Unity Limited Partnership 403(b) Plan

Financial Statements and Supplemental Schedule

Year Ended December 31, 2021

Independent Auditor's Report

To the Plan Administrator
Unity Limited Partnership 403(b) Plan
De Pere, Wisconsin

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Unity Limited Partnership 403(b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Unity Limited Partnership 403(b) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Unity Limited Partnership 403(b) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Unity Limited Partnership 403(b) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Unity Limited Partnership 403(b) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Unity Limited Partnership 403(b) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Unity Limited Partnership 403(b) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 1, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Unity Limited Partnership 403(b) Plan

Notes to Financial Statements

Note 1: Description of Plan

The following description of the Unity Limited Partnership 403(b) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a participant-directed, defined contribution plan that operates under Section 403(b) of the Internal Revenue Code (IRC) covering all employees of Unity Limited Partnership (the "Sponsor"). Employees can participate in the Plan as soon as administratively feasible following employment at the Sponsor. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. A director of the Sponsor determines the appropriateness of the Plan's investment offerings and monitors investment performance. Participants are eligible for a discretionary match offered by the Sponsor if the participant is employed by the Sponsor at the end of the plan year and must be credited with at least 1,000 hours of service during the plan year.

Contributions

Each year, all eligible participants immediately upon hire may contribute up to 100% of their eligible annual compensation, as defined by the Plan, up to the annual maximum allowed by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Plan also allows participants to contribute Roth contributions and rollover distributions from other qualified plans (rollovers).

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless the employee affirmatively elects not to participate in the Plan. Participants who are automatically enrolled in the Plan have their deferral rate set at 1% of eligible compensation and their contributions invested in a designated fund until it is changed by the participant.

The Sponsor provides a discretionary matching contribution that is based on each participants' contribution for the year. In 2021, the discretionary matching contribution was equal to 100% of each participant's contribution, up to the first 4% of participant compensation. Rollover contributions are not matched by the Sponsor. In addition, the Sponsor has the option to make a discretionary profit sharing contribution each year. The Sponsor's discretionary matching contribution was \$374,435 for the year ended December 31, 2021. No discretionary profit sharing contributions were made during 2021.

Unity Limited Partnership 403(b) Plan

Notes to Financial Statements

Note 1: Description of Plan (Continued)

Participant Accounts

All investments in the participants' accounts are participant directed. The Plan allows participants to select from a variety of investment options with a mix of mutual funds and common/collective trust funds.

Each participant's account is credited with the participant's contribution and allocations of (a) the Sponsor's discretionary matching and profit sharing contributions and (b) plan earnings or losses and is charged with withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their voluntary and rollover contributions plus actual earnings or losses thereon. Participants vest in the Sponsor's discretionary matching and profit sharing contributions plus actual earnings/losses thereon at a rate of 20% each year beginning with the first year of credited service, with participants becoming fully vested after five years of credited service. Participants who leave the Sponsor because of disability or death become 100% vested in all accounts.

Payment of Benefits

On termination of service due to death, disability, or normal retirement (age 65), a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount, in annual installments, or ad-hoc distributions if the account balance is greater than \$5,000. If the participant's vested account balance does not exceed \$5,000, it can be distributed only in a single lump-sum payment. For termination of service because of other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. In addition, hardship distributions out of the participant's voluntary contributions account are permitted if certain criteria are met. The Plan also allows for in-service distributions upon attaining age 59 1/2.

Effective January 1, 2020, the new IRS hardship distribution regulations were implemented to allow participants to have access to earnings on the deferral portion of their account, to include federal disasters as a hardship category, to eliminate the suspension period subsequent to receiving a hardship distribution, and to eliminate the requirement to exhaust plan loans.

Effective April 5, 2020, the Plan adopted the provision to waive the 10% early distribution penalty tax (for distributions made before age 59 1/2) for coronavirus-related distributions up to \$100,000 per individual as provided under the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act").

Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable laws and IRS guidance.

Unity Limited Partnership 403(b) Plan

Notes to Financial Statements

Note 1: Description of Plan (Continued)

Forfeitures

Plan forfeitures arise as a result of participants terminating service with the Sponsor before becoming 100% vested in the Sponsor's discretionary matching and profit sharing contributions.

At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$435 and \$432, respectively. These accounts will be used to reduce future Sponsor discretionary matching contributions and offset plan expenses in accordance with the plan document. In 2021, forfeitures used to offset plan expenses were \$3,099.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan were prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Use of Estimates in Preparation of Financial Statements

The preparation of the accompanying financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date, and interest income is recorded on the accrual basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Participants are charged check issuance fees for all distributions except retirement and disability distributions, which are paid by the Sponsor. All other expenses incurred in conjunction with the Plan are paid by the Sponsor and excluded from the accompanying financial statements, except for third-party administration fees. Certain investment-related expenses are included in net appreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 3, 2022, which is the date the financial statements were available to be issued.

Note 3: Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority level; Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1); and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 inputs for the periods presented.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market fund: Valued at the accumulated short-term debt securities designed to maximize current income with liquidity and capital preservation held by the fund. The underlying investment is measured at fair value using NAV per share as a practical expedient and is therefore classified using Level 3 inputs.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3: Fair Value Measurements (Continued)

The following table set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2021 and 2020. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 12,255,088	\$ -	\$ -	\$ 12,255,088
Money market funds	-	-	291,547	291,547
Total investment assets at fair value	\$ 12,255,088	\$ -	\$ 291,547	\$ 12,546,635

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 10,523,420	\$ -	\$ -	\$ 10,523,419
Money market funds	-	-	351,959	351,959
Total investment assets at fair value	\$ 10,523,420	\$ -	\$ 351,959	\$ 10,875,378

Changes in Fair Value of Level 3 Assets and Related Gains and Losses

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2021:

	Money Market Fund
Balance, beginning of year	\$ 351,959
Interest	94
Purchases and contributions	2,321,534
Sales	(2,382,040)
Balance, end of year	\$ 291,547

The money market fund is reported at contract value, which approximates fair value. Contract value represents the aggregation of contributions, plus interest, less withdrawals, if any. This is considered a Level 3 investment because none of the parameters for calculating fair value are available publicly. Disclosure of unobservable inputs to the fair value measurement has not been included for the contract because quantitative and observable inputs are not developed by the Plan when measuring fair value and have not been made available to the Plan by Associated Trust Company, N.A.

Note 3: Fair Value Measurements (Continued)

The money market fund is guaranteed against loss of principal, minus all withdrawals, including charges and adjustments. The guarantee is based on the ability of Associated Trust Company, N.A. to meet its financial obligations from the general assets of Associated Trust Company, N.A. Interest is credited daily at an interest rate that will not be less than the guaranteed minimum interest rate, shown on the contract specifications. The interest crediting rate is declared on a monthly basis.

Note 4: Information Prepared and Certified by Custodian

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The Plan's custodian, Associated Trust Company, N.A., has certified that the following data included in the accompanying financial statements as of and for the year ended December 31, 2021 and 2020, is complete and accurate:

- (a) Investments as shown in the statements of net assets available for benefits.
- (b) Net appreciation in fair value of investments and interest income and dividends as shown in the statements of changes in net assets available for benefits.

The Plan's independent auditors did not perform auditing procedures with respect to this information for the periods certified, except for comparing such information to the related information included in the financial statements.

Note 5: Related-Party Transactions and Party-in-Interest Transactions

Plan investments are managed by Associated Trust Company, N.A. These transactions qualify as party-in-interest transactions and are not considered prohibited under ERISA. Fees paid by the Plan for administrative services during the year ended December 31, 2021, were \$44,371. Certain fees incurred by the Plan for investment-related services are included in net appreciation in fair value of investments.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Bank contributions.

Note 7: Tax Status

The Plan's terms have been drafted in reliance on the sample language provided by the IRS. The Plan is required to operate in conformity with the IRC to maintain the exclusion from tax for plan participants. The Plan's management believes the Plan is currently designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
