Cameron Ashley Building Products 401(k) Plan

Scope and Nature of the Employee Retirement Income Security Act of 1974 (“ERISA”) Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Cameron Ashley Building Products 401(k) Plan (the “Plan”), an employee benefit plan subject to ERISA, as permitted by ERISA Section 103(a)(3)(C) (“ERISA Section 103(a)(3)(C) audit”). The financial statements comprise the statement of net assets available for plan benefits as of December 31, 2021, and the related statement of changes in net assets available for plan benefits for the year then ended, and the related notes to the financial statements (“2021 Financial Statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan’s 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (“investment information”) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors’ Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States (“US GAAP”).

Plan Administrator
Cameron Ashley Building Products 401(k) Plan

Opinion on the 2021 Financial Statements (continued)

- The information in the accompanying 2021 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States ("US GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the 2021 Financial Statements in accordance with US GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Plan Administrator
Cameron Ashley Building Products 401(k) Plan

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Plan Administrator
Cameron Ashley Building Products 401(k) Plan

Auditors' Responsibilities for the Audit of the 2021 Financial Statements (continued)

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of US GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with US GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – 2021 Supplemental Schedule Required by ERISA

The supplemental schedule as of December 31, 2021, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the 2021 Financial Statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 Financial Statements. The information included in the supplemental schedule, other than that agree to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 Financial Statements or to the 2021 Financial Statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Plan Administrator
Cameron Ashley Building Products 401(k) Plan

Other Matter – 2021 Supplemental Schedule Required by ERISA (continued)

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the accompanying 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 8, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Cameron Ashley Building Products 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

1. Description of Plan

The following description of Cameron Ashley Building Products 401(k) Plan (the “Plan”) provides only general information. Participants may refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Cameron Ashley Building Products, Inc. (the “Company”). The Plan provides retirement benefits to eligible employees of the Company. Union employees, non-resident aliens, and leased employees are excluded from participation in the Plan. Eligibility to participate in the Plan is based on the completion of three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Effective November 9, 2020, the Plan was amended to include the employees of Lumber Investors, LLC following the Company’s acquisition of Lumber Investors, LLC.

During the plan year ended December 31, 2020, the Plan adopted the following provisions of the Coronavirus Aid, Relief, and Economic Security (“CARES”) Act that was signed into law on March 27, 2020.

- **Coronavirus-Related Distributions (“CRDs”):** The CARES Act allowed for participants affected by COVID-19 to withdraw an aggregate limit of \$100,000 from the Plan beginning on or after January 1, 2020 and before December 30, 2020. CRDs are not subject to the 10% early withdrawal penalty tax. Participants can (1) report the full distribution as income in 2020, (2) recognize the income ratably over a three-year period, or (3) repay all or part of the distribution back to the Plan tax-free within three years of the date of the CRD withdrawal.
- **Plan Loan Relief:** The CARES Act provided for a temporary loan repayment deferral. The deferral provision adopted by the Plan allows qualified Plan participants who have Plan loan repayments to defer such repayments until 2021. Additionally, the CARES Act allowed for increased loan limits.
- **Temporary Waiver of Required Minimum Distributions (“RMDs”):** The Plan implemented the temporary waiver of RMDs allowed for under the CARES Act.

Management retroactively adopted the required plan amendment for the above provisions on September 1, 2021, which was within the required timeframe stipulated by the Internal Revenue Service (“IRS”).

1. Description of Plan (continued)

Contributions

Participants may contribute up to sixty percent of their pre-tax annual compensation as pre-tax or Roth contributions, as defined by the Plan document, subject to contribution limitations specified by applicable laws and regulations. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions, up to the maximum annual amount permitted by statute. Participants may also contribute amounts representing rollover distributions from other qualified retirement plans. Upon meeting eligibility, the employees are automatically enrolled in the Plan as of the first day of the month following the employee meeting the eligibility requirement at a deferral rate of 6%, unless they affirmatively elect not to participate, with an annual 1% deferral rate increase thereafter until a deferral rate of 10% is reached.

During the years ended December 31, 2021 and 2020, the Company made non-safe harbor matching contributions at its discretion equal to fifty percent of up to six percent and twenty-five percent of up to eight percent of participants' eligible compensation (as defined by the Plan document), respectively. The Company suspended matching contributions from April 11, 2020 until September 1, 2020. The Company also has the option to make non-elective contributions, which are allocated to individual participants' accounts based on the ratio that their compensation bears to the total compensation of all participants eligible for a share of the contribution. The Company made no non-elective contributions for the years ended December 31, 2021 and 2020.

Participant Accounts

Each participant's account is credited with the participant's elective deferral contributions, non-safe harbor matching contributions, and non-elective contributions, and is charged with an allocation of any administrative expenses paid by the Plan. Participants may elect to allocate current contributions among a variety of fund options. The allocations remain in effect until a new election is made.

Earnings or losses are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

Upon retirement, disability, death, termination of employment, or attainment of age 59½, participants or their beneficiaries may elect to receive their vested portion of Plan assets in a single distribution or other distribution methods as allowed under the Plan. Upon termination of employment for reasons other than retirement, disability, or death, the participant's vested interest in the Plan will be paid to the participant as soon as administratively feasible upon participant request of a distribution.

Cameron Ashley Building Products 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

1. Description of Plan (continued)

Payment of Benefits (continued)

Any terminated participant account with a balance of less than \$5,000 is paid out to the participant or rolled over into another qualified retirement plan or an individual retirement account.

Vesting

Participants are immediately 100% vested in their elective deferral contributions, plus actual earnings thereon. Vesting in employer contributions is based on years of continuous service. Participants become 33% vested in employer contributions upon completion of two years of continuous service, 66% after three years of continuous service, and are fully vested after four years of continuous service. Participants will be considered 100% vested in employer contributions in the event of retirement on or after age sixty-five, death, or disability.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Participants can only have one outstanding note receivable. The notes receivable are collateralized by the balance in the participant's account and bear interest at rates ranging from 3.00% to 6.50% as of December 31, 2021. Rates are established on the date of the loan based on rates charged for similar types of loans by other lenders. Principal and interest are paid ratably through payroll deductions.

Forfeitures

In accordance with the Plan document, available forfeitures may be used first to offset employer contributions, and any remaining forfeitures may be used to offset plan administrative expenses. Any remaining forfeited amounts are then reallocated back to active participants. As of December 31, 2021 and 2020, there were forfeited non-vested accounts in the Plan, totaling approximately \$4,000 and \$30,000, respectively. The Plan used approximately \$30,000 and \$8,000 to offset employer contributions during the years ended December 31, 2021 and 2020, respectively.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

1. Description of Plan (continued)

Administrative Expenses

Certain administrative expenses paid by the Plan, including administrative fees of notes receivable, are charged to individual participants' accounts. All administrative expenses not paid by the Plan are paid by the Company.

2. Basis of Presentation and Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared in accordance with accounting principles generally accepted in the United States ("US GAAP").

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements, and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan invests in investments that are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2021 statement of net assets available for plan benefits.

Cameron Ashley Building Products 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

2. Basis of Presentation and Summary of Significant Accounting Policies (continued)

Notes Receivable from Participants

Participant notes receivable are measured at their unpaid principal balance, plus any accrued, but unpaid interest. If a participant does not make repayments and the Plan administrator considers the participant note receivable to be in default, the note receivable balance will become immediately due and payable, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan documents.

Payment of Benefits

Benefit payments are recorded when paid.

3. Certified Information

Information disclosed in the accompanying financial statements as of and for the years ended December 31, 2021 and 2020, related to investments, participant notes receivable, net appreciation in fair values of investments, and interest and dividends, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Charles Schwab Trust Bank (the trustee of the Plan).

4. Fair Value Measurements

US GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of observable inputs other than quoted prices for identical assets; and Level 3 inputs to the valuation methodology are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. The Plan's mutual fund investments were valued using Level 1 inputs, which are based on quoted market prices of the shares held by the Plan.

Cameron Ashley Building Products 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

4. Fair Value Measurements (continued)

The Plan invests in collective trusts whereby the underlying investments primarily consist of value-approach exchange traded funds and mutual funds. The collective trusts are valued at the net asset value (“NAV”) of units of the accounts. The NAV, as provided by the issuer, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held less the account’s liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of any of the trusts, the trust provider reserves the right to temporarily delay withdrawal from the trust in order to ensure that security liquidations will be carried out in an orderly business manner.

The methods used to measure fair values may produce amounts that may not be indicative of net realizable values or reflective of future fair values. Furthermore, although Plan management believes the valuation methods used are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair values of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Income Tax Status

No determination letter has been received for the Plan as it operated under a prototype plan document. The IRS issued an opinion letter for the prototype plan on June 19, 2014, stating that the form of the prototype plan was acceptable under Section 401 of the Internal Revenue Code (“IRC”) for use by employers for the benefit of their employees. Although the Plan has been amended since the date of the letter, the Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

US GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. No such liabilities were identified as of December 31, 2021 and 2020. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examination for years prior to 2018.

6. Party-in-Interest Transactions

The Plan holds mutual funds and other investments that are managed by the trustee. The Company also has participant notes receivable. These qualify as party-in-interest transactions. Fees paid by the Plan to the trustee for custodial, recordkeeping, and investment advisory services amounted to approximately \$4,000 and \$1,000 for the years ended December 31, 2021 and 2020, respectively, which was not covered by revenue sharing.

Cameron Ashley Building Products 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

6. Party-in-Interest Transactions (continued)

These party-in-interest transactions are exempt from the prohibited transaction rules as defined by ERISA.

7. Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for plan benefits per the financial statements to Schedule H of Form 5500:

Net change in net assets available for plan benefits per Schedule H of Form 5500	<u>\$ 4,696,714</u>	<u>\$ 2,978,568</u>

8. Subsequent Events

Management evaluated events and transactions after December 31, 2021 through October 14, 2022, the date on which the financial statements were available to be issued, for subsequent events and determined that there were no subsequent events during that period.
