INDEPENDENT AUDITOR'S REPORT

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Impact MHC Management, LLC 401 Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying 2021 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held At End of Year), and Schedule H, Line 4a - Schedule of Delinquent Participant Contributions are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information

included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Impact MHC Management, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan documents for a complete description of the Plan's provisions.

General

The original Plan was established effective January 1, 2018 by Impact MHC Management, LLC (the Company) for the benefit of its employees and the employees of any affiliated employer to qualify under Section 401(k) of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is a defined contribution plan covering substantially all employees of the Company who have completed 90 consecutive days of service and attained the age of 21. The plan entry date is the first day of the calendar month, coincident with or next following the date the eligibility requirements were met.

Due to the economic effects of COVID-19, the Plan has implemented certain provisions of the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which are laws that changed the Plan to, among others, suspend required minimum distributions, delay the commencement date for required minimum distributions, and expand distribution options to qualified individuals.

Participant Contributions

Each year, participants may contribute before tax and qualified Roth deferrals to the Plan, up to 100% of annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Employer Contributions

The Company makes safe harbor matching contributions and may elect to make discretionary profit-sharing contributions each year. For the Plan years ending December 31, 2021 and 2020, the Company matched 100% of the participant’s deferred compensation that is not in excess of 4% of the participant’s compensation. The Company did not make any discretionary profit-sharing contributions for the years ended December 31, 2021 and 2020. Contributions are subject to certain IRS limitations. For the years ended December 31, the Company made matching contributions of $315,458 (2021) and $412,573 (2020).

Participant Accounts

Each participant's account is credited with the participant's contribution and the Company’s safe harbor matching contributions and discretionary profit-sharing contributions, as well as allocations of the Plan’s

earnings and losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The amount that can be added each year to a participant's account, which includes contributions made by the participant and the Company on behalf of the participant's behalf, is subject to restrictions imposed by the IRC.

Investment Elections

Each participant may direct that salary reductions to his or her account be invested in one or more of the investment options offered. Participants may change such allocations at any time directly with Nationwide Life Insurance Company (Nationwide), the Plan's trustee.

Vesting

Participants are vested immediately in their contributions, the Company's safe harbor matching contributions and discretionary profit-sharing contributions plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate is based on the Prime rate as reflected in the Wall Street Journal on date of loan plus 1%. Principal and interest is paid ratably through monthly payroll deductions. Participants may have only one loan outstanding at any one time.

Payment of Benefits

Upon separation of service, a participant will receive a lump-sum payment equal to the value of his or her account, provided the account does not have a value greater than $5,000. Participants may elect to either receive the distribution in cash or to roll over the distribution to an individual retirement account or the qualified plan of the participant's new employer. However, if the vested amount of the participant's account exceeds $1,000, but does not exceed $5,000, and the participant does not timely return their election forms, the plan administrator must transfer the participant's vested account to an individual retirement account established in the participant's name; unless the distribution occurs after the age of 70½.

Participants may also make certain voluntary in-service withdrawals after age 65 or hardship withdrawals if certain conditions are met.

Participants may take a hardship distribution from earnings on all elective deferrals and qualifying contributions, including Roth contributions. Hardship distributions cannot exceed the amount of the participant's need (including any amounts necessary to pay any federal, state, or local income taxes or penalties reasonably anticipated to result from the distribution). The participant must first obtain other available distributions (not including hardship distributions or plan loans) under the Plan and any other plans maintained by the Company, whether qualified or nonqualified. The participant must represent (in writing or by an electronic medium) that he or she has insufficient cash or liquid assets "reasonably available" to satisfy the participant's financial need.

Forfeited Accounts

At December 31, 2021 and 2020, there were no forfeited non-vested accounts. In the event of forfeited non-vested accounts, the forfeited amounts will be used to pay future Plan expenses or offset future employer contributions. During 2021 and 2020, no forfeitures were used to reduce Plan expenses or employer contributions.

Plan Tax Status

The Plan uses a prototype plan document sponsored by Retirement Planning Services, Inc. (RPS). RPS received an opinion letter from the IRS, dated March 31, 2014, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, Plan management believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value except for its investment in group annuity contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors, trustee and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment in Group Annuity Contracts

As described in Accounting Standards Codification (ASC) 962, *Plan Accounting-Defined Contribution Pension Plans*, as updated by Accounting Standards Update 2015-12, investment contracts held by a defined contribution plan are required to be reported at contract value. The Fixed Select contract is a group annuity contract issued by Nationwide Life Insurance Company and is backed by the full faith and creditworthiness of the issuer. The Fixed Select contract is a group annuity contract designed for participants who are looking for stability, who have low risk tolerance, and who are seeking the security of a fixed contract with the exchange potential of a mutual fund. Under the group annuity contract that supports this product, participants may ordinarily direct a permitted withdrawal or transfer of all or a portion of their account balance at contract value, within reasonable timeframes. Contract value

represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

Guarantees are based on the claims-paying ability of Nationwide and not on the value of the securities within the insurer's general account. The credit rating of the issuer at December 31, 2021 was considered investment grade and there are no reserves against contract value for credit risk of the contract issuer or otherwise. Generally, there are not any events that could limit the ability of the Plan to transact at contract value paid or contract value paid over time. Additionally, there are not any events that allow the issuer to terminate the contract and which require the Plan to settle at an amount different than contract value paid over time. The Plan considers this contract to be fully benefit responsive. The guaranteed income fund is included at its contract value in the statements of net assets available for benefits. At December 31, the contract value was $18,034 (2021) and $27,459 (2020).

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses on the statements of changes in net assets available for benefits and are expensed when they are incurred.

Payment of Benefits

Benefits are recorded when paid by the trustee.

NOTE 3 - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Nationwide Life Insurance Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020, the supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021, and the related investment activity reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2021 and 2020.

NOTE 4 - FAIR VALUE MEASUREMENTS

The Plan complies with Financial Accounting Standards Board Accounting Standards Codification Topic 820, *Fair Value Measurements and Disclosures* (ASC 820). ASC 820 defines fair value, establishes a consistent framework for measuring fair value, and expands disclosure requirements for fair value measurements. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

Under ASC 820, assets and liabilities are grouped into three levels, based on the markets in which the assets and liabilities are traded, and the reliability of the assumptions used to determine fair value. These levels are:

- Level 1 – Valuation is based upon quoted prices for identical instruments traded in active markets.

- Level 2 – Valuation is based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market.
- Level 3 – Valuation is generated from model-based techniques that use significant assumptions not observable in the market. These unobserved assumptions reflect plan management's own estimates of assumptions that market participants would use in pricing the asset or liability. Valuation techniques include use of option pricing models, discounted cash flow models, and similar techniques.

Under ASC 820, the Plan bases fair values on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements for assets and liabilities where there exists limited or no observable market data and, therefore, are based primarily upon the Plan's estimates, are often calculated based on current pricing policy, the economic and competitive environment, the characteristics of the asset or liability, and other such factors. Therefore, the results cannot be determined with precision and may not be realized in an actual sale or immediate settlement of the asset or liability. Additionally, there may be inherent weaknesses in any calculation technique, and changes in the underlying assumptions used, including discount rates and estimates of future cash flows, that could significantly affect the results of current or future values.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair value measurements for assets recorded at fair value on a recurring basis at December 31, 2021 are as follows:

Description		Level 1	Level 2	Level 3	Total Fair Value
Mutual Funds		$ 3,375,818	$ -	$ -	$ 3,375,818
	Total	$ 3,375,818	$ -	$ -	$ 3,375,818

Fair value measurements for assets recorded at fair value on a recurring basis at December 31, 2020 are as follows:

Description		Level 1	Level 2	Level 3	Total Fair Value
Mutual Funds		$ 2,576,602	$ -	$ -	$ 2,576,602
	Total	$ 2,576,602	$ -	$ -	$ 2,576,602

NOTE 5 - PLAN TERMINATION

Although it has expressed no intention to do so, the Company has the right, under the Plan, to terminate the Plan, subject to the provisions of ERISA and any collective bargaining agreements in effect at the time. In the event of Plan termination, any unallocated assets of the Plan then held by the trustee shall be allocated among the appropriate participant accounts.

NOTE 6 - RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds and investments in a group annuity contract managed by Nationwide, the Plan's the trustee. Therefore, these transactions qualify as party-in-interest transactions and are denoted as such on the supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year). The Plan pays for certain expenses while the Company absorbs certain administrative expenses, such as accounting fees.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 - SUBSEQUENT EVENTS

The Plan's management has evaluated subsequent events through October 10, 2022, the date at which the financial statements were available to be issued, and determined that no events have occurred that would require disclosure.
