Independent Auditor's Report

Plan Administrator
Hebrew Home for the Aged at Riverdale Retirement Income Plan
Riverdale, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Hebrew Home for the Aged at Riverdale Income Plan (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in *Note 5* to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 12, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations under ERISA.

Note 1: Description of Plan

General

The following brief description of Hebrew Home for the Aged at Riverdale Retirement Income Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan document for more complete information. The Plan is a noncontributory defined benefit pension plan sponsored by The Hebrew Home for the Aged at Riverdale (the Home). The Plan covers substantially all nonunion personnel of the sponsor. It is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA), the *Tax Equity and Fiscal Responsibility Act of 1982* (TEFRA), and the *Retirement Equity Act of 1984* (REA). Beginning January 1, 2009, the Home froze the pension plan and continued funding it only for existing participants.

Pension Benefits

Benefits will commence on or after normal retirement date at the option of the participant. The benefit at the pension commencement date will be the greater of the actuarial value of the benefit determined as of the normal retirement date increased with interest from his or her normal retirement date to actual retirement date or the benefit accrued to actual retirement date, as provided for under the Plan's early and late retirement options.

The formula for determining participants' normal retirement benefit is the sum of the following:

- (i) The sum of 1.25% of participant's average compensation up to participant's covered compensation plus 1.9% of participant's average compensation in excess of participant's covered compensation, multiplied by participant's years of benefit service at normal retirement date or earlier termination of employment with the sponsor to a maximum of 35 years; plus
- (ii) 1.25% multiplied by participant's average compensation for each year of benefit service after the number of years of benefit service taken into account in paragraph (i) at normal retirement date or earlier termination of employment with the sponsor

Death Benefits

Before Retirement

The death benefit shall be the greater of 1 or 2:

- 1. If death occurs prior to normal retirement date, beneficiary will receive an amount equal to 40% of the actuarial equivalent of the accrued benefit.
- 2. A spouse's benefit equal to one-half the amount of vested pension benefit the member would have received had he terminated his employment on his date of death, survived to the earliest retirement age, and retired at that age with joint and one-half survivor form in effect.

Retirement Income Plan

Notes to Financial Statements

December 31, 2021 and 2020

After Retirement

Qualified joint and one-half survivor annuity or benefits provided by optional form of payment with reduced benefits at election of employee.

Options

Life annuity, joint and 50%, 66-2/3%, 75%, or 100% survivor, 10-year certain and life and social security option.

Notice for Options

A participant may elect or revoke an option at any time before his/her retirement date by filing a written notice with the employer.

Disability Benefits

Participants who become disabled while being employed by the Home are eligible for disability retirement, with the option for immediate commencement of the actuarial equivalent of their accrued retirement benefit. Disabled participants who defer commencement of benefits until “early,” “normal” or “late” retirement will preserve the optional forms of disbursements available under the Plan.

Vesting

Plan benefits are fully vested upon the completion of five years of vesting service.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, disclosure of contingent assets and liabilities and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Administrative Expenses

Custodial and related fees are paid by the Plan and are based on customary rates for such services. Other fees are paid for by the Plan’s sponsor.

Retirement Income Plan

Notes to Financial Statements

December 31, 2021 and 2020

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. As applicable, interest income is recorded on the accrual basis, and dividend income is accrued on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Subsequent Events

Subsequent events have been evaluated through October 14, 2022, which is the date the financial statements were available to be issued.

Note 3: Disclosures About Fair Value of Plan Assets and Liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. The hierarchy comprises three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and that are significant to the fair value of the assets or liabilities

Recurring Measurements

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year-end. The mutual funds held by the Plan are deemed to be actively traded.

Hebrew Home for the Aged at Riverdale

Retirement Income Plan

Notes to Financial Statements

December 31, 2021 and 2020

Pooled separate account – money market fund: NAV of the underlying investments is used as a practical expedient to estimate fair value. The majority of the underlying securities have observable Level 1 or Level 2 pricing inputs, including quoted prices of similar assets in active or non-active markets.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables sets forth by level, within the fair value hierarchy, the assets at fair value as of December 31, 2021 and 2020:

2021				
	Level 1	Level 2	Level 3	Total

Note 4: Actuarial Present Value of Accumulated Plan Benefits and Summary of Significant Actuarial Methods and Assumptions

Accumulated plan benefits are those periodic payments that are attributable under the Plan's provisions to the service that employees have rendered to the valuation date. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated participants or their beneficiaries, and (b) present participants or their beneficiaries. Benefits under the Plan accumulate to the date a participant leaves the employ of the Home, dies, elects early retirement, or reaches normal retirement age. Benefits payable are included in the valuation to the extent they are deemed attributable to services rendered through the valuation date.

The actuarial present value of accumulated plan benefits is determined by the Plan's actuary, Pentegra Retirement Services, Inc., and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the value of time and probability of payment between the valuation date and the expected date of payment.

The actuarial present value of accumulated plan benefits as of December 31, 2021 and 2020 was as follows:

	2021	2020
Vested		
Participants currently receiving benefits	\$ 18,162,018	\$ 15,463,419
Other participants	11,909,736	12,157,884

Nonvested	-	-
Total actuarial present value of accumulated plan benefits	\$ 30,071,754	\$ 27,621,303

Hebrew Home for the Aged at Riverdale

Retirement Income Plan

Notes to Financial Statements

December 31, 2021 and 2020

The change in actuarial present value of accumulated plan benefits during the year ended December 31, 2021 is attributable to:

Increase for interest due to the decrease in the discount period	\$ 1,859,658
Benefits paid	(2,109,518)
Change in actuarial assumptions	2,684,137
Net increase due to benefits accumulated (including plan experience)	<u>16,174</u>
Net increase (decrease)	2,450,451

Actuarial present value of accumulated plan benefits, beginning of year	<u>27,621,303</u>
---	-------------------

Actuarial present value of accumulated plan benefits, end of year	<u><u>\$ 30,071,754</u></u>
---	-----------------------------

Assumed rate of return on investment	2021 - 6% 2020 - 7%
Discount rate	2021 - 6% 2020 - 7%
Mortality	2021 - RP 2014 with MP2021 improvement scale 2020 - RP 2014 with MP2020 improvement scale
Salary scale	2021 and 2020: None – Plan frozen effective January 1, 2009
Funding method	The method of funding is the “Frozen Entry Age Actuarial Cost Method”
Assumed retirement age	Age 65

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits. The computations of the actuarial present value of accumulated plan benefits were made as of January 1, 2022 and 2021. Had the valuations been performed as of December 31, there would be no material differences.

Note 5: Certification of Plan Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Trust Company, a qualified institution, has certified the following information included in the accompanying financial statements and ERISA-required supplemental schedules is complete and accurate:

- Investments as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020
- Investment income as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021
- Investment information included in the accompanying schedule of assets (held at end of year) as of December 31, 2021 and the accompanying schedule of reportable transactions for the year ended December 31, 2021

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedules.

Note 6: Funding Policy

The Home makes contributions to the Plan based on periodic actuarial valuations of the Plan's liabilities at such times and in such amounts as determined by the Board, acting with the advice of a qualified actuary. The Plan has met the minimum funding requirements established by ERISA.

Note 7: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term, based on the markets' fluctuations, and that such changes could materially affect the Plan's amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits is reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near-term would be material to the financial statements.

Hebrew Home for the Aged at Riverdale

Retirement Income Plan

Notes to Financial Statements

December 31, 2021 and 2020

Note 8: Related-Party and Party-in-Interest Transactions

Plan investments include investments managed by Principal. Custodial and related fees of \$25,162 were paid to Principal, in 2021. Principal is the custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions. These party-in-interest transactions are deemed to be “exempt” from the prohibited transaction rules as defined by Department of Labor regulations.

The Home provides certain administrative services at no cost to the Plan.

Note 9: Plan Termination

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- a. Benefits attributable to employee contributions, taking into account those paid out before termination
- b. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under plan provisions in effect at any time during the five years preceding plan termination.
- c. Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) (a U.S. government agency) up to the applicable limitations discussed below
- d. All other vested benefits (that is, vested benefits not insured by the PBGC)
- e. All nonvested benefits

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits and certain disability and survivor’s pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan’s termination.

However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual’s monthly benefit that the PBGC guarantees.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan’s net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan sponsor and the level of benefits guaranteed by the PBGC.

Note 10: Tax Status

The Plan obtained its latest determination letter on June 7, 2012, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and the Plan was qualified and the related trust was tax-exempt as of the financial statement date.
