Independent Auditor's Report

To the Benefits Committee and Participants of
the Cordillera and Affiliated Companies
Money Purchase Pension Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Cordillera and Affiliated Companies Money Purchase Pension Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Cordillera and Affiliated Companies Money Purchase Pension Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Cordillera and Affiliated Companies Money Purchase Pension Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Cordillera and Affiliated Companies Money Purchase Pension Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Cordillera and Affiliated Companies Money Purchase Pension Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Cordillera and Affiliated Companies Money Purchase Pension Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets Held for investment Purposes at End of Year as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditor's Report

To the Benefits Committee and Participants of
the Cordillera and Affiliated Companies
Money Purchase Pension Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Cordillera and Affiliated Companies Money Purchase Pension Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Cordillera and Affiliated Companies Money Purchase Pension Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Cordillera and Affiliated Companies Money Purchase Pension Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Cordillera and Affiliated Companies Money Purchase Pension Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Cordillera and Affiliated Companies Money Purchase Pension Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Cordillera and Affiliated Companies Money Purchase Pension Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets Held for investment Purposes at End of Year as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

December 31, 2021 and 2020

1. Description of Plan and Benefits

The following description of the Cordillera and Affiliated Companies Money Purchase Pension Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of Plan provisions.

The Plan is a defined contribution pension plan which was established March 1, 1984, and has been restated effective January 1, 2011. The Plan was amended effective January 1, 2016 to clarify certain provisions of the Plan. On January 1, 2018 and again on October 7, 2019, the plan was amended to add disaster relief verbiage and other clarifications. The Plan is sponsored by Cordillera Corporation and its affiliates (collectively referred to as the Company) to provide eligible employees with a regular program of savings for retirement.

The Plan is administered by the Benefits Committee (the Committee) and is subject to the requirements of the Employee Retirement Income Security Act of 1974 (ERISA). Significant elements of the Plan are summarized below:

Eligibility-

Employees are eligible to participate in the Plan upon attaining twenty-one years of age and completing one Year of Service.

Contributions-

The Company makes contributions of 6% of Participant compensation plus 5.7% of Participant compensation which exceeds the Social Security taxable wage base for Participants employed on the last day of the year, in accordance with ERISA funding requirements.

Vesting-

Participant's Accounts are vested as follows:

<u>Years of Credited Service for Vesting</u>	<u>Vested Percentage of Accrued Benefits</u>
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Forfeitures-

The provisions of the Plan allow the non-vested portion of Account balances of Participants that terminate employment to be used to reduce Company contributions to Plan. Forfeitures of \$27,442 and \$9,002 were applied to reduce Company contributions for 2021 and 2020, respectively.

1. Description of Plan and Benefits (continued)

Loans-

Participants may borrow up to one half of their Account, subject to limitations imposed by Internal Revenue Service (IRS) regulations. The minimum loan amount is one thousand dollars. The loans are secured by the balance in the participant's account and bear interest at rates from 5.25% to 7.25%. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits-

Upon termination or retirement, Participants may elect to receive a distribution of their Account in a lump sum, or defer distribution if the Account exceeds \$1,000. Distributions may not be deferred later than the year in which the Participant attains the age of seventy and one half years. There were no benefit payments approved but unpaid at December 31, 2021 and 2020.

Investment Options-

All of the Plan's accounts are maintained by Vanguard Fiduciary Trust Company (Vanguard). Participants in the Plan may direct their account balances in one percent increments. Investment options consist of a variety of Mutual Funds and Collective Trust Funds. Investment options also consist of a Brokerage Option - an account that allows a Participant to buy and sell any Mutual Fund or other investments and is maintained by TD Ameritrade.

2. Summary of Significant Accounting Policies

Basis of accounting-

The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates-

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation-

The Plan's investments are stated at fair value, net asset value ("NAV") or contract value. See Note 3 for discussion of fair value measurements.

CORDILLERA AND AFFILIATED COMPANIES

Notes to Financial Statements
December 31, 2021 and 2020

2. Summary of Significant Accounting Policies (continued)

Investment Valuation (continued)-

Purchases and sales of investments are recorded on a trade-date basis. Net appreciation or depreciation in fair value of investments is comprised of net realized and unrealized gains and losses. Net realized gain (loss) is the difference between proceeds received and fair value at the beginning of the year, or purchase price if acquired during the year. Unrealized gain (loss) is the difference between the market value of an investment at the end of the Plan year and the market value of the same investments at the beginning of the Plan year or at its acquisition date if acquired during the Plan year.

Participant accounts-

Each Participant's Account is credited with an allocation of Company contributions, forfeitures of terminated Participants non-vested Account balances, and Plan earnings. Allocations are based on Participant earnings or account balances, as defined by the Plan. Allocations are subject to limitation pursuant to IRS regulations governing defined contribution plans.

Plan expenses-

Plan administrative expenses are paid by the Company.

3. Fair Value Measurements

The following tables present the Plan's assets measured at fair value on a recurring basis as of December 31, 2021 and 2020 as well as the corresponding levels in the fair value hierarchy.

	December 31, 2021		December 31, 2020

3. Fair Value Measurements (continued)

Accounting Standards Codification (ASC) Topic 820 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at a measurement date. It provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value; the three levels of the fair value hierarchy are described below:

Level 1 - Valuations are based on unadjusted quoted prices in an active market for identical assets or liabilities.

Level 2 - Valuations are based on quoted prices for similar assets or liabilities in active markets, or quoted prices in markets that are not active for which significant inputs are observable, either directly or indirectly. The Plan had no Level 2 asset valuations.

Level 3 - Valuations are based on prices or valuations techniques that require inputs that are both unobservable and significant to the overall fair value measurement. Inputs reflect management's best estimate of what market participants would use in valuing the asset or liability at the measurement date. The Plan had no Level 3 asset valuations.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds - Shares of mutual funds are valued at quoted market prices on the last business day of the Plan year, which represent the fair market value of shares held by the Plan.

Common Stocks - Shares held in employee directed brokerage accounts are valued at quoted market price of shares held by the Plan on the last business day of the Plan year.

Cash - Cash held in the Insured Deposit Account cash sweep program in the employee directed brokerage accounts are deposited with participating banks. Deposits are eligible for FDIC insurance and earn interest at rates established by participating banks.

Collective Trusts - Vanguard Target Date Retirement Trust I funds, which invest in Vanguard mutual funds based on targeted participant retirement dates, and certain other common stock funds are measured at the value of the fund as reported by Vanguard and derived from the exchange where the underlying securities are primarily traded and redeemable daily. These collective trusts are valued at the NAV of the units held by the Plan. NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. Collective trusts also include Vanguard Retirement Savings Trust III, which holds fully benefit-responsive investment contracts backed by high-quality, shorter-term securities and is valued at contract value.

4. Information Certified by Trustee

The following information included in the accompanying financial statements was obtained from data that has been prepared and certified by the Vanguard Fiduciary Trust Company (Vanguard) as being complete and accurate:

	December 31, 2021	December 31, 2020
Investments at fair value	\$ 4,414,826	\$ 4,285,345
Investments in common collective trusts	\$ 7,122,122	\$ 5,991,438
Notes receivable from participants	\$ 131,742	\$ 76,037
Net appreciation (depreciation) in the fair value of investments	\$ 1,390,607	
Interest and dividends	\$ 127,515	
Participant loan interest	\$ 4,894	
Net activity in participant brokerage accounts	\$ 214,799	

5. Tax Status

The IRS has issued a determination letter dated November 7, 2016 stating that the Plan is qualified under the provisions of Section 401(a) of the Internal Revenue Code, and accordingly is exempt from Federal income taxes. Subsequent Plan amendments are subject to approval by the IRS. The Committee intends to make any necessary amendments to maintain the Plan's tax exempt status with the IRS.

6. Plan Termination

While it has not expressed any intent to terminate the Plan, the Board of Directors of Cordillera Corporation reserves the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan all amounts become 100% vested.

7. Risks and uncertainties

The Plan's investments are comprised of various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. It is therefore reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. COVID-19 Outbreak

In December 2019, an outbreak of a novel strain of coronavirus (COVID-19) spread throughout the World, including the U.S. On March 11, 2020, the World Health Organization characterized COVID-19 as a pandemic. Although a vaccine for COVID-19 is available, variants of the virus and other circumstances have contributed to prolonged impacts from COVID-19. At the date the financial statements were available to be issued, there has been no immediate impact to the Plan, however the Company's operations and administration of this Plan could be adversely affected by the continued economic impact of COVID-19. The Company continues to closely monitor the situation, though the duration and future effect of the pandemic is unknown at this time.

9. Subsequent Events

The Plan does not have any subsequent events through October 13, 2022, which is the date the financial statements were available to be issued, requiring recording or disclosure in the financial statements for the year ended December 31, 2021.
