INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
the Alexander Dawson School 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Alexander Dawson School 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Alexander Dawson School 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit

evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Alexander Dawson School 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Alexander Dawson School 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Alexander Dawson School 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i-Schedule of Assets (Held At End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Alexander Dawson School 401(k) Plan. As permitted by 29 CFR 2520-103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 15, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide the basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified

information were presented in compliance with the Department of Labor's Rules and regulations for Reporting and Disclosure under ERISA.

**ALEXANDER DAWSON SCHOOL 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS**

DECEMBER 31, 2021 AND 2020

Note 1: Description of Plan

The following description of the Alexander Dawson School 401(k) Plan (the “Plan”), provides only general information. Participants should refer to the Summary Plan Description, the prototype Plan document and the accompanying adoption agreement for a more complete description of the Plan’s provisions. The Summary Plan Description has been made available to all participants in the Plan, and a copy of the Plan documents is available from the Plan administrator.

General

The Plan is a defined contribution plan established effective June 1, 2000. Effective January 1, 2021, the Plan was restated to comply with requirements of the 2017 Cumulative List (Internal Revenue Service Notice 2017-37). Effective October 1, 2021, the Plan was amended to allow for after-tax Roth contributions, Roth conversions and Roth rollovers. The Plan was also amended to implement the hardship distribution provisions that were part of the Bipartisan Budget Act of 2018. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

The Plan is administered by The Alexander Dawson School, LLC, and The Alexander Dawson School at Rainbow Mountain, LLC (the “Companies”). The Alexander Dawson Foundation (the “Foundation”) is the sponsor of the Plan. The Companies have appointed certain members of the Foundation to serve as trustees of the Plan. TIAA serves as the custodian of the Plan. TIAA manages Plan assets and maintains the records for the Plan. The Plan offers participants a variety of investment options through various mutual funds, a pooled separate account and insurance contracts. Individual accounts are invested in the various options at the direction of the participants. Participants may change investment options at any time. The Companies provide, at no cost to the Plan, certain administrative, accounting and legal services to the Plan and also pays the cost of certain outside services for the Plan.

Eligibility

Employees who are age twenty-one years or older are eligible to participate in employee deferrals immediately upon commencement of employment. Leased employees and certain employee classifications are excluded from participation in the Plan.

**ALEXANDER DAWSON SCHOOL 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS**

DECEMBER 31, 2021 AND 2020

Note 1: Description of Plan (cont.)

Contributions

During any taxable year, participants may contribute up to 100 percent of their compensation subject to limitations imposed by the Internal Revenue Service. Effective October 1, 2021, participants may make after-tax Roth contributions. Additional catch-up provisions are available. The Plan also permits rollover contributions from other qualified retirement plans. Employee contributions to the Plan are made through regular payroll deductions.

Employees who are twenty-one years of age or older are eligible to participate in the employer 3% safe harbor contributions on January 1 or July 1 immediately after the employee completes one year of service. Year of service is defined as a 12-month period during which an employee completes 1,000 hours of service. The 12-month period starts on an employee's first day of employment with the Companies. After an employee's first year, the Plan will measure an employee's eligibility to receive the employer contribution on a Plan year basis.

Employees who meet the initial eligibility requirements for the 3% safe harbor contribution also become eligible for additional discretionary profit-sharing contributions based on additional years of service. An employee's years of service used to calculate their additional discretionary profit-sharing contribution is determined based on their "Combined Years of Service", as defined as follows: Combined Years of Service includes their anniversary years of service from their original hire date through December 31, 2017, plus Plan years (with over 1,000 hours of service) commencing January 1, 2018. Employees with more than five but less than ten years of service receive an additional contribution of 2% of compensation as of the first day of the plan year immediately following their 5th year of employment. Employees with ten or more years of service receive an additional contribution of 4½% of compensation as of the first day of the plan year immediately following their 10th year of employment.

Vesting

Participants are immediately vested in their voluntary contributions and in the Companies' contribution plus actual earnings thereon. Participants are eligible for benefits under the Plan upon normal retirement at age 59 1/2 or upon death or termination of service or due to disability.

**ALEXANDER DAWSON SCHOOL 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS**

DECEMBER 31, 2021 AND 2020

Note 1: Description of Plan (cont.)

Participant Accounts

Each participant's account is credited with the participant's contribution, the Companies' contribution, rollover contributions and Plan earnings, and charged with withdrawals, Plan losses and an allocation of certain Plan expenses. Allocations are based on participant earnings (losses) on account balances and an allocation of administrative expenses, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Plan Loans

Prior to December 18, 2019, the Plan allowed plan loans. Plan loans are no longer offered. The terms and repayment schedule of existing plan loans did not change. Plan loans were issued as separate contracts by TIAA as contemplated under the Internal Revenue Code section 72(p)(5) and do not represent plan assets. Loans are collateralized using a participant's TIAA Traditional account balance in an amount equal to 110% of the outstanding loan balance. Participants may borrow a minimum of \$1,000 up to the lesser of \$50,000 or 45% of their account balance subject to annuity contract and Plan provisions. Loan terms range from one to five years in one-year increments (up to 15 years for the purchase of a primary residence). Principal and interest is paid ratably by the participant to TIAA, and each payment will reduce amounts collateralized by the borrowing participant's TIAA Traditional account balance. The loans bear interest at a fixed rate of interest of one percent above the prime rate. Plan loan balances outstanding from participants to TIAA were \$29,707 and \$102,776 as of December 31, 2021 and 2020, respectively.

TIAA is precluded from offsetting collateral in satisfaction of any outstanding loan balance that is in default. The collateral is held in the Plan Loan Default Fund until a distributable event occurs. The Plan Loan Default Fund is included as an asset of the Plan.

Notes Receivable from Participants

Beginning December 18, 2019 the Plan began to offer loans issued directly from participant accounts. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance. A participant may not have more than two loans outstanding at a time. The notes are secured by the balances in the participants' accounts and bear interest at rates that range from 4.25% to 5.75%, which is commensurate with local prevailing rates as determined quarterly by the Plan administrator at loan origination, and mature at various dates through October 2031. Loans are repaid over a period not to exceed

five years with the exception of loans utilized for the purchase of a participant's principal residence which may be repaid over a maximum of fifteen years. Principal and interest is paid ratably by the participant to TIAA. Participant loans are recorded in the financial statements at amortized cost, which represent unpaid principal plus accrued interest. Upon a participant's termination from employment, the participant's loan shall continue to be payable in accordance with the provisions of the participant's loan.

Payment of Benefits

Upon death, disability, retirement or termination of service, a participant may elect to receive a lump-sum payment in the amount equal to the participant's vested account balance. Distributions are subject to the Plan agreement and are made as soon as administratively possible after the receipt of the distribution request. In the event of a distribution where a terminated participant's balance exceeds \$1 but does not exceed \$5,000 and the participant has not elected a distribution, the vested account balance will be paid as a distribution to an individual retirement account established for the participant by the Plan Administrator. The Plan allows in-service distributions and partial distributions to participants age 59½ or older who have not terminated employment with the Plan sponsor. The Plan also provides for hardship withdrawals for defined hardship events.

Effective January 1, 2020, as a result of the Setting Every Community Up for Retirement Enhancement (SECURE) Act, participants with vested balances greater than \$5,000 who leave the Companies may leave their money in the Plan until April 1st of the year following the calendar year in which they attain age 72 (if they were born after June 30, 1949) or age 70 ½ (if they were born before July 1, 1949) or, if later, the April 1st of the calendar year following the calendar year in which they terminated employment. In addition, certain distribution rules changed relating to payments to beneficiaries upon a participant's death.

In early 2020, there was an outbreak of the novel Coronavirus (COVID-19) which impacted the financial markets and the global economy. In providing some relief to those participants impacted by the COVID-19 pandemic, the Plan adopted the provisions of the Coronavirus Aid, Relief, and Economic Security Act (CARES) Act, including but not limited to a waiver of required minimum distributions that were otherwise payable from the Plan in 2020 and suspension of loan payments due in 2020. In addition, the CARES Act allowed a Coronavirus-related Distribution ("CRD") to be paid prior to December 31, 2020. CRD distributions had reduced tax implications for participants who elected to receive such distributions.

Note 2: Summary of Significant Accounting Policies

Method of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United State of America (GAAP). Wherever necessary, prior period financial statements have been reclassified to conform to changes in the way amounts are classified in the current year financial statement.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for further discussion of fair value measurements.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement for the portion of the net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by investment advisers, the custodian and insurance company.

Purchases and sales of investments are recorded on the trade-date basis. Interest income is recognized on the accrual basis. Dividends are recognized on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Employee contributions are recorded in the period during which the Companies makes payroll deductions from the participants' earnings. Employer contributions are recorded in the same period.

**ALEXANDER DAWSON SCHOOL 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS**

DECEMBER 31, 2021 AND 2020

Note 2: Summary of Significant Accounting Policies (cont.)

Administrative Expenses

The Plan pays for all investment management fees and transaction fees directly related to the investments of the Plan, as well as certain other costs of administering the Plan. Certain other fees were deducted from income earned on investments, and these fees are included in net appreciation (depreciation) in the fair value of investments.

Effective January 1, 2020, the Plan began to charge participants a TIAA Plan Servicing Fee and a Non-TIAA Servicing Fee. These fees are based on a fixed percentage of net assets and are charged directly to the participant accounts on the last business day of each quarter. These fees are recorded as administrative expenses in the accompanying financial statements. TIAA also provides a plan servicing credit for the TIAA Real Estate and the CREF accounts. The plan service credit is in lieu of a revenue sharing agreement. The plan servicing credit is credited directly to the participant accounts on the last business day of each quarter. The plan servicing credit of \$36,036 and \$26,181 for the years ended December 31, 2021, and 2020, respectively, is recorded as an offset to administrative expenses in the accompanying financial statements.

Benefits

Benefit claims are recorded as expenses when they have been approved for payment and paid by the Plan.

Use of Estimates

The preparation of financial statements in accordance with GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Date of Management's Review

Subsequent events were evaluated through September 26, 2022, which is the date the financial statements were available to be issued.

**ALEXANDER DAWSON SCHOOL 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS**

DECEMBER 31, 2021 AND 2020

Note 3: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). This hierarchy consists of three broad levels which are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Other observable market-based inputs or unobservable inputs that are corroborated by market data. Includes quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3: Unobservable inputs that cannot be corroborated by market data that reflect the reporting entity's own assumptions.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in methodologies used at December 31, 2021 and 2020. A description of the investments by level and the valuation techniques and inputs used in the fair market value measurement of the Plan follows.

Registered investment company, mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open ended funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds are deemed to be actively traded.

Registered investment company, CREF accounts: Accounts invest principally in equity securities, fixed income instruments, and short-term investments in accordance with each portfolio's objectives. Investments are primarily valued using market quotations or prices obtained from independent pricing sources. Money Market holdings are generally valued at amortized cost.

DECEMBER 31, 2021 AND 2020

Note 3: Fair Value Measurements (cont.)

Registered investment company, TIAA Access Annuity: The accounts are variable annuity products that are funded through a separate account that invests in proprietary or nonproprietary mutual funds through various sub-accounts. Investments are primarily valued using market quotations obtained from independent pricing sources.

Pooled separate account, TIAA Real Estate Account: Generally, invests in real estate properties and real estate-related investments. Value is principally derived from the market value of the underlying real estate holdings or other real estate-related investments. Real estate holdings are valued principally using external appraisals, which are estimates of property values based on a professional's opinion. The account also sometimes holds securities as well. These are generally priced using values obtained from independent pricing sources. The value of the unit holder's investment rises and falls with the return on the underlying investments.

Fixed annuity contracts (not fully benefit-responsive): The fixed annuity contract is reported at contract value which approximates fair value (See Note 4). The contract value equals the accumulated cash contributions and interest credited to the Plan's contracts, less any withdrawals.

Self-Directed accounts: Self-directed investments are investments in mutual funds, individual stocks, and TIAA mutual funds not contained in the Plan investment menu. These investments are purchased through TIAA Brokerage Services. The fair value of the self-directed investments is based on quoted net asset values of the shares held.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan administrator believes valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurement at the reporting date.

Note 4: TIAA Traditional Annuity

TIAA Traditional Annuity (TIAA Traditional) is an unallocated fixed annuity contract that is fully and unconditionally guaranteed by TIAA and is a general obligation thereof.

TIAA Traditional provides a guarantee of principal, a guaranteed minimum rate of interest (generally 3%, but in some recent contracts between 1% and 3%), and the potential for additional interest if declared by TIAA. Additional interest, when declared, remains in effect for the "declaration year," which begins on March 1st. Additional interest is not guaranteed for future years. Contributions to a participant's account purchases a guaranteed amount of lifetime annuity income. When a participant's account in the TIAA Traditional is annuitized based on

Note 4: TIAA Traditional Annuity (cont.)

available options, the present value of the stream of payments is equal to the account balance. The subsequent stream of annuity payments occurs outside of the Plan and does not represent an obligation of the Plan.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction under ERISA, or (5) premature termination of the contract. The plan administrator does not believe any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The investment in the TIAA Traditional Annuity has both fully benefit-responsive and non-benefit-responsive categories, which are disclosed separately. The fully benefit-responsive portion has no liquidity restrictions. The non-benefit-responsive category has certain liquidity restrictions. Lump-sum withdrawals are available within 120 days after termination and are subject to a 2.5% surrender fee. Otherwise, all other withdrawals and transfers must be spread over installments based on the terms of the contract. When a participant's accumulation in the TIAA Traditional Annuity is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the statements of changes in net assets available for benefits.

Note 5: Certified Financial Information (Unaudited)

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the investment information certified by the custodian, except for comparing the information contained therein to information included in the financial statements and the supplemental schedule of assets (held at end of year).

TIAA has certified in writing to the Plan administrator that the stated amounts for investments at fair value and contract value as of December 31, 2021 and 2020, and the income earned or losses

incurred thereon for the years then ended, as reflected in the accompanying financial statements and the supplemental schedule of assets (held at end of year), are complete and accurate.

The fair value and contract value of investments at December 31, 2021 and 2020, reported by TIAA, the custodian, is as follows:

Investments:	<u>2021</u>	<u>2020</u>
Fixed annuity contract (fully benefit-responsive), at contract value	\$ 2,528,052	\$ 2,608,308
Investments at fair value

Total	<u>\$ 29,909,451</u>	<u>\$ 24,939,954</u>
Notes receivable from participants	<u>\$ 62,519</u>	<u>\$ 26,142</u>

The income earned or losses incurred thereon for the years ended December 31, 2021 and 2020, reported by TIAA, the custodian, are as follows:

Certified Investment Income:	<u>2021</u>	<u>2020</u>
Net appreciation in investments	\$ 3,545,523	\$ 3,445,836
Interest	11,401	10,021
Dividends	<u>465,287</u>	<u>208,338</u>
Total Investment Income	<u>\$ 4,022,211</u>	<u>\$ 3,664,195</u>

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue its contributions any time and to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated for any reason, since participants are 100% vested, the Plan administrator is to distribute each participant's interest to the participant or the participant's beneficiary.

**ALEXANDER DAWSON SCHOOL 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS**

DECEMBER 31, 2021 AND 2020

Note 7: Related Party Transactions

Certain Plan investments are managed by TIAA, who is the custodian of the assets of the Plan. These transactions qualify as exempt party-in-interest transactions. At December 31, 2021 and 2020, TIAA investments accounted for 72% and 82% of total investments, respectively.

Note 8: Income Tax Status

The Plan has adopted a volume submitter profit sharing plan which received an opinion letter from the Internal Revenue Service dated March 31, 2014, stating that the plan was designed in accordance with the applicable sections of the Internal Revenue Code. The Plan administrator believes that the Plan continues to be operated and administered in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, no provision for income taxes has been included in the accompanying financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2021, and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examination for years prior to 2018.

Note 9: Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2021 and 2020, to Schedule H of the Form 5500:

Note 9: Reconciliation of Financial Statements to Schedule H of Form 5500 (cont.)

The following is a reconciliation of changes in net assets available for benefits per the financial statements for the years ended December 31, 2021 and 2020, to Schedule H of the Form 5500:

	<u>2021</u>	<u>2020</u>
Changes in net assets available for benefits per the financial statements	\$ 4,938,950	\$ 4,124,529
Increase (decrease) in employer contributions receivable	(832)	539

Changes in net assets available for benefits per Schedule H of the Form 5500	<u>\$ 4,931,001</u>	<u>\$ 4,125,073</u>

Note 10: Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Additionally, some of the investments held by TIAA are invested in securities of foreign companies, which involves special risk and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

Note 11: Subsequent Events

Market volatility subsequent to year end has resulted in significant decreases in participants' account balances.
