Independent Auditor's Report

To the Plan Administrator
 Shaw Services Company 401(k) & Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Shaw Services Company 401(k) & Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021 and the related statement of changes in net assets available for benefits for the year then ended and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2021 and for the year then ended stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

To the Plan Administrator
Shaw Services Company 401(k) & Profit Sharing Plan

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or that may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

To the Plan Administrator
Shaw Services Company 401(k) & Profit Sharing Plan

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year as of December 31, 2021 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 8, 2021, we indicated that, (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion, and, accordingly, we did not express an opinion on the Plan's 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Shaw Services Company 401(k) & Profit Sharing Plan

Notes to Financial Statements

December 31, 2021 and 2020

Note 1 - Plan Description

The following description of Shaw Services Company 401(k) & Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established on April 1, 1981 as a defined contribution plan that permitted 401(k) contributions by participants and discretionary profit-sharing contributions, subject to certain vesting provisions, by Shaw Services Company (the "Company," the "Plan Administrator," or the "Plan Sponsor"). The Plan was amended on March 30, 2020 to replace the fixed-rate 401(k) match contribution with a discretionary matching contribution of 100 percent of participant contributions, up to 3 percent of participant plan compensation. The Plan was further amended on January 1, 2021 to change the period of determination for the employer match from the plan year to each payroll period.

Administration

Select members of management of the Company administer and serve as the investment committee of the Plan. Cook Street Consulting, Inc. provides fiduciary and investment advisory services to the Plan. As of December 31, 2021, Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (Principal) serves as third-party administrator and custodian of the Plan. Principal offers plan participants a variety of investment options at the direction of the investment committee. Participants invest their accounts at their own discretion within the various investment options available to the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Contributions

Employees of the Company become plan participants, provided they are 21 years of age or older, on the first of the month coinciding with or following the date they complete one month of service. Participants may make before-tax or post-tax (Roth) contributions, as limited by the Internal Revenue Service (IRS), which may be adjusted annually by the secretary of the Treasury for inflation. Under the plan document, participants are subject to automatic enrollment in the Plan with deferrals of 6 percent of their plan compensation. The automatic deferral percentage is subject to a 1 percent increase on the first day of each plan year until the deferral percentage reaches 10 percent. Participants have the right to elect a different deferral percentage or to have no salary deferrals. Participant contributions to the Plan are made through regular payroll deductions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants who have completed six months and 1,000 hours of service will be eligible to receive a discretionary employer matching contribution of 100 percent of participant contributions, up to 3 percent of participant plan compensation, each pay period. The Plan permits rollover contributions from other qualified retirement plans. The Company made employer matching contributions of \$496,904 for the year ended December 31, 2021.

Participant Accounts

Each participant's account is credited or debited with the contributions and benefits paid, plan earnings or losses, forfeitures, and administrative expenses. Allocations are based upon plan earnings or losses and account balances, as defined by the Plan. The benefit to which a participant is entitled is the vested portion of the participant's account.

Vesting

Participants are immediately 100 percent vested in their voluntary contributions, all employer matching contributions, and allocated earnings or losses thereon.

December 31, 2021 and 2020

Note 1 - Plan Description (Continued)

Participant Notes Receivable

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balances. Participants may have a maximum of two notes receivable outstanding at any given time. The notes receivable are secured by the vested balances in the participants' accounts and bear interest at rates that range from 5.25 to 7.5 percent, which are computed as the sum of the prime lending rate at initial funding plus 2.0 percent, and mature at various dates through July 2044. Notes receivable have a maximum term of 5 years, unless such notes receivable are for the purchase of the participant's primary residence, in which case the repayment period may not exceed 30 years from the date of the notes receivable origination. Principal and interest are paid ratably through payroll deductions. Participant notes receivable are recorded in the financial statements at amortized cost (which represents unpaid principal plus accrued interest). Upon termination of a participant from employment, the participant's notes receivable shall continue to be payable in accordance with the provisions of the participant's notes receivable or be due in full. There were no notes receivable in the current year that were deemed distributions.

Benefit Payments

Upon death, disability, retirement, or termination of service, a participant or his or her beneficiary may receive, at his or her election, within a reasonable period of time, a lump-sum benefit payment in the amount equal to the participant's vested account balance. Benefits are recorded when paid.

The Plan allows in-service distributions, in whole or in part, to participants age 59½ or older who have not terminated employment with the Plan Sponsor. The Plan also provides for hardship withdrawals for defined hardship events. Participants who are granted a hardship withdrawal are not allowed to make contributions for the six months following such withdrawal. The Plan allows in-plan Roth conversions. Furthermore, the Plan allows for terminated participant vested account balances of \$1,000 or less to be automatically distributed and balances of \$1,000 to \$5,000 to be automatically rolled out of the Plan into an individual retirement account. The Internal Revenue Service (IRS) requires minimum distributions for participants who reach age 70½ during the previous plan year and are no longer employed by the Company.

Party-in-interest Transactions

Certain plan assets are in investment funds managed by Principal. Principal is the custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines. In addition, the Plan provides for loans to participants, which are also party-in-interest transactions that are exempt from the prohibited transaction rules.

Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

Note 2 - Summary of Significant Accounting Policies

Valuation of Investments and Income Recognition

Plan investments are composed of mutual funds and a money market fund. Investments are recorded at fair value, as reported to the Plan by the custodian. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee appoints the investment managers and monitors the performance of the Plan's investment funds in accordance with the Plan's investment policy. See Note 3 for discussion of fair value measurements.

December 31, 2021 and 2020

Note 2 - Summary of Significant Accounting Policies (Continued)

All other investments are valued based on quoted market prices reported in active markets. See Note 3 for additional information.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Various administrative costs are paid by the Company.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in net assets available for benefits and disclosures. Accordingly, actual results could differ from those estimates.

Risks, Uncertainties, and Concentrations

The Plan provides for various investments that, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statement of net assets available for benefits.

Additionally, some investments held by mutual funds are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Consequently, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

At December 31, 2021 and 2020, two and one investment(s) accounted for 23 and 16 percent, respectively, of total investments at fair value.

Subsequent Events

The Plan Administrator has evaluated all other subsequent events through October 7, 2022, which is the date these financial statements were available to be issued. Due to the Internal Revenue Services mandatory restatement procedures, the Plan was restated on July 31, 2022, resulting in a number of changes to the plan document. Other than the restatement, there were no additional material subsequent events that required recognition or additional disclosure in these financial statements.

Note 3 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Notes to Financial Statements

December 31, 2021 and 2020

Note 3 - Fair Value Measurements (Continued)

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2021 and 2020:

Note 4 - Unaudited Information

On July 1, 2019, Wells Fargo Bank, N.A. (Wells Fargo) was purchased by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company. Due to that acquisition, in 2020, the Plan's Custodian was changed from Wells Fargo to Principal (collectively, the "Custodians"). The Custodians of the Plan hold the Plan's investments and participant notes receivable and execute all related transactions during the periods under audit. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by the Custodians.

December 31, 2021 and 2020

Note 5 - Income Taxes

The Plan has adopted a defined contribution base plan document provided by Principal that plan management believes is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The volume submitter plan obtained its latest opinion letter on March 31, 2014, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been subsequently amended. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

Note 6 - Administration of the Plan

The Company provides, at no cost to the Plan, certain administrative, accounting, and legal services to the Plan. The Company utilizes a third party to monitor and track the Plan's assets on an individual participant basis. Administrative fees for the services of the fiduciary advisor, the Custodian, the third-party administrator, certain legal fees, and audit fees are charged directly to the Plan.
