Independent Auditor's Report

Audit Committee and Board of Directors
Choice Financial Group 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Choice Financial Group 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for plan benefits as of December 31, 2021, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 Financial Statements related to assets held by a qualified institution and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for 12 months beyond the date of the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i—Schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

The 2020 financial statements of the Plan were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Their report dated September 28, 2021, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and supplemental schedule, and (b) the form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the qualified institution, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Choice Financial Group 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of the Choice Financial Group 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan adopted January 1, 1996, which includes employees of Choice Financial Group (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: Employees may enter the Plan immediately.

Contributions: Participating employees may elect to make contributions to the Plan based on a percentage of their compensation, up to a maximum of 75% or as limited by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan currently provides for a safe harbor matching contribution of 100% of the employee contribution up to a maximum of 4%. The employer may also make a discretionary profit-sharing contribution. For the Plan year ending 2021, a profit-sharing contribution was not made. The Plan also accepts rollover contributions.

Forfeitures: Forfeited employer matching balances of terminated participant's non-vested accounts are used to fund future employer contributions, offset Plan administrative expenses, or allocated to the participating employees. Forfeited nonvested accounts totaled \$30,816 and \$8,178 at December 31, 2021 and 2020, respectively. During the year ended December 31, 2021, these accounts were used to fund employer matching contributions and offset Plan expenses for \$1,777 and \$18,919, respectively.

Vesting: Beginning on January 1, 2018, participants are vested immediately in their contributions, safe harbor employer matching, profit-sharing contributions and related earnings. For contributions made prior to January 1, 2018, vesting of the employer matching contributions, profit-sharing and related earnings follows the following vesting schedule:

	<u>Vesting Percentages</u>
Years of service:	
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

If a participant dies or becomes disabled while an employee of the Company, they will become 100% vested.

On February 1, 2019, Choice Financial Group acquired Northern Capital Insurance Group. Rollover contributions into the Plan from the Northern Capital Insurance Group 401(k) Plan follow a vesting schedule of 20% in year 2 and 100% in year 3 for all profit-sharing contributions and related earnings prior to the plan merger to avoid a reduction in benefit.

Choice Financial Group 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Participant accounts: Each participant's account is credited with the participant's contributions and an allocation of the employer's contribution, Plan investment results, and administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific transactions, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Plan termination: In the event of the termination of the Plan, the net assets of the Plan will be allocated as prescribed by ERISA and regulations issued pursuant thereto. Generally, vested benefits would be paid in full to ascertainable participants and beneficiaries. The Company reserves the right to terminate the Plan at any time; however, the Company has not expressed any intent to do so.

Investment options: Participants may allocate their contributions to any or all investment funds offered by the Plan. Each participant's individual account in the investment fund is adjusted daily to reflect their share of any investment gains or losses. Participants may change their investment options daily.

Notes receivable from participants: Loans may be made from the participants' accounts upon written application to the Plan Administrator. Participants may borrow up to 50% of their vested benefit up to a maximum of \$50,000, with a minimum of \$1,000. All loans are repaid in equal amounts over the repayment term. Repayment terms are five years or less, except for loans to acquire a residence, which are determined by the Company considering maturity dates of commercial banks in the local area for similar loans, not to exceed thirty years. Interest rates shall be charged at a rate to be fixed by the Plan Administrator and, in determining the interest rate, the Plan Administrator shall take into consideration interest rates currently being charged on similar commercial loans by persons in the business of lending. A participant may have no more than 1 outstanding loan at any one time.

Payment of benefits: A participant is entitled to benefits as soon as administratively feasible after one of the following events:

- The date on which the participant attains normal retirement age (65)
- Disability
- Death
- Termination of employment
- In-service withdrawal at age 59 ½

The payment shall be made in lump sum or installment payments as requested by the recipient. If a participant's account is less than \$1,000, a lump sum distribution will be made to the participant without consent. Any terminated participants with a balance between \$1,000 and \$5,000 can still be automatically paid out if their balance is rolled into a qualified Individual Retirement Account. The designated beneficiary is entitled to a death benefit distribution equal to the participant's vested account balance.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of estimates: The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Choice Financial Group 401(k) Plan

Notes to Financial Statements

Note 2. Significant Accounting Policies (Continued)

Investment valuation and income recognition: The Plan's investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as those held during the year. The classification of investment earnings reported in the statement of changes in net assets available for benefits may differ from the classification of earnings on Form 5500 due to different reporting requirements on Form 5500.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and expenses when they are incurred. Delinquent notes receivables are reclassified as distributions based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Notes receivable from participants have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in the supplemental schedule, Schedule H, Line 4i—Schedule of assets (held at end of year).

Payment of benefits: Benefit payments to participants are recorded upon distribution.

Administrative expenses: Fees and expenses for general plan administrative services, such as, recordkeeping services and custodial services, may be charged to the Plan or paid by the Company. Fees and expenses that are paid by the Company are excluded from these financial statements. If not paid by the Company, the administrative expenses become the responsibility of the Plan and are charged to participant accounts. Fees related to the administration of notes receivable from participants are charged directly to the participant's account. Investment-related expenses are included as an offset to net appreciation in fair value of investments.

Risks and uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2021 statement of net assets available for plan benefits.

Subsequent events: The Plan Administrator has evaluated sequent events through October 3, 2022, the date on which the financial statements were available to be issued.

Choice Financial Group 401(k) Plan

Notes to Financial Statements

Note 3. Information Certified by the Plan Custodian and Trustee

The following is a summary of the Plan's asset information as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included throughout the Plan's financial statements and ERISA-required supplement schedule of assets (held at end of year), obtained by management and agreed to or derived from information certified by Great-West Life & Annuity Insurance Company, the custodian, and Great-West Trust Company, LLC, the trustee. The Plan Administrator has obtained certifications from the custodian and trustee that the information provided to the Plan Administrator by the custodian and trustee relating to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

	December 31	
	2021	2020
Investments, at fair value:		
Registered investment companies	\$ 38,369,430	\$ 33,926,507
Collective trust funds	2,876,211	8,124
Investments, at contract value	1,916,993	2,899,075
Notes receivable from participants	256,145	242,599

The Plan custodian and trustee also certified as to the completeness and accuracy of \$3,306,195 of net appreciation in investments, \$2,201,781 of interest and dividend income related to the aforementioned investments, and \$13,959 of interest income on notes receivable from participants for the year ended December 31, 2021.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Choice Financial Group 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust funds: Valued at fair value based on the NAV of units held of the collective fund. The NAV is based on the observable market prices of the underlying investments within the fund less liabilities with attempts to obtain share-prices from more than one source. Due to various unique investments that are allowed in a collective trust fund and the various redemption restrictions that may be imposed, the NAV provided by the fund is used as a practical expedient of fair value, with certain inputs for the unique investment types determined to be unobservable.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables, set forth by level within the fair value hierarchy, show the Plan's assets at fair value as of December 31, 2021 and 2020:

2021				
	Level 1	Level 2	Level 3	Total
Investments, at fair value:				
Mutual funds	\$ 38,369,430	\$ -	\$ -	\$ 38,369,430

Choice Financial Group 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

(a) In accordance with Fair Value Measurements Subtopic 820-10, certain investments that were measured at NAV or its equivalent have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes investments measured at fair value based on NAV per share at December 31, 2021 and 2020:

Investment	Fair Value at December 31		Redemption Frequency and Notice Period
	2021	2020	
RetireGuide Growth	\$ 24,701	\$ -	Redemption must be made within one year of notice by Plan
RetireGuide Mod Growth & Inc	153,799	-	Redemption must be made within one year of notice by Plan
RetireGuide Moderate Growth	159,118	-	Redemption must be made within one year of notice by Plan
RetireGuide Cons Growth & Inc	322,600	-	Redemption must be made within one year of notice by Plan
RetireGuide Growth & Income	1,186,308	8,124	Redemption must be made within one year of notice by Plan
RetireGuide Cons Growth	1,029,685	-	Redemption must be made within one year of notice by Plan

There are no unfunded commitments for these funds at December 31, 2021 or 2020.

Note 5. Tax Status

The Plan adopted a nonstandardized form of a prototype plan sponsored by Ascensus LLC. The prototype plan has received an opinion letter, dated June 30, 2020, from the Internal Revenue Service (IRS) as to the prototype plan's qualified status. The prototype plan opinion has been relied upon by the Plan. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are no audits for any tax periods in progress.

Note 6. Contract With Insurance Company

In 2016, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract (GIC) with Great-West Life & Annuity Insurance Company. Great-West Life & Annuity Insurance Company maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The GIC issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting.

Notes to Financial Statements

Note 6. Contract With Insurance Company (Continued)

Because the GIC is fully benefit-responsive, contract value is the relevant measure for the GIC. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract value of the investment contract at December 31, 2021 and 2020, was \$1,916,993 and \$2,899,075, respectively.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that would limit the ability of the Plan to transact at contract value with the participants.

The contract permits the insurance company to terminate the agreement with 60 days advanced written notice.

Note 7. Related-Party Transactions and Parties-in-Interest Transactions

Certain Plan investments are managed by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, the custodian and trustee, respectively, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions.
