Independent Auditor's Report

To the Plan Administrator of the
JCJ Architecture 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of JCJ Architecture 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section:

- The amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a significant likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) (Schedule H, Line 4i) as of December 31, 2021 and Schedule of Delinquent Participant Contributions (Schedule H, Line 4a) for the year ended December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 13, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

JCJ Architecture 401(k) Plan

Notes to Financial Statements December 31, 2021

Note 1 - Description of Plan

The following description of JCJ Architecture 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement, and any amendments thereto, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established effective January 1, 1984, and most recently restated and amended on January 1, 2020 (see Note 11 - Subsequent events). Employees of JCJ Business Corp, Inc. and JCJ Architecture PC (collectively, the "Company") become eligible to make elective deferrals upon attaining the age of 21 excluding union employees, nonresident aliens, leased employees, durational employees or summer interns. Participants become eligible to receive matching and nonelective profit sharing contributions on the first day of the month following the completion of six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Company's Board of Directors is responsible for oversight of the Plan. The Finance Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Company's Board of Directors.

Contributions

Each year, participants may contribute an amount up to the maximum amount, allowed by law, of their compensation, as defined in the Plan agreement, for the contribution period. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan includes an automatic deferral election for employees as they become eligible unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their rate set at 3% of eligible compensation and their contribution invested in a designated targeted retirement date fund until changed by the participant. On the first day of each Plan year, the rate is increased by 1% up to a maximum of 10%. Participants may also make Roth 401(k) elective deferrals. Participant contributions are recorded in the period during which the Company makes payroll deductions from the participant's earnings.

The Company can make safe harbor matching, discretionary matching and nonelective profit sharing contributions, as determined by the Company. The Company contributes an amount equal to \$1.00 for each \$1.00 contributed by a participant, up to a maximum of 3% of the participant's Plan compensation, plus \$0.50 for each \$1.00 contributed by a participant that exceeded 3% of the participant's Plan compensation but did not exceed 5% of the participant's Plan compensation. The Company did not make discretionary matching or nonelective profit sharing contributions for the year ended December 31, 2021. Participants direct the investment of all contributions in various investment options offered by the Plan.

The Plan currently offers various mutual funds as investment options for participants. Company safe harbor matching contributions are recorded quarterly and discretionary matching and nonelective profit sharing contributions, if any, are recorded annually. Contributions are subject to certain Internal Revenue Service (the "IRS") limitations.

JCJ Architecture 401(k) Plan

Notes to Financial Statements December 31, 2021

Participant accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their own contributions and safe harbor matching contributions plus actual earnings thereon. Vesting in the Company's discretionary nonelective profit sharing and matching contribution portion of their accounts is based on years of continuous service. Employees are 20% vested after two years of service, 40% vested after three years of service, 60% vested after four years of service, 80% vested after five years of service and 100% vested after six years of service. However, if an active participant dies or becomes totally and permanently disabled prior to the normal retirement age, the participant's account becomes 100% vested.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. A participant may have two loans outstanding at any time. The loan interest rate, determined monthly, is set at 1% above the prime rate, as defined. Principal and interest are paid ratably through bi-weekly payroll deductions.

Payment of benefits

On termination of employment, retirement, the attainment of age 59½, death or permanent and total disability, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants may also take hardship distributions from elected deferral amounts or in-service withdrawals as provided for in the Plan document. Distributions are subject to the applicable provisions of the Plan agreement.

Forfeited accounts

Forfeitures result from nonvested discretionary nonelective profit sharing and matching contributions remaining in the Plan from terminated employees. Forfeitures available to pay Plan expenses or to reduce Company contributions in accordance with the Plan agreement were \$15,868 and \$15,860 as of December 31, 2021 and 2020, respectively. During 2021, no amounts were used to pay Plan expenses or to reduce Company contributions.

Note 2 - Summary of accounting policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

JCJ Architecture 401(k) Plan

Notes to Financial Statements December 31, 2021

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Finance Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodian and insurance company. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to distributions and the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent events

The Plan has evaluated subsequent events through October 13, 2022, the date the financial statements were available to be issued.

Note 3 - Certified investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments and notes receivable from participants held at December 31, 2021 and 2020, and investment income and interest income on notes receivable from participants for the year ended December 31, 2021, that are disclosed in the accompanying financial statements and supplemental schedule, were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Great-West Life & Annuity Insurance Company ("Great-West") and Great-West Trust Company, LLC, the custodian and trustee, respectively, of the Plan.

JCJ Architecture 401(k) Plan

Notes to Financial Statements December 31, 2021

Note 4 - Fully benefit-responsive contract

As of December 31, 2020 and for the period from January 1, 2021 to January 19, 2021, the Plan maintained a fully benefit-responsive guaranteed fixed group annuity investment contract ("group annuity contract") with Great-West, via an investment in the Key Guaranteed Portfolio Fund. Great-West maintained the contributions in a general account. On January 19, 2021, this investment was liquidated and all assets were transferred to the Fidelity Cash Reserve. This contract met the fully benefit-responsive investment contract criteria and, therefore, was reported at contract value. Contract value represents contributions made under each contract plus earnings less participant withdrawals and administrative expenses. The group annuity contract was a guaranteed investment contract. The contract issuer was contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate was based on a formula established by the contract issuer but could not be less than 0%. The crediting rate was reviewed on a quarterly basis for resetting.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts was dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may have been affected by future economic and regulatory developments.

Certain events might have limited the ability of the Plan to transact at contract value with the contract issuer. These events may have been different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code ("IRC") or the failure of the trust to be tax-exempt under Section 501(a) of the IRC.
2. Premature termination of the contracts.
3. Plan termination or merger.
4. Changes to the Plan's prohibition on competing investment options.
5. Bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events were probable of occurring that might have limited the ability of the Plan to transact at contract value with the contract issuers and that also would have limited the ability of the Plan to transact at contract value with the participants.

JCJ Architecture 401(k) Plan

Notes to Financial Statements December 31, 2021

In addition, certain events allowed the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include in the following:

1. An uncured violation of the Plan's investment guidelines.
2. A breach of material obligation under the contract.
3. A material misrepresentation.
4. A material amendment to the agreements without the consent of the issuer.

Either party to the contract may have terminated the contract with at least 60 days' advance written notice to the other party.

Note 5 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3"). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2021 and 2020.

JCJ Architecture 401(k) Plan

Notes to Financial Statements December 31, 2021

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2021 and 2020. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 33,340,077	\$ -	\$ -	\$ 33,340,077
Total assets at fair value	<u>\$ 33,340,077</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 33,340,077</u>
	2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 27,168,917	\$ -	\$ -	\$ 27,168,917
Total assets at fair value	<u>\$ 27,168,917</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 27,168,917</u>

Note 6 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

During 2020, an outbreak of a novel strain of coronavirus ("COVID-19") emerged globally. As a result, events have occurred domestically in the United States and globally, including mandates from federal, state and local authorities, leading to an overall decline in economic activity. The continuation of the effects of COVID-19 could result in significant disruption of global financial markets; however, the ultimate impact of COVID-19 on the financial performance of the Plan's investments cannot be reasonably estimated at this time.

Note 7 - Related party transactions and party-in-interest transactions

During the period from January 1, 2021 to January 19, 2021, Plan assets included a fixed group annuity investment contract managed by Great-West. Great-West is the Plan's custodian as defined by the Plan and, therefore, these transactions qualified as party-in-interest transactions.

Great-West provides certain administrative services to the Plan pursuant to a fee schedule agreement between the Company and Great-West. Great-West receives revenue from certain mutual funds for services Great-West provides to the funds. This revenue is used to offset certain amounts owed to Great-West for its administrative services to the Plan.

JCJ Architecture 401(k) Plan

Notes to Financial Statements December 31, 2021

If the revenue received by Great-West from such mutual funds exceeds the amount owed under the fee schedule agreement, Great-West remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2021, excess amounts totaled \$41,878, which is shown as other income on the statement of changes in net assets available for benefits, and were refunded to the forfeiture account, and of the excess amount \$41,878 was used to pay third party administrators of the Plan.

Additional fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made direct payments to the custodian, trustee and other advisors of \$88,956, which was not covered by revenue sharing. The Plan sponsor pays directly any other fees related to the Plan's operations.

Note 8 - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the discretionary nonelective profit sharing and matching contribution portions of their account.

Note 9 - Tax status

The prototype plan document, which the Plan has adopted via a non-standardized adoption agreement, obtained its latest opinion letter dated March 31, 2014, in which the IRS stated that the prototype plan, as then designed, was in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator and management believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. See Note 11 - Subsequent events.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 10 - Nonexempt transactions

As reported on the supplemental Schedule of Delinquent Participant Contributions (Schedule H, Line 4a), a certain salary deferral contribution was not remitted to the Plan for one participant within the time frame specified by the DOL's Regulation 29 CFR 2510.3-102, thus constituting a nonexempt transaction between the Plan and the Company for the year ended December 31, 2021. The delinquent participant contribution pertains to one payroll period during the year ended December 31, 2021. The Company is currently working with its third-party administrator to fully correct the late remittance.

Note 11 - Subsequent events

Effective January 1, 2022, the Plan's non-standardized adoption agreement was amended and restated. Effective on this date, if employer discretionary matching contributions are made, the employer will only match up to 6% of a participant's compensation.

JCJ Architecture 401(k) Plan

Notes to Financial Statements December 31, 2021

The defined contribution pre-approved Plan document, which the Plan has adopted through the non-standardized adoption agreement effective January 1, 2022, obtained its latest opinion letter on June 30, 2020, in which the IRS stated the pre-approved Plan document was in compliance with the applicable requirements of the IRC.

On May 12, 2022, the Plan Sponsor terminated Great-West Life & Annuity Insurance Company ("Great-West"), the custodian of the Plan, and Great-West Trust Company, LLC, the trustee of the Plan. Effective August 1, 2022, recordkeeping responsibilities changed from Great-West to Automatic Data Processing, LLC ("ADP"). Additionally, Reliance Trust Company became the trustee of the Plan.

The investments offered by the Plan changed, resulting in participants' accounts being mapped to new investment options. In connection with these changes, on July 29, 2022, Plan investments were liquidated from Great-West Trust Company, LLC and transferred to ADP.

Effective August 1, 2022, the Plan adopted ADP's non-standardized adoption agreement and defined contribution pre-approved Plan document. Effective on this date, changes were made to the Plan provisions as follows:

- The Company will contribute an amount equal to \$1.00 for each \$1.00 contributed by a participant, up to a maximum of 3% of the participant's Plan compensation, plus \$0.50 for each \$1.00 contributed by a participant that exceeded 3% of the participant's Plan compensation but did not exceed 5% of the participant's Plan compensation on a pay period basis with no option for true-up.
- Each year, participants may contribute an amount up to 90% of their compensation, as defined in the Plan agreement, for the contribution period.
- Participants may also contribute pretax and Roth amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).
- Automatically enrolled participants have their rate set at 5% of eligible compensation and their contribution invested in a designated targeted retirement date fund until changed by the participant.
- If employer discretionary matching contributions are made, there is no limit to the percentage the employer can contribute of a participant's compensation.
- Participant hardship distributions from elected deferral amounts or partial withdrawals must be a minimum of \$500.

5500 / SSA PROCESSING INSTRUCTIONS

JCJ Architecture 401(k) Plan

SIGNATURE REQUIRED BY: OCTOBER 15, 2022

The Form 5500 is an Annual Report of the Plan filed with the US Department of Labor (DOL), and is publicly available on the DOL's web-site. The form includes financial information as well participant count information. You have requested that we electronically file the Form 5500 on your behalf.

The 8955-SSA (which was previously incorporated into the Form 5500) is used to report information to the Social Security Administration (SSA) regarding the balances of terminated Participants. This form may or may not be required in a given year, depending on whether or not any terminated Participants need to be reported. This filing process is coordinated by the IRS.

If an 8955-SSA is required, then:

- a) A copy of the filing is included in the bound report and has been attached to this letter; and
- b) the form has or will soon be filed by PASI, LLC on your behalf using the IRS's "Filing Information Returns Electronically" (FIRE) system. Because the purpose of the 8955-SSA is solely related to the transmission of 'hard data', your signature is NOT required for PASI to transmit this information to the IRS.

Step 1: Execution of Hard Copy - 5500 and 8955-SSA

In spite of the electronic filing, the DOL and IRS still require that you maintain in your files signed hard-copy versions of the Form 5500 and the 8955-SSA. Therefore:

- The Form 5500 is attached to this letter. Please review it for accuracy.
- An owner, principal, or officer of the Plan Sponsor should sign and date as Plan Administrator wherever indicated with a "Sign Here" sticker.
- The 8955-SSA (if one is required) has also been attached. Please sign this document as Plan Sponsor and Plan Administrator where indicated with a "Sign Here" sticker.

If any 401(k) or loan withholdings were not deposited to the Plan within the time frame described in the Commentary section of the enclosed report, please let us know before signing the Form 5500.

Step 2: Provide Consent For PASI To E-File 5500

An owner, principal, or officer of the Plan Sponsor should sign and date the enclosed "Authorization For PASI, LLC To E-File Your Form 5500" where indicated with a "Sign Here" sticker.

Step 3: Return the Executed Form 5500 and Filing Authorization to PASI

Please fax or email us the signed Form 5500 from Step 1 and the signed Consent Form from Step 2 so that we can file the Form on your behalf.

We do not need the 8955-SSA returned to our office. Please do NOT email it to us because the filing includes Social Security Numbers.

PART I: Authorization of Practitioner to Electronically Sign and File

I hereby authorize PASI, LLC. (PASI) to electronically sign and file the above-named return/report through EFAST2.

I understand that in granting this authority that

-I/we must manually sign and date page 1 of the Form 5500* and provide a scanned copy of that signature page to PASI before the electronic filing can be initiated;

-PASI will retain a copy of this written authorization in its records;

-PASI will notify the individual(s) signing below as plan administrator/employer about any inquiries and information it receives from EFAST2, DOL, or IRS regarding this annual return/report; and

-A copy of my signature, as it appears on page 1 of the Form 5500, will be included with the return/report posted by the Department of Labor on the Internet for public disclosure which some believe could facilitate the theft of one's identity.

-PASI shall not be deemed an administrator or other fiduciary with respect to any Plan solely on account of the services performed under this authorization.

This authorization is applicable only to the filing for the above-named Plan and applies only for the Plan year end stated above.
