REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Trustees

The Odom Corporation Salary Savings Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit for the 2021 financial statements

We have performed an audit of the financial statements of The Odom Corporation Salary Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion on the 2021 financial statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion on the 2021 financial statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the 2021 financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the 2021 financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matters

2021 supplemental schedule required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the 2021 supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the 2021 supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the 2021 supplemental schedule, we evaluated whether the 2021 supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the 2021 supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the 2021 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's report on the 2020 financial statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 7, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The Odom Corporation Salary Savings Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE A - DESCRIPTION OF PLAN

The following description of The Odom Corporation Salary Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan was Amended and Restated effective October 29, 2021, related to the acquisition of Anheuser-Busch Sales of Hawaii, Inc.

General

The Plan is a qualified defined contribution savings plan covering substantially all employees of The Odom Corporation, Coca-Cola Bottling of Alaska, LLC, and Coca-Cola Bottling of Hawaii, LLC, NW Beverages, LLC (collectively, the "Company"). Employees of the Company are eligible to participate in the Plan 60 days from their Employment Commencement Date, as defined by the Plan document.

The Plan provides for contributions pursuant to Section 401(a) of the Internal Revenue Code ("IRC") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. Specific details of employer match contributions and vesting can be found in the following footnotes.

Contributions

Under the provisions of the Plan, participants may defer, on a pre-tax or after-tax basis, any percentage of their annual compensation, limited to amounts prescribed by Internal Revenue Service ("IRS") regulations. Reimbursements or other expense allowances, fringe benefits, moving expenses, deferred compensation, and welfare benefits are excluded from compensation. The Company matches 100% of the first 3% of participant contributions and 50% of the next 2% of participant contributions. In addition to the Company matching contributions, the Company may contribute discretionary and non-elective contributions to be allocated to each participant's account. Effective October 29, 2021, participants covered by the Aiea Warehouse and Delivery Collective Bargaining Unit receive a 3.5% non-elective contribution, which totaled \$8,521 for the year ended December 31, 2021. There were no non-elective contributions for the year ended December 31, 2020. There were no discretionary employer contributions for the years ended December 31, 2021 and 2020.

Investment Options

Participants are able to direct their investments (including Company matching, discretionary and non-elective employer contributions) to one of the model allocation investment fund options offered by the Plan.

Participant Accounts

Participant accounts are credited with the participant's contributions and allocations of the Company's contributions and Plan earnings or losses. The allocation of the Company's contributions is based on the participant's contributions to the Plan. The allocation of plan earnings or losses is based on the participant's account balance in each respective investment fund into which they have directed contributions.

Vesting

All participant contributions, Company matching contributions, employer discretionary contributions, and earnings thereon are 100% vested at all times. Non-elective contributions and related earnings vest 25% per year of service and are 100% vested after completing four years of service.

Forfeitures

Forfeitures are the non-vested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan and will be used to first offset any administrative expenses and then to offset employer matching contributions.

Notes Receivable from Participants

Participants may borrow from their accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are issued by the Plan and secured by the balance in the participant's account. A participant may have two loans outstanding at a time. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence, in which case, the loan must be repaid within 10 years. Under the Plan agreement, interest is paid by the borrower at prime rate plus 1%. Principal and interest are paid ratably through payroll deductions. As of December 31, 2021, the rates of interest on outstanding loans rates ranged between 3.25% and 7.00% with various maturities through December 2031.

Payment of Benefits

Benefit distributions will be made in either a lump sum or periodic installments at the normal retirement age of 65 or upon termination of employment from the Company. Participants' contributions and Company contributions may be withdrawn earlier, subject to certain hardship withdrawal provisions of the Plan. Terminated employees with account balances of less than \$1,000 shall be automatically distributed by the Plan.

Plan Termination

While the Company intends to continue the Plan, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, assets of the Plan will be used to provide benefits according to the priority described in the Plan.

Coronavirus Aid, Relief, and Economic Security Act

The Plan has implemented certain benefit plan provisions of the March 2020 Coronavirus Aid, Relief, and Economic Security ("CARES") Act. The CARES Act includes funding relief for defined benefit plan sponsors, distribution and plan loan changes for participants and beneficiaries, and delay of minimum required distributions otherwise required in 2020.

The following provisions of the CARES Act were implemented:

- Added an in-service withdrawal option for "coronavirus-related distributions" of up to \$100,000 during the plan year ended December 31, 2020. Participants may repay all or a portion of distributions within three years, and repayments will not count toward annual contribution limits. Distributions under this option will not have tax withheld and for those under 59½ will not be subject to a 10% early withdrawal penalty.
- Increased limits on plan loans to \$100,000 (from \$50,000) or 100% (from 50%) of the present value of the participant's vested benefit during the 180-day period from March 27, 2020 through September 23, 2020.
- Waived required minimum distributions otherwise due to be made in 2020.

- Delayed loan due dates for loans outstanding on or after March 27, 2020, and any repayment on the loan is due from March 27, 2020 to June 30, 2021. Payments after the suspension period will be adjusted to reflect the delay and any interest accruing during the delay.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts in the statements of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade-date basis. Dividend and interest income is recorded as earned on the accrual basis and allocated to participants based upon the participant's proportionate share of assets in each investment fund. Dividends are recorded at the ex-dividend date.

The Plan presents, in the statements of changes in net assets available for benefits, the net appreciation in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation of those investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and expensed when they are incurred. Delinquent loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

Risks and Uncertainties

The Plan provides for various investment securities that are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and changes therein.

The global outbreak of the Coronavirus ("COVID-19"), which was declared a pandemic by the World Health Organization in March 2020, has continued to lead to significant volatility in financial markets. The ultimate impact of COVID-19 on the Plan, which may be material, is uncertain and will depend on future developments, including the duration of the pandemic and the pace of economic recovery.

Payments of Benefits

Benefits are recorded when paid.

Administrative Expenses

All fees are paid by the Plan. Any expenses directly relating to the purchase, sale or transfer of the Plan's investments are charged to the investment fund to which the expense relates. Loan fees are paid by loan participants.

Reclassification

The 2020 statements of changes in net assets available for benefits has been revised to separately present rollover contributions, to confirm to the 2021 presentation of these statements. This revision had no impact on net assets available for benefits.

NOTE C - CERTIFIED INVESTMENT INFORMATION

The Plan administrator elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Trust Company ("CSTC"), the custodian of the Plan, has certified to the completeness and accuracy of:

- Investment assets, at fair value, and non-interest-bearing cash, as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Net investment income, as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2021 and 2020.
- Information included on schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2021.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

NOTE D - FAIR VALUE MEASUREMENTS

Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;
- Level 2 Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are

The Odom Corporation Salary Savings Plan
NOTES TO FINANCIAL STATEMENTS - CONTINUED

derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability; and

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Investments classified within Level 3 whose fair value measurements consider several inputs may include Level 1 or Level 2 inputs as components of the overall fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds: Valued daily at the net asset value ("NAV") of shares held by the Plan at year end.

Common Collective Trust Fund: Valued at the NAV provided by the administrators of the fund. The NAV is used as the practical expedient to estimate fair value. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant-directed redemptions have no restrictions; however, a liquidation of the Plan's entire share in the fund may be delayed. There are no unfunded commitments as of December 31, 2021 and 2020.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	Asset			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$105,747,909	\$ -	\$ -	\$105,747,909

Investments at fair value				\$ 95,017,483

NOTE D - TAX STATUS

The Plan received a favorable determination letter from the IRS, dated March 31, 2014, regarding the Plan's status as a tax-exempt entity. The Plan has been amended and restated since receiving the determination letter. However, in the opinion of the Plan administrator and the Plan's tax counsel, the Plan and its related trust are currently operating in compliance with the applicable requirements of the IRC, and therefore, believe the Plan is qualified as tax exempt.

For the year ended December 31, 2021, there was an operational error related to the definition of compensation on the matching contribution true up calculation. The Company is working to correct this error, and it is not material to the Plan.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE E - PARTY-IN-INTEREST TRANSACTIONS

During the years ended December 31, 2021 and 2020, the only party-in-interest transactions were notes receivable to participants.

NOTE F - SUBSEQUENT EVENTS

The Plan evaluated its December 31, 2021 financial statements for subsequent events through October 13, 2022 the date the financial statements were available to be issued. Plan management is not aware of any subsequent events that would require recognition or disclosure in these financial statements except as noted below.

The Plan was amended and restated on January 1, 2022 to adopt a new pre-approved plan document which was updated with required amendments, regulatory changes, and other enhancements. This did not have a material impact to the Plan.
