INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of
the Hyundai 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Hyundai 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section –

- the amounts and disclosures in the accompanying 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements (Continued)

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

To the Participants and Plan Administrator of
the Hyundai 401(k) Plan

Other Matters (Continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 15, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Hyundai 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution profit sharing plan and trust with a qualified cash or deferred 401(k) arrangement covering all employees of Hyundai America Technical Center, Inc. (the “Company”). Participation in the Plan is discretionary for all eligible employees who have attained the age of 21. The defined contribution profit sharing plan and trust was established on January 1, 1993 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

During 2021, a portion of the Company was spun off into a new company, Supernal, LLC. As a result of the formation of the new company, a new retirement plan, Retirement Savings Plan was created and certain employees of the Company were transferred to Supernal, LLC. Effective October 29, 2021, the account balances of the transferred Plan participants were transferred to the Retirement Savings Plan. In October 2021, Plan assets of \$3,359,826 were transferred from the Plan to the Retirement Savings Plan as a result of the spin off. The transfer activity is presented on the statement of changes in net assets available for benefits.

Trustee

Fidelity Management Trust Company is the Plan's trustee (the “Trustee”). The trustee invests all participant and Company contributions, as well as earnings thereon, pursuant to the terms of the Plan.

Contributions

The Plan allows participants to elect to defer a portion of their compensation up to 75%, including any catch-up contributions for participants who have attained age 50, not to exceed the maximum amounts allowed for by the Internal Revenue Code and the Plan documents. The Plan also allows participants to defer a portion of their compensation as Roth deferral contributions.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The amount of the participant's deferred compensation is treated as a participant elective contribution, allocated to that participant's elective account, and is 100% vested at the time of contribution. The Company will match 66.67% of the amount deferred by the participant up to a deferral of 6%. The Company may also contribute a non-elective discretionary amount determined each year by the Company. Contributions are accumulated and invested, as directed by participants, into various investment options offered by the Plan.

HYUNDAI 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Participant Accounts

Each participant's account is credited with an allocation of (a) the Company's contribution; (b) the employees' voluntary contributions, transfer contributions, and rollover contributions; and (c) plan earnings. The accounts are charged for any withdrawals, distributions, and administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon and any non-elective discretionary contribution made by the Company. Vesting in the Company matching contribution portion of their accounts plus earnings thereon is based on years of continuous service.

The following represents the vesting schedule for Company matching contributions:

<u>Years of Service</u>	<u>Vested %</u>
1	25%
2	50%
3	75%
4	100%

Forfeitures

Forfeitures are used to pay Plan expenses. Any remaining forfeitures will be used to reduce employer contributions. During the years ended December 31, 2021 and 2020, forfeitures in the amount of \$7,825 and \$1,024, respectively were used to pay Plan expenses. There were unallocated forfeitures of \$96,012 and \$64,536 at December 31, 2021 and 2020, respectively.

Investments

Upon enrollment in the Plan, a participant may direct employee and employer contributions, in any increments, to any of the investment options offered by the Plan. These options consist of several different mutual funds, each with its own financial goals and array of investments.

NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of the vested balance in the participant's account. The loans are secured by the vested balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan administrator. The term of such loans may not exceed five years except in the case of a loan for the purchase of a principal residence which may not exceed ten years. Participants are permitted only one outstanding loan at a time. Principal and interest is paid ratably, generally through payroll deductions.

Payment of Vested Benefits

Participants, or their beneficiaries, are entitled to receive the entire amount of their interest in the Plan upon retirement, death, total or permanent disability, employment termination, reaching the age of 59½ or qualify for a hardship distribution, as defined in the Plan. Early retirement provisions exist for participants retiring after age 55 and who have completed at least 7 years of service.

Plan Termination

Although it had not expressed any intent to do so, the Company has the right under the Plan to amend, modify, terminate or partially terminate the Plan at any time subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested and the net assets would be distributed to the participants according to the participant's account balances.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of certain accounting policies followed in the preparation of these financial statements.

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

HYUNDAI 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, trustees, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investment bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded, consistent with the plan document.

Payments of Benefits

Benefits are recorded when paid. Distributions are allowed upon retirement, upon disability, upon death of the participant, and upon termination of service. A participant will be considered to have suffered a disability if he or she is permanently unable to perform his or her customary duties for the Company due to a mental or physical condition which can be expected to result in death or be of a long continued and indefinite duration as determined by the plan administrator.

Administrative Expenses

The Plan pays administrative expenses to the extent that the Company does not pay them. Personnel and facilities of the Company have been used by the Plan for its accounting and other activities at no charge to the Plan.

HYUNDAI 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Subsequent Events

The Plan Administrator has performed a review of events subsequent to the balance sheet date through October 14, 2022, the date the financial statements were available to be issued and has determined that there are no material events that have occurred during this period. See Note 10 for additional information regarding subsequent events.

NOTE 3 – CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivables from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company.

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date. |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets.• Quoted prices for identical or similar assets or liabilities in inactive markets.• Inputs other than quoted prices that are observable for the asset or liability.• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. |

NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

If the asset or liability has a specific (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value collective trust fund: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the insurance company collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020.

Investments at fair value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total

	<u>\$ 67,951,532</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 72,499,658</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

For the years ended December 31, 2021 and 2020, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset per share practical expedient as of December 31, 2021 and 2020, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the plan.

	Estimated fair value at		Redemption Frequency	Redemption Notice Period
	December 31, 2021	December 31, 2020		
Stable value collective trust fund	3,943,420	4,548,126	Daily	12 months

NOTE 5 – TAX STATUS

The Plan uses a prototype plan sponsored by Fidelity Management & Research Co. Fidelity received a determination letter from the Internal Revenue Service dated June 30, 2020, which stated that the aforementioned prototype plan was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan itself is not required to and has not received a determination letter from the IRS. Although the Plan has been amended since receiving this letter, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, and therefore believe that the Plan is qualified, and the related trust is tax-exempt.

HYUNDAI 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE 5 – TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including the Company. During the year ended December 31, 2021, there were direct fees of \$55,558 paid to Fidelity Management Trust Company, and during the years ended December 31, 2021 and 2020, there were transactions involving the investment of plan assets in investment funds maintained by Fidelity Management Trust Company, a party-in-interest as defined in Section 3(14) of ERISA. Indirect fees paid by the Plan for investment management services are included in the net appreciation of the fair value of investments.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate risk, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2021 and 2020 to Schedule H of Form 5500:

Net assets available for benefits per Schedule H of Form 5500	<u>\$ 87,904,515</u>	<u>\$ 73,408,171</u>

The following is a reconciliation of the net increase in net assets per the financial statements for the year ended December 31, 2021 to Schedule H of the Form 5500:

Net increase in net assets per the financial statements	\$ 18,021,191
Adjustment from NAV to Form 5500 fair value for stable value collective trust	<u>(165,021)</u>
Net increase per Schedule H of Form 5500	<u>\$ 17,856,170</u>

NOTE 10 – SUBSEQUENT EVENTS

Subsequent to December 31, 2021, the fair value of the Plan's investment portfolio has decreased significantly due to the volatility and decline of the stock market. However, as the values of individual investments fluctuate with market conditions, the amount of losses that will be eventually realized cannot be determined. These conditions could materially impact participant account balances and the amounts reported in the Plan's financial statements.

INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of
the Hyundai 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Hyundai 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section –

- the amounts and disclosures in the accompanying 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements (Continued)

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

the Hyundai 401(k) Plan

Other Matters (Continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 15, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

HYUNDAI 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Hyundai 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution profit sharing plan and trust with a qualified cash or deferred 401(k) arrangement covering all employees of Hyundai America Technical Center, Inc. (the “Company”). Participation in the Plan is discretionary for all eligible employees who have attained the age of 21. The defined contribution profit sharing plan and trust was established on January 1, 1993 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

During 2021, a portion of the Company was spun off into a new company, Supernal, LLC. As a result of the formation of the new company, a new retirement plan, Retirement Savings Plan was created and certain employees of the Company were transferred to Supernal, LLC. Effective October 29, 2021, the account balances of the transferred Plan participants were transferred to the Retirement Savings Plan. In October 2021, Plan assets of \$3,359,826 were transferred from the Plan to the Retirement Savings Plan as a result of the spin off. The transfer activity is presented on the statement of changes in net assets available for benefits.

Trustee

Fidelity Management Trust Company is the Plan's trustee (the “Trustee”). The trustee invests all participant and Company contributions, as well as earnings thereon, pursuant to the terms of the Plan.

Contributions

The Plan allows participants to elect to defer a portion of their compensation up to 75%, including any catch-up contributions for participants who have attained age 50, not to exceed the maximum amounts allowed for by the Internal Revenue Code and the Plan documents. The Plan also allows participants to defer a portion of their compensation as Roth deferral contributions.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The amount of the participant's deferred compensation is treated as a participant elective contribution, allocated to that participant's elective account, and is 100% vested at the time of contribution. The Company will match 66.67% of the amount deferred by the participant up to a deferral of 6%. The Company may also contribute a non-elective discretionary amount determined each year by the Company. Contributions are accumulated and invested, as directed by participants, into various investment options offered by the Plan.

HYUNDAI 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Participant Accounts

Each participant's account is credited with an allocation of (a) the Company's contribution; (b) the employees' voluntary contributions, transfer contributions, and rollover contributions; and (c) plan earnings. The accounts are charged for any withdrawals, distributions, and administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon and any non-elective discretionary contribution made by the Company. Vesting in the Company matching contribution portion of their accounts plus earnings thereon is based on years of continuous service.

The following represents the vesting schedule for Company matching contributions:

<u>Years of Service</u>	<u>Vested %</u>
1	25%
2	50%
3	75%
4	100%

Forfeitures

Forfeitures are used to pay Plan expenses. Any remaining forfeitures will be used to reduce employer contributions. During the years ended December 31, 2021 and 2020, forfeitures in the amount of \$7,825 and \$1,024, respectively were used to pay Plan expenses. There were unallocated forfeitures of \$96,012 and \$64,536 at December 31, 2021 and 2020, respectively.

Investments

Upon enrollment in the Plan, a participant may direct employee and employer contributions, in any increments, to any of the investment options offered by the Plan. These options consist of several different mutual funds, each with its own financial goals and array of investments.

HYUNDAI 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of the vested balance in the participant's account. The loans are secured by the vested balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan administrator. The term of such loans may not exceed five years except in the case of a loan for the purchase of a principal residence which may not exceed ten years. Participants are permitted only one outstanding loan at a time. Principal and interest is paid ratably, generally through payroll deductions.

Payment of Vested Benefits

Participants, or their beneficiaries, are entitled to receive the entire amount of their interest in the Plan upon retirement, death, total or permanent disability, employment termination, reaching the age of 59½ or qualify for a hardship distribution, as defined in the Plan. Early retirement provisions exist for participants retiring after age 55 and who have completed at least 7 years of service.

Plan Termination

Although it had not expressed any intent to do so, the Company has the right under the Plan to amend, modify, terminate or partially terminate the Plan at any time subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested and the net assets would be distributed to the participants according to the participant's account balances.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of certain accounting policies followed in the preparation of these financial statements.

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

HYUNDAI 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, trustees, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investment bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded, consistent with the plan document.

Payments of Benefits

Benefits are recorded when paid. Distributions are allowed upon retirement, upon disability, upon death of the participant, and upon termination of service. A participant will be considered to have suffered a disability if he or she is permanently unable to perform his or her customary duties for the Company due to a mental or physical condition which can be expected to result in death or be of a long continued and indefinite duration as determined by the plan administrator.

Administrative Expenses

The Plan pays administrative expenses to the extent that the Company does not pay them. Personnel and facilities of the Company have been used by the Plan for its accounting and other activities at no charge to the Plan.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Subsequent Events

The Plan Administrator has performed a review of events subsequent to the balance sheet date through October 14, 2022, the date the financial statements were available to be issued and has determined that there are no material events that have occurred during this period. See Note 10 for additional information regarding subsequent events.

NOTE 3 – CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivables from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company.

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date. |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets.• Quoted prices for identical or similar assets or liabilities in inactive markets.• Inputs other than quoted prices that are observable for the asset or liability.• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. |

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

If the asset or liability has a specific (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value collective trust fund: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the insurance company collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020.

Investments at fair value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 83,159,649	\$ -	\$ -	\$ 83,159,649

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

	Investments at fair value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 67,951,532	\$ -	\$ -	\$ 67,951,532

	<u>\$ 67,951,532</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 72,499,658</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

For the years ended December 31, 2021 and 2020, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset per share practical expedient as of December 31, 2021 and 2020, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the plan.

	Estimated fair value at		Redemption Frequency	Redemption Notice Period
	December 31, 2021	December 31, 2020		
Stable value collective trust fund	3,943,420	4,548,126	Daily	12 months

NOTE 5 – TAX STATUS

The Plan uses a prototype plan sponsored by Fidelity Management & Research Co. Fidelity received a determination letter from the Internal Revenue Service dated June 30, 2020, which stated that the aforementioned prototype plan was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan itself is not required to and has not received a determination letter from the IRS. Although the Plan has been amended since receiving this letter, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, and therefore believe that the Plan is qualified, and the related trust is tax-exempt.

NOTE 5 – TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including the Company. During the year ended December 31, 2021, there were direct fees of \$55,558 paid to Fidelity Management Trust Company, and during the years ended December 31, 2021 and 2020, there were transactions involving the investment of plan assets in investment funds maintained by Fidelity Management Trust Company, a party-in-interest as defined in Section 3(14) of ERISA. Indirect fees paid by the Plan for investment management services are included in the net appreciation of the fair value of investments.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate risk, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2021 and 2020 to Schedule H of Form 5500:

	December 31,	
	2021	2020
Net assets available for benefits per the financial statements	\$ 87,904,515	\$ 73,243,150
Adjustment from NAV to Form 5500 fair value for stable value collective trust	-	165,021
Net assets available for benefits per Schedule H of Form 5500	<u>\$ 87,904,515</u>	<u>\$ 73,408,171</u>

The following is a reconciliation of the net increase in net assets per the financial statements for the year ended December 31, 2021 to Schedule H of the Form 5500:

Net increase in net assets per the financial statements	\$ 18,021,191
Adjustment from NAV to Form 5500 fair value for stable value collective trust	<u>(165,021)</u>
Net increase per Schedule H of Form 5500	<u>\$ 17,856,170</u>

NOTE 10 – SUBSEQUENT EVENTS

Subsequent to December 31, 2021, the fair value of the Plan's investment portfolio has decreased significantly due to the volatility and decline of the stock market. However, as the values of individual investments fluctuate with market conditions, the amount of losses that will be eventually realized cannot be determined. These conditions could materially impact participant account balances and the amounts reported in the Plan's financial statements.
