Independent Auditor's Report

Plan Committee
Grubhub, Inc. 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of the Grubhub, Inc. 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from Fidelity Management Trust Company as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i—Schedule of assets (held at end of year), as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 15, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

Note 1. Plan Description

The following description of Grubhub, Inc. 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all eligible employees of Grubhub, Inc. and certain affiliated entities (the Company), except for nonresident aliens, leased employees, and part-time employees who have less than 1,000 hours of service. All employees who have completed at least three months of service are eligible to participate in the Plan. Participation is voluntary and effective on the first of the month following the date the eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration: The Company is the sponsor and administrator of the Plan. Fidelity Management Trust Company functions as recordkeeper and trustee of the Plan. Investment management fees and trustee fees are paid by the Plan in accordance with the plan agreement.

Contributions: The Plan provides for employee salary 401(k) contributions up to a maximum of 100% of annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code (IRC). Participants who attain age 50 can make catch-up contributions in addition to their regular deferral contributions. Participants can also make Roth 401(k) contributions, which are subject to taxation in the year of contribution but not at the time of withdrawal. Contributions are made through payroll deductions and are subject to certain IRC limitations. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

Eligible employees who do not elect otherwise are automatically enrolled in the Plan with a pretax deferral contribution rate of 2%.

The Plan provides for safe harbor employer matching contributions equal to 100% of the participant's contribution not to exceed 3% of the employee's compensation plus 50% of employee 401(k) contributions between 3% and 5% of the employee's compensation.

Participant accounts: Each participant's account is credited with participant contributions, the Company's matching contribution and plan earnings. Allocations are based on participants' compensation or account balances, as defined. Participants' accounts are charged with administrative fees on certain participant driven transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants' contributions and the Company's matching contribution and related earnings are fully vested at all times and are not subject to forfeiture for any reason.

Investment options: Upon enrollment in the Plan, a participant may direct contributions into a variety of investments as more fully described in the Plan's literature. Participants may change their investment options daily.

Benefit payments: Distributions are payable to participants or their beneficiaries upon the retirement, death, disability, or termination of employment in the form of a lump-sum amount equal to the vested balance of a participant's account. If their account balance is less than \$5,000, the participant may elect to receive a lump-sum amount or partial withdrawals. Hardship distributions are also permitted if certain criteria are met and are approved by the plan sponsor.

Notes to Financial Statements

Note 1. Plan Description (Continued)

Participant notes receivable: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balances, whichever is less. The notes receivable are secured by the balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates, as determined periodically by the Plan Administrator. Principal and interest are paid ratably through regular payroll deductions.

Forfeited accounts: At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$128 and \$1,081, respectively. These accounts are used to reduce Company contributions. During 2021, no forfeitures were used to reduce Company contributions.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment valuation and income recognition: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Committee determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Participant notes receivable: Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit payments: Benefits are recorded when paid.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Subsequent events: The Plan Administrator has evaluated subsequent events for potential recognition and/or disclosure through October 14, 2022, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by Fidelity Management Trust Company (the Trustee)

The following is a summary of the Plan's asset and income information as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets and income is complete and accurate. Accordingly, as permitted by 29 CF 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets and income.

Note 3. Information Certified and Provided by Fidelity Management Trust Company (the Trustee) (Continued)

Information certified by Fidelity Management Trust Company as of December 31, 2021 and 2020 and for the year ended December 31, 2021:

	2021	2020
Shares of registered investment companies	\$ 138,018,716	\$ 104,517,815
Shares/units of common/collective trust fund	1,074,361	1,151,228
Participant notes receivable	1,027,230	736,231
Net appreciation in fair value of investments	14,446,983	
Interest and dividends	3,919,995	
Interest income on notes receivable from participants	45,484	

Note 4. Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2021 and 2020.

Level 1. Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2. Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

The asset's or liability's fair value measurements level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Shares of registered investment companies: Valued at the daily closing price as reported by the fund. Shares of registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Shares/units of common/collective trust fund: Valued based on the NAV of units of the common/collective trust fund. The NAV, as provided by the custodian, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

In instances whereby inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

	2021			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	\$ 138,018,716	\$ -	\$ -	\$ 138,018,716
Total investments at fair value	\$ 138,018,716	\$ -	\$ -	138,018,716
Investments measured at NAV (a)				1,074,361
Investments at fair value				\$ 139,093,077

	2020			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	\$ 104,517,815	\$ -	\$ -	\$ 104,517,815
Total investments at fair value	\$ 104,517,815	\$ -	\$ -	104,517,815
Investments measured at NAV (a)				1,151,228
Investments at fair value				\$ 105,669,043

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

There were no unfunded commitments or redemption restrictions on the investments described above.

Grubhub, Inc. 401(k) Retirement Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer. There were no significant transfers between levels of the fair value hierarchy during 2021.

Note 5. Related-Party Transactions and Parties-in-Interest

The Plan's investments are managed by Fidelity Management Trust Company, the trustee of the Plan. Therefore, these transactions qualify as party-in-interest. Fees paid by the Plan to its service providers were \$349,590 for the year ended December 31, 2021.

Fidelity Management Trust Company provides certain administrative services pursuant to the Servicing Agreement between the Plan and Fidelity Management Trust Company. Fidelity Management Trust Company receives revenue from mutual fund service providers for services Fidelity Management Trust Company provides to the funds. This revenue is credit back to the accounts of participants. During 2021, \$9,743 was earned by the Plan under this agreement and was recorded net of administrative expenses.

Certain other administrative expenses are paid by the Company. Certain employees of the Company provide administrative and trustee services to the Plan. These employees are not compensated by the Plan for their services.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provision of ERISA. Upon plan termination, participants become 100% vested in the company-matching portion of their accounts.

Note 7. Tax Status

Effective March 31, 2014, the Plan adopted a volume submitter plan sponsored by Fidelity Management & Research Company. The volume submitter plan has received an opinion letter from the Internal Revenue Service as to the volume submitter plan's qualified status. The volume submitted plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal, state or local taxing jurisdictions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Net assets available for benefits per Form 5500	<u>\$ 140,120,307</u>	<u>\$ 106,405,274</u>

The following is a reconciliation of changes in net assets available for benefits per the financial statements to Form 5500 for 2021:

Change in net assets available for benefits per the financial statements	\$ 33,789,154
Company contributions	(74,088)
Investment gain	(1)
Benefits paid directly to participants	(32)
Change in net assets available for benefits per Form 5500	<u>\$ 33,715,033</u>

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.
