To the Plan Sponsor and Participants of
Western Mutual Insurance Company Profit Sharing/401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Western Mutual Insurance Company Profit Sharing/401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the 2021 Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at year end as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan sponsor instructed us to not perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 13, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

WESTERN MUTUAL INSURANCE COMPANY PROFIT SHARING/401(k) PLAN

Notes to Financial Statements

December 31, 2021 and 2020

1. Description of the Plan

The following description of the Western Mutual Insurance Company Profit Sharing/401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a profit-sharing contribution plan in which all qualified employees of Western Mutual Insurance Company (“WMIC”, the “Company”, or the “Plan Sponsor”) may participate. The Plan was established by WMIC on January 1, 2009 to provide retirement income for its employees and is subject to the provisions of the Employee Retirement Income Security Act of 1974 as amended (“ERISA”). Fidelity Management Trust Company (“Fidelity”) has been contracted to perform recordkeeping and trustee services for the Plan.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”) was passed by Congress. The CARES Act contained several provisions that temporarily impact 401(k) plans, including the waiver of required minimum distributions, a new hardship withdrawal option, increased loan limits, and a pause option for loan payments. The provisions of the CARES Act were effective and operationalized immediately, prior to amending the Plan document. The Company has adopted certain relief provisions included in the CARES Act, and an official amendment is expected to be signed on or before December 31, 2025.

Eligibility

All employees who have completed a month of service are eligible to contribute to the Plan on the first day of the following month, excluding non-resident aliens with no U.S. income, unionized employees, temporary employees, and leased employees. All employees, who are a minimum of 21 years of age, enter the employer profit-sharing plan on January 1 or July 1 after completing one year of service (and after working a minimum of 1,000 hours).

Contributions

The Plan is a contributory plan whereby participants may make pre-tax contributions up to a maximum of 75% of pre-tax eligible compensation as well as Roth 401(k) contributions up to a maximum of 75% of after tax eligible compensation up to the contribution dollar limit that is set by law of \$19,500 for 2021. Participants age 50 or older may elect to defer up to \$6,500 of additional “catch up” contributions to the Plan. In addition, participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). The Plan Sponsor may make discretionary profit-sharing contributions to the Plan. The discretionary profit-sharing contributions are determined annually by the Plan Sponsor. Contributions to the Plan amounted to \$730,000, of which, \$60,000 of the forfeitures account was used for the year ended December 31, 2021.

WESTERN MUTUAL INSURANCE COMPANY PROFIT SHARING/401(k) PLAN

Notes to Financial Statements (Continued) December 31, 2021 and 2020

1. Description of the Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, and allocations of WMIC's contributions and the Plan's earnings or losses. The Plan's earnings or losses are allocated based upon each participant's account balance. Certain fees are charged to the fund investments and are offset against the Plan's investment income and loss as presented on the statement of changes in net assets available for benefits. Participants should refer to the prospectuses of these funds for details on the various types and amounts of investment fees charged to the Plan and their individual accounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, rollovers, and net earnings on these contributions.

WMIC's discretionary profit-sharing contributions, if any, as well as all earnings on these contributions, are vested according to the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Participants also become fully vested in the Company's contributions at their normal retirement age of 65, due to disability, upon death and upon termination of the Plan.

Payments of Benefits

Benefits may be paid to the participant or beneficiary upon death, disability, retirement, or termination of employment, as defined in the Plan agreement. The Plan provides for normal retirement at age 65. The total vested portion of a participant's account balance is distributed in the form of a lump-sum payment, or installments. Participants experiencing financial hardship may withdraw a portion of this account balance as defined in the Plan.

Forfeitures

Forfeitures may be used to pay allowable administrative expenses or reduce the Plan Sponsor's profit-sharing contribution. No forfeitures were used to reduce the employer profit-sharing contributions for the year ended December 31, 2021. During 2021, \$6,450 of forfeitures were used to reduce administrative expenses. As of December 31, 2021 and 2020, the unused forfeitures were \$78,864 and \$44,110, respectively.

Notes to Financial Statements (Continued) December 31, 2021 and 2020

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan Sponsor to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. The Plan Sponsor believes that the estimates utilized in preparing these financial statements are reasonable and prudent. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

Common collective trusts are reported at net asset value ("NAV"), which is used as a practical expedient and is based on the fair value of the underlying assets. All other investments are reported at fair value, which is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisor and Fidelity. In accordance with the Plan's policy of stating investment at fair value, net unrealized gains and losses for the year are included in the accompanying statement of changes in net assets available for benefits.

Purchases and sales of securities are reflected on a trade date basis. Interest is recorded as earned on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment Options

The Plan provides a variety of investment options with differing risk and growth characteristics. As of December 31, 2021 and 2020, a substantial portion of the Plan's net assets available for benefits were invested in registered investment companies. Participants may change their investment allocations and/or transfer their account balances among the various funds at any time.

Payments of Benefits

Benefits are recorded when paid.

WESTERN MUTUAL INSURANCE COMPANY PROFIT SHARING/401(k) PLAN

Notes to Financial Statements (Continued) December 31, 2021 and 2020

2. Summary of Significant Accounting Policies (Continued)

Administrative Expenses

Plan administrative expenses are paid by either the Plan Sponsor or the Plan, as provided in the Plan agreement. Fees paid by the Plan to Fidelity for administrative fees amounted to \$5,580 for the year ended December 31, 2021. Certain administrative expenses including annual audit fees are paid by the Plan Sponsor and are excluded from these financial statements. Most investment service fees are paid by the Plan and are offset against the related investment income.

3. Fair Value Measurements

When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance.

The Plan maximizes the use of observable inputs and minimizes the use of unobservable inputs when measuring fair value. A financial instrument's categorization within the following fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

- *Level 1:* quoted prices in active markets for identical assets or liabilities;
- *Level 2:* inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or
- *Level 3:* unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The following is a description of the valuation methodologies used for financial instruments measured at fair value:

- *Interest bearing cash:* mutual funds that invest solely in cash and cash equivalent securities, which are also called money market instruments. These vehicles are very liquid short-term investments with high credit quality. Their fair value is determined similarly to mutual funds.
- *Common stock:* valued at the closing price reported on the active market on which the individual securities are traded.

WESTERN MUTUAL INSURANCE COMPANY PROFIT SHARING/401(k) PLAN

Notes to Financial Statements (Continued)

December 31, 2021 and 2020

3. Fair Value Measurements (Continued)

- *Common collective trust:* valued using fair value based on the underlying securities within the fund, which represents the NAV of the shares held by the Plan at year end. The NAV practical expedient of common collective trusts ("CCT") is based on the fair value of the underlying assets held by the CCT minus its liabilities and then divided by the number of units outstanding. The NAV practical expedient is calculated based on a compilation of primarily observable market information. The method described above for common collective trusts may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date.
- *Registered investment companies:* open-end mutual funds registered with the Securities and Exchange Commission and valued at the daily closing price. These funds are required to publish their daily net asset value and to transact at that price. Mutual funds held by the Plan are deemed to be actively traded.
- *U.S. Government securities:* valued based on information provided by third parties to the trustee.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value on a recurring basis as of December 31:

	Level 1	Level 2	Level 3	Total
<u>2021</u>				
Interest bearing cash	\$ 2,661,913	\$ -	\$ -	\$ 2,661,913

4. Party-in-Interest Transactions

Certain Plan investments are offered by Fidelity, the trustee and the recordkeeper. All of these transactions are exempt from the prohibited transaction rules under ERISA.

5. Information Prepared and Certified by the Trustee and the Recordkeeper

The Plan Sponsor has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Sponsor instructed the Plan's independent auditors not to perform any auditing procedures with respect to the investment information certified by Fidelity, except for comparing such information to information included in the Plan's financial statements and the applicable supplemental schedule.

All investment information disclosed in the accompanying financial statements and supplemental schedule of assets held at end of year was obtained or derived from investment information provided to the Plan Sponsor by Fidelity.

6. Plan Termination

The Company has established the Plan with the intention and expectation that the Plan will continue indefinitely. However, the Company reserves the right at any time to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, distributions will be made to participants as described in the Plan agreement.

WESTERN MUTUAL INSURANCE COMPANY PROFIT SHARING/401(k) PLAN

Notes to Financial Statements (Continued)

December 31, 2021 and 2020

7. Tax Status

The Plan obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. The Plan has been amended and restated since receiving the determination letter. However, the Plan Sponsor believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan. The financial statement effects are recognized when the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan Sponsor has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan provides for various investment securities. Investment securities are exposed to various risks, such as interest rate, market fluctuations, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

9. Subsequent Events

Management has evaluated subsequent events through October 14, 2022, which is the date the financial statements were available to be issued. No events have occurred subsequent to December 31, 2021 requiring disclosure or recording in these financial statements.
