trust investments measured at fair value using NAV as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit the reconciliation of the fair value hierarchy to the investments at fair value line item presented in the Statement of Net Assets Available for Benefits.

5 Information Prepared and Certified by Trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by the Trustee.

6 Party-in-Interest Transactions

Certain plan investments are shares of mutual funds and a self-directed brokerage account managed by Fidelity Management Trust Company, the Trustee of the Plan, and therefore, these investments qualify as party-in-interest investments. Usual and customary fees were paid by the mutual fund and self-directed brokerage accounts for the investment management services. The Plan also had notes receivable from participants at December 31, 2021 and 2020 which constitute party-in-interest transactions.

In addition, the Plan has arrangements with various service providers and these arrangements qualify as party-in-interest transactions.

7 Subsequent Events

The Company evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements.

Subsequent events have been evaluated through October 11, 2022, which is the date the financial statements were available to be issued.

Pursuant to the sale of Hexion Coatings and Composites (“Epoxy”) business to Westlake in February 2022, the accounts of affected participants in the Plan were spun-off and transferred to Westlake’s defined contribution plan at Vanguard in May 2022. The amount transferred was approximately \$71 million.
