REPORT OF INDEPENDENT AUDITORS

To the Plan Administrator of the
FHLBank Dallas 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of FHLBank Dallas 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").

- the information in the accompanying 2021 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of Form 5500, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 1, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

FHLBANK DALLAS 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1—Description of Plan

Effective December 1, 2018, the Federal Home Loan Bank of Dallas (the "Bank" or the "Plan Administrator") established the FHLBank Dallas 401(k) Retirement Plan (the "Plan"), a tax-qualified defined contribution plan which replaced the plan previously offered to all active employees, which was a tax-qualified multiemployer defined contribution plan in which the Bank participated (the "Former Plan"). In connection with the establishment of the Plan, substantially all active employee account balances were transferred from the Former Plan to the Plan. All regular employees who work a minimum of 1,000 hours per year are eligible to participate in the Plan. Fidelity Management Trust Company serves as the trustee of the Plan (the "Trustee"). The following description of the Plan is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

On March 27, 2020, the President of the United States signed into law the Coronavirus Aid, Relief, and Economic Security Act (the “CARES Act”) which allowed plan sponsors to immediately adopt certain retirement plan provisions to allow qualified individuals, as defined in the CARES Act, additional access to retirement plan balances. As a result, while the Plan has not been formally amended, during 2020, the Bank determined it was in the best interest of the participants to allow: (1) a COVID-19 distribution of up to $100,000 and (2) deferral of 2020 loan repayments for a year.

Contributions. Employee contributions to the Plan are subject to the maximum compensation limits set by the Internal Revenue Code ("IRC"), which for 2021 and 2020 were $290,000 per year and $285,000 per year, respectively. In addition, the combined Bank and employee calendar year contributions to the Plan are limited by the IRC. For 2021 and 2020, these limits were $58,000 and $57,000, respectively. The Plan includes a pre-tax 401(k) option along with an opportunity to make contributions on an after-tax basis. The limitation on combined contributions applies to an employee's pre-tax and after-tax contributions and any matching contributions made by the Bank. The limitation on an employee's pre-tax contributions was $19,500 for both 2021 and 2020. Employees who were age 50 or older could elect in 2021 and 2020 to make additional pre-tax contributions (commonly known as catch-up contributions) of up to $6,500. Catch-up contributions are not taken into account in applying the combined contribution limit. Employees may contribute up to 75 percent of their monthly base salary and up to 100 percent of their incentive compensation on either a pre-tax or after-tax basis. The combined base salary and incentive compensation contributions are subject to the limits prescribed by the IRC.

The Bank’s contributions to the Plan are equal to a percentage of voluntary employee contributions, subject to certain limitations. For employees hired prior to January 1, 2019, the Bank provides matching funds on the first 3 percent of eligible monthly base salary contributed by employees who are eligible to participate in the Bank's defined benefit pension plan, and on the first 5 percent of eligible monthly base salary contributed by employees who are not eligible to participate in the Bank's defined benefit pension plan. In each case, the matching contribution is 0 percent in the first year of employment, 100 percent in the second and third years of employment, 150 percent in the next two years and 200 percent after the employee has completed five years of employment.

For employees hired on or after January 1, 2019, the Bank provides matching funds on the first 3 percent of eligible monthly base salary contributed by the employee. For this group of employees, the matching contribution is 100 percent in the first three years of employment, 150 percent in the next two years and 200 percent after the employee has completed five years of employment.

Vesting. Currently, based on their tenure, all employees who participate in the Bank's defined benefit pension plan are fully vested in the Bank's matching contributions at the time such funds are deposited in their account. For employees who do not participate in the Bank's defined benefit pension plan, there is a three-year step vesting schedule for the Bank's matching contributions, with the employee becoming fully vested after three years.

Participant Accounts. Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, the Bank's matching contributions, and any earnings on those contributions. Each participant's account is charged with withdrawals, any losses on their contributions, any losses on the Bank's matching contributions, and an allocation of administrative expenses that are paid by the Plan. Administrative expenses are allocated based on participant account balances, as specified. The benefit to which a participant is entitled is equal to the amount of the participant's vested account balance.

Investments. Participants may direct the investment of their contributions and the Bank's matching contributions into various investment options offered by the Plan, and may change investments and transfer amounts between investment options daily. The Plan offers an array of mutual funds, a guaranteed interest contract, a money market fund and a self-directed brokerage account as investment options for participants.

Loans to Participants. Participants may borrow from their accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50 percent of their account balance. Loan terms range up to five years or longer for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate equal to the prime rate plus 1.0 percent. As of December 31, 2021 and 2020, interest rates ranged from 4.25 percent to 6.50 percent. Principal and interest is paid ratably through payroll deductions. Participant loans are classified as notes receivable from participants in the Plan's financial statements.

Benefit Payments. Participants withdrawing during the year for reasons of disability, retirement, death, or termination are entitled to their vested account balance. Benefits are distributed in the form of rollovers or direct payments. If withdrawing participants are not entitled to their entire account balance, the amounts not received are forfeited.

Participants are permitted to make hardship withdrawals from their accounts if the withdrawal is for a reason specified in the Plan. Hardship withdrawals can include withdrawals to pay medical expenses; to purchase a principal residence; to pay tuition fees; to prevent eviction or foreclosure; to pay funeral expenses for a parent, spouse, child, or dependent; or to pay expenses related to the repair of damage to a principal residence that qualifies as a casualty deduction.

Forfeited Accounts. When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account (as defined by the Plan), represents a forfeiture. The plan document permits the use of forfeitures to either reduce future Bank contributions or to pay plan administrative expenses for the plan year. As of December 31, 2021 and 2020, non-vested forfeited accounts totaled $18,352 and $5,915, respectively. During the year ended December 31, 2021, no forfeitures were used to reduce Bank contributions.

Plan Termination. Although it has not expressed any intention to do so, the Bank has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the Employee Retirement Income Security Act of 1974 ("ERISA"). In the event that the Plan is terminated, participants would become 100 percent vested in their accounts.

Note 2— Summary of Significant Accounting Policies

Basis of Presentation. The accompanying financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates and Assumptions. The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make assumptions and estimates that may affect the reported amounts of assets, liabilities and changes therein and the disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Risks and Uncertainties. The Plan utilizes various investment instruments, including mutual funds, a guaranteed interest contract, and a self-directed brokerage option. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities could occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the financial statements.

Investment Valuation and Income Recognition. The Plan carries investment securities at fair value, except for fully benefit-responsive contracts, which are reported at contract value. Fair value is defined under U.S. GAAP as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the amount Plan participants would receive if they were to initiate permitted transactions under the terms of the Plan.

The Plan records purchases and sales of investment securities on trade date. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments sold, as well as unrealized gains and losses on investments held.

Administrative Expenses. Certain administrative expenses of the Plan are paid by the Plan Administrator as provided in the Plan document. All investment management and transaction fees directly related to the Plan investments are paid by the Plan. Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected in the statement of changes in net assets available for benefits. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Payment of Benefits. Benefit payments to participants are recorded upon distribution. There were no participants who elected to withdraw from the Plan but had not yet been paid at December 31, 2021 or 2020.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent notes receivable, if any, are recorded as distributions based on the terms of the Plan document.

Excess Contributions Payable. The Plan is required to return any contributions received during the Plan year in excess of the IRC limits.

Subsequent Events. For the year ended December 31, 2021, subsequent events were evaluated through October 13, 2022, the date the financial statements were available to be issued.

Effective March 1, 2022, the Plan was amended and restated. There were no substantive changes to the Plan.

No other subsequent events were identified that require disclosure or recognition in the financial statements.

Note 3—Fair Value Measurements

Fair value is defined under U.S. GAAP as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market for the asset or liability. U.S. GAAP establishes a fair value hierarchy and requires a preparer to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. U.S. GAAP also requires a preparer to disclose the level within the fair value hierarchy in which each measurement is classified. The fair value hierarchy prioritizes the inputs used to measure fair value into three broad levels: Level 1 - valuations obtained using quoted prices (unadjusted) in active markets for identical assets; Level 2 - valuations obtained using inputs other than quoted prices included within Level 1 that are observable for the asset, either directly or indirectly; and Level 3 - valuations obtained using unobservable inputs that are supported by little or no market activity. None of the Plan's assets that are recorded at fair value on a recurring basis were measured using Level 2 or Level 3 inputs.

For investments carried at fair value, the Plan Administrator reviews the fair value hierarchy classifications on an annual basis. Changes in the observability of the valuation inputs could result in a reclassification of certain assets or liabilities. For the year ended December 31, 2021, there were no reclassifications of fair value measurements.

The valuation techniques used to measure the fair values of the Plan's investments that are measured at fair value are described below.

Mutual funds. Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Brokerage option. The self-directed brokerage option contains common stocks, mutual funds and cash. Common stocks are valued at the closing price reported on the active market on which the individual securities are traded. Mutual funds are valued at the daily closing price as reported by the fund. The mutual funds in the brokerage option are deemed to be actively traded. The fair value of cash approximates its cost basis plus accrued interest.

The following table presents the carrying values and fair values of the Plan's investments that are carried at fair value as of December 31, 2021, as well as the level within the fair value hierarchy in which the fair value measurements are classified. The fair value measurements are classified in their entirety based on the lowest level input that is significant to the fair value estimate.

Note 4—Fully Benefit-Responsive Investment Contract

New York Life Guaranteed Interest Account (the "GIA") is a stable value fund. Distribution to the GIA's unit holders is declared daily from the net investment income and automatically reinvested in the GIA on a monthly basis, when paid. The minimum crediting rate under the contract is one percent.

The Plan's ability to receive amounts due in accordance with this fully benefit-responsive investment contract is dependent upon the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and/or regulatory developments. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the IRC
2. Premature termination of the contract
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the Bank or other Bank events that significantly affect the Plan's normal operations

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of a material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreement without the consent of the issuer

Note 5— Federal Income Tax Status

The Internal Revenue Service ("IRS") has determined, and documented in a letter dated March 31, 2014, that the form of the Plan was designed in accordance with the applicable regulations of the IRC. The Plan Administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC, and the Plan continues to be tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there is currently no audit in progress.

Note 6 — Information Certified by the Trustee

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule H, line 4i – schedule of assets (held at end of year), including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by the Trustee.

Note 7 — Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, or relatives of such persons.

Fidelity Management Trust Company acts as trustee for investments as defined by the Plan, some of which may be investments managed by Fidelity Management Trust Company. Transactions in investments managed by Fidelity Management Trust Company, as well as loans made to participants, qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. The Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party-in-interest transactions under ERISA which are exempt from the prohibited transaction rules.
