Independent Auditors' Report

To the Participants and Board of Trustees of
Warehouse Direct Incorporated 401(k) Profit Sharing Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Warehouse Direct Incorporated 401(k) Profit Sharing Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4(i), as of and for the year ended December 31, 2021 are presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 8, 2021 we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Warehouse Direct Incorporated 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements
December 31, 2021 and 2020

1. Description of the Plan

The following description of the Warehouse Direct Incorporated 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information. Users of these financial statements should refer to the Plan's adoption agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Warehouse Direct Incorporated (the Company) effective January 1, 1993, and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Generally, full-time employees and employees not subject to a collective bargaining agreement, are eligible to participate in the Plan upon completion of three executive months of eligible service, as defined in the Plan. Participants may enter the Plan on the first day of the Plan year, or the first day of the fourth, seventh and tenth month of the Plan year immediately following the completion of eligible service requirements. Upon enrollment in the Plan, a participant may direct Company and participant contributions to any combination of available investment options. The Plan administrator is responsible for the oversight of the Plan. The Plan administrator, assisted by investment advisors, also determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Contributions

Active participants are permitted to make contributions to the Plan from 1 percent to 100 percent of pretax annual compensation (salary reduction contributions), subject to applicable limits as defined by the Internal Revenue Code (IRC). Eligible employees who do not elect a deferral contribution percentage are automatically assigned a deferral percentage of two percent. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions).

The Plan provides for Company discretionary matching contributions of five percent of the participant's contribution, not to exceed four percent of the employee's pretax compensation. Company matching contributions are made annually and are generally funded after the Plan year end. The Company made matching contributions of \$27,530 for the Plan year ended December 31, 2021. Additionally, the Company may, at its discretion, contribute a profit-sharing contribution. A participant must have completed one year of service during the Plan year or have 1,000 hours of service during the Plan year, and be actively employed on the last day of the Plan year in order to share in matching and profit-sharing contributions. The profit-sharing contribution is allocated based on each participant's compensation as a percentage of total compensation for eligible participants. There was no profit-sharing contribution during the year ended December 31, 2021. Company contributions are subject to applicable limits of the IRC.

Participant Accounts

Each participant's account is credited with the participant's salary reduction contributions, rollover contributions, and an allocation of the Company's contributions and Plan earnings or losses (net of administrative expenses). Allocations of Company contributions, Plan earnings or losses, and administrative expenses are based on participant's earnings, specific participant transactions, or account balances, as defined in the Plan's adoption agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants who leave the Plan because of death, early or normal retirement, or disability retirement, as defined in the Plan, are considered 100 percent vested. Company contributions and earnings thereon vest in accordance with provisions of the Plan as follows:

6	100 %

Notes Receivable From Participants

Participants may borrow from their contributions account a minimum of \$1,000 up to a maximum of 50 percent of their vested account balance, not to exceed \$50,000. Loan terms must not exceed five years, except in the case of loans used for purchase of a primary residence, in which case the loan period will be determined at the time the loan is made, not to exceed 15 years. These loans are secured by the balance in the participant's account. The loans bear interest at 4.25 percent to 6.50 percent, which is commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest is paid ratably through payroll deductions and are reinvested in the investment option(s) selected by the participant.

Payment of Benefits

Benefits may be paid to the participant or beneficiary upon death, disability, retirement or termination of employment, as defined in the Plan's adoption agreement. The Plan provides for normal retirement at age 65. In service distributions are allowed from a portion of a participant's account, upon reaching the age of 59 1/2. The total vested portion of a participant's account balance is distributed in the form of a lump sum payment, annuity, or installments. Participants experiencing severe financial hardship may request a distribution all or a portion of their vested account balance, as defined in the Plan's adoption agreement. The Company must approve any such hardship withdrawals.

Termination of Plan

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their Company contributions.

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future Company contributions. Forfeitures in the amount of \$603 and \$746 were used to reduce the Company contribution related to the Plan year ended December 31, 2021 and 2020, respectively. The forfeiture account balance as of December 31, 2021 and 2020 was \$1,444 and \$1,453, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared on the accrual basis of accounting.

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to use estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management determines the Plan's valuation policies utilizing information provided by Great-West Trust Company, LLC, the trustee of the Plan (Trustee). See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan's adoption agreement. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the no excess contributions for the year 2021. The Plan distributed the 2020 excess contributions of \$7,611 to the applicable participants in 2021.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses and Revenue Sharing

The Company pays a portion of the Plan's administrative expenses. A participant's account balance will be charged with certain fees and expenses. Asset-based fees (e.g., management fees and other operating expenses) are used to cover the expenses related to running an investment fund, and are generally deducted directly from a participant's investment returns.

Warehouse Direct Incorporated 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements
December 31, 2021 and 2020

Certain administrative expenses, including functions performed by officers or employees of the Company, are provided by the Company at no charge to the Plan, and the Company has no intention to obtain reimbursement for such expenses. Expenses paid by the Company are excluded from these financial statements. Plan administration fees cover the day-to-day expenses of administering the Plan, and may be charged directly to a participant's account, covered by a portion of the asset-based fees deducted directly from investment returns, or paid through revenue-sharing payments made from investment managers to the record keeper. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investments related expenses are included in net appreciation in fair value of investments.

Coronavirus Aid Relief Economic Security Act

On March 27, 2020, the Coronavirus Aid Relief and Economic Security Act (CARES Act) was signed into law. This aid package was designed to help the economy from the effects of the coronavirus pandemic. Several of the provisions of CARES Act affected employee benefit plans. The provisions of the CARES Act were optional. During 2020, the Plan has opted into the following provisions of the CARES Act:

- Hardship distributions - Qualified plan participants were permitted to take a coronavirus-related distribution of up to \$100,000 from the Plan without a 10 percent early withdrawal penalty. Eligible distributions were permitted to be taken up till December 30, 2020. Distributions may be repaid within three years or a participant may elect these distributions to be included in taxable income on a pro rata basis over three years.
- Participant loans – Qualified plan participants with loans outstanding were permitted to defer payment on the loans that were due during 2020 to after January 1, 2021.
- Participant loans – Qualified plan participants may have borrowed up to \$100,000 during 2020 (an increase from \$50,000 previously permitted), these repayments may be delayed to 2021.

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through October 13, 2022, which is the date of the financial statements were available to be issued.

3. Information Prepared and Certified by Trustee

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA for 2021 and 2020. Accordingly, the Trustee has certified to the completeness and accuracy of all investments reported in the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020, the supplementary schedule, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2021, and the related investment activity reported in the statement of changes in net assets available for benefits for the year ended December 31, 2021.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There has been no changes in the methodologies used at December 31, 2021 and 2020:

Mutual funds are valued at the daily closing price as reported by the fund. The registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission, which are actively traded on an open market. These funds are required to publish their daily net asset value and to transact at that price.

The plan sponsor is responsible for the determination of fair value. Accordingly, it performs periodic analysis on the prices received from the pricing services used to determine whether the prices are reasonable estimates of fair value. As a result of these reviews, the plan sponsor has not historically adjusted the prices obtained from the pricing services.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets and liabilities at fair value as of December 31, 2021 and 2020:

Fair Value of Assets as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 16,617,721	\$ -	\$ -	\$ 16,617,721

Total investments at fair value	<u>\$ 14,529,447</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 14,529,447</u>

5. Related-Party and Parties in Interest

Fees incurred by the Plan for the investment manager services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions.

Certain administrative functions of the Plan are performed by management or employees of the Company. No members of management and employees received compensation from the Plan.

6. Tax Status

The Plan adopted a Prototype Non-Standardized Profit Sharing Plan with CODA sponsored by Paychex Inc. (Paychex). The IRS has determined and informed the Plan on April 10, 2014, that the prototype plan is designed in accordance with the applicable regulations of the IRC. The Plan has been amended since receiving the determination letter. The plan administrator believes that the Plan, as amended, is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt at the financial statement date.

U.S. GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Reconciliation of Financial Statements to Schedule H Form 5500

The following is a reconciliation of net assets available for benefits on the financial statements to Form 5500 at December 31, 2021 and 2020:

Notes to Financial Statements
December 31, 2021 and 2020

The following is a reconciliation of total investment income on the financial statements to Form 5500 for the year ended December 31, 2021:

Net increase in net assets available for benefits per the financial statements	\$ 2,148,900
Change in deemed loan distributions	<u>6,174</u>
Net increase in net assets available for benefits per Form 5500	<u><u>\$ 2,155,074</u></u>

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Concentrations

The Plan holds certain investments that represent 10 percent or more of the Plan's net assets available for benefits. As of December 31, 2021 and 2020, the Plan held one such investment totaling \$4,508,836 and \$3,632,471, respectively.

10. Administration of Plan Assets

The Plan's assets are administered under a contract with the Trustee. The Trustee invests funds received from contributions, investment sales, interest, and dividend income and makes distribution payments to participants.
