Independent Auditor's Report

To the Participants and Administrator of
Pacific Northern Environmental 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Pacific Northern Environmental 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Pacific Northern Environmental 401(k) Profit Sharing Plan
Independent Auditor's Report, Continued
Year Ended December 31, 2021 and 2020

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Pacific Northern Environmental 401(k) Profit Sharing Plan
Independent Auditor's Report, Continued
Year Ended December 31, 2021 and 2020

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of (I) Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021 and (II) Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain

Pacific Northern Environmental 401(k) Profit Sharing Plan

additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditor's Report

To the Participants and Administrator of
Pacific Northern Environmental 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Pacific Northern Environmental 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Pacific Northern Environmental 401(k) Profit Sharing Plan
Independent Auditor's Report, Continued
Year Ended December 31, 2021 and 2020

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Pacific Northern Environmental 401(k) Profit Sharing Plan
Independent Auditor's Report, Continued
Year Ended December 31, 2021 and 2020

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of (I) Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021 and (II) Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain

Pacific Northern Environmental 401(k) Profit Sharing Plan
Independent Auditor's Report, Continued
Year Ended December 31, 2021 and 2020

additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Pacific Northern Environmental 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2021 and 2020

1. Plan Description

The following description of Pacific Northern Environmental 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan was established June 1, 1996 and is a defined contribution plan covering eligible employees, as defined by the plan document, of Pacific Northern Environmental, LLC, formerly known as Pacific Northern Environmental Corp, and certain adopting affiliates (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 as amended ("ERISA"). The Plan's trustees are responsible for oversight of the Plan including determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

Eligibility

Eligible employees, upon completing two months of employment with the Company and attaining 21 years of age, may participate in the Plan with respect to elective salary deferral contributions on the first day of the month coincident with or next following satisfaction of the eligibility requirements. With respect to employer matching and nonelective profit sharing contributions, an employee must complete two months of service, attain 21 years of age, and be employed on the last day of the plan year to participate commencing on the first day of the year coincident with or next following satisfaction of the eligibility requirements. Members of collective bargaining units where retirement benefits were the subject of good faith bargaining and non-resident aliens are excluded from participating in the Plan.

Contributions

Each year participants may elect to contribute to the Plan a portion of their eligible compensation, as defined. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from certain other qualified defined benefit or defined contribution plans. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they elect not to participate. Until changed by the participant, automatically enrolled participants have their deferral rate set at 4 percent of eligible compensation and their contributions are invested in a designated fund. Through February 28, 2021, the Company contributed a matching contribution up to 40 percent of the first 5 percent of eligible compensation that a participant contributed to the Plan. Commencing March 1, 2021, the Company contributed a matching contribution up to 40 percent of the first 5 percent of eligible compensation that a participant contributed to the Plan, plus an additional 2 percent if the participant contributed 6 percent or more to the Plan. The Company may also elect to make a discretionary profit sharing contribution. Discretionary profit sharing contributions, if any, are allocated to employees who are eligible to participate in the non-elective portion of the Plan based on each participant's eligible earnings compared to the eligible earnings of all other employees who share in contribution. Participants direct the investment of their elective salary deferrals and their allocation of employer contributions into any of the investment options offered by the Plan. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of the employer's discretionary profit sharing contributions and plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings, account

balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the employer contributions portion of participant accounts is based on years of credited service. For employer contributions, participants vest according to a six year graded vesting schedule at the rate of 20 percent per year after two years of credited service. A participant is 100 percent vested after six years of credited service. Participants also become fully vested in employer matching and non-elective contributions upon death, disability, or attainment of retirement age as defined in the plan document.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Participants are permitted to have only one outstanding loan simultaneously. Participant loans are collateralized by the balance in the respective participant's account. Each loan's interest rate is determined by management at the issuance date based on prevailing rates for similar instruments and remains fixed throughout the duration of the note. Until otherwise determined by the Plan's trustees, the interest rate will be the prime rate of interest published by Wall Street Journal as of the date of the loan plus 2 percent. Interest paid by a participant is credited to the participant's individual account. Principal and interest are paid ratably through payroll deductions with payment terms up to five years for general purpose loans or thirty years if the loan is used to acquire a principal residence.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account either in installments or a lump-sum amount. If the participant's vested account balance is less than \$5,000, the Plan may distribute the amount in a lump sum payment. Participants may elect to take a partial or total distribution from their elective salary deferral contributions account when they reach age 59½, or at any time thereafter, even if they have not terminated employment with the Company. Amounts attributable to rollover contributions to the Plan or voluntary after-tax elective salary deferral contributions may be withdrawn from the Plan without restriction.

Forfeited Accounts

At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$561 and \$38,562, respectively. These accounts may be used to offset a portion of the Plan's expenses or to reduce future employer contributions. During the year ended December 31, 2021, employer contributions were reduced by \$49,992 from forfeited nonvested accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Pacific Northern Environmental 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2021 and 2020

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The trustees determine the Plan's valuation policies utilizing information provided by the Plan's investment advisers, custodian, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a corresponding benefit payment is recorded.

Benefits Payments

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

Management has evaluated subsequent events through October 13, 2022, the date the financial statements were available to be issued.

3. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair

Pacific Northern Environmental 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2021 and 2020

value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 are described as follows:

Level 1. Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Level 2 inputs to the valuation methodology include (a) quoted prices for similar assets or liabilities in active markets, (b) quoted prices for identical or similar assets or liabilities in inactive markets, (c) inputs other than quoted prices that are observable for the asset or liability, and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020. Fair values are provided by the Plan's investment custodian for all of the Plan's assets as follows:

Common/collective trust funds: Investments in common/collective trust funds are presented at estimated fair value, which is determined based on the unit value of the related fund. Unit value is generally determined by the sponsor of the collective investment funds by dividing each respective fund's NAV by its units of participation outstanding at each valuation date.

Registered Investment Companies. Registered investment companies, including money market accounts and other mutual funds, are valued at the daily closing price as reported by the fund. Registered investment company investments held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Insurance company general accounts. The fair value of unallocated insurance contracts, consisting of assets allocated to Key Guaranteed Portfolio Fund through a Great-West Life and Annuity Insurance Company group annuity contract, is calculated based on contributions made, less withdrawals and administrative expenses, plus interest credited. The Plan's investments in unallocated contracts and the related interest rate guarantees are subject to the credit risk of Great-West Life and Annuity Insurance Company and are solely funded by the assets held in its general account. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting rate for the contract is reset quarterly. The average yield earned by the Plan and crediting rate were 0.90 percent and 1.04 percent for the years ended December 31, 2021 and 2020, respectively. Certain events may limit the ability of the Plan to transact at contract value. Such events include premature termination of the contracts by the Plan, plant closings, layoffs, termination of the Plan, bankruptcy, mergers, and early retirement

Pacific Northern Environmental 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2021 and 2020

incentives. Upon occurrence of any of these events, a market value adjustment or other withdrawal restrictions may apply. The unallocated contracts are not considered to be fully benefit responsive. Accordingly, unallocated contracts are presented at fair value and are classified in Level 2 of the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although management believes the Plan's valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Common/collective trust funds	\$ -	\$ 679,880	\$ -	\$ 679,880

5. Great-West SecureFoundation Funds

During 2011, the Plan entered into a contract with Great-West Life & Annuity Insurance Company to provide for the availability of certain lifetime withdrawal benefits (the "Withdrawal Benefits") to participants of the Plan. Under the agreement, shares of Great-West SecureFoundation Lifetime mutual funds have been made available as investment options to participants of the Plan. These mutual funds may only be purchased in conjunction with the purchase and acceptance of the Withdrawal Benefits issued by Great-West Life & Annuity Insurance Company, or its affiliates, either as a fixed deferred annuity contract, a certificate to a group fixed deferred annuity contract, a variable annuity contract, or a rider to a variable annuity contract. The Withdrawal Benefits are intended to provide a periodic income stream for the life of an individual participant, provided certain conditions are met, commencing approximately at age 65. Contributions, periodic withdrawals or payments from the contract, guarantee benefit fees and other fees are governed by the terms of the Withdrawal Benefits contract. The redemption or exchange of a participant's shares of one of these funds would generally result in the cancellation of the Withdrawal Benefits and all of the benefits of the Withdrawal Benefits. The Withdrawal Benefits may also be terminated under other circumstances.

6. Related Party and Party-In-Interest Transactions

Certain assets held by the Plan are investments in registered investment companies and insurance company general accounts for which Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, Great-West Trust Company, LLC, or affiliated entities ("Great-West") acts as account manager, investment custodian, or issuer; therefore, these transactions qualify as party-in-interest transactions.

Great-West provides certain administrative services to the Plan and receives revenue from mutual fund service providers for services Great-West provides to the funds. This revenue is used to offset certain amounts owed to Great-West for its administrative services to the Plan. Excess revenue sharing, if any, is deposited into the Plan's ERISA spending account which is then used to pay a portion of the Plan's administrative expenses.

Fees incurred by the Plan for investment management services are included in net appreciation in fair value of the investment, as they are paid through charges at the investment level rather than by direct payments from the Plan. During the year ended December 31, 2021, the Plan made direct payments totaling \$99,074 for a portion of the Plan's administrative expenses, including investment advisory and recordkeeping fees, which were not offset by revenue sharing. The plan sponsor pays directly certain other fees related to the Plan's operations.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would continue to be fully vested in the employer contributions portion of their accounts.

8. Tax Status

The Plan has adopted a volume submitter agreement as the plan document which the Internal Revenue Service has determined, by a letter dated June 30, 2020, is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter; however, the plan administrator believes the Plan is designed, and currently being operated, in compliance with the applicable requirements of the IRC, and therefore, is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. Delinquent Participant Contributions and Loan Payments

As reported on the supplemental schedule of (II) Schedule H, Line 4a - Schedule of Delinquent Participant Contributions, certain employee contributions and loan payments were not remitted to the Plan within the time frame specified by the Department of Labor, therefore constituting nonexempt transactions between the Plan and the Company for the year ended December 31, 2021 and 2020. The related lost earnings remittances on the delinquent participant contributions were pending correction as of December 31, 2021.

11. Subsequent Events

Effective January 1, 2022, the Company changed its rate of matching contributions. Subsequent to this date, on an annual basis, the Company will contribute a matching contribution up to 40 percent of the first 5 percent of eligible compensation that a participant contributes to the Plan, plus an additional 2 percent if the participant contributes 6 percent to the Plan, plus an additional 0.50 percent if the participant contributes 7 percent or more to the Plan.
