INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of
KabaFusion 401(k) Plan
Cerritos, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of KabaFusion 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to Section 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with Section 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by Section 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

KABAFUSION 401(k) PLAN

Notes to Financial Statements
December 31, 2021 and 2020

NOTE 1. PLAN DESCRIPTION

The following description of the KabaFusion 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of KabaFusion Holdings, LLC and its subsidiaries (collectively the Employer or Company) with no age or service requirement. The Plan excludes employees who are covered by collective bargaining agreements and nonresident aliens. Entry to the Plan is allowed on January 1, April 1, July 1, and October 1, coincident with or following date of hire.

The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC). Additionally, the Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2020, the Company amended the Plan to adopt the Safe Harbor matching contribution provisions. Under the adopted Safe Harbor matching provisions, the Company will match 100% of the participant's elective deferrals that do not exceed 4%, determined at each payroll period.

Contributions: Participants may elect to reduce their compensation by a specific percentage or dollar amount as pretax 401(k) or Roth 401(k) deferrals. The Employer may make a matching contribution equal to a portion of the employee's deferral. For the years ended December 31, 2021 and 2020, the Employer elected to make matching contributions under the Safe Harbor provisions of the IRC which were equal to 100% of a participant's deferrals up to a maximum of 4% of a participant's compensation. Total participant contributions are subject to annual limits under the IRC. The maximum participant deferral limit was \$19,500 for the years ended December 31, 2021 and 2020. Catch-up contributions of \$6,500 were available to participants who had attained age 50 or older by December 31, 2021 and 2020, and had not exceeded the contribution limit for the Plan year.

Participant Accounts: Each participant's account is credited or charged with the participant's contributions, rollover contributions, Employer's Safe Harbor matching contributions, and an allocation of earnings or losses resulting from the participant's investments.

Vesting: Participants are immediately vested in the participants' own contributions and the Employer Safe Harbor matching contributions, plus actual earnings thereon.

Benefit Payments: On termination of service, death, disability or retirement, the entire balance in a participant's employee deferral is payable as a lump sum if the participant or beneficiary elects to receive payment. If a participant's vested account is more than \$1,000 but less than \$5,000 and the participant does not request a distribution, such account will be rolled over to an individual retirement account (IRA) designated by the Plan Administrator. In-service distributions are allowed upon either attaining age 59½ or experiencing a financial hardship as defined by the IRC.

Administrative Expenses: The Company incurs certain expenses in administering the Plan, which are not passed on as expenses of the Plan, except for investment advisory and contract administration fees and charges associated with investment transactions and benefit payments.

KABAFUSION 401(k) PLAN

Notes to Financial Statements
December 31, 2021 and 2020

NOTE 1. PLAN DESCRIPTION (Continued)

Plan Termination: Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Notes Receivable from Participants: The Plan allows participants to borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Notes receivable from participants bear interest at the prime rate of interest plus 1%. Notes receivable are secured by the vested balance in the participant's account. Principal and interest are paid ratably through payroll deductions or participants' own personal funds over a term not to exceed five years or extend beyond the participant's normal retirement.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements have been prepared using the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fully benefit-responsive fixed investment in group annuity investment contracts, such as those held in the Massachusetts Mutual Life Insurance Company (MassMutual) Fixed Account, are reported at contract value. See Note 9 for disclosure of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Realized and unrealized appreciation (depreciation) is based on the market value of the assets at the end of the Plan year compared to the market value of the assets at the beginning of the Plan year, or at the time the assets were purchased or exchanged during the Plan year.

Valuation of Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Benefit Payments: Benefits are recorded when paid.

KABAFUSION 401(k) PLAN

Notes to Financial Statements
December 31, 2021 and 2020

NOTE 3. CERTIFIED INFORMATION

The Plan Administrator has elected the method of compliance permitted by Section 29 CFR 2520.103-8 of the Department of Labor (DOL)'s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the financial information included in the Plan's financial statements as it relates to investment assets, investment transactions, investment income, notes receivable from participants, and the schedule of assets held at end of year have been derived from information certified as complete and accurate by MassMutual, the custodian of the Plan, in accordance with Section 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 4. GUARANTEED INVESTMENT CONTRACT WITH MASS MUTUAL

The Plan has entered into a fully benefit-responsive fixed account investment in a group annuity contract with Mass Mutual. Mass Mutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is generally the amount that participants would receive in a transaction, so it is the most relevant measurement for the participant. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by Mass Mutual, represents contributions made under the contract, plus credited interest, less participant withdrawal and fees.

The crediting interest rate is established for amounts invested in the fixed account. The guaranteed interest rate was 1.13% and 1.55% as of December 31, 2021 and 2020.

NOTE 5. INCOME TAX STATUS

The Plan adopted a volume submitter plan that has received an opinion letter dated March 31, 2014 from the Internal Revenue Service (IRS), which stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended and restated since the volume submitter plan received the opinion letter. However, the Plan Sponsor believes that the Plan is currently designed and operating in compliance with the applicable provisions of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan Administrator has analyzed tax positions taken by the Plan and concluded that, as of December 31, 2021, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or that would require disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions. However, currently no audits for any tax periods are in progress. The Plan Administrator believes that the Plan is no longer subject to income tax examinations for years prior to December 31, 2018.

NOTE 6. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by MassMutual the custodian of the Plan, who holds the investments of the Plan. These transactions qualify as party-in-interest transactions.

NOTE 7. RISKS AND UNCERTAINTIES

The Plan invests in various investment funds, which are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8. SELF-CORRECTION PROGRAM

Subsequent to December 31, 2020, the Company determined that due to payroll system coding errors, a significant number of employees boarded into the Company's payroll system from the acquisition mentioned in Note 10, required corrections for missed participant deferrals and the Company Safe Harbor matching contributions. Based on corrective actions taken by the Company, the Plan recorded an employer contribution receivable in the amount of \$191,465 at December 31, 2021. The Employer contribution receivable will be allocated to the affected participants as qualified non-elective contributions (QNEC) on missed participant deferrals, missed Safe Harbor matching contributions, plus lost earnings on the QNEC and matching contributions.

NOTE 9. FAIR VALUE MEASUREMENTS

Fair value is determined based on assumptions that a market participant would use in pricing an asset or liability. Measurements of fair value are classified within a hierarchy based upon valuation inputs that gives the highest priority to quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are as follows:

- Level 1* Observable quoted prices in active markets for identical assets and liabilities.
- Level 2* Observable quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market.
- Level 3* Model-based techniques that use at least one significant assumption not observable in the market. These unobservable assumptions reflect estimates of assumptions that market participants would use in pricing the asset or liability. Valuation techniques include use of option pricing models, discounted cash flow models and similar techniques.

NOTE 9. FAIR VALUE MEASUREMENTS (Continued)

The following methods and assumptions were used to estimate the fair value of assets that are recognized at fair value. There have been no changes in the methodologies used as of December 31, 2021 and 2020:

Mutual Funds: Valued using quoted market prices which represent the net assets value of shares held by the Plan at year end.

Collective Investment Trust Funds: Valued at their respective Net Asset Value (NAV) as reported by the fund's trustee. The NAV is used as a practical expedient to estimate fair value.

Group Annuity Contract Option: The Plan offers the Harford Lifetime Income (HLI), an investment option provided through a group annuity contract. The HLI share price is determined by interest rates, age and life expectancy and changes based on interest rate fluctuations. Prices are determined using gender neutral (unisex) rates.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Fair Value Measurements Using			Total
	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

NOTE 10. TRANSFER TO OTHER PLAN

In January of 2020, the Company completed an acquisition adding a significant number of employees to its payroll. During the transitioning period the payroll for employees added from the acquisition continued to be processed under the acquiree's payroll system while funded by the Company. Included in the funding were employee and employer contributions in the amount of \$285,686 remitted to the acquiree's qualified retirement plan.

NOTE 11. SUBSEQUENT EVENTS

Management has evaluated subsequent events for recognition and disclosure through October 14, 2022, which is the date the financial statements were available to be issued.
