Independent Auditor's Report

Plan Administrator
Tactical Air Support, Inc. 401(k) Profit Sharing Plan
Reno, Nevada

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Tactical Air Support, Inc. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BDO USA, LLP, a Delaware limited liability partnership, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules (Schedule H, Line 4a - Schedule of Delinquent Participant Contributions and Schedule H, Line 4i - Schedule of Assets (Held at End of Year)) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves,

and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to the Financial Statements

1. Description of the Plan

The following description of the Tactical Air Support, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document and any amendments thereto for a more comprehensive description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Tactical Air Support, Inc. (the Company) who are age 21 or older. The Plan was established on January 1, 2008 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Trustee and administration of the Plan

The trustee and recordkeeper of the Plan is Matrix Trust Company, LLC (Matrix or trustee). The administrator of the Plan is the Company. The trustee holds all assets of the Plan in accordance with the service provider contract with the Company. The Company's management determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

The Plan allows each eligible participant to defer his or her compensation up to the maximum allowed by the Internal Revenue Code (IRC), as defined by the Plan.

In addition, the Plan allows for catch up contributions by employees aged 50 years and older before the end of the Plan year. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions), as defined in the Plan's provisions. For the year ended December 31, 2021, rollover contributions totaled \$20,786, which are included in participant contributions in the accompanying statement of changes in net assets available for benefits.

The Company makes safe harbor matching contributions of 100% of each participant's deferral contributions up to 6% of his or her compensation. The Company may also make a discretionary matching contribution and may make discretionary non-elective profit sharing contributions to the Plan as determined by the Company's management. The discretionary non-elective contributions will be distributed to participants based upon each participant's eligible compensation (as defined by the Plan) in proportion to the eligible compensation of all eligible participants. For the year ended December 31, 2021, no discretionary matching or discretionary non-elective profit sharing contributions were made. Both employee and employer contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participants direct the investment of their contributions and the Company's contributions made on their behalf into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants.

Participant accounts

Each participant's account is credited with the participant's contributions and the Company's matching contribution, an allocation of the Company's non-elective contribution, if any, and Plan earnings and losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or

Tactical Air Support, Inc. 401(k) Profit Sharing Plan

Notes to the Financial Statements

specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their pre-tax elected salary deferrals, rollover contributions, safe harbor match, plus actual earnings or losses thereon. Vesting in the employer discretionary contributions is based on years of continuous service. A participant is 100% vested in employer discretionary matching and profit sharing contributions upon attainment of retirement age of 65, death, total disability, or ratably over six-year grading schedule as follows:

<i>Years of service</i>	<i>Percent Vesting</i>
Less than two years	0%
Two years	20%
Three years	40%
Four years	60%
Five years	80%
Six years or more	100%

Notes receivable from participants

Participants may borrow from their respective accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The notes are secured by the balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates as determined by the Plan Administrator. Note terms range from one to five years. Principal and interest are paid ratably through semi-monthly payroll deductions.

Forfeited accounts

The Company maintains a separate forfeiture account with Matrix. When an employee terminates prior to full vesting, the Plan's cumulative, unvested matching and non-elective profit sharing contributions made on behalf of the participant, as well as earnings and losses thereon, are transferred to the Plan's forfeiture account. These forfeitures are first used to reduce employer contributions and then to reduce Plan expenses. As of December 31, 2021 and 2020, the Plan had no balance in forfeitures available to reduce future employer contributions and plan expenses. For the year ended December 31, 2021, no forfeitures were used to reduce employer contributions.

Payment of benefits

Upon termination of service due to death, disability, retirement or any other reason, a participant or beneficiary may elect to receive an amount equal to the value of the participant's vested interest. Upon termination of service, if the vested value of a participant's account is less than \$5,000, his or her account will be distributed in a single lump-sum payment.

2. Summary of Significant Accounting Policies

Basis of accounting

The Plan's financial statements are maintained on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Tactical Air Support, Inc. 401(k) Profit Sharing Plan

Notes to the Financial Statements

Use of estimates

The preparation of financial statements in conformity with GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from estimated amounts.

Investment valuation and income recognition

Investments held by the Plan are reported at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment trustee. See Note 4 for additional information related to fair value measurements.

Purchases and sales of securities are recorded principally on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at the unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

3. Certified Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Matrix, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule of assets (held at end of year) is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.

Tactical Air Support, Inc. 401(k) Profit Sharing Plan

Notes to the Financial Statements

- Investment income and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021.
- Investment information included in the schedule of assets (held at end of year) as of December 31, 2021, as shown on the ERISA-required supplemental schedule of assets (held at end of year).

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule of assets (held at end of year).

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Notes to the Financial Statements

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

	Assets at Fair Value as of December 31, 2021			
	Fair Value Hierarchy Level			
	Total	Level 1	Level 2	Level 3
Investments by fair value level:				
Mutual funds	\$ 13,067,008	\$ 13,067,008	\$ -	\$ -
Total assets at fair value	\$ 13,067,008	\$ 13,067,008	\$ -	\$ -

	Assets at Fair Value as of December 31, 2020			
	Fair Value Hierarchy Level			
	Total	Level 1	Level 2	Level 3
Investments by fair value level:				
Mutual funds	\$ 8,977,151	\$ 8,977,151	\$ -	\$ -
Total assets at fair value	\$ 8,977,151	\$ 8,977,151	\$ -	\$ -

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to reduce or discontinue contributions, terminate the Plan subject to the provisions of ERISA, or both. In the event of Plan termination, participants will become 100% vested in their accounts.

6. Income Tax Status

Effective March 31, 2014, the Plan adopted a prototype plan sponsored by Matrix. The prototype plan has received an opinion letter from the IRS as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Prohibited Transactions

During the year ended December 31, 2020, the Company failed to segregate and remit in a timely manner certain participant contributions (salary reduction amounts) from its assets within the required time period as specified by the United States DOL Reg. 2510.3012. Failure to segregate and remit contributions within the specified time period is a prohibited transaction according to the provisions of ERISA and the IRC. The Company remitted these contributions to the Plan shortly after

Notes to the Financial Statements

the required time frame. The Company calculated and remitted lost earnings associated with the 2020 late remittances during 2021.

8. Related Party Transactions and Party-in-Interest Transactions

Certain Plan investments are managed by Matrix. Matrix is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions and are exempt from the prohibited transaction rules of ERISA. Fees paid by the Plan for investment management services are included in net appreciation in fair value of investments as they are paid through revenue sharing rather than a direct payment.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Reconciliations to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2021 and 2020, to Form 5500:

<i>December 31,</i>	2021	2020
Net assets available for benefits per the financial statements	\$ 13,482,174	\$ 9,223,842
Differences in employee contributions receivable on the financial statements and per the Form 5500	(77,308)	(71,057)
Differences in employer contributions receivable on the financial statements and per the Form 5500	(55,365)	(43,401)
Net assets available for benefits per the Form 5500	\$ 13,349,501	\$ 9,109,384

Tactical Air Support, Inc. 401(k) Profit Sharing Plan

Notes to the Financial Statements

The following is a reconciliation of the change in net assets available for benefits per the financial statements for the year ended December 31, 2021 to Form 5500:

Year Ended December 31, 2021

Net increase in net assets available for benefits per the financial statements	\$ 4,258,332
Plus: differences in employee and employer contributions receivable as of December 31, 2020	114,458
Less: differences in employee and employer contributions receivable as of December 31, 2021	(132,673)
Net increase in net assets available for benefits per the Form 5500	\$ 4,240,117

11. Subsequent Events

The Plan Administrator has evaluated subsequent events through October 14, 2022, the date the financial statements were available to be issued. Except as described below, the Plan Administrator is not aware of any subsequent events which would require recognition or disclosure in the financial statements.

Effective June 1, 2022, the Plan trustee and administration responsibilities changed from Matrix to Schwab Retirement Plan Services, Inc. (Schwab). As part of the transition, the Plan converted to a Schwab basic plan document and adoption agreement and certain Plan provisions were amended as follows:

- The Plan name was changed to the Tactical Air Support, Inc. Retirement Plan;
- Any discretionary non-elective employer contributions made after the restatement date are now immediately vested; and
- Ineligible compensation now includes signing bonuses.
