Independent Auditor's Report

To the Plan Administrator and Plan Participants of the
WSS 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of WSS 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of WSS 401(k) Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent WSS 401(k) Plan's and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt WSS 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the about WSS 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about WSS 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of Form 5500 Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to

prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statement

The 2020 financial statements of WSS 401(k) Plan were audited by a predecessor auditor. As permitted by 20 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditor not to perform and they did not perform any auditing procedures with respect to the information certified by a qualified institution. Their report, dated September 23, 2021, indicated that (a) because of the significance of the information they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting Disclosure under ERISA.

Note 1. Description of Plan

The following description of the WSS 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan was established effective January 1, 2007 by Eurostar, Inc. (the "Company" or "Employer"), in recognition of the contribution made to its operations by its employees, for the benefit of its eligible employees, and to provide a tax-qualified retirement plan to supplement the Company's employees income upon retirement, death, or disability. The Plan has a salary deferral arrangement provision as defined under Section 401 of the Internal Revenue Code ("IRC"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Participant Eligibility

The Company's employees are eligible to participate in the Plan after they are 21 years of age and upon the completion 3 months of service. Eligible participants may enter the Plan on the first day of the calendar month coincident with or following the satisfaction of the eligibility requirements.

Contributions

Each year participants may contribute an elected percentage of their compensation on a pre-tax basis, subject to the limitations as defined by the IRC. The Plan has an automatic compensation reduction provision, in which participant will automatically be enrolled with a 4% deferral election once they reach eligibility, unless they affirmatively make another election. The initial percentage will increase annually by 1% as of the first day of the plan year, up to a maximum of 8%.

The Company may make a discretionary matching contribution each year as determined by the Employer. For the year ended December 31, 2021, the Company matched 50% of the participant's deferral up to 2% of their eligible compensation.

The Company may make a discretionary profit-sharing contribution at the end of each Plan year without regard to the Company's current or accumulated profits. Employees must have completed one year of service (defined as 1,000 hours) and be employed on the last day of the Plan year to receive an allocation of the non-matching contribution. The Company did not make a discretionary profit-sharing contribution for the year ended December 31, 2021.

Note 1. Description of Plan (continued)

Participants direct the investment of all contributions to their account into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching contributions, (b) the Company's discretionary non-matching contributions and (c) Plan earnings less an allocation of investment and operating expenses charged to the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested in their elective contributions plus actual earnings thereon. Vesting in the Company contributions and related earnings is based on years of continuous service according to the following schedule:

Years of Service	Percentage
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 or more years	100%

The participant's account shall become fully vested upon the participant's retirement date or prior to the retirement date in the event of death or total and permanent disability.

Forfeitures

Amounts forfeited from terminating participants non-vested portion of their Company contributions and earnings on such contributions may be used to pay administrative expenses under the Plan or to reduce the Company matching contributions. During the year ended December 31, 2021, no forfeitures were used to offset administrative expenses or Company matching contributions. As of December 31, 2021 and 2020, there was approximately $10,500 and $1,400, respectively, of unallocated forfeitures available to offset future Company contributions or pay administrative expenses.

Payment of Benefits

Retired or terminated participants receive the vested portion of their Company contributions and earnings on their Company contributions and 100% of their pre-tax contributions and earnings on their contributions as soon as administratively possible following retirement or termination. If upon termination a participant's vested balance is below $1,000 they will receive an immediate cash-out of the balance. If the participant's balance is between $1,000 and $5,000, their balance will be transferred to an individual retirement account.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements for the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Except for unutilized forfeitures (see Note 1), all assets are allocated to the Plan's participants.

Valuation of Investments

Investments, with the exception of the Group Annuity Contract (Note 3), are carried at fair value or an approximation of fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date and interest is accrued as earned.

Notes Receivable from Participants

Participants may borrow from their accounts up to a maximum of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and must be repaid at a fixed interest rate which is commensurate with local prevailing rates as determined by the Plan. Generally, loans must be repaid within five years, unless the loan was for the purchase of a principal residence for which the repayment period is for a reasonable period of that time that may exceed five years at the plan administrator's discretion. Principal and Interest are paid through payroll deductions. Delinquent or defaulted notes receivables from participants are written off as "deemed" distributions at the end of the quarter following the quarter in which the default occurs.

The Plan classifies participant loans as notes receivable from participants in the statements of net assets available for benefits and measures them at their unpaid principal balance plus any accrued interest.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Non-Distributed Benefits

The Plan does not accrue non-distributed benefits related to participants who have withdrawn from the Plan, but recognizes such benefits as a deduction from net assets in the period in which such benefits are paid.

Note 2. Summary of Significant Accounting Policies (continued)

Plan Administrative Expenses and Expense Budget Account

The Company provides or pays for certain accounting, legal, administrative and management services without charge to the Plan. Fees relating to administration of notes receivables from participants and certain fees related to distribution are charged directly to participants' accounts and included in administrative expenses. Additionally, certain recordkeeping and advisory fees may be paid from forfeitures if forfeitures are available.

Investment related expenses are included in net appreciation (depreciation) of fair value of investments. A portion of the investment management related expenses represent revenue sharing expenses earned by the custodian or investment contract issuer. These revenue sharing fees are paid by certain investment funds held by the Plan. These fees are credited back to the Plan and have been included as additions to the net appreciation in fair value of investments.

These credit fees may be used to reduce Plan expenses. Total revenue sharing fees of approximately $53,000 are included in net appreciation in fair value of investments for the year ended December 31, 2021. During the year ended December 31, 2021, approximately $51,000 of revenue sharing fees were used to pay administrative expenses. As of December 31, 2021 and 2020, approximately $15,000 and $13,000, respectively of revenue sharing fees available for use.

Concentrations

As of December 31, 2021, two investments account for approximately 52%, respectively, of the Plan's net assets.

Subsequent Events

The Company has evaluated all events subsequent to December 31, 2021, the date of the statement of net assets available for benefits, through the date of the Independent Auditor's Report, the date which the financial statements were available for issuance, and has determined there are no subsequent events that require disclosure.

Note 3. Insurance Contracts

Group Annuity Contract

The Plan participates in a group annuity contract ("stable value account") with Transamerica Life Insurance Company ("Transamerica"), an investment contract issuer, whereby the assets of the Plan are part of the general assets of Transamerica. The stable value account offers a full guarantee on principal and interest by Transamerica.

The interest crediting rate is determined semi-annually, the interest crediting rate is calculated based upon many factors, including current economic and market conditions, the general interest rate environment, and both the expected and actual experience of a reference portfolio within the issuer's general account. As of December 31, 2021 and 2020, the crediting interest rate on the contract was 1.10% and 1.20%, respectively.

Note 3. Insurance Contracts

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract since the investment contract was determined to be fully benefit-responsive. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract issuer is contractually obligated to repay the principal and a specified interest rate.

The stable value account promises contract value for a benefit event (termination, death, disability and retirement), however, there are possible market value adjustments when funds are withdrawn prior to their maturity. There may be withdrawal restrictions associated with this contract based on certain Plan level initiated transactions.

Note 4. Information Certified by the Trustee

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to the following information certified by Reliance Trust Company, the trustee of the Plan, as complete and accurate, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule:

a) Investments

	December 31,	
	2021	**2020**
Collective investment trust funds	$ 11,473,700	$ 8,914,627

Interest bearing cash	$ 15,051	$ 12,942

b) Notes receivable from participants* $ 230,298 $ 182,505

c) Investment income and other additions

	Year Ended December 31, 2021
Net appreciation in fair value of investments	$ 1,483,560
Interest income	$ 1,283
Interest income from notes receivable from participants	$ 7,957

Note 4. Information Certified by the Trustee (continued)

d) Supplemental Schedule:
Schedule H, Line 4i – Schedule of Assets (Held at End of Year)*

**Notes receivable from participants are participant loans allowed under the related regulations. The participant loans are certified by the investment contract issuer, and are included as investments on the supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.*

Note 5. Fair Value Measurements

Fair value measurements are based on a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means;

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 and 2020.

Collective investment trust funds: These investments are public investment securities valued using the Net Asset Value ("NAV") as the practical expedient provided by the investment contract issuer. The NAV is quoted on a private market that is not active; however, the unit price is based on the underlying investments held by each fund. A majority of the investments held by each fund are traded on an active market.

Note 5. Fair Value Measurements (continued)

Interest bearing cash: These investments represent cash held by a custodian which earns interest.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level within the fair value hierarchy the investments held by the Plan as of December 31, 2021 and 2020:

December 31, 2021	**Fair Value Measurements Using Input Type**			
	Level 1	**Level 2**	**Level 3**	**Total**
Interest-bearing cash	$ 15,051	---	---	$ 15,051
Total investments categorized in the fair value hierarchy	$ 15,051	$ ---	$ ---	15,051
Collective investment trust funds measured at NAV*				11,473,700
Total investments at fair value				$ 11,488,751

December 31, 2020	**Fair Value Measurements Using Input Type**			
	Level 1	**Level 2**	**Level 3**	**Total**
Interest-bearing cash $	$ 12,942	---	---	$ 12,942
Total investments categorized in the fair value hierarchy	$ 12,942	$ ---	$ ---	12,942
Collective investment trust funds measured at NAV*				8,914,627
Total investments at fair value				$8,927,569

**Certain investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented on the Statements of Net Assets Available for Benefits.*

Note 5. Fair Value Measurements (continued)

Certain collective investment trust funds restrict transfers in to the investment fund to once in any rolling 30 day period once a transfer out has been made. There are no other redemption restrictions, redemption notice requirements, or unfunded commitments related to the common investment trust funds as of December 31, 2021 and 2020.

Note 6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market Risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts

Note 8. Tax Status

The Plan was designed using a standardized volume submitter Plan document. The Internal Revenue Service ("IRS") has determined and informed the volume submitter plan sponsor by a letter dated May 7, 2015 that the volume submitter plan document used by the Plan is designed in accordance with the applicable sections of the Internal Revenue Code ("IRC"). The Plan is operating in reliance on the prototype plan opinion letter. The Plan has been amended since receiving the latest IRS opinion letter, however, the plan administrator believes the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's tax returns generally remain open for Federal tax audits for three years from the filing date.

Note 9. Related Party and Party-In-Interest Transactions

The Plan holds investments in a group annuity contract and interest-bearing cash which is managed by Transamerica Life Insurance Company ("Transamerica"). Transamerica is the investment contract issuer as defined by the Plan. Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in fair value of investments. These fees are paid to the investment fund managers, Transamerica, other investment custodians and investment advisors.

Additionally, as noted in Note 2, certain administrative expenses related to recordkeeping fees are paid directly to Transamerica and are included in administrative expenses. Certain fees may be paid to service providers that are consider parties-in-interest under ERISA and are included in administrative expenses.

The Plan also allows for the issuance of notes receivable to participants in accordance with the related regulations.

These transactions qualify as party-in-interest transactions for which there are statutory exemptions.

Note 11. Reconciliation of the Financial Statements to the Form 5500

The differences between the Form 5500 reporting and the financial statement reporting is primarily due to the Form 5500 being prepared on a modified cash basis of accounting while the financial statements are prepared on the accrual basis of accounting.

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	December 31, 2021
Net assets available for benefits per the financial statements	$ 12,395,991
Less: participant contributions receivable	(83,082)
Net assets available for benefits per the Form 5500	$ 12,312,909

Note 11. Reconciliation of the Financial Statements to the Form 5500 (continued)

The following is a reconciliation of the change in net assets available for benefits per the financial statements to the Form 5500:

	Year Ended December 31, 2021
Net increase in net assets available for benefits per the financial statements	$ 3,220,226
Less: participant contributions receivable	(83,082)
Net increase in net assets available for benefits per the Form 5500	$ 3,137,144
