Independent Auditor's Report

The Plan Administrator
American Diabetes Association 403(b) Retirement Savings Plan
Arlington, VA

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of American Diabetes Association 403(b) Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

Prior to January 1, 2009, records were maintained at a contract, not a plan level; therefore, the management has not maintained, and Fidelity Management Trust Company (Fidelity) did not provide sufficient accounting records and supporting documentation relating to certain annuity contracts and custodial accounts issued to current and former employees, and supporting documentation is not adequate to assure the completeness and accuracy of the amounts included in the financial statements. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the financial statements have been affected by these conditions.

BDO USA, LLP, a Delaware limited liability partnership, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP), and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America (GAAS) and to issue an auditor's report. However, because of the matter described in the *Basis for Disclaimer of Opinion* section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedules (Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2021 and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

1. Description of the Plan

The following description of the American Diabetes Association 403(b) Retirement Savings Plan (the Plan), provides only general information. Participants should refer to the Plan document and any amendments for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by the American Diabetes Association (ADA, the Plan Sponsor, or employer) under the provisions of Section 403(b) of the Internal Revenue Code (the IRC), which includes a qualified cash or deferred arrangement, for the benefit of eligible employees of the Plan Sponsor. The Plan covers substantially all employees of the Plan Sponsor. The effective date of the Plan was December 1, 1998. The Plan was amended and restated, effective as of January 1, 2017. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The assets of the Plan are held in trust under an agreement with Fidelity Management Trust Company (Fidelity), the trustee, with administrative services provided by the Plan Sponsor.

Contributions

Effective April 1, 2018, newly hired employees are automatically enrolled in the Plan at a contribution rate of 3% of compensation. Employees receive notice regarding the election before the automatic contributions begin and may opt out of the automatic contributions by either electing a different contribution percentage or electing not to contribute. Each year, participants may contribute a minimum of 1% up to 70% of pretax annual compensation, as defined in the Plan document, and subject to the limitations of the Internal Revenue Service (IRS), which were $19,500 in 2021. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to $6,500 for 2021.

The Plan allows for employer matching contributions as declared by the Board of Directors of the Plan Sponsor. Through March 31, 2020, employer matching contributions were paid at 100% of the first 3% of pay an employee contributes. Effective April 30, 2020, the Plan Sponsor ceased the employer matching contributions through December 31, 2020. Effective January 1, 2021, employer matching contributions were paid at 100% of the first 4% of pay an employee contributes. Participants are eligible for employer matching contributions after making a salary reduction contribution under the Plan and completing at least one year of service as defined in the plan document. Contributions are subject to certain IRS limitations.

Participants may also contribute amounts representing distributions from other qualified individual retirement accounts or annuities, as defined by the plan.

Investment Options

Participants direct the investment of their employee and employer contributions into various investment options offered by the Plan. The Plan currently offers thirty-four mutual funds and one money market fund as investment options for participants.

Participant Accounts

Individual accounts are valued daily and maintained for each of the Plan's participants to reflect the participant's contributions, the related Plan Sponsor contributions, the participant's share of the Plan's income or loss, and any related administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants hired on or before December 31, 2020 are fully and immediately vested in the benefits arising from all employer and employee contributions made under this Plan plus actual earnings thereon while there is a three-year cliff vesting provision for participants hired after December 31, 2020.

Forfeited Accounts

Employer matching contributions in excess of the limitations in the Plan document shall be forfeited by the participant. At December 31, 2021 and 2020, forfeited amounts totaled $1,791 and $369, respectively. These amounts may be used to pay any administrative expenses, at the discretion of the Plan sponsor, and if not used, shall be used to reduce future employer contributions. No forfeitures were used during the year ended December 31, 2021.

Payment of Benefits

Benefits are payable upon retirement at age 65, early retirement at age 55, disability, death, or termination of employment. Hardship withdrawals and in-service withdrawals at age 59 1/2 are also permitted, subject to provisions described in the Plan document. The Plan allows participants to choose from several different forms of payment, including annuity payments, installments and lump sum payments.

Notes Receivable from Participants

Participants may borrow from their vested account balances a minimum of $1,000 up to the lesser of a maximum of $50,000 reduced by the highest outstanding loan balance or 50% of their vested account balance. A participant may only have two loans outstanding at any given time. Loan terms range from one to five years or ten years or longer for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at prevailing commercial interest rates, which were between 4.25% and 6.50% for outstanding loans at December 31, 2021 and 2020. Through February 15, 2021, principal and interest were paid through payroll deductions. Beginning on February 16, 2021, principal and interest are paid directly to the Plan by the participant. Loans are considered assets of the Plan and therefore unpaid principal and interest are reported in the statements of net assets available for benefits as notes receivable from participants.

2. Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires Plan's management to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates amounts.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for additional information related to fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payments of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan's expenses are paid either by the Plan Sponsor or the Plan, as provided by the Plan document. Expenses that are paid directly by the Plan Sponsor are excluded from these financial statements. Certain expenses incurred in connection with general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in assets available for benefits. In addition, certain investment related expenses are included in the net appreciation of fair value of investments presented in the accompanying statement of changes in assets available for benefits.

Annual Reporting Requirements

In November 2007, the Department of Labor (DOL) issued amended regulations eliminating an exemption granted to 403(b) plans from the annual Form 5500 reporting and disclosure requirements under Part 1 of Subtitle B of Title 1 of ERISA. Prior to the amended regulations, the Plan (Retirement Plan established January 1, 1969 and Deferred Annuity Plan established January 1, 1974) was not viewed as a separate reporting entity. Historically, the Plan was viewed as a collection of individual contracts with which participants could engage in a range of actions with limited involvement, if any, by the Plan Sponsor. Accordingly, various accounting and recordkeeping reports related to the Plan's 403(b) annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009 were not sufficiently maintained. Consequently, the financial statements and supplemental schedules have been prepared based on available records analyzed by Plan management. As certain records were not available from the inception of the Plan, the effect, if any, on the completeness or accuracy of the Plan's financial statements cannot be determined.

3. Concentrations of Significant Investments

The Plan's investment in the following funds accounted for over 10% of the Plan's total investments as of December 31, 2021 and 2020:

December 31,	**2021**	2020
Fidelity Contrafund Fund Class K	**13%**	12%
Fidelity Spartan 500 Index Investment Fund	**11%**	12%
Fidelity Freedom K 2030 Fund	**11%**	10%

4. Information Certified by the Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Net investment income as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021.
- Investment information included in the schedule of assets (held at end of year) as of December 31, 2021, as shown on the ERISA-required supplemental schedule.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

5. Fair Value Measurements

FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities traded in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis, as well as the general classification pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: All of the Plan's mutual funds are registered with the Securities and Exchange Commission, publish their daily net asset value and transact at that price on the open market. These mutual funds are valued at the quoted net asset value (NAV) of shares held by the Plan at year-end and are classified within Level 1 of the fair value hierarchy.

Money market funds: The Plan's investment in money market funds is valued at the NAV of shares held by the Plan in the Fidelity Money Market Trust Retirement Government Money Market Portfolio at year end which is considered by Plan management to be the best approximation of fair value and is classified within Level 2 in the fair value hierarchy. Data for the NAV is available daily to Plan administrators and client investors on Fidelity's website, and provides sufficient corroborative evidence to ascertain the relationship between the fund's NAV and the values of individual underlying holdings. Underlying holdings are primarily valued using amortized cost which approximates fair value. There are no unfunded commitments from participants in the Plan who invest in these funds.

The valuation methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with methods used by other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

	As of December 31, 2021			
		Fair Value Hierarchy Level		
Description	Total	Level 1	Level 2	Level 3

Total	$ 36,809,517	$ 36,809,517	$ -	$ -

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. Tax Status

As of January 1, 2013, the Plan was an individually designed Plan that satisfies the applicable provisions of the IRC of 1986 and the regulations thereunder. In March 2020, the Plan was amended and restated to change from the individually designed to a Volume Submitter Plan and using a 403(b) Volume Submitter Plan to comply with certain regulatory requirements effective January 1, 2017. The 403(b) Volume Submitter Plan received an IRS opinion letter dated August 7, 2017, stating that the form of the Plan is acceptable under the Internal Revenue Code ("IRC"). Therefore, no provision for income taxes has been included in the Plan's financial statements. Although, the Plan has been amended since the adoption under Rev Proc 2019-39, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan Administrator has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to reduce or discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants are fully vested in their accounts at all times.

9. Related Party Transactions and Party-in-Interest Transactions

Certain Plan investments consist of shares of mutual funds and a money market fund managed by affiliates of Fidelity. Fidelity is the trustee as defined by the Plan. Transactions involving these investments qualify as party-in-interest transactions and are exempt from the prohibited transaction rules of ERISA. Notes receivable from participants, which are considered parties-in-interest, were granted throughout the year as part of normal Plan operations.

During the year ended December 31, 2021, ADA failed to segregate and remit in a timely manner certain participant contributions totaling $318,052 from its assets within the specified time period as specified by DOL Regulation 2510.3-102. ADA remitted these contributions and loan payments to the Plan shortly after the required time frame. These have been not corrected as of the date of this report. In addition, participant contributions and participant loan payments totaling $753,342 and $33,159, respectively, from periods before 2021 that were not remitted in a timely manner have been corrected.

10. Reconciliation to Form 5500

The following is a reconciliation of amounts in the financial statements to Form 5500 as of and for the years ended December 31, 2021 and 2020

	2021	2020
