INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of Moreland Dealerships
Retirement Savings Plan
Thornton, Colorado

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Moreland Dealerships Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Moreland Dealerships Retirement Savings Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.130-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section-

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in

- all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Moreland Dealerships Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Management's Responsibilities for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Moreland Dealerships Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered

material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Moreland Dealerships Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Moreland Dealerships Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other

than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion-

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Moreland Dealerships Retirement Savings Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 15, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA

NOTE 1 DESCRIPTION OF THE PLAN

The following description of Moreland Dealerships Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The primary trustee for the Plan is an owner of the plan sponsor.

General

The Plan is a defined contribution plan covering employees of Grand Auto, Inc., and several participating dealerships from the Front Range area (the Companies) who have completed three months of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 100% of annual compensation, as defined in the Plan, up to the maximum annual contribution permitted by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

One dealership from the group of Companies funded a discretionary matching contribution, pro-rata on the first $5,000 deferred per participant and totaling $25,000 for the year ended December 31, 2020. No discretionary contributions were funded for the year ended December 31, 2021. Additional amounts may be contributed at the option of the Companies. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various pooled separate accounts and a stable value account as investment options for participants. Contributions are automatically invested in a moderate portfolio alternative according to the participant’s years to retirement, until changed by the participant.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, an allocation of the individual Companies’ contributions, if any, Plan earnings on the investments in their account, and if applicable, charged with an allocation of administrative expenses paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account balance.

Forfeitures

At December 31, 2021 and 2020, forfeited nonvested accounts totaled $-0- and $3,431, respectively. These amounts will be used under any permissible method. In 2021 and 2020, plan expenses were reduced by $10,281 and $-0-, respectively, from forfeited nonvested accounts.

Vesting

Participants are immediately vested in their employee and employer’s contributions plus actual earnings thereon.

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Payment of Benefits

Upon a participant's retirement, disability, death, or termination of employment, a participant may elect to receive a lump-sum payment equal to the value of the participant's vested interest in his or her account, or installments over a period not to exceed the assumed life expectancy of the participant. Under certain circumstances, an employee may withdraw his or her vested account balance prior to the occurrence of these events. The Plan was amended effective June 2020 to allow in-service withdrawals on attainment of age 59-1/2.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The Plan allows a maximum of one loan per participant at a time. The notes are secured by the balance in the participant's account and bear interest at 1% over prime, as defined. As of December 31, 2021, outstanding loans had fixed rates ranging from 4.25% to 6.5% for the term of the loan, not to exceed 5 years, or 30 years if used for the purchase of a residence. Principal and interest are paid ratably through payroll deductions.

NOTE 2 SUMMARY OF ACCOUNTING PRINCIPLES AND POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodian. See Note 3 for discussion of fair value measurements. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gain and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2 SUMMARY OF ACCOUNTING PRINCIPLES AND POLICIES (CONTINUED)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make loan payments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Companies. Expenses that are paid by the Companies are excluded from these financial statements. Fees related to a participant's notes receivable, distributions, or other administrative functions, are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events were evaluated through October 10, 2022, the date the financial statements were available to be issued.

NOTE 3 FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

NOTE 3 FAIR VALUE MEASUREMENTS (CONTINUED)

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Pooled separate accounts: Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. Quoted market prices of the underlying assets have been used to determine the fair value of investments in pooled separate accounts.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 7,797,562	$ -	$ 7,797,562

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 6,805,880	$ -	$ 6,805,880

NOTE 4 STABLE VALUE OPTION

The Plan has a stable value fund that is an investment option within the group annuity contract with Transamerica Financial Life Insurance Company (Transamerica). This stable value fund's subaccount is invested into the Transamerica Stable Value Core Option. The fund has entered into a benefit-responsive investment contract with Transamerica totaling $395,925 and $345,317 at December 31, 2021 and 2020, respectively. Transamerica is the custodian and maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based upon the daily balance, at a rate that is the daily equivalent of the effective annual rate of interest applicable for a six-month period, with no stated minimum or maximum guarantees. The crediting rate is reviewed on a semi-annual basis for resetting.

NOTE 4 STABLE VALUE OPTION (CONTINUED)

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by

Transamerica represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligation may be affected by future economic and regulatory developments.

Certain events might limit the Plan's ability to transact at contract value with the issuer. Such events include the following: (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with Plan participants or the issuer, is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 5 PLAN TERMINATION

Although it has not expressed intent to do so, the Companies have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 6 PARTY-IN-INTEREST TRANSACTIONS

The following companies provided services to the Plan during 2021 and 2020. The transactions for these services qualify as party-in-interest transactions.

- Transamerica is the issuer of the Plan's group funding agreement and record keeper.
- Retirement Planning Services, Inc. (RPS) is a wholly-owned subsidiary of Alerus Financial Corporation (Alerus), the third-party administrator.
- Mesirow Financial, Inc. is the investment advisor.
- Woodbury Financial Services is the investment broker.

Fees paid for these services total $36,141 and $26,796 for the years ended December 31, 2021 and 2020, respectively. These companies also charge fees that are included in net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. Woodbury Financial Services receives a fee on assets managed which are paid directly by the Plan sponsor. These party-in interest transactions are exempt from the prohibited transactions rules of ERISA.

The Plan also allows for the issuance of notes receivable to participants in accordance with related regulations. These transactions also qualify as party-in-interest transactions for which there is a statutory exemption.

NOTE 7 CERTIFIED INVESTMENTS

The Company, acting in its capacity as the Plan administrator, has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Transamerica, a qualified institution, has certified the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Investment income as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2021 and 2020.
- Investment information included in the accompanying schedule of assets (held at end of year) as of December 31, 2021.

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

NOTE 8 TAX STATUS

On March 31, 2014, the Internal Revenue Service issued an opinion letter indicating that the prototype plan document adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to the Plan itself and has since been amended. However, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by the tax authorities. However, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for the years prior to 2018.

NOTE 9 RISKS AND UNCERTANTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks, economic changes, political unrest, regulatory changes, and foreign currency risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

The following table presents investments that represent a concentration of greater than 10% of the Plan's investments as of December 31, 2021 and 2020:

	2021		2020	
	Balance	% of Inv	Balance	% of Inv
Oakmark International Ret Acct	$1,347,341	16.4%	$1,253,561	17.5%
American Funds Growth Fund of America	$1,025,144	12.5%	$888,260	12.4%
Transamerica Partners Large Core Ret Acct	$985,446	12.0%	$805,060	14.3%
Lord Abbett Income Ret Acct	$945,699	11.5%	$866,767	12.1%
Invesco Diversified Dividend Ret Acct	$895,969	10.9%	$775,455	10.8%
Prudential Total Return Bond Ret Acct	$877,248	10.7%	$840,259	11.7%

Due to the concentration of investments denoted above, in addition to the level of risk associated with certain investments, it is at least reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect the value of the participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 10 EXCESS CONTRIBUTIONS PAYABLE

Amounts payable to participants totaling $14,555 and $83,738 as of December 31, 2021 and 2020, respectively, for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability and are included in corrective distributions. The Plan distributed these excess contributions to the applicable participants prior to March 15 of the following year.

NOTE 11 RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits as of December 31, 2021 and 2020, per the financial statements to Form 5500:

	2021	2020
Net assets available for benefits per the financial statements	$ 8,316,797	$ 7,238,134
Add: Accrued excess contributions payable	14,555	83,738
Net assets available for benefits per the Form 5500	$ 8,331,352	$ 7,321,872

The following is a reconciliation of net increase in net assets available for benefits for the years ended December 31, 2021 and 2020, per the financial statements to the Form 5500:

	2021	2020
Net increase in net assets available for benefits per the financial statements	$ 1,078,663	$ 629,724
Less: Excess contributions payable prior year	(83,738)	(147,888)
Add: Excess contributions payable current year	14,555	83,738
Net increase in net assets available for benefits per the Form 5500	$ 1,009,480	$ 565,574
