Independent Auditor's Report

To the Administrative Committee of
A & B Distributors Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of A & B Distributors Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits – modified cash basis as of December 31, 2021, and the related statement of changes in net assets available for benefits – modified cash basis for the year then ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of A & B Distributors Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from Minnesota Life Insurance Company as of December 31, 2021, and for the period ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with the modified cash basis of accounting. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of A & B Distributors Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis for Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial states are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about A & B Distributors Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provision, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purposes of expressing an opinion on the effectiveness of A & B Distributors Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about A & B Distributors Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulation for Reporting and Disclosure under ERISA.

In our opinion –

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects in conformity with the Department of Labor's Rules and Regulation for Reporting and Disclosures under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter

We performed a compilation engagement with respect to the 2020 financial statements and our report thereon, dated October 13, 2022, stated we did not audit or review those financial statements and, accordingly, express no opinion or other form of assurance on them.

A & B DISTRIBUTORS RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2021 AND 2020

NOTE 1 - DESCRIPTION OF THE PLAN

The following brief description of the A & B Distributors Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a multiemployer defined-contribution plan covering qualified employees of A & B Distributors, Inc. (collectively, the "Company") Retirement Plan. Participating employers in the plan include: A & B Distributors, Inc. of Muskogee, Specialty Brands, A & B Beverage Company LLC, and A & B Distributors of Arkansas, Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") as amended. The Plan is administered by the Company and Minnesota Life Insurance Company serves as the trustee. Earnings and losses on investments are allocated to the participants' accounts.

Effective Date

The Plan's initial effective date was January 1, 1988. The plan was amended and restated on August 1, 2021. Amendments included changing eligibility requirements and employer matching contributions.

Eligibility

Employees hired before August 1, 2021 are eligible to participate in the Plan if they are 21 years of age and have completed one year of service during which they must complete 1,000 hours of service. Employees hired after August 1, 2021 are eligible to participate in the Plan if they are 21 years of age and have completed three months of service during which they must complete 250 hours of service. If they do not complete 250 hours of service within the first three months of employment, then the service requirement will be satisfied after completing one year of service. The participant entry date will be the first day of the Plan Year quarter coinciding with or next following the date eligibility requirements are satisfied.

Contributions

Each year, participants may make salary deferral contributions up to 100% of their annual compensation, as defined in the Plan. Contributions are subject to certain Internal Revenue Code (IRC) limitations. The Plan allows Pre-Tax deferral and Roth deferral contributions. The Plan allows participants to contribute amounts representing distributions from other qualified plans (rollover). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan provides for a Company discretionary matching of 100% up to a maximum of 5% of the employee's covered compensation. The Company may also make a discretionary profit sharing contribution to the employee's account. No such additional discretionary profit sharing contributions were made for the years ended December 31, 2021 and 2020.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's deferrals and allocations of the Company's matching contribution, Plan earnings, and is debited with Plan expenses. Allocations are based on eligible participant compensation or participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. Plan participants may direct their entire account balances in partial increments to any of the various investment options offered by the Plan. Participants may change their investment options on a daily basis. Participants should review each investment option's prospectus for a description of the investment objectives.

Investment Options

Upon enrollment to the Plan, a participant may direct deferrals and employer contributions in any of the funds offered by the Plan. Participants may change their investment options daily.

Vesting

Participants are fully vested in their contributions and the earnings thereon. For discretionary employer matching contributions and employer profit sharing contributions, the vesting schedule is as follows: less than two years of service - 0%, two years of service - 20%, three years of service - 40%, four years of service - 60%, five years of service - 80% and 6 years of service - 100%.

Forfeitures

The Company may pay Plan expenses and reduce employer contributions by forfeitures occurring during the Plan year. The Plan paid administrative expenses and reduced employer contributions for the years ended December 31, 2021 and 2020 by \$2,046 and \$8,100, respectively. The Plan maintained a balance of \$6,000 and \$59 in the forfeiture account at December 31, 2021 and 2020, respectively.

Withdrawn Participants

Included in the net assets available for benefits are the amounts allocated to individuals who have elected to withdraw from the Plan, but who have not been paid. There were no Plan assets allocated as of December 31, 2021 or 2020.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. A participant may have no more than one outstanding loan at any time. Loan terms range from one to five years, or longer for the purchase of a principal residence. The loans are secured by the vested balance in the participant's account and bear interest at rates commensurate with local prevailing rates at the time funds are borrowed, as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions. Interest income from participant loans is recognized as received. As of December 31, 2021 and 2020, no loans were past due or delinquent. If a participant ceases to make loan repayments and the Plan administrator deems the participant to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Participants may elect to receive a distribution of the vested portion of their accounts either as a lump-sum or annual installments as defined in the Plan document upon termination of service, retirement, or disability. Participants that reach normal retirement age or become disabled while an employee will become 100% vested in all of their accounts under the Plan. A designated beneficiary is entitled to a death benefit distribution equal to the participant's vested account balance upon death of the participant. Terminated participants with balances of \$5,000 or less will receive an automatic lump-sum distribution of their vested amount. Distributions may be made at the participant's request prior to termination upon attainment of age 62 or hardship as defined in the Plan document. In-service distributions can only be made from accounts which are 100% vested. Benefit payments to participants are recorded upon distribution.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the modified cash basis, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles, and is an acceptable method of reporting under Department of Labor regulations. Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

A & B DISTRIBUTORS RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2021 AND 2020

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Investment Valuation and Income and Loss Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold during the year as well as those held at the end of the year.

The classification of investment earnings reported in the statement of changes in net assets available for benefits may differ from the classification of earnings on Form 5500 due to different reporting requirements on Form 5500.

Plan Administrative Expenses

Certain administrative expenses are paid by the Company and accordingly are not reflected in the accompanying financial statements of the Plan. Certain transaction processing fees are charged to the participants and therefore, are reflected in the accompanying statement of changes in net assets available for benefits as administrative expenses.

Subsequent Events

The Company has evaluated subsequent events through October 13, 2022, which is the date the financial statements were available for issuance, and noted no events which require adjustments to, or disclosure in the 2021 financial statements.

(Continued)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Adoption of New Accounting Pronouncements

During the year ended December 31, 2020 the Plan adopted the Financial Accounting Standards Board ("FASB") ASU 2018-13 Fair Value Measurement (Topic 820): Disclosure Framework-Changes to the Disclosure requirements for Fair Value Measurement. Under the amendments in this ASU, new disclosure requirements were added regarding fair value hierarchy Level 3 changes in unrealized gains or losses and regarding the fair value hierarchy Level 3 range and weighted average used to develop significant unobservable inputs. Disclosure requirements were modified regarding Level 3 fair value measurements and net asset value disclosure of estimates of timing of future liquidity events. Disclosure requirements were eliminated regarding transfers between Level 1 and Level 2 of the fair value hierarchy and regarding policies related to valuation processes and the timing of transfers between levels of the fair value hierarchy.

In July 2019, the Auditing Standards Board issued Statement on Auditing Standards No. 136, *Forming an Opinion and Reporting on Financial Statements of Employee Benefit Plans Subject to ERISA*, that required changes to all auditor's reports. SAS No. 136 is effective for audits of financial statements for periods ending on or after December 15, 2021, as deferred by SAS No. 141, *Amendment to the Effective Dates of SAS Nos. 134-140*, with early implementation permitted. The Plan has adopted the provision as of January 1, 2021, with no effect to previously reported net assets available for benefits.

NOTE 3 - INVESTMENTS - INFORMATION CERTIFIED BY CUSTODIAN

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As of December 31, 2021, and for the year ended December 31, 2021, Securian Financial, an affiliate of Minnesota Life Insurance Company, held the Plan's investment assets and executed investment transactions.

Accordingly, as permitted under such election, the following information as of December 31, 2021, and for the year ended December 31, 2021, was certified as complete and accurate by Minnesota Life Insurance Company and was not subjected to any auditing procedures performed by the independent public accountants:

- a) Total investments shown in the accompanying statements of net assets available for benefits - modified cash basis of \$4,559,449 as of December 31, 2021.
- b) Net appreciation in investments of \$471,453 as shown in the accompanying statement of changes in net assets available for benefits - modified cash basis for the year ended December 31, 2021.
- c) All investment-related information in the accompanying supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2021.

NOTE 4 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures ("ASC 820") establishes a framework for measuring fair value. That framework provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in an active market that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include:
 - o Quoted prices for similar assets or liabilities in active markets;
 - o Quoted prices for similar assets or liabilities in inactive markets;
 - o Inputs other than quoted prices that are observable for the asset or liability;
 - o Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 - Inputs to the valuation methodology are both unobservable and significant to the overall fair value measurement.

Fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used must maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Pooled Separate: Valued daily at net asset value (NAV) based on the fair value of the observable market prices of the underlying assets within that account less liabilities.

Fixed Income: Calculated at a fixed rate of interest by Minnesota Life Insurance Company, as described in Note 5.

Participant loans: The stated value of participant loans represents the outstanding principal balance of the loan, taking into account the applicable interest rate, amortization schedule, and repayments made for each loan.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5 – INVESTMENT CONTRACT WITH MINNESOTA LIFE INSURANCE COMPANY

The Plan's investments are held in a group annuity contract that contains pooled separate accounts and a fixed income guaranteed return account. The pooled separate accounts are measured by the observable market prices of the underlying assets within, and the guaranteed return account is measured at a fixed rate of interest. In accordance with ASC Subtopic 820-10, the guaranteed return account is presented in the financial statements at its contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributed to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

The guaranteed return account is a group annuity contract with a fixed rate of interest. It is not a portfolio of contracts whose yield is based on changes in fair value of underlying assets as would be found in a stable value fund. As a result, the average yield earned by the guaranteed return account is the yield earned (i.e. interest credited) on the group annuity contract. The interest rate history for the contract is as follows:

MN Life Guaranteed Return Account

<u>Time Period</u>	<u>2021</u>	<u>2020</u>
January 1 - December 31	<u>1.50%</u>	<u>1.50%</u>

By definition, a group annuity contract is an insurance contract. As a result, the Plan may transact according to the terms defined in the contract at any time. Interest is credited to the guaranteed return account on a daily basis from the date deposits are accepted until paid, transferred or applied in full.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) termination of a Plan's interest and (2) termination of the contract. The Plan's contract shall be terminated on the date when both no current deposit arrangements have been made between Minnesota Life Insurance Company and the Company and there are no guaranteed return accounts with a value greater than zero. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable to occur.

There are no circumstances that would allow Minnesota Life Insurance Company to terminate the contract and settle at a value other than the contract value.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7 - RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by an affiliate of Minnesota Life Insurance Company, the asset custodian as defined by the Plan. The Plan paid certain expenses related to Plan operations and investment activity that are exempt party-in-interest transactions under ERISA. Minnesota Life Insurance Company was paid \$2,107 and \$1,040 for investment management services for the years ended December 31, 2021 and 2020, respectively.

NOTE 8 - INCOME TAX STATUS

The modified cash basis of accounting requires plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions and could be subject to income tax if certain issues were found by the Internal Revenue Service that could result in the disqualification of the Plan's tax-exempt status; however, there are currently no audits for any tax periods in progress.

The IRS has determined and informed the Plan sponsor by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with section 401 of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the initial determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

NOTE 9 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2021 and 2020 to Form 5500:

	2021	2020

The following is a reconciliation of contributions remitted per the financial statements for the year ended December 31, 2021, to Form 5500:

Contributions Remitted per the Financial Statements	\$ 383,709
Adjustments: None at December 31, 2021	-
Contributions Remitted per Form 5500	<u>\$ 383,709</u>

The Form 5500 and financial statements were prepared on the modified cash basis of accounting for the years ended December 31, 2021 and 2020. As such, timing differences of receivables and other reconciling items do not exist.

NOTE 10 - TRANSACTIONS WITH PARTIES IN INTEREST

A & B Distributors, Inc. of Muskogee provides to the Plan certain accounting and administrative services for which no fees are charged. The Plan Sponsor representative is currently a participant in the A & B Distributors Retirement Plan.

NOTE 11 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities, which are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 12 – COVID 19

Effective April 5, 2020, the Plan adopted the distribution provision of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act that was signed into law on March 27, 2020. A CARES Act distribution allows the Plan's participants to take a COVID-19 related distribution up to \$100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. In addition, effective April 21, 2020, the Plan adopted the temporary loan repayment deferral provision of the CARES Act. The deferral provision adopted by the Plan allows qualified Plan participants who have Plan loan repayments to defer such repayments until December 31, 2020.
