Independent Auditor's Report

To the Participants and Plan Administrator of the
Apergy USA, Inc. 401K Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Apergy USA, Inc. 401K Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the years ended December 31, 2021 and 2020, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from a qualified institution as of and for the years ended December 31, 2021 and 2020, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (US GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with US GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued (or when applicable, one year after the date that the financial statements are available to be issued).

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

The Participants and Plan Administrator of the
Apergy USA, Inc. 401K Plan

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of US GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with US GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Notes to Financial Statements

Note 1. Description of the Plan

The following description of the Apergy USA, Inc. 401K Plan (the Plan) provides only general information. Participants should refer to the *Plan document* for a more complete description of the Plan's provisions, which is available from Plan management.

General

The Plan is a defined contribution plan covering all full-time employees of Apergy USA, Inc. (the Company or Apergy) who are age eighteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Benefits and Investment Committee is responsible for oversight of the Plan and monitors investment performance.

On January 1, 2018, in anticipation of the spin-off from Dover Corporation (Dover), the Plan was formed as the Wellsite 401(k) Savings Plan in order to merge the plan assets and participants of Wellsite Corporation (Wellsite), Dover's upstream oil and gas energy segment.

On January 2, 2018, the US Synthetic Corporation 401(k) Plan (a Wellsite division) was merged into the Plan, at which time approximately \$58.8 million of participant account balances and loans were transferred into the Plan. Effective as of January 3, 2018, the participant account balances and assets totaling approximately \$96.8 million related to Wellsite operations were transferred into the Plan from the Dover Corporation Retirement Savings Plan (Dover Plan).

On February 2, 2018, Wellsite Corporation changed its name to Apergy Corporation.

On May 9, 2018, Apergy Corporation became an independent, publicly traded company separately from Dover in a series of transactions. Dover distributed 100% of the issued and outstanding shares of Apergy Corporation common stock to the shareholders of record of Dover common stock as of the close of business on April 30, 2018, in a tax-free separation (the Separation). Each Dover stockholder received one share of Apergy common stock for every two shares of Dover common stock held on the record date. The value of the distribution of Apergy stock associated with the Separation and received by the Plan on May 9, 2018, was approximately \$5.6 million and was recorded within net depreciation of fair value of investments in the accompanying statement of changes in net assets available for benefits.

Effective May 9, 2018, the Wellsite 401(k) Savings Plan was amended to change the name of the Plan to Apergy USA, Inc. 401(k) Plan.

Effective May 8, 2019, the Apergy Stock Fund and Dover Stock Fund were eliminated as investment options under the Plan. Participant balances were transferred to the qualified default investment alternative as defined by the Plan provisions unless changed by the participant.

Effective June 28, 2019, the Company completed the sale of the assets of Accelerated Process Systems, Inc., a wholly owned subsidiary. Employees of Accelerated Process Systems, Inc. were participants of the Plan, some of whose employment ended with the completion of the sale, either to accept employment with the buyer of the assets or elsewhere. The sale resulted in a rollover distribution of assets totaling approximately \$780,000 on July 16, 2019 to another Plan.

Effective June 3, 2020, the parent company, Apergy Corporation, acquired ChampionX Holding Inc. by merging it into a wholly owned subsidiary. In connection with this transaction, Apergy Corporation changed its name to ChampionX Corporation. There were no changes to the Company, any related participating employers, or any of the Company's subsidiaries as a result of the transaction.

Apergy USA, Inc. 401K Plan

Notes to Financial Statements

Effective December 31, 2021, the Company merged with ChampionX Savings Plan and transferred all its plan assets of approximately \$220,352 million into the ChampionX Savings Plan.

Contributions

- Each year, participants may contribute up to 50% of pretax annual compensation, as defined in the Plan.
- Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions.
- Effective September 1, 2018, participants may also designate some of their contributions as after tax contributions to a Roth 401(k) option.
- Participants may also contribute (rollover) amounts representing distributions from other qualified defined benefit or defined contribution plans.
- Participants direct the investment of their contributions into various investment options offered by the Plan.
- Effective September 1, 2018, the Plan included an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation, increasing annually by 1% until reaching 10%, and their contributions invested in a designated balanced fund until changed by the participant.
- Prior to June 1, 2020, the Company contributed 100%, up to 1%, and contributed 50%, up to the next 5%, of eligible compensation that a participant contributed to the Plan. Catch-up contributions are not matched.
- For Union Norris hourly employees, the Company's matching contribution is equal to 40% of the participant's contributions not to exceed 6% of the employee's compensation and the Company also makes a \$75 per month profit sharing contribution to their accounts. The match formula for Union Participants is determined by the applicable Collective Bargaining Agreement.
- Match is automatically vested.
- Effective June 1, 2020, the Plan was amended to suspend all matching contributions.
- Effective October 1, 2020, the Plan was amended to reinstate the matching contributions equal to 100%, up to 1%, and contributes 50%, up to the next 6%, of eligible compensation that a participant contributes to the Plan. Catch-up contributions are not matched.
- An additional automatic contribution can be made by the Company for all eligible participants at 1% of compensation or \$750 for participants employed at the end of the year. Additional automatic contributions for 2021 of \$1.36 million is included in the employer receivable as shown in the statements of net assets available for benefits. Additional automatic contributions made for plan year 2020 amounted to \$1.09 million.
- Effective October 1, 2020, the Plan was amended to suspend all non-elective contributions.
- Effective January 1, 2021, the Plan was amended to reinstate the safe harbor matching contributions, as well as additional discretionary matching contributions. The Company will match 100%, up to 1%, and 50%, up to the next 6%, of eligible compensation that a participant contributes to the Plan. Catch-up contributions are not matched.
- The Company may also make a profit sharing contribution at the discretion of the Company. Different participating employers under the plan may have different profit sharing formulas. Profit sharing contribution of \$1.14 million for 2021 is included in the employer receivable as shown in the statements of net assets available for benefits. No profit sharing contributions were made for plan year 2020.

Apergy USA, Inc. 401K Plan

Notes to Financial Statements

- The Company contributions are invested as directed by the participant
- Contributions are subject to certain Internal Revenue Service (IRS) limitations.
- Effective October 1, 2019 there are no vesting requirements for any money types as per Amendment 2019-3.

Participant Accounts

Each participant's account is credited with the participant's and Company matching contributions and allocations of (a) the Company's automatic contribution (b) the Company's profit sharing contribution and (c) Plan earnings. Participant accounts are charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions, the Company's matching contributions and the Company's automatic contributions plus actual earnings thereon. Vesting in the Company's profit sharing contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after five years of credited service. Effective October 1, 2019, the Plan amended the vesting in the Company's profit sharing contribution to be immediately 100% vested. The contribution sources that were transferred into the Plan from the Dover Plan will be 100% vested, with the exception of the prior company match from the Dover Plan will be 100% vested after one year of service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by Plan management. Principal and interest is paid ratably through payroll deductions.

Pursuant to the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) that was signed into law on March 27, 2020, Plan participants could request a delay of note repayments for repayments that occurred between March 27, 2020 and December 31, 2020. The participant's note was reamortized and included any interest accrued during the period of delay. The ability to request a delay in note repayments under the CARES Act ceased as of December 31, 2020 and payments reestablished as of January 1, 2021.

Payment of Benefits

Upon separation of service due to death, disability, retirement or termination of employment, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period of not more than his or her assumed life expectancy.

Apergy USA, Inc. 401K Plan

Notes to Financial Statements

Pursuant to the CARES Act, participants who were currently receiving required minimum distributions were offered the option to waive their 2020 payment and participants who were due to receive the first required distribution in 2020 had their distribution automatically waived. The ability to request special waivers with respect to required minimum distributions under the CARES Act ceased as of December 31, 2020. In addition, the Plan also permitted participants to request up to \$100,000 in coronavirus-related distributions, with repayment terms of up to three years, in accordance with the CARES Act. The ability to request coronavirus-related distributions under the CARES Act ceased as of December 30, 2020.

Forfeited Accounts

At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$0 and \$246,119, respectively. These accounts will be used to reduce future Company contributions and to pay Plan expenses. During 2021 and 2020, Company contributions were reduced by \$0 and \$69,002, respectively, from forfeited nonvested accounts.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (US GAAP) requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Benefits and Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded at the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Apergy USA, Inc. 401K Plan

Notes to Financial Statements

Payment of Benefits

Benefits paid directly to participants are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to record keeping and the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Plan Management's Review of Subsequent Events

The Plan has evaluated subsequent events through October 14, 2022, the date the financial statements were available to be issued.

Note 3. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends and interest income on notes receivable from participants for the years ended December 31, 2021 and 2020, was obtained by management and agreed to or derived from information certified as complete and accurate by Wells Fargo Bank, N.A. (Wells Fargo) and Principal Trust Company (Principal), the trustees of the Plan. Wells Fargo held the Plan's assets and executed investment transactions as of and for the year ended December 31, 2020 and Principal held the Plan's assets and executed investment transactions as of and for the year ended December 31, 2021.

Note 4. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability; and• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. |

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Apergy USA, Inc. 401K Plan

Notes to Financial Statements

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment trusts: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020 (in thousands):

	2021	2020
Level 1:		
Mutual funds	\$ -	\$ 142,616
Investments measured at net asset value:		
Collective investment trusts	-	47,396
Investments at fair value	<u>\$ -</u>	<u>\$ 190,012</u>

Fair Value of Investments in Entities that Use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2021 and 2020 (in thousands):

	2021	2020
Collective investment trusts		
Fair value	\$ -	\$ 47,396
Unfunded commitment	-	None
Redemption frequency	-	Immediate
Other redemption restrictions	-	None
Redemption notice period	-	None

Apergy USA, Inc. 401K Plan

Notes to Financial Statements

Note 5. Related Party Transactions and Party in Interest Transactions

Certain Plan investments are shares of mutual funds and collective investment trusts provided through Principal, is the record keeper and trustee for the Plan and, therefore, these transactions qualify as party in interest transactions. All investment fund earnings or losses posted to each Plan participant's account are net of investment management fees charged by each investment fund under the Plan.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions.

Note 7. Tax Status

Effective January 1, 2018, the Plan adopted a prototype volume submitter defined contribution profit sharing plan with Internal Revenue Code Section 401(k) Cash or Deferred Arrangement (CODA), which received a favorable opinion letter from the IRS, dated March 31, 2014. The Plan has been amended since the date of the last amendment covered by the above mentioned determination letter. However, Plan management believes that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities that are exposed to various risks such as interest rates, market and credit risks. Market risks include global events, which could impact the value of investment securities, such as a pandemic or international conflict. Market values of investments may decline for a number of reasons, including changes in prevailing market and interest rates, increases in defaults and credit rating downgrades. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that some changes could materially affect participant account balances and the amounts reported in the statement of net assets available for benefits.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the changes in net assets available for benefits per the financial statements for the year ended December 31, 2020 to Form 5500 (in thousands):
